Practical Nurse Admission Booklet

FROM THE SUPERINTENDENT

Welcome to Great Plains Technology Center!

I am proud to welcome you to Great Plains Technology Center - a school that holds a special place in my life. In 1976, I stood where you are now. I, too, came to Great Plains as a high school student. To this day I use skills that I learned in my occupational program. I also gained leadership skills in my career and technical student organization, competed in skills contests, and served as a class officer. Great Plains set my feet on a path of opportunity that led me to where I am today.

I challenge each Great Plains student to proudly pursue your specialized occupational training. We have the best subject matter experts to teach and coach you and have surrounded you with a supportive, caring staff that wants you to succeed.

Give Great Plains your time and attention. Set goals for yourself. We are here to help you succeed now and in the future. Take advantage of our open-door policy to talk to us about your experiences here. May your school year build skills for your future and pride in your accomplishments.

Sincerely,

Clarence Fortney

Oklahoma Board of Nursing Licensure Information

The Great Plains Technology Center is approved by the Oklahoma Board of Nursing. Graduates of this state-approved program are eligible to apply to write the National Council Licensure Examination (NCLEX) for practical nurses. Applicants for Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing. In addition to completing a state-approved nursing education program that meets educational requirements and successfully passing the licensure examination, requirements include submission of an application for licensure, a criminal history records search, and evidence of citizenship or qualified alien status [59 O.S. §§567.5 & 567.6]. To be granted a license, an applicant must have the legal right to be in the United States (United States Code Chapter 8, Section 1621). In addition, Oklahoma law only allows a license to be issued to U.S. citizens, U.S. nationals, and legal permanent resident aliens. Other qualified aliens may be issued a temporary license that is valid until the expiration of their visa status, or if there is no expiration date, for one year. Applicants who are qualified aliens must present to the Board office, in person, valid documentary evidence of:

- A valid, unexpired immigrant or non-immigrant visa status for admission into the United States;
- A pending or approved application for asylum in the United States;
- Admission into the United States in refugee status;
- A pending or approved application for temporary protected status in the United States;
- Approved deferred action status; or
- A pending application for adjustment of status to legal permanent resident status or conditional resident status.

The Board has the authority to deny a license, recognition, or certificate; issue a license, recognition or certificate with conditions and/or an administrative penalty; or to issue and otherwise discipline a license, recognition or certificate to an individual with a history of criminal background, disciplinary action on any professional or occupational license or certification, or judicial declaration of mental incompetence [59 O.S. §567.8]. These cases are considered on an individual basis at the time application for licensure is made. Potential applicants to state-approved education programs, with a criminal history, may obtain a determination of eligibility for licensure or certification from the Oklahoma Board of Nursing for a fee. The determination of eligibility for licensure petition can be accessed at <https://oklahoma.gov/nursing/criminal-history.html>

The Oklahoma Board of Nursing approves the Great Plains Practical Nursing program. Graduates of this state-approved program are eligible to apply to the National Council Licensure Examination (NCLEX) for practical nurses.

1. The applicant for licensure must be a minimum of eighteen (18) years of age.
2. Applicants of Oklahoma licensure must meet all state and federal requirements to hold an Oklahoma license to practice nursing.
3. In addition to completing a state-approved nursing education program that meets educational requirements and successfully passing the licensure examination, requirements include submission of an application for licensure, a criminal history records search, and evidence of citizenship or qualified alien status.
4. To be granted a license, an applicant must have the legal right to be in the United States (United States Code Chapter 8, Section 1621). In addition, Oklahoma law only allows a license to be issued to U.S. citizens, U.S. nationals, and legal permanent resident aliens. Other qualified aliens may be issued a temporary license that is valid until the expiration of their visa status, or if there is no expiration date, for one year. Applicants who are qualified aliens must present to the Board office, in person, valid documentary evidence of:
 - A valid, unexpired immigrant or non-immigrant visa status for admission into the United States
 - A pending or approved application for asylum in the United States;
 - Admission into the United States in refugee status;
 - A pending or approved application for temporary protection status in the United States;
 - Approved deferred action status; or
 - A pending application for adjustment of status to legal permanent resident status or conditional resident status.
5. The Board has the authority to deny a license, recognition or certificate; issue a license, recognition or certificate with conditions and/or an administrative penalty; or to issue and otherwise discipline a license, recognition or certificate to an individual with a history of criminal background, disciplinary action on any professional or occupational license or certification, or judicial declaration of mental incompetence [59 O.S. § 567.8]. These cases are considered on an individual

basis at the time application for licensure is made, with the exception of felony convictions.

