

# DIMAN CHEER FUNDRAISER

The Diman Cheerleading Team has achieved the highest of honors in earning an invitation to the New England's Cheerleading Championship as well as the Nationals Cheerleading Championship in Pennsylvania! All of their success began with them being awarded the Mayflower League Title in their division as well as taking second place in MVADA in February which moved them on to Regionals. They then placed 2nd in their division which moved them on to the States competition at Worcester State University. They placed 5th in the State in their division at one of the hardest cheer competitions around.

Now we are asking for YOUR support – please consider donating to our fundraiser to help us make our dream come true! All funds donated will be to help offset the costs of attending nationals. We thank you on behalf of the coaches and the athletes. Through their commitment, hard work, and determination, the athletes have reached this level, but YOUR encouragement and support will help them take these final steps on their journey!
