

WHITE SETTLEMENT ISD

THE BUZZ: BREWER BEAR MONTHLY

Beekeeper Brief

I'm excited to announce some changes to our Leadership Team that will be effective with the 2025-26 school year. Brewer Middle School Principal Randy Summerhill will serve as the Assistant HR Director, and Tannahill Associate Principal Joanie Shields will be the new principal of Brewer Middle School.

Assistant Superintendent of Curriculum and Instruction Chris Jenkins will retire at the end of the school year and work part-time in 2025-26. He will oversee the implementation of the new Collegiate Academy that will be located at the former Fine Arts Academy site in partnership with TCC. More details will be forthcoming.

We're currently searching for a new Assistant Superintendent of Curriculum and Instruction, and we'll make a recommendation to the school board at the April meeting.

We're excited about these personnel changes and what our students and staff will accomplish in 2025-26!

Go Bears!
Superintendent Frank Molinar

Share your photos and ideas for Tannahill's End of an Era Celebration

Tannahill Intermediate will become the Fine Arts Academy at Tannahill beginning with the 2025-26 school year. The opening of the new Sixth Grade Center will provide our sixth graders with even more fine arts, CTE and athletic opportunities and enable us to expand enrollment at the Fine Arts Academy.

To celebrate the past 28 years, WSISD will invite current and former staff, students, families and the community to an End of an Era Celebration on Wednesday, April 30 from 6 to 7:30 p.m.

We'd love to include staff and student photos to highlight the many experiences we've shared at TIS over the past two decades. Email photos to dcoyle@wsisd.net or upload [here](#).

Have an idea for how we can make the celebration memorable? Email Desiree Coyle by April 7.

Blue Haze students learn significance of Down Syndrome Awareness Day

Blue Haze Elementary Counselor Heather Szymanski and her daughter, Millie, provided students with an inspiring lesson for Down Syndrome Awareness Day!

Students learned about chromosomes, the unique abilities of individuals with Down Syndrome, and celebrated the beautiful differences that make us all special.
