 - High School Presentation - Discussion
 - Open Floor for Questions and Additional Input from Members
 - Addressing Concerns or Suggestions
5. **Closing Remarks** (5 minutes)
 - Final Thoughts and Adjournment

SHAC Meeting Minutes:

Voting Members Present: Scott Abbott, Janell Junkin, Bree Clay, Franco Ortiz, Jennifer Jordan, Teresa Blankenship, Lindy Matlock, Lakrecia Johnston, Ashly Burns

The meeting began at 4:17 p.m.

Abbott opened up the meeting with remarks regarding the goals for the meeting, which included a review of the Senate Bill 9 Millsap ISD initiatives from elementary through high school. We also discussed that we would be looking at

opt-in options for parents during the registration process. Lastly, we would need to collectively evaluate the speaker coming to MHS to speak to students regarding a drunk driving incident (Doug McWhorter).

Jennifer Jordan introduced the lesson for high school that included 9th - 12th grade lessons students would be provided. Mrs. Clay suggested that it would be powerful to attach a personal speaker to each lesson to make it more powerful if it's possible to find speakers specific to each topic. The majority agreed that were present at the SHAC meeting.

Mrs. Blankenship shared options that are relevant for elementary school and middle school alike to the committee, and due to the fact there were various videos and scripts to evaluate, it was decided that the committee would evaluate collaboratively online and have all feedback and suggestions included by April 17, 2025.

Opt-in forms were discussed, and it was decided that if it is possible to attach to student registration forms, it would be a simplified process. Jennifer Jordan explained that this is a requirement to opt-in, and if this were not possible, then parents would have to sign this for students to participate. The committee agreed that these should be available online for parents to review before the meeting and notices should be sent to parents prior to meetings as a reminder that students will be viewing and hearing a presentation surrounding the topic being discussed, so they could have a conversation as a family unit as well as students only hearing about this at school.

A follow-up conversation from the previous meeting took place regarding the committee's decision to ensure that Narcan is available at all campuses at MISD. This will be presented to the board at the next board meeting for their review and approval.

Last was a discussion surrounding Doug McWhorter's presentation scheduled for April 3, 2025. Due to the recent tragedy that occurred at the high school, the committee agreed that this presentation would not be appropriate at this time and should be rescheduled for next year.

The meeting was adjourned at 5:16 p.m. Audio recording of this meeting had errors preventing recording and uploading within the recording and is unavailable for this meeting.
