## GENERAL INFORMATION

### MISSION STATEMENT

Our goal at RES is to provide a climate for success based on individual student potential by guiding, challenging, and nurturing all students. We strive to develop programs and curriculum beneficial to the challenging needs of students and to create a desire in students to become lifelong learners.

### ARRIVAL/DISMISSAL PROCEDURES

School hours are from 7:45 a.m. – 3:00 p.m. Students should begin arriving at 7:15 a.m. We ask that parents remain outside of the building when bringing children to school or picking them up at dismissal time. However, if you bring your child(ren) to school after 7:45, you must come in to sign them in. Students who plan to eat breakfast should go to the cafeteria. Students who are not going to eat breakfast should go directly to his/her classroom. **All** students are required to enter the main building via the front door. Buses begin arriving for departure at 3:05 p.m. each day. **Students will not be released to checkout after 2:30 p.m.**

**ATTIRE:** If jackets or shirts are worn with hoodies, hoodies cannot be worn during the school day. Gym/jogging shorts and pants should not be worn during the regular school day. Females that wear leggings should have a shirt that completely covers their buttocks and comes to the mid thigh.

### BUS CONDUCT RULES

The student is under the supervision of the school bus driver from the time he/she boards the bus until the time he/she steps off the bus. Consequently, the following rules and regulations will govern the students' conduct while riding the bus:

1. Obey the bus driver promptly and cheerfully concerning your conduct on the bus.
2. Be at the designated place both morning and afternoon to board the bus at the scheduled times.
3. Do not stand in the roadway while waiting for the bus. If the bus is late, you must not start walking down the highway, but should wait at the regular bus stop.
4. Wait until the bus comes to a complete stop before attempting to get on or off the bus.
5. Enter or leave the bus only at the front door except in case of an emergency.
6. Leave the bus only with the permission of the driver.
7. Cross the highway when necessary in the following manner after getting off the bus:
  - a. Make certain the bus is stopped, the door is still open, and the stop signal extended.
  - b. Cross in front of the bus within sight and hearing of the driver, look both ways and stay out of the line of traffic until the path across the roadway is free from danger.
  - c. Proceed across the highway upon signal from the driver.
  - d. Children should proceed with extreme caution across four lane highways.
8. Keep head and hands inside the bus windows at all times.
9. Avoid unnecessary conversation with the bus driver.
10. Children who may have to stand should go to the rear of the bus.
11. When children must stand, they should not lean against the emergency door, as there is a danger of it coming open.
12. Do not yell at anyone while riding the bus.
13. Observe classroom conduct, ordinary conversation level, while riding or getting on or off the bus.
14. Keep the bus clean and refrain from damaging or abusing seats or other bus equipment.
15. Profane and indecent language and the harassment of other students will not be permitted.
16. Do not throw any objects in the bus or out of the bus window.
17. Parents are responsible for damages done by their children while riding the bus.

### CAFETERIA

Students who receive free or reduced price lunches must have an approved application on file. Only one application per household for students attending this school needs to be completed. Parents will have two weeks to fill out and return the application. All students that do not return a completely filled out application by the announced deadline will have to pay full price until approved and notified. **No one will be permitted to charge meals.**

### BREAKFAST RULES

1. Put book bags and coats at designated locations.
2. Line breaking is not permitted.
3. Do not skip or change seats.
4. Eat breakfast quickly.
5. Use soft, casual conversation during breakfast.

### LUNCH PROCEDURES

All students are required to go to the cafeteria. Parents are requested to send money on Mondays for lunches for the entire week. Checks or cash for lunches should be for the correct amount. Please **DO NOT** send money for other school activities in the same check. Students are required to practice good school citizenship in the lunchroom, to conduct themselves properly, and to talk in conversational tones. The Child Nutrition Program prohibits students from consuming soft drinks during lunch.

