FENCING AGES 6+

Instructor: Maria Benford

Whatever you are looking for in the sport of fencing there is something for everyone! Fencing is a vigorous sport that develops stamina, quick reactions, speed, accuracy of movement and excellent coordination. More than a game, fencing requires a mental attitude of self-discipline involving total manipulation of mind and body in perfect harmony. It utilizes natural body movement to create simple and effective self-protection techniques with the sword. All participants are encouraged to have fun no matter what their ability. Attacking, defense, timing and intense tactics are all integrated into this beginning class. Whether you're fencing for a good work out, or gaining points for the Olympics, fencing is fun for the whole family. We provide everything needed to fence (mask, jacket, glove, and weapon). Fencers should come dressed comfortably (for freedom of movement) including long sweat pants and running shoes.

IS YOUR WAISTBAND TOO TIGHT TODAY? HOW TO BEAT BELLY BLOAT

AGES 18+

Instructor: Janice Novak

Have you ever found that in the a.m. your waistband fits fine but by mid-afternoon, it's squeezing you like a tourniquet? Or, no matter how many crunches you do, your stomach still hangs out? Getting rid of a potbelly is much more than just doing abdominal exercises. In this workshop, you will learn the main causes and 6 strategies for getting rid of belly bloat. We will do a few exercises designed to strengthen the deepest layer of abdominal muscle – the layer that is responsible for flattening your stomach, shaping your waistline, and supporting your lower back. And we will do this without getting on the floor.

ZUMBA TONING

AGES 12+

Instructor: LaroFit LLC Mollie Laro

If you want a heart-pumping workout that's also a lot of fun, Zumba® Toning might be just the class for you. Zumba® Toning incorporates weighted toning sticks or dumbbells, which come in 1-pound and 2.5-pound sizes, to the Zumba® workout that participants use almost like maracas. The toning sticks function like dumbbells to act as resistance weights. The challenge of adding resistance by using Zumba® Toning Sticks (or light weights), helps you focus on specific muscle groups, so you (and your muscles) stay engaged! Zumba® Toning perfect for those who want to party, but put extra emphasis on toning and sculpting to define those muscles! The lightweight maraca-like toning sticks enhances sense of rhythm and coordination, while toning target zones, including arms, core and lower body.
