

Northview Public Schools
Board of Education
Policy Type: Ends
Policy Title: 4.2 Creative Students
Policy Reported: Annually: April

Creativity and innovation are hallmarks of a global society. To compete regionally, nationally and internationally, our students must be provided with opportunities to exhibit creative behavior. Northview's curriculum and activities provide opportunities for every student to improve their creative thinking process and put into practice the lessons learned.

4.2.1 Tools to foster creativity are identified, provided, and taught to students.

4.2.2 Students are provided experiential opportunities to creatively demonstrate the use of these tools.