## CHECKOUTS

It is important to the faculty/staff to have the opportunity to be a part of your child's academic success. Therefore, we would like you to fully understand our policy. Pickens County Board policy states: *"Parents, legal guardians or other authorized persons may check students out of school only by coming to the school office. A notarized letter must be kept on file in the principal's office listing those persons other than parents or legal guardians who are authorized to check out students. Emergencies will be handled by the school principal."*

A parent, legal guardian or other authorized person checking out a student must check the student out through the office. The office will call on the intercom for the student to be released from class. Parents are **STRONGLY DISCOURAGED** from allowing students to be absent from school or be checked out for non-emergency reasons. For safety reasons, students **WILL NOT** be released to check out after **2:30 p.m.** Students will be held until the buses have left campus. It is the parent's responsibility to notify everyone listed on the child's check-out form.

## CHECK OUT PROCEDURES

1. All checkouts must be through the office.
2. All checkouts must be Pickens County Board approved reasons, which include sickness, doctors' appointments, and legal/court matters. Excuses for these appointments must be obtained from the doctor or courts and returned to school within three days.
3. Daily checkouts will not be permitted. Our instructional day is from 7:45 a.m. to 3:00 p.m. for all grade levels Kindergarten – fourth.
4. If your child is being checked out frequently for reasons other than those listed above, we have the right to deny check out.
6. Because of new accountability requirements for the No Child Left Behind Act, absences will be recorded for any period of instruction that the student is absent due to checkouts.
7. For determining perfect attendance for the school year, **any** classes missed because of checkouts will disqualify students for perfect attendance recognition.

## CONCESSIONS

All classes will have a break during the school day in which water, flavored water, or unsweetened juice, and low-fat snacks may be purchased. The cost of drinks/snacks range from \$.50 to \$2.00. It would be best to send change instead of bills because of problems with the machines.

## CONFERENCES

Teachers are happy to arrange conferences with parents to answer any questions or discuss problems. Conferences should be scheduled during the teacher's planning period or after school. Please contact your child's teacher by using the space provided on the report card, sending a note by your child, or a phone call to the school office. **The teacher will return your phone call during his/her planning period or after school.** When coming for a conference please come to the office and the teacher will be notified. You must be cleared through the office by signing in and receiving a visitor's pass prior to the conference.

## DISCIPLINE

The only effective discipline for the students is self-discipline. Disciplinary measures will be taken when the orderly process of school operation is threatened by the actions of an individual or when the safety of students is at stake on the bus. A child's school day begins when loading the bus in the morning and ends when the child is let off the bus in the afternoon. Reform Elementary School follows the Student Code of Conduct established by the Pickens County Board of Education.

Please refer to your copy of the Student Code of Conduct for Class I, II, and III offenses and the appropriate disciplinary action for each class. The Board of Education and the administration will support teachers in their efforts to develop good citizenship by demanding proper respect from students to teachers and others. Teachers will not tolerate disrespectful, boisterous, rough, and violent outbursts of language and temper on the part of students.

## DONATIONS

A \$40.00 donation is asked per child.

## EMERGENCY DRILLS

A fire drill will be held once each month and a tornado drill will be held during each semester. Students are expected to follow instructions explicitly.

### Fire Drill

The signal for a fire drill is 3 short rings of the school bell. Exit diagrams are to be posted in each room. The following rules are to be observed:

1. Stop work immediately.
2. Leave room in a single line.
3. Walk quietly and quickly, but do not run.
4. Assemble at a safe distance from the buildings.
5. Listen for instructions from the teacher.
6. Await bell signal before returning to the buildings.

## **Tornado Drill**

The signal for a tornado drill is one long, continuous ring of the school bell. Diagrams of pre-designated locations in the building that provides the best protection are posted in each classroom. Students are expected to follow teachers' instructions explicitly. The following rules are to be observed:

1. Stop work immediately.
2. Form a single line.
3. Quickly and quietly exit the room and sit in the designated area.
4. Lower head between knees, close eyes, cover head with arms, jackets, etc.
5. No talking.
6. Await the "all clear" bell to sound.

