

i-Ready for Math and Reading

i-Ready Learning is a collection of high-quality instructional activities and lessons that help students learn and grow by accessing grade-level materials. Students take a placement diagnostic exam online each trimester and i-Ready tailors the lessons to strengthen weaker areas and challenge students who are above grade level. Students will have time during the school day to do their lessons and can also access it at home through their CLEVER page. Teachers will set lesson completion goals and students can earn an award. I-Ready is an official tool provided by our district. The Spanish piece is being further developed and we are told it will be full capacity by Fall 2025.

**Think of it as online reading, grammar, and math lessons tailored to your student's ability with assessments to check progress and modify instruction.*

Interpreting i-Ready scores from the diagnostic (your access code is KH2CGD).

Based on your child's score - growth goals are made. The blue bar shows where the scores fall related to these goals.

In this example the child exceeded both goals.

The program will tell you the percentile where your child's score falls and the corresponding Lexile for that score.

Typical Growth

Typical Growth: The average annual growth for a student at this grade and placement level on their baseline Diagnostic. ⓘ

Stretch Growth®

Stretch Growth: An ambitious, but attainable, level of annual growth that puts students who are below grade level on a path toward proficiency. ⓘ