6. An individual with a felony conviction cannot apply for licensure for at least five years after completion of all sentencing terms, including probation and suspended sentences, unless a presidential or gubernatorial pardon is received 59 O.S. § 567.5 & 567.6
7. State Law (59 O.S. § 567.18.B.) requires each applicant for licensure to have a fingerprint-based background check completed not more than ninety (90) days old at the time of submission of application for license. The background check consists of fingerprint-based searches of the Oklahoma State Bureau of Investigation (OSBI) and Federal Bureau of Investigation (FBI) Criminal History Record Information databases and name 3 index searches of computerized databases containing criminal history records.
8. In addition to the background check, applicants for licensure who have ever been summoned, arrested, taken into custody, indicted, convicted or tried for, or charged with, or pleaded guilty to, the violation of any law or ordinance or the commission of any misdemeanor or felony, or requested to appear before any prosecuting attorney or investigative agency in any matter; or have ever had disciplinary action taken against a nursing license, certification or registration, any professional or occupational license, registration, or certification or if there is currently any investigation of your nursing license, registration, or certification; and/or any professional or occupational license, registration, or certification in any state, territory or country, or have ever been judicially declared incompetent are required to notify the Oklahoma Board of Nursing in writing.
9. A “report in writing” means that the applicant/licensee provided a signed and dated description stating in his/her own words the date, location, and circumstances of the incident, and if applicable, the resulting action taken by the court, agency, or disciplinary board. The report may be in the form of a letter or a statement in the provided space on the application. Certified court records or a board order must accompany the report. A verbal report does not constitute a “report in writing”. A written report not accompanied by a full set of certified court records, or the board order (s) does not constitute a “report in writing”. Failure to report such action is a violation of the Oklahoma Nursing Practice Act.
10. The graduate candidate will be a Practical Nurse when he/she has made a passing score on the NCLEX exam.
11. *NOTE:* All states have slightly different licensing criteria. To work as a nurse in another state, you must meet that state’s criteria for “License by Endorsement”, this is after being issued a license in Oklahoma. A candidate with a history of arrests, convictions, or prior disciplinary action, may not be eligible for licensure in surrounding states due to the individual state’s restrictions.

Oklahoma Board of Nursing Licensure of Practical and Registered Nurses Disciplinary Action

485:10-11-4. Licensure or Certification of Individuals with Criminal History (a) Purpose and Applicability. This section establishes the criteria utilized by the Board in determining

the effect of criminal history on eligibility for nursing licensure or Advanced Unlicensed Assistant (AUA) certification and implements the requirements of Oklahoma Statutes Title 59 Sections 567.1. et seq. and 4000.1 (2019). This section applies to: (1) all currently licensed nurses and holders of an AUA certificate; (2) all individuals seeking to obtain a nursing license or AUA certificate; and (3) all individuals seeking an initial determination of their eligibility for nursing licensure or AUA certification. (b) The felonies listed below in subsection (c) disqualify an individual from retaining licensure or becoming licensed as a nurse or retaining certification or becoming certified as an AUA in Oklahoma. However, subsection (c) is not an exhaustive or exclusive list of crimes, both felonies and misdemeanors resulting in a conviction or a deferred sentence, that may result in discipline from the Board of Nursing, up to and including revocation. The felonies listed in subsection (c) disqualify an individual because they substantially relate to the practice of nursing and pose a reasonable threat to public safety for the reasons stated below. **(1) The practice of nursing is a unique profession.** Licensees and certificate holders practice nursing autonomously in a wide variety of settings and provide care to patients who are, by virtue of their illness or injury, physically, emotionally, and/or financially vulnerable. These patients often include the elderly, children, those with mental or cognitive disorders, sedated or anesthetized patients, and/or disabled or immobilized individuals. Individuals who have engaged in criminal conduct place patients, healthcare employers and employees, and the public at risk of harm. **(2) Crimes involving fraud and/or theft.** Licensees and certificate holders often have unfettered access to patients' privileged information, financial information, and valuables, including but not limited to medications, money, jewelry, credit cards/check book, and/or sentimental items. The practice of nursing continues 24 hours per day in all healthcare settings, including those where there is often no direct supervision of the individual. Patients in these healthcare settings are particularly vulnerable to the unethical, deceitful, and illegal conduct of a licensee or certificate holder. When an individual has engaged in criminal behavior involving fraud and/or theft, the Board is mindful that similar misconduct may be repeated in healthcare settings, thereby placing patients, healthcare employers and employees, and the public at risk. As such, crimes involving any type of fraud and/or theft are highly relevant to an individual's ability to provide safe nursing care. **(3) Crimes involving sexual misconduct.** Licensees and certificate holders frequently provide nursing care to partially clothed or fully undressed patients, who are particularly vulnerable to exploitation. Due to the intimate nature of nursing care, professional boundaries in the practice of nursing are extremely important. When an individual has engaged in criminal behavior involving any type of sexual misconduct, the Board is mindful that similar misconduct may be repeated in healthcare settings. As such, crimes involving any type of sexual misconduct are highly relevant to an individual's ability to provide safe nursing care. **(4) Crimes involving lying, falsification, and/or deception.** Licensees and certificate holders are required to accurately and honestly report and record information in a variety of places, such as medical records, pharmacy records, billing records, nursing notes, and