## **FIELD TRIPS**

Field trips are considered an "enrichment" activity and not a mandatory part of your child's educational program. Field trips are grade or group specific. Students that are not part of the grade or group that is taking a trip will not be allowed to participate. Students are expected to be on their very best behavior for safety and appearance reasons when they are on a trip. If a student has discipline infractions, it will be up to the principal's discretion if the student will be allowed to attend the trip.

**Students should not be restricted from participating in a field trip as a form of punishment. However, if a student has a history of continual discipline problems the principal may, at his discretion, revoke a student's privilege of taking a field trip.**

Starting each semester, as a general rule, if a student has 2 or more level 1 write-ups, **and** a level 2 write-up, that child will not be allowed to participate in the next field trip. A child who has **more** than one level 2 write-up, regardless of level 1 write-ups, may also be excluded from the next field trip. One level 3 write-up will disqualify students for field trips.

If a teacher is concerned that a student, who may not meet the above criteria, may not be manageable on a field trip, then the teacher may consult with the principal about the possibility of that child not participating in a field trip. Because most field trips require advance payment, students who are not allowed to go due to behavior, illnesses, or other reasons **shall not receive a refund of their payment.**

Students who participate in field trips and accompanied by their parents are required to return to school with their class unless their parents are not returning directly home. In this case parents may request that their child be released to them by completing a field trip release form **prior** to the day of the field trip. These forms are kept on file in the office.

## **GIFT DELIVERIES**

Because of disruptions to instruction and safety issues, delivery of gifts for birthdays, valentines, Christmas, etc., is strongly discouraged. However, if gift deliveries are necessary, they must comply with the following rules. Gift deliveries will not be accepted at school until 12:00 P.M. Items will not be delivered to students until 2:00 P. M. All items must fit inside a student's book bag. Gifts that contain glass or plastic that can be broken and large items such as balloons and stuffed animals will not be permitted on the bus.

## **HEAD LICE PROCEDURES**

The Pickens County Board of Education has adopted a "**NO NIT**" policy for the students of Pickens County. Until your child is satisfactorily treated and **ALL** nits are removed, he/she will not be allowed to return to school. Students are regularly checked for lice by the school nurse or other faculty and staff. If a student is found to have lice, parents/guardians are immediately called to come to the school to pick up their children. Upon being properly treated, students should be able to return to school within 24 hours. Students must be checked by the school nurse, principal or their designee before being admitted to class. This action is necessary to protect all students.

## **INSURANCE**

Accident insurance for the school day or for 24-hour coverage is available to each student. The insurance may be purchased at a reasonable cost at the beginning of the school year. Please contact the office if you are interested in purchasing school insurance. **ALL KIDS** insurance applications are available in the school office. A conference can be scheduled with the school nurse for further information.

## **LIBRARY – MEDIA CENTER**

All classes will be scheduled for a weekly library time. Additional times will be available throughout the week for exchanging books or activities deemed necessary by the classroom teacher. Students will be involved in checking out materials, research, reading activities, or library skills instruction. Activities will be considered an extension of classroom activities; therefore, students are expected to observe school rules and use the library in a quiet and productive manner. Students are responsible for proper care of materials they check out. Easy books are checked out for one week. Fiction and non-fiction books may be checked out for two weeks.

While overdue fines are not charged during the year, students are expected to return the books on time. Overdue fines are charged for books due after the end of the year cut-off date. Books will not be checked out to students who have overdue materials or outstanding fines for loss or damage. Lost or damaged books must be paid for according to the policy of the Pickens County Board of Education. A minimum of \$5.00 for a paperback book and \$10.00 for a hardcover book will be charged. Replacement charges for new or books in good condition may be as high as \$27.00. Students who owe for a lost or damaged book will not be allowed to register for the next school year until the fine has been paid. Children should return books each morning by 8:30 a.m., so they can be checked in before the school day begins.

