ROBO JAGS

JOURNAL

MMS ROBOTICS BOOSTER

WELCOME to MMS Robotics 2024-2025!

Teams are methodically designing, building, coding, and notebooking to create a unique robot that will bring their vision to life. Skills in leadership, problem solving, and teamwork are on full display. These motivated students are an example in action of a strong work ethic and imaginative engineering at its best. The wheels are turning... Stay tuned as big ideas become robot reality for our Robo Jags!

Concession Stand

We are incredibly grateful for the support of our wonderful families who generously contributed concession stand supplies. These supplies were a hit at 5 home Volleyball games. With everyone pitching in, we were able to raise an impressive \$1,300.00! This money is already being put to great use in purchasing robot supplies.

A massive thank you goes out to the parents who have volunteered to manage the concession stands – your support is invaluable to our fundraising efforts.

We'll also be running concession stands at all of the boys' home basketball games. If you would like to sign up to help, we would love to have you on board.

Robo Jags Swag Fundraiser

Check out this fun collection created just for you! These items are available for pre-sale. All ordered items will be produced and delivered 2-3 weeks after the team store closes. This pre-sale will close on **September 30th**. A percentage of all purchases comes right back to the classrooms to help buy parts!

Help My Robot Grow

Be on the lookout for your student's "Help My Robot Grow" Fundraiser sheet in October. Robotics is a highly competitive team sport that requires a significant investment in parts and technology to set our Robo Jags up for success. Thank you, in advance, for supporting the MMS Robotics Fundraiser!

Upcoming Events

Each TEAM must have one grownup present at all times.

Robot Boxes

7th & 8th Grade ONLY

Each 7th & 8th grade team is responsible for their own robot box this year. Please make sure your team box has **large sturdy wheels**. A lock for your box is highly recommended!

Robotics Summer Camp 2024

MMS Robo Jags hosted a Robotics summer camp in July for rising 4th and 5th graders. It was a great opportunity to cultivate interest and further skills in robotics for these aspiring future students. They learned in a fun, hands on environment from our amazing Robo Jags!

Hard at Work

Designing, building, and programming a robot from scratch is no easy feat! MMS Robo Jags have dedicated themselves to the process, pouring in countless hours to **bring their dreams to life**.

*Our Robo Jags need
YOUR SUPPORT
in their engineering
journey
by volunteering
at robotics
competitions.*

*Signup links will be sent out
before each event.*

Team Maker Sponsor \$5,000

GROUP STEEL ERECTORS & C3 CONSTRUCTION SERVICES

As a Team Maker Sponsor your contribution supports essential educational opportunities for ALL our students and opens up the design process for growth and improvement. Thank you!

Robot Sponsor \$1,000

Bringing Dreams to life begins with the generous support of our Robot Sponsors. Thank you for your donation, it plays a crucial role in helping transform ideas into reality.

Dremel Sponsor \$500

It all started with
an idea...

and it grew...

and changed...

and became
something amazing!

Thank you to all of
our Dremel Sponsors
for supporting our
design process!

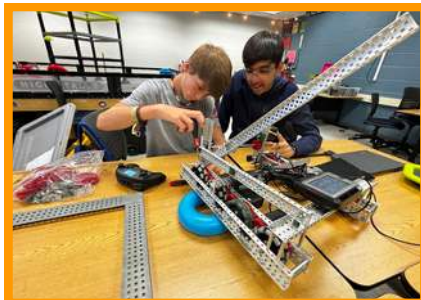

BankPlus®

Nuts & Bolts Sponsor \$250 - \$499

Our Nuts & Bolts Sponsors are providing the tools needed to go from imagined to achieved.