plans of care, as well as to report errors in their own nursing practice. When an individual has engaged in criminal behavior involving lying, falsification, and/or deceptive conduct, the Board is mindful that similar misconduct may be repeated in healthcare settings, thereby placing patients, healthcare employers and employees, and the public at risk of harm. As such, crimes involving any type of lying, falsification and/or deception are highly relevant to an individual's ability to provide safe nursing care. **(5) Crimes involving drugs and/or alcohol.** Licensees and certificate holders have a duty to their patients to provide safe, effective nursing care and to be able to practice safely. Individuals who have a substance use disorder may have impaired judgment and motor skills and are at risk for harming their patients and/or the public. Licensees and certificate holders have access to many medications and drugs and those with substance use disorders may misuse or steal drugs. Individuals affected by a substance use disorder may be unable to accurately assess patients, make appropriate judgments, or intervene in a timely and appropriate manner, thus putting their patients at risk. This danger is heightened when the licensee or certificate holder works in an autonomous setting where other healthcare providers are not present to intervene for the patient or the public. As such, crimes related to the use or possession of drugs or alcohol are highly relevant to an individual's fitness to practice. **(6) Crimes involving violence and/or threatening behavior.** Licensees and certificate holders provide care to the most vulnerable of populations, including patients who often have no voice of their own and cannot advocate for themselves. Further, patients are dependent on the caregiver-patient relationship for their daily care. When an individual has engaged in violent or threatening criminal behavior, the Board is mindful that patients may be at risk for similar behavior in a healthcare setting. As such, crimes involving violence and threatening behavior are highly relevant to an individual's fitness to practice. (c) All crimes listed in this subsection are as described in Titles 21, 47 and 63 of the Oklahoma Statutes. In addition, the Board recognizes and gives similar treatment to similar offenses charged in other jurisdictions. **Felony convictions** that disqualify an individual from retaining licensure or becoming licensed as a nurse or retaining certification or becoming certified as an AUA in Oklahoma include: **(1) Crimes involving fraud, theft, lying and/or falsification.** (A) Robbery 21 O.S. § 791 et seq. (B) Falsely personating another to gain money or property 21 O.S. § 1532. (C) Identity theft 21 O.S. § 1533.1. **(2) Crimes involving sexual misconduct.** (A) Human Trafficking 21 O.S. § 748. (B) Trafficking in children 21 O.S. § 866. (C) Incest 21 O.S. § 885. (D) Forcible sodomy 21 O.S. § 888. (E) Indecent exposure, indecent exhibitions, obscene material or child pornography, solicitation of minors 21 O.S. § 1021. (F) Procure, cause the participation of a minor in any child pornography, buys, or knowingly possesses, procures, manufactures, or causes to be sold or distributed child pornography 21 O.S. §§ 1021.2 and 1024.2 (G) Commercial sale or distribution of pornography 21 O.S. § 1040.13. (H) Soliciting/offering sex with minor 21 O.S. § 1040.13a.

