This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Prior authorization for Select Services - Services listed in this BAAG are covered when provided in accordance with Certificate requirements and, when required, receive prior authorization or approved by BCBSM except in an emergency.

Note: A list of services that require approval **before** they are provided is available online at **bcbsm.com/importantinfo.** Select ***Approving covered services***.

Pricing information for various procedures by in-network providers can be obtained by calling the customer service number listed on the back of your BCBSM ID card and providing the procedure code. Your provider can also provide this information upon request.

Prior authorization for Specialty Pharmaceuticals - BCBSM will pay for FDA-approved specialty pharmaceuticals that meet BCBSM's medical policy criteria for treatment of the condition. The prescribing physician must contact BCBSM to request prior authorization of the drugs. **If prior authorization is not sought, BCBSM will deny the claim and all charges will be the member's responsibility.**

Specialty pharmaceuticals are biotech drugs including high cost infused, injectable, oral and other drugs related to specialty disease categories or other categories. BCBSM determines which specific drugs are payable. This may include medications to treat asthma, rheumatoid arthritis, multiple sclerosis, and many other diseases as well as chemotherapy drugs used in the treatment of cancer, but excludes injectable insulin.

Blue Cross provides administrative claims services only. Your employer or plan sponsor is financially responsible for claims.

Preferred Rx Program ASC

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay/coinsurance. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten or any other plan documents your group uses, if your group is self-funded. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Prescription Drug Discount Program - Prescription drug manufacturers provide coupon programs for certain medications. Your benefit plan requires you to take advantage of BCBSM-approved coupon programs for select medications. This benefit may lower the cost-sharing typically required for these drugs. Your out-of-pocket expense will be no more than your benefit cost-sharing. When a manufacturer coupon is used, only the amount you paid for the prescription will apply towards your annual out-of-pocket maximum.

NOTE: Adjustments may be required to accurately reflect your annual out-of-pocket maximum to reflect your true out-of-pocket cost.

This program may be discontinued at any time if it is no longer supported by the vendor.

Specialty Pharmaceutical Drugs - The preferred pharmacy for specialty drugs is **Walgreens Specialty Pharmacy**. Specialty drugs are covered only when dispensed through the Walgreens Specialty Pharmacy or any in-network participating pharmacy.

A list of specialty drugs is available on our website at **bcbsm.com/pharmacy**. Click What are specialty drugs, then click Specialty Drug Program Rx Benefit Member Guide. The guide is updated monthly.

If you have additional questions, you can call Walgreens Specialty Pharmacy customer service at 1-866-515-1355.

We will not pay for more than a 30-day supply of a covered prescription drug that Blue Cross defines as a "specialty pharmaceutical". We may make exceptions if a member requires more than a 30-day supply. Blue Cross reserves the right to limit the quantity of select specialty drugs to no more than a 15-day supply for each fill. Your copay or coinsurance will be reduced by one-half for each fill once applicable deductibles have been met.

Select Controlled Substance Drugs - BCBSM will limit the initial fill of select controlled substances to a 5-day supply. Additional fills for these medications will be limited to no more than a 30-day supply. The controlled substances affected by this prescription drug requirement are available online at bcbsm.com/pharmacy.

Member's responsibility (copays and coinsurance amounts)

Note: Your prescription drug copays and coinsurance amounts, including mail order copay and coinsurance amounts, are subject to the **same** annual out-of-pocket maximum required under your medical coverage. The following prescription drug expenses will not apply to your annual out-of-pocket maximum.

- any difference between the Maximum Allowable Cost and BCBSM's approved amount for a covered brand-name drug
- the 25% member liability for covered drugs obtained from an out-of-network pharmacy

Features of your prescription drug plan

Custom Drug List	A continually updated list of FDA-approved medications that represent each therapeutic class. The drugs on the list are chosen by the BCBSM Pharmacy and Therapeutics Committee for their effectiveness, safety, uniqueness and cost efficiency. The goal of the drug list is to provide members with the greatest therapeutic value at the lowest possible cost. • **Generic drug tier** - This tier includes generic drugs made with the same active ingredients, available in the same strengths and dosage forms, and administered in the same way as equivalent brand-name drugs. They also require the lowest copay/coinsurance, making them the most cost-effective option for the treatment. • **Preferred brand-name drug tier** - This tier includes non-specialty preferred brand-name drugs. These drugs are more expensive then generic and members pay more for them. • **Nonpreferred brand-name drug tier** - This tier includes non-specialty brand-name drugs for which there's either a generic alternative or a more cost-effective preferred brand-name drug available. Members pay more for these nonpreferred brand-name drugs.
Maximum allowable cost drugs	When you receive a generic maximum allowable cost (MAC) drug from an in-network pharmacy, you pay your cost share as noted in your coverage. However, if you request a brand-name drug and the prescriber did not write "Dispense as Written" or "DAW" on the prescription, you must pay the difference between the maximum allowable cost and the Blue Cross Blue Shield of Michigan approved amount for the brand-name drug, plus your copayment. If the prescriber wrote "Dispense as Written" or "DAW" on the prescription, we will pay the pharmacy the approved amount for the brand-name drug, after deduction of your copayment.
Over-the-counter drugs	Excludes benefits for certain over-the-counter drugs.
Quantity of drugs	Your prescription drug coverage has eliminated authorization requirements for select prescription drugs, and quantities of drugs.
GLP-1 Products	GLP-1 products for conditions other than diabetes are not covered.

Dental Coverage

This is intended as an easy-to-read summary and provides only a general overview of your benefits. It is not a contract. Additional limitations and exclusions may apply. Payment amounts are based on BCBSM's approved amount, less any applicable deductible and/or copay. For a complete description of benefits please see the applicable BCBSM certificates and riders, if your group is underwritten. If your group is self-funded, please see any other plan documents your group uses. If there is a discrepancy between this Benefits-at-a-Glance and any applicable plan document, the plan document will control.

Coverage determination: Claims are subject to dental necessity verification and availability of dental benefits when they are processed, as well as the terms and conditions of the applicable BCBSM certificates and riders.

Dentist information
With Blue Dental PPO, you can choose any licensed dentist anywhere. However, you'll get the best coverage and save the most money when you choose a Tier 1 PPO (in-network) dentist.

You have outstanding access to thousands of Tier 1 PPO dentists across the country through the Blue Dental PPO network. Tier 1 PPO dentists agree to accept our PPO approved amount as full payment for covered services, so you'll pay your applicable coinsurance and deductible amounts. To find a Tier 1 PPO dentist near you, log into your member account at **bcbsm.com** or call **1-888-826-8152.**

If you go to a non-PPO dentist, you can still save money by choosing a Tier 2 participating non-PPO (out-of-network) dentist. Tier 2 dentists participate with us on a "per claim" basis through our Blue Par Select (BPS) arrangement. They accept our BPS approved amount as full payment for covered services, so you'll pay your applicable coinsurance and deductible amounts. To find a Tier 2 participating non-PPO dentist near you, log into your member account at **bcbsm.com**. You should ask your dentist if they participate with BCBSM before every treatment.

Note: If you go to a nonparticipating dentist, you are responsible for any difference between our approved amount and the dentist's charge.