## **MEDICINE**

Prescription medications shall be administered by the school nurse or other trained school personnel at the nurse's station. Required medical forms must be completed by authorized personnel and be on file at the school before prescription medications or asthma inhalers can be administered. Parents will be notified to come for students who become ill at school, providing it is possible to reach them by telephone. In the event parents cannot be reached, school personnel will use the demographic forms or checkout forms completed by parents to determine others that may be contacted. **Please keep the school informed as to telephone number changes.**

Teachers or other school staff are no longer permitted to treat minor cuts or bruises or administer over-the-counter (OTC) medications brought from home. Students are not allowed to bring **ANY** type of over-the-counter (OTC) medications to school. However, if a student requires OTC medication on rare occasions, the parent/guardian must bring the medication to the nurse with the safety seal intact and provide a handwritten note stating when the child should receive the medication, how much, and how often. The child's name should be written on the OTC medication container.

## **NOTICES/REMINDE**

Notices are given to students to carry home concerning announcements of meetings, changes in schedules, plans for parties, field trips, and general information for parents. It is the responsibility of the student to get notices to parents. Please check your child's book bag or folder for such information.

Please be sure to sign up for REMIND updates also with your child's teacher.

## **PARENT-TEACHER ORGANIZATION/PARENT INVOLVEMENT**

PTO/PI meetings will be announced and publicized in advance. Parents, teachers, and interested persons are asked to join PTO/PI each year. The purpose of PTO/PI is to involve parents and teachers in an effort to improve the educational opportunities of the children and to encourage good school-community relations. Parents are encouraged to attend all PTO meetings.

## **PARTIES**

Halloween, Christmas, Valentine's Day, and Easter are the approved and suggested holidays for class refreshments. If classes choose to participate in these activities they are responsible for their own refreshments. Refreshments must comply with the State Department of Education nutrition guidelines. Birthday parties for students during school hours are not allowed. Parents may, however, serve refreshments during a break on their child's birthday. The principal must approve all parties.

## **PERMITS**

A student who is to leave school for a field trip or other school sponsored trips may do so only with the written permission of parents. The permission note will include the estimated departure and arrival times, the destination, purpose of the trip, the trip cost, and whether or not your child can receive medical treatment if an accident should occur. Parents or guardians are required to send a note to the teacher for the following reasons:

1. If a child is to ride a bus other than his/her regular bus.
2. If they normally ride a bus but are to be picked up by parents or someone else.
3. If they are to remain at school after hours for meetings or other activities (scouts, ball practice, etc.)
4. If they will be getting off at a different location.
5. The office will not accept bus changes by phone.

## **PERSONAL ITEMS**

Students should not have personal items such as radios and other audio equipment electronic games, cellular telephones, pagers, headsets, playing cards, dice, etc., or excessive amounts of money unless approved in advance by the principal or a staff member. These items detract from the educational process and create unnecessary problems. Bringing these items to school result in them being collected by school personnel and kept until a parent comes for them.

## **CELL PHONE PROCEDURES**

### **Cell phone usage:**

- Students will be allowed to bring cell phones to school.
- Phones may be used only with the permission of school personnel.
- Phones must be out of sight and powered off unless directed by school personnel to do otherwise.
- Cameras, Videos, and Text Messaging, or any other function available on a cell phone that invades the privacy of another individual is expressly prohibited on school grounds at any time.

### **Consequences for cell phone usage:**

- 1st offense: Phone will be confiscated. Student will be written up and parents will be called and allowed to pick up phone at the end of the school day.
- 2nd offense: Phone will be confiscated. Student will be written up and parents will be called and allowed to pick up phone at the end of the school day.
- 3rd offense: Student will not be allowed to bring a cell phone to school again and be subject to suspension (in and/or out of school).

\*School personnel will not be responsible for replacing lost or stolen cell phones.

## **PHYSICAL EDUCATION**

Physical Education is a required subject and all students are expected to participate daily. If a child has a health condition or a physical impairment that prohibits him/her from participating, a letter from his/her physician must be on file in the office.

