School Director: Dr. Carla Brabham

Vision

Preparing innovative leaders of tomorrow by providing quality education today.

Mission

Richland One Middle College (ROMC) will improve student learning by offering a rigorous and relevant academic program. We will provide increased learning opportunities that ensure students develop the strong foundation necessary to make a successful transition from high school to their post-secondary pursuits.

Core Values

We ensure our students receive a holistic education that prepares them for college, careers, and life.

Collegiate Experiences: We offer high school juniors and seniors the opportunity to experience college life at Midlands Technical College's Beltline Campus.

Career Preparation: We equip students for future careers through community service, work-based learning, and internships.

Community Service: We require students to complete 45 hours of service learning annually.

Character Development: We nurture well-rounded individuals by building integrity, empathy, and leadership skills.

School and Accreditation

ROMC is a collaborative partnership between Richland School District One and Midlands Technical College. The district serves a diverse community of students, with a focus on academic excellence, career readiness, and personal growth. ROMC is accredited by the Southern Association of Colleges and Schools Council on Accreditation and School Improvement (SACS CASI).

Committed to Excellence

ROMC has earned an "Excellent" rating on the South Carolina School Report Card for three consecutive years (2022, 2023, and 2024). We have a 5-year graduation rate average of 97.04%.

Academics

At ROMC, high school juniors and seniors have the opportunity to experience college life at Midlands Technical College's Beltline Campus. Our rigorous academic offerings include dual enrollment and honors courses, plus flexible schedules to balance academic and personal responsibilities.

In 11th Grade, students begin dual enrollment, taking up to four college courses each semester. These courses allow students to earn credits that count towards both their high school diploma and an Associate's degree. In addition to college courses, students complete essential high school course work, ensuring a balanced academic foundation.

Seniors continue their dual enrollment journey, with the opportunity to take up to five college courses per semester. By graduation, students can earn a substantial number of college credits, positioning them to enter higher education with advanced standing or to transition directly into their chosen career paths. The curriculum emphasizes rigorous academic standards, career readiness, and personal growth, ensuring that each student graduates prepared for success in college, careers, and beyond.

GPA and Rank

To calculate GPA, the sum of the weights of each grade is divided by the number of units attempted using the SCUGP above. The school does not rank.

SC Uniform Grading Scale (Weighted)

Average [on transcript]	College Prep [C]	Honors [H]	AP/Dual Enrollment [A/E]
A 90-100	4.0-5.0	4.5-5.5	5.0-6.0
B 80-89	3.0-3.9	3.5-4.4	4.0-4.9
C 70-79	2.0-2.9	2.5-3.4	3.0-3.9
D 60-69	1.0-1.9	1.5-2.4	2.0-2.9
F 59 and below	0.0-0.9	0.0-1.4	0.0-1.9

School Activities

ROMC encourages students to engage in a variety of activities that foster leadership, collaboration, and personal growth. Students have the opportunity to participate in clubs and organizations such as Student Government, National Honor Society, and various interest-based clubs that promote community involvement, academic enrichment, and social connections.

In addition to on-campus activities, ROMC students can participate in athletics at their zoned high schools, allowing them to compete in sports while benefiting from ROMC's academic programs. This unique arrangement ensures that students can pursue their athletic interests without sacrificing their educational opportunities. ROMC also supports students' involvement in community service and work-based learning.

Faculty and Staff

ROMC's staff includes experienced educators, counselors, and administrators who work closely with each student to ensure a personalized and supportive learning environment. Together, they strive to cultivate an academic atmosphere that encourages growth, curiosity, and achievement.