(I) Offering or transporting one under 18 for sex 21 O.S. § 1087. (J) Child Prostitution – unlawful detainment in prostitution house 21 O.S. § 1088. (K) Lewd or indecent proposals to minor, sexual battery of minor 21 O.S. § 1123. (L) Knowingly engaging in acts likely to spread Human Immunodeficiency Virus 21 O.S. § 1192.1. **(3) Crimes involving drugs and/or alcohol.** (A) Causing, aiding, abetting minor to commit controlled dangerous substance crimes 21 O.S. § 856.1. (B) Drug trafficking 63 O.S. § 2-415. **(4) Crimes involving threats, violence and/or harm to another individual.** (A) Assault, battery, or assault and battery with a dangerous weapon 21 O.S. § 645. (B) Aggravated assault and battery 21 O.S. § 646. (C) Aggravated assault and battery on a law officer 21 O.S. § 650. (D) Aggravated assault and battery on medical personnel with firearm or other dangerous weapon 21 O.S. § 650.5. (E) Murder, first or second degree 21 O.S. §§ 701.7 and 701.8. (F) Manslaughter, first degree 21 O.S. § 711. (G) Kidnapping 21 O.S. § 741. (H) Extortionate kidnapping 21 O.S. § 745. (I) Malicious intentional intimidation or harassment based on suspect classification 21 O.S. § 850. (J) Desertion – abandonment of child under ten 21 O.S. § 851. (K) Child endangerment by permitting child abuse 21 O.S. § 852.1. (L) Rape first or second degree 21 O.S. §§ 1111 and 1114. (M) Peeping Tom – personally or electronically 21 O.S. § 1171. (N) Stalking 21 O.S. § 1173. (O) Endangering or injuring a person during arson or attempt 21 O.S. § 1405. (P) Failure to stop after fatal accident 47 O.S. § 10-102.1. (Q) Mingling poison, drugs, or sharp objects with food, drink 21 O.S. § 832. **(5) Crimes involving harm to property.** (A) Violation of Oklahoma Antiterrorism Act 21 O.S. §§ 1268 et seq. (B) Arson, first, second or third degree 21 O.S. §§ 1401, 1402, and 1403. (C) Burglary, first degree 21 O.S. § 1431.

(d) **To obtain an Initial Determination of Eligibility**, the required form shall be completed and filed with the Board. The fee for an Initial Determination of Eligibility shall be \$95.00 and shall be submitted with the required form. (e) The Executive Director is authorized to close a file requesting initial determination of eligibility when the person seeking determination of eligibility for licensure has failed to respond to a written request from the Board for information, within sixty (60) days of the written request.

Practical Nurse Program Options

The Practical Nursing (PN) program offers three enrollment options: Traditional 12-month track and 18-month track on Lawton campus. The Flex track is available on the Frederick campus only. Attendance requirements, instructional strategies, and class schedules vary according to the enrollment option.

Practical Nurse – 12-month track

Traditional, lecture-based practical nurse option is designed for the full-time day student that learns best through teacher-led classroom instruction. Students attend class full-time, five days a week. Approximately 40 students are admitted annually with completion in 12 months.

Practical Nurse – 18-month track *may be offered based on enrollment numbers*

Traditional, lecture-based practical nurse option is designed for the full-time day student that learns best through teacher-led classroom instruction. Students attend class full-time, Monday-Thursday for three months and then part-time Monday-Thursday for 16 months. Approximately 30 students are admitted annually with completion in 18 months.

Frederick Flex Practical Nurse

The flex practical nurse program has no classroom lectures and is designed for the independent learner who is familiar with computer use. Students progress through curriculum by completing learning contracts. Instructors facilitate the self-directed learning and are available for questions, round table discussions, and laboratory demonstrations. The flex program does require some mandatory classroom and clinical attendance. Approximately 30 students are admitted annually, shared between August and February entry dates, with completion in 12-24 months.

Conditional Admission Requirements

Age: Applicant must be at least 18 years of age to attend clinicals.

Physical Exam: Applicants must complete a physical exam on the form provided GPTC, complete with laboratory results, immunizations records, and physical clearance by a physician. All costs of physical, labs, and immunizations are the responsibility of the student. Any health-related problems must be corrected, and evidence of correction must be submitted. Students must be in good health and be free of any physical restrictions, as evidence by a physical exam, to participate in clinical activities. This will not be collected until you are slotted in the program and have completed the physical form.

Immunizations: Must be documented on a shot record or proven immunity by providing a positive titer.

