[The SIRS 333 UPK Enrollment Summary Report](#)

The Pre-K Enrollment Summary Report presents district totals for Pre-K and will differentiate Half-day, Full-day programs and FTE (Full-time Enrollment). The report displays Universal Pre-K (UPK) students as well as Pre-K Students NOT Funded by UPK Money. Data in this report are used to monitor UPK programs.

- **Verify the total FTE (seats) matches your UPK Allotment**
- **The final submission date for this data was on June 7, 2024**

The SIRS 336 Student Digital Resource Survey

Beginning in the Fall of 2021, public schools and Boards of Cooperative Educational Services (BOCES) are mandated to report data on students' access to devices and broadband at their residences to the New York State Education Department's (NYSED) Student Information and Repository System (SIRS). This data collection initiative will supplant the Technology questions 8B and 8D previously gathered as part of the Basic Education Data System (BEDS) Institutional Master File (IMF). The primary objective of this initiative is to identify specific needs and allocate resources and funding opportunities effectively.

- Verify that the district has submitted data
- Use the "District Rollup" Location to see all the reported data in one report
 - Districts may submit partial survey results to SIRS, requiring a survey date and at least one survey question

To Do:

Verify the SIRS 333 UPK Enrollment Summary Report

- This data is locked for accountability and State Aid. There is no mechanism to make corrections at this time but it still must be verified

Verify the SIRS 336 Digital Survey Resource Report

- All Districts should be reporting these data to the best of their ability and report as much of the data that they are able to.
