Immunization Requirements for Students Entering Grade 8

Dear Parent/Guardian:

New York State Law Section 2164 requires certain immunizations (shots) to enter and attend school. Please check with your health care provider as soon as possible to make sure that your child has all the immunizations needed. They are listed below.

Documentation of the required immunizations must be received by September 16, 2025, to avoid exclusion from school effective September 17, 2025.

Required Immunizations for Students Entering Grade 8:

Immunization	Number of Doses
DTaP/DTP	3 doses
Tdap	1 dose
Polio	4 doses or 3 doses if the 3rd dose was received at age 4 or older
MMR	2 doses
Hepatitis B	3 doses or 2 doses of adult Hepatitis B Vaccine (Recombivax)
Varicella (chickenpox)	2 doses
Meningococcal Conjugate (MenACWY) *	1 dose <i>*most of the students in Grade 8 will have already received the MENACWY vaccine dose in Grade 7, unless transferred from out of state or out of country.</i>

If you have questions or concerns about immunizations, please contact the School Health Office at your child's school.