## **PLANNING PERIODS**

Teachers are available during their planning periods to hold parent/teacher conferences. It is highly recommended that parents make appointments to make sure that teachers are available on the day that they come for conferences.

**Teacher planning times will be given out when school begins in August.**

## **SAFETY**

Safety is an important consideration for all school activities. Every effort is made to ensure the safety of each child. Children are expected to follow safety rules in every area of the school. Children are expected to follow the Student Code of Conduct, Bus Code of Conduct, and general safety rules. **All visitors** are required to check-in at the office and receive a visitor's pass. Passes should be visible so that it is easy to recognize who should or shouldn't be in the buildings.

## **SCHOOL-WIDE FUNCTIONS**

School-wide functions, such as AR Reward parties, Book Fair Assembly, Sock Hops, and Spring Fling, are planned to reward students for their hard work, academic accomplishments, and for consistently demonstrating appropriate behavior. Students who demonstrate a pattern of inappropriate behavior in a given semester may not be allowed to participate. A pattern of inappropriate behavior is defined as an accumulation of a combination of five (5) Class 1 or 2 Discipline Notices and Bus Conduct Notices. A student who receives one (1) Class III Discipline notice may not be allowed to attend.

## **PEER HELPERS PROGRAM**

Classes in grades 2-4 will have an opportunity to be selected for the Peer Helpers Program. To be eligible, a student must not have received three first-class offense discipline slips or one second class offense discipline slip in a given semester. The student must also maintain a "C" average. To be eligible, students must first write an essay describing why he/she would be a good leader. Students must also complete an application and an interview with a panel of staff members. Teacher evaluation will also be part of the process. Students with the highest scores will be elected to the Peer Helpers Program. Any team member not exhibiting positive leadership qualities, may be dismissed from the team.

## **STUDENT PROCEDURES**

Reform Elementary School has developed the following procedures to better protect students from accidents and injuries.

### **General Rules**

1. Walk at all times.
2. No talking in the halls.

### **Hall Rules**

1. Walk in straight lines on the third tile.
2. Stop at all stop signs.
3. No talking in the hall.
4. Keep hands and feet off boards, walls and doors.
5. Stay close to the classmate in front of you.

### **Restroom Rules**

1. The monitor enters the restroom first.
2. Only three students at a time in the restroom.
3. No playing in the restroom.
4. No talking in the restroom.
5. Use the restroom as quickly as possible.
6. Flush the toilets.
7. Wash hands after using the bathroom.
8. Get water after you have used the restroom.

### **Lunch Rules**

1. Stop at all stop signs with your class.
2. Take the tray on top.
3. Get at least three food items off the line and all items needed before sitting down.
4. Lunchroom restrooms are off limits unless you are sick.
5. Always walk in the lunchroom.

### **PE Rules**

1. Stand quietly in lines.
2. Sit quietly in the gym.

3. Everyone goes to PE. Give notes to Coach King.
4. Line-up quickly and quietly before re-entering the building.
5. Walk back to class without talking.

### **Library Rules**

1. Turn in library books by 8:30 a.m.
2. Each child should bring a library card to check out a book.
3. Sit down if you are not selecting a book.
4. Do not use the library time to socialize.

### **TARDIES**

It is the responsibility of the parent/legal guardian of a child to make sure he/she is at school on time. Every child should be in his/her classroom by 7:45 a.m. when the bell rings. Students coming in late must check through the school office before being admitted to the classroom. Late arrivals disturb classes and result in valuable time being lost in the revision of the lunch count and other record keeping activities. Being prompt and on time to school is a common courtesy, which should be shown to teachers and fellow students.

### **TELEPHONE CALLS**

Students will not be allowed to use the phone without a phone pass signed by his/her teacher. **Calls will be placed for emergencies only. Students will not be allowed to call for money to attend an extracurricular activity, books, homework, etc.**

### **TEXTBOOKS**

Textbooks are furnished free of charge and are the property of the state or local school system. Parents or guardians will be held liable for any loss, damage, or abuse in excess of that which would occur from normal use. If assessed damages are not paid within 30 days after notification, students shall not be entitled to further use of textbooks until the amount of the loss or damage is paid.