Required Immunizations:

- Hepatitis B - series of 3 injections
- MMR (measles, mumps, rubella) - series of 2 injections
- Varicella (chicken pox) - must have positive titer
- Tetanus (TDaP) - within the last 10 years
- QuantiFERON or 2 – Step PPD
- Covid Vaccination Series
- Seasonal flu shot

Drug Screen: Applicants will submit authorization allowing a facility, designated by GPTC, to test for the presence of illicit drugs. Applicant will be notified when and where the drug screen is to be completed. The cost is approximately \$35.00 and is the responsibility of the student. Applicants with a positive drug screen will be denied admittance to the PN program.

Background Check: Criminal history and sex offender background checks are required to complete clinical requirements. (Uniform Clinical Contract - Clinical Rotation Agreement, developed January 2004 by the Statewide Taskforce, sponsored by the Oklahoma Hospital Association). Background checks are acceptable only when conducted by an agency authorized by GPTC. The cost is approximately \$57.75 and is the responsibility of the student. GPTC reserves the right to do repeat background checks throughout the program.

Clinical Site Privilege: Criminal history records and self-disclosed information may be provided to clinical sites after program acceptance and throughout program enrollment. GPTC and clinical sites reserve the right to review any information that would have a bearing on the student's ability to function safely in the clinical area. Clinical facilities may deny students access to clinical rotations upon the findings of the background check. While a criminal history does not necessarily disqualify an individual for admission into a program, clinical sites reserve the right to refuse clinical placement of any student. If not accepted by a clinical site, the school will make reasonable attempts to meet program objectives by providing alternative clinical sites. If alternative clinical sites cannot be arranged, program objectives cannot be completed, and dismissal may result.

Financial Arrangements: Applicants must pay tuition and fees by the prearranged deadlines. Financial aid arrangements will be accepted in lieu of payment. For more information on applying for financial aid (FASFA), VA benefits, scholarships, or utilizing other funding sources, contact the GPTC Financial Aid Coordinator at (580) 250-5534.

Mandatory PN Orientation Meeting: Applicants must attend a mandatory PN orientation meeting that will be set for 2 weeks after class selection. Upon receiving your notification of acceptance, your enrollment will be contingent upon the completion and submission of the required documents and attendance at the mandatory PN meeting.

Practical Nursing Program Information

Definition: "Practical Nurse" means the practice of nursing under the supervision or direction of a Registered Nurse, licensed physician, or dentist. This directed scope of nursing practice includes, but is not limited to:

- Contributing to the assessment of the health status of individuals and groups.
- Participating in the development and modification of the plan of care.
- Implementing the appropriate aspects of the plan of care.
- Delegating such tasks as may safely be performed by others, consistent with educational preparation and do not conflict with the Oklahoma Nurse Practice Act.
- Providing safe and effective nursing care rendered directly or indirectly.
- Participating in the evaluation of responses to interventions.
- Teaching basic nursing skills and related principles.
- Performing additional nursing procedures in accordance with knowledge and skills acquired through education beyond nursing preparation and,
- Delegating those nursing tasks as defined in the rules for the Board that may be performed by an advanced unlicensed assistive person.

Mission: The mission of the PN Department is to prepare individuals for success in work and in life, by providing exemplary PN education.

Vision: Our vision is to meet the needs of the 21st century healthcare system by providing exemplary PN education and training opportunities to the workforce of the future.

Philosophy: The faculty of the nursing program supports the philosophy of the Great Plains Technology Center. We recognize that society today is faced with many complex social problems. Public school education is deeply involved, not only in the solution of such problems, but also in the effort to operate schools effectively despite the social unrest through out the world today. We are responsible for maintaining a quality education program for our students.

Student Learning Outcomes/Role-Specific Competencies: Our student learning outcomes are aligned with the OBN-PN Nursing Competencies, QSEN Competencies, the NCLEX-PN Test Plan, and National Health Foundation Standards.

1. Provide patient-centered care with sensitivity, empathy and respect for the diversity of human experience.
2. Work in interdisciplinary teams with other health care members to improve patient outcomes.
3. Employ evidence-based practice in choosing optimal patient care instructions.
4. Apply quality improvement to patient outcomes to meet their changing needs.
5. Apply principles of safety that reduce risk of harm to self and others.
6. Utilize informatics to provide care, reduce medical errors and support health care interventions.

