AUTISM

AWARENESS

& Acceptance

April 2nd

DAY

APRIL IS NATIONAL AUTISM AWARENESS MONTH, with celebrations to understand this disorder.

AUTISM SPECTRUM DISORDER is a range of conditions affecting social skills, repetitive behaviors, speech, and nonverbal communication.

Many autistic people have an intense focus on their interests and hobbies. What are you passionate about?

Sometimes autism comes with sensory sensitivities. Lights, sounds, touch or even taste can be overwhelming.

Children with Autism don't get the same sense of inclusion in schools as other children, making them feel excluded and alienated.