### **VISITORS**

Visitors are always welcome at Reform Elementary School. However, in order to avoid unnecessary interruption of the instructional program and to ensure protection of students and staff, certain regulations are necessary.

1. **ALL** visitors are required to report to the office. All visitors must sign in and pick up a visitor's pass. This pass must be returned to the office at the end of the visit.
2. Pre-school children or students from another school are not permitted to visit classrooms.
3. Should a conference be needed with a staff member, please call for an appointment. Teachers cannot leave their students unsupervised. Impromptu conferences will not be held unless absolutely necessary because it interrupts instruction and endangers the safety of the students.
4. During American Education Week, parents and others will be invited to view our instructional program.
5. If parents/guardians would like to sit in a class to observe, prior arrangements may be made with the principal to schedule the observation.
6. Parents/guardians and grandparents are welcome to eat lunch with your child often. Please call or send a note before 9:00 a.m. on the day you plan to have lunch.
7. All visitors should adhere to the same dress code as students.

## **ACADEMICS FIRST (NO PASS NO PLAY)**

Pickens County Schools recognize the value of athletics and other extracurricular activities as they relate to the total education of students. We also recognize and support high academic standards and the necessity of developing a framework to annually assess each athletic and extracurricular student's progress toward graduating from high school on schedule with his/her class.

Pickens County Schools prescribe the following regulations for eligibility by students in this school system to participate in athletics and/or extracurricular activities:

1. Students entering Grades 10-12 must, from the previous school year, have a passing grade and earn the appropriate number of credits in each of six (6) subjects that total six (6) Carnegie units of credit, including four (4) credits from the four (4) core subjects composed of English, science, social studies, and mathematics.
2. Physical Education may count as only one (1) unit per year.
3. No more than two (2) Carnegie units may be earned during summer school. If a unit(s) or subject(s) is repeated in summer school, the high numerical grade for the unit(s) or subject(s) may be used to compute the composite grade average.
4. Students deemed ineligible at the beginning of the school year by virtue of having failed to meet the requirements outlined above may regain their eligibility at the end of the first semester by meeting the requirements for eligibility in the two most recently completed semesters, including summer school. Eligibility restoration must be determined no later than five (5) days after the beginning of the succeeding semester. An ineligible student may not become eligible after the fifth day of each semester. Bona fide transfers may be dealt with according to rules of the Alabama High School Athletic Association for sports and rules to be developed by each local board of education as they pertain to other extracurricular activities.
5. Each eligible student must have a minimum composite numerical average of 70 on the six (6) Carnegie units from the preceding year, including summer school. Summer school work passed may substitute for regular schoolwork repeated in computing the 70 average.
6. Each eligible student involved in athletics must meet the definition of a regular student as defined by the Alabama High School Athletic Association.
7. Any student who earns more than four (4) credits in the core curriculum in any given year or who accumulates a total in excess on the required four (4) per year may be exempt from earning the four (4) core courses in the succeeding year as long as that student remains on schedule for graduation with his/her class.

Students entering grades 8 and 9 must, for the immediately preceding school year, have a passing grade in (5) subjects with a composite numerical average of 70 with all rules applying the same as students in Grades 9-12. Students promoted to the seventh grade for the first time are eligible.

## **ATTENDANCE LAWS**

### **STATE ATTENDANCE REQUIREMENT**

Every child between the ages of six and 17 years shall be required to attend a public school, private school, church school, or be instructed by a competent private tutor for the entire length of the school term in every scholastic year except that, prior to attaining his or her 16<sup>th</sup> birthday every child attending a church school as defined in Section 16-28-1 is exempt from the requirements of this section, provided such child complies with enrollment and reporting procedure specified in Section 16-28-7.