Transfer of Credit Policy

Great Plains Technology Center will accept transfer hours from other schools based on an evaluation of the student's comprehension of the course material. Please note that students transferring to another school may not be able to transfer all the hours they earned at Great Plains Technology Center; the number of transferable hours depend on the policy of the receiving school.

Transfer hours accepted by the school are applied to the total number of hours necessary to complete the program and are considered for both attempted and completed hours for the purpose of determining when the allowable maximum time frame has been exhausted. Satisfactory Academic Progress (SAP) evaluation periods are based on actual contracted hours at the institution. Transfer students must meet the following criteria:

1. If he/she is transferring hours from another school, he/she will be asked to request a transcript. Tuition and hourly credit will be awarded as verified by the transcript.

2. Transfer students will not be allowed to enroll until they have officially terminated their enrollment at their previous school. Tuition and hourly credit will be awarded as verified by the transcript.
3. Tuition charges will be prorated for the remainder of instruction hours needed to complete the course as offered by the school. Remaining tuition charges for the course along with enrollment fees will be charged accordingly. Transfer students are eligible to receive financial aid, if qualified.

Academic Policy

The minimum satisfactory academic standing for retention in the School of Practical Nurse is a grade average of "C" or 77% at the completion of each semester. This grade must be maintained in each individual course.

Grading Scale: A = 93-100 B = 85-92 C = 77-84 F = 76 and below

Completion Requirements

1. All curriculums complete with a minimum of 77% proficiency.
2. All clinical rotations complete with a minimum of 80% proficiency.
3. Graduation Clearance form complete.

Practical Nursing Career Opportunities

(From Occupational Outlook Handbook, Bureau of Labor Statistics, US Department of Labor)

Practical nurses provide basic nursing care. They may reinforce teaching done by RNs regarding how family members should care for a relative; help to deliver, care for, and feed infants; collect samples for testing and do routine laboratory tests; or feed patients who need help eating. They can give medication, start IVs, and oversee unlicensed medical staff. PNs care for ill, injured, or convalescing patients or persons with disabilities in nursing homes and extended care facilities, hospitals, physicians' offices, clinics, and private homes.

Nurses must be on their feet for much of the day and may have to lift patients who have trouble moving in bed, standing, or walking. These duties can be stressful, as can dealing with ill and injured people. Most PNs work full time and many work shifts during nights, weekends, or holidays, because patients need medical care at all hours. They may be required to work shifts of longer than 8 hours.

PNs must complete an approved educational program. These programs award a certificate or diploma and typically take about 1 year to complete but may take longer. They are commonly found in technical schools and community colleges. Practical Nursing programs combine classroom learning in subjects such as nursing, biology, and pharmacology. All programs also include supervised clinical experience. After completing a state-approved educational program, prospective PNs can take the National Council Licensure Examination (NCLEX-PN). In all states, they must pass the exam to get a license and work as an PN.

PNs should be friendly, enjoy helping others, and communicating with people. Other important qualities include:

- Compassion - PNs must be empathetic and caring toward the people they serve.
- Detail oriented - PNs need to be responsible and detail oriented because they must make sure that patients get the correct care at the right time.
- Interpersonal skills - Interacting with patients and other healthcare providers is a big part of their jobs.
- Patience - Dealing with sick and injured people may be stressful. They should be patient, so they can cope with any stress that stems from providing care to these patients.
- Physical stamina - PNs should be comfortable performing physical tasks, such as bending over patients for a long time.
- Speaking skills - It is important that PNs be able to communicate effectively, for example, they may need to relay information about a patient's current condition to a RN.

Employment of PNs is projected to grow 16% from 2014 to 2024, much faster than the average for all occupations. As the baby-boom population ages, the overall need for healthcare services is expected to increase. PNs will be needed in residential care facilities and in home health environments to care for older patients.

Several chronic conditions, such as diabetes and obesity, have become more prevalent in recent years. PNs will be needed to assist and care for patients with chronic conditions in skilled nursing and other extended care facilities. In addition, many procedures that once could be done only in hospitals are now being done outside of hospitals, creating demand in other settings, such as outpatient care centers.

The number of individuals who have access to health insurance is expected to continue to increase because of federal health insurance reform. PNs will be needed, particularly in ambulatory care settings, to care for the newly insured who seek primary and preventative services.

