 - ✓ Director Leyba thanked everyone for all their hard work. She realizes the difficulty of putting the budget together due to the state not having everything completed. She appreciates efforts in keeping things moving forward, keeping things as normal as possible, and still being able to provide quality services.
 - ✓ Director Backes said this is an opportunity to learn things from what we've experienced and do things better. This has forced us to look at some of the online learning pieces that will benefit our students and that's a good thing as an outcome from a bad situation. She said we should choose to look at the positive and that will help everybody manage to get through it.
