

# How To Update Your Preferred Language using the ParentVUE app

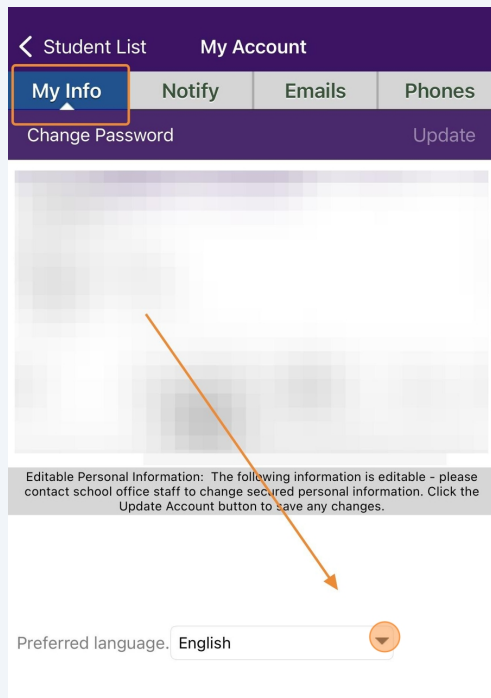

This guide provides a step-by-step process for updating your preferred language in ParentVUE using the app on a mobile device

1 Navigate to the ParentVUE app on your mobile device and login

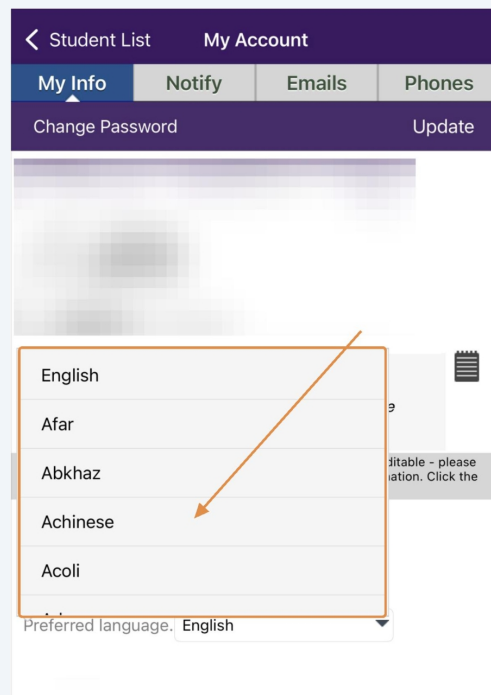

2 Click "My Account" on the lower right

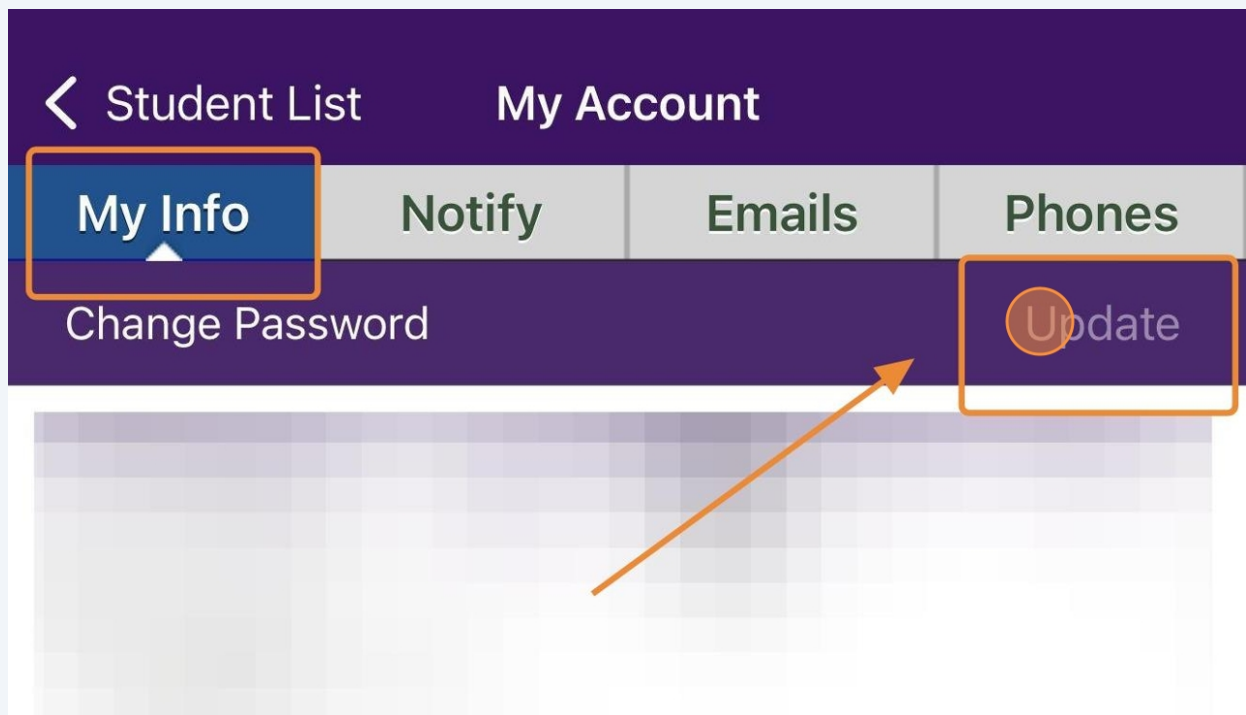

3 Click the dropdown menu under the "My Info" tab

4 Select your preferred language

5 Click "Update" to save your changes

Alert! It will take 24-48 hours for your changes to appear in the ParentSquare system once you update ParentVUE
