District Priorities and Goals

Comprehensive Plan Priority:

- Through the PLC and MTSS processes:
 - We will reach each student by analyzing their strengths and areas for growth and then will use targeted instruction to both enrich and remediate for achievement success.
 - As well as new mathematics programming at both the elementary and middle schools, we will be able to target individual student needs and reach pre-pandemic data goals.

Building Goals

Goal 1: By June of 2025, the middle school will establish the systems, structures, and supports to ensure that **all students** are provided with the **opportunities to participate in a targeted intervention and enrichment program** (WIN Middle)

Goal 2: By June of 2025, **all staff will engage in a coach lead** collaborative team (PLC) focused on evidence of student learning specific to questions 3 and 4 of the 4 Critical Questions:

- How will we respond when the students have not learned the topic?
- How will we respond when students already know the topic?

4/2/25 BAT Meeting Minutes

WIN Middle Updates

- WIN Middle presented to the Curriculum Council in March
- A full overview of the planning and preparation for WIN Middle Provided
- Offering Highlights of Interventions and Extension courses today

Intervention

- WIN will be structured for staff providing intervention.
- IXL – differentiated intervention program (Math & ELA)
 - Live updated individualized learning plans that support teachers in providing a mix of direct instruction, small group lessons, and individualized practice for students.
 - Frequently updated diagnostic data and analysis in PLC
- First session of WIN with Coaches sorting data
 - After FastBridge universal screening, ELA & Math teachers will spend the first WIN session sorting students into groups based on need as demonstrated by the screener
- Training During March In-Service Days
 - When the rest of the staff is spending time creating their WIN sessions (by using the course proposal template) the ELA and Math staff will train on the intervention program.

Extension

- 11 – 35 minute sessions for 12 cycle days each
 - Will be repeated 11 times throughout 1 year (for the first year)
- Must be related to the teacher's curriculum in a way that extends a topic previously taught
- Includes "I can" Statements
- Includes learning targets
- Includes Activities
- Teachers will write full lesson plans for each session – anyone could pick this up and teach your extension
