See You in Class!

- ☑ Runny nose or a mild cough, but **no other symptoms**
- ☑ No fever (temperature of 100.4 °F or higher) or fever-reducing medicine in the last 24 hours
- ☑ No throwing up or diarrhea in the last 24 hours

Best to Stay Home.

- ☑ Fever (temperature of 100.4 °F or higher) in the last 24 hours, with or without medicine
- ☑ Persistent cough
- ☑ Vomiting or diarrhea
- ☑ Instructed by a doctor to isolate from others

Unsure? Call your child's school nurse.

Heading to School!

What should I know?

By coming to school **every day they're not sick**, your child is:

- ✓ *Building positive habits and a solid foundation for success*
- ✓ *Staying engaged in learning and on track for graduation*
- ✓ *Gaining valuable social skills*
- ✓ *Less likely to feel stressed and anxious*
- ✓ *Supporting the success of all students*

My child is staying home.

What should I do next?

1. Notify your child's school by phone. If possible, let us know **before 9 a.m.** on the day of the absence.
2. Repeat this checklist every morning. We hope to see your student back in class soon!

Learn about our COVID-19 safety

School exclusion criteria may differ in the case of an outbreak of an infectious illness, such as COVID-19.
