Financial Aid for Swift Transfer

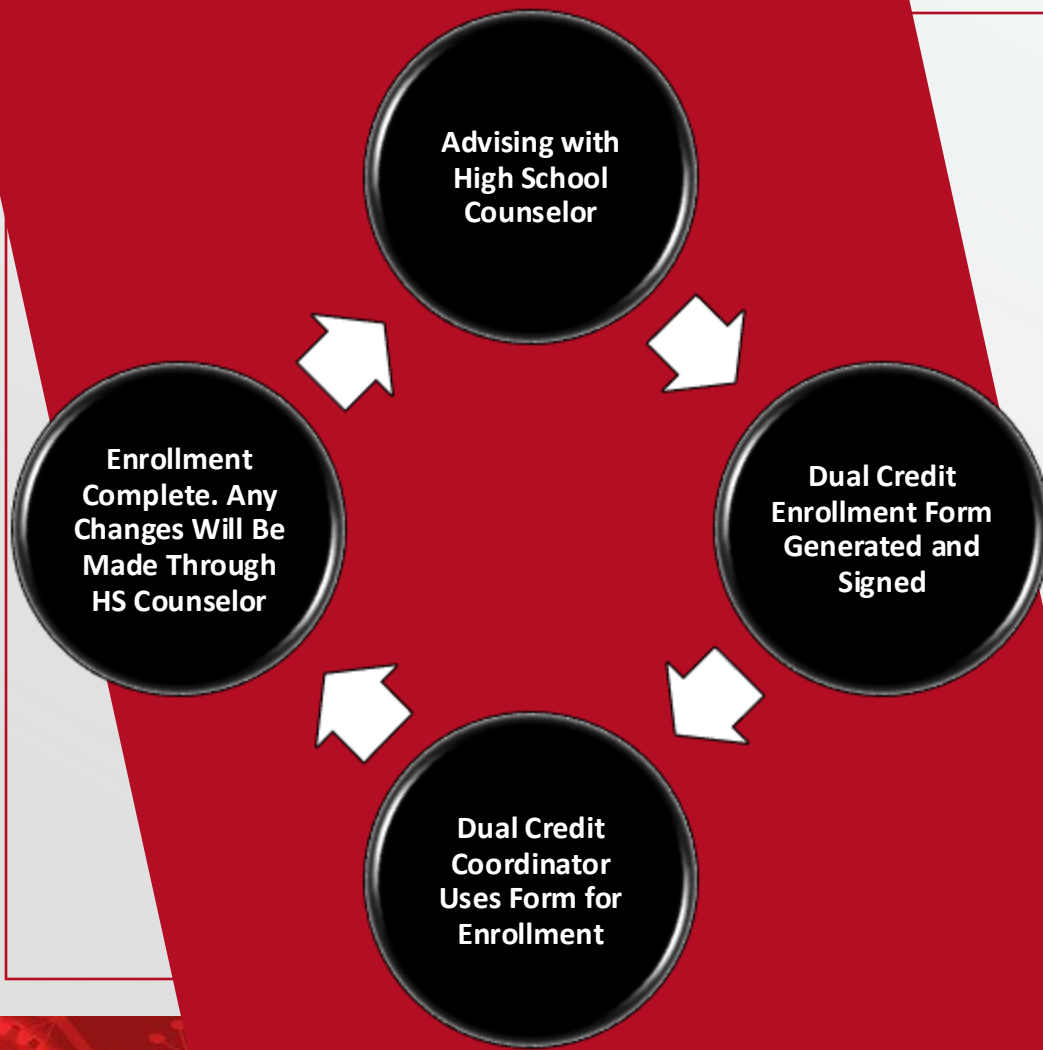

FAST Program

- Students enrolling in the Navarro College Dual Credit Program and attending a partnering service area school district may have financial assistance available to cover college coursework. The FAST program provides funding to colleges and other public institutions so they can offer dual credit courses to educationally disadvantaged students at no cost to these students. The Texas Education Code (TEC) defines “educationally disadvantaged” as those students eligible for the national free/reduced-price lunch program. Eligible students will not incur any cost for tuition, fees, or education materials.
- **Student Eligibility Requirements for FAST Program:**
 - **1. Meets the current dual credit enrollment requirements set forth in the Texas Higher Education Coordinating Board and Texas Education Agency rules to enroll in an eligible dual credit course(s).**
 - **2. Qualifies for free/reduced-price lunch program and has submitted a free/reduced-price lunch form to their school district. (Previous 4 academic years)**
 - **3. Verified by the State Agencies and confirmed for the FAST Program for the academic year.**
- Students enrolling in Navarro College dual credit course(s) and who meet the FAST Program eligibility requirements will be reported and verified by both the Texas Higher Education Board (THECB) and the Texas Education Agency (TEA).
- Upon verification from the State agencies eligible students will be verified to Navarro College at a point during their first semester enrolled for the academic year (this is typically in the fall semester). When this verification incurs, Navarro College will issue refunds for all eligible FAST program students to reimburse any paid tuition, fees, and/or education materials. Confirmations are done by academic year.