High emotional and physical demands may cause workers to leave the occupation, creating potential job openings. Job prospects should be favorable for PNs who are willing to work in rural and medically underserved areas.

- The median annual wage for PNs in the USA was \$59,730 - (\$28.72/hr) in May 2023.
- The annual mean wage of PNs in Oklahoma was \$45,670 - \$77,870 (\$19.26/hr - \$28.72/hr) in May 2023.

Financial Aid					

Federal Pell Grant: Pell Grants are awarded only to undergraduate students who have not earned a bachelor's or professional degree. Great Plains Students must be enrolled and attending a full-time adult program approved for Federal Title IV programs. Unlike a loan, a Federal Pell Grant does not have to be repaid. To determine if you are eligible financially, the US Dept. of Education uses a standard formula, established by Congress, to evaluate the information you report when you apply. The formula produces an Expected Family Contribution (EFC) number. Your Student Aid Report (SAR) contains this number and will tell you if you are eligible. How much you receive will depend not only on your EFC but also on your cost of attendance, whether you are a full-time or half-time student and whether you attend school for a full academic year or less. You may not receive Pell Grant funds from more than one school at a time. To apply fill out a Free Application for Federal Student Aid available in the financial aid office or apply online at <https://studentaid.gov/>

Federal Supplemental Educational Opportunity Grant: A Federal Supplemental Educational Opportunity Grant (FSEOG) is for undergraduates with exceptional financial need -- that is, students with the lowest Expected Family Contributions (EFC) -- and gives priority to students who receive Federal Pell Grants. An FSEOG does not have to be paid back. Students at the school are awarded an FSEOG based on the availability

of the funds at the school. You can receive either \$100 or \$200 per year depended on your start date. Great Plains Students must be enrolled and attending a full-time adult program approved for Federal Title IV programs.

Oklahoma Tuition Aid Grant Program: The Oklahoma Tuition Aid Grant Program (OTAG) is a need-based grant program for Oklahoma residents who attend approved colleges, universities, and technology centers in Oklahoma. Awards are approved for full-time or half-time students in undergraduate or graduate study. To apply complete a FAFSA as soon as possible. Applications are awarded in descending order of highest need until all funds are committed. OTAG will review your family financial information to determine your eligibility OTAG will then notify you if you are approved. GPTC students must be enrolled and attending a full-time adult program approved for Federal Title IV programs.

Veterans Educational Benefits: Great Plains Technology Center has several full-time adult programs and short term ACD programs approved for Veterans Educational Benefits. For more information regarding VA Educational Benefits for full time adult programs or for short-term ACD programs please, contact Rhonda Mahaffey, Career Counselor, at the Lawton Campus at 580.250.5503, Bldg. 100, Room 107.

Scholarships

The Oklahoma Career Tech Foundation Otha Grimes Scholarship: Otha Grimes Scholarship applications are distributed to current full time adult students the beginning of the Fall and Spring semesters. Scholarships are limited to 9 students per semester. Scholarships must be used for expenses directly related to a student's program, such as: tuition, fees, and books.

Dr. George Bridges Next Step Scholarship: The scholarship is a one-time tuition waiver for the program. No monies are issued directly to the scholarship recipient but are issued to the school in lieu of an award letter. The scholarship is good for 1 year from the date of graduation. Once the scholarship has been approved, it is for tuition only and can be applied towards a full-time program.

Step 2: Submit all Required Admission documents by 4pm on the application deadline.

- **Lawton Campus:** 4500 SW Lee Boulevard, Lawton, Oklahoma 73505
- **Frederick Campus:** 2001 E. Gladstone, Frederick, Oklahoma 73542

Step 3: How Am I Slotted:

Students will be placed on the wait list and offered slots based on the date the file was completed and received in the Medical Office building 700. If the student declines an offered slot, their application will be moved to the end of the wait list regardless of the original date of completion. Students will also be responsible for keeping all documents current. Applicants with expired documents will be removed from the wait list. Incomplete files will not be placed on the wait list.

Step 4: How Am I Notified:

Applicants will be notified of acceptance within 10 business days of the application deadline by phone call, email, or the US Postal Service. In the event of a change of address, phone number or email address, it is the applicant's responsibility to update their information.

Step 5: Upon Acceptance:

Upon notification of acceptance in the PN program, applicant will be required to provide documentation of physical examination free of restrictions, required immunizations, negative drug screen and background check from designated provider.