A child who is six years of age on or before September 1 (2)\* or the date on which school begins in the enrolling district shall be entitled to admission to the public elementary schools at the opening of such schools for that school year or as soon as practicable thereafter.

### **SECTION 16-28-12 OF THE CODE OF ALABAMA**

Any parent or guardian who fails to require his/her child to regularly attend school or fails to compel the child to properly conduct himself or herself as a pupil in accordance with a written policy on school behavior, which may result in the suspension of the pupil, shall be guilty of a misdemeanor and upon conviction, shall be fined not more than one hundred dollars. The parent or guardian may also be sentenced to hard labor for the county for not more than ninety days. Any violation in attendance or conduct, which may result in a suspension, shall be reported by the principal to the superintendent of education. The superintendent or his designee shall report violations to the district attorney within ten days.

### **ABSENCES**

An absence is the missing of any class during the school day. Students who have been absent should present a parent's note explaining the absence. Students will have five days to present this written explanation or the absence will be marked unexcused. Credit will not be given for any make-up work until an excused admission slip is issued. Provisions shall be made by teachers for students to make-up work missed during excused absences. At the secondary level, it shall be the responsibility of the student to contact the teacher to arrange make-up work. Arrangements for make-up work shall be made within five (5) days of returning to school. If make-up work is not completed, a zero (0) shall be entered into the grade book for the missed assignment.

Students in grades 7-12 shall be present for thirty minutes of instruction in a class to be counted present for that class.

Students in grades K-12, who have accumulated a total of eighteen (18) or more absences per year shall be candidates for retention. Students in grades 9-12 shall be candidates for retention in high school courses in which 18 or more absences have been accumulated.

## EXCUSED ABSENCES

- Students will be allowed only nine excused absences by parent's note. After nine parent notes all other excuses must be by doctor's note only.
- All parent notes above nine will be marked unexcused and dealt with according to district policy.
- Absences for the purpose of a funeral will be counted as parent notes unless excused by the principal.
- In accordance with district policy, students in grades K-12 who have accumulated a total of 18 absences (excused and/or unexcused) per year will be candidates for retention.

**EXCUSABLE ABSENCES** - According to our policy, the following are excusable reasons:

2. Serious illness or death in the immediate family
3. Emergency medical or dental attention
4. Absences approved in advance by the principal

## TARDY POLICY

Students are required to attend school and classes on time each day of school. All schools start at 7:45 a.m. and end at 3:11 p.m. Students will be given a tardy if checked in before 8:15 a.m. Any check in after that time will be an unexcused or excused absence. The school personnel recognizes that some situations may occur which may force a student to arrive after the start of school. When a student is tardy, the parent or guardian must check the student in school through the main office.

## UNEXCUSED CHECKOUTS/TARDIES

## TRUANCY DEFINITION:

A parent, guardian, or other person having charge of any child officially enrolled in Alabama public schools (K-12) shall explain in writing the cause of any and every absence of the child no later than three (3) school days following return to school. A failure to furnish such explanation shall be evidence of the child being truant each day he is absent. The child shall also be deemed truant for any absence determined by the principal to be unexcused based upon the State Department of Education's current School Attendance Manual. **Seven unexcused absences within a school year constitute a student being truant for the purpose of filing a petition with the Court.** The Interagency Committee on Youth Truancy Task Force recommendations known as the Early Warning Truancy Prevention Program timeline for reporting truancy shall define the truancy status of any student as follows:

  - c. Failure to appear at the school conference and/or to appear at the early warning program shall result in the filing of a complaint/petition **against the parent under Code of Alabama (1975), § 16-28-12(c) (failure to cooperate), or a truancy against the child, whichever is appropriate.**

The Board is committed to providing an environment that is free of any kind of bullying. No person shall engage in reprisal, retaliation, or false accusation against a victim, witness, or other person who has reliable information about an act of bullying, violence, or threat of violence. All Pre-K through 3rd grade must receive a reimbursable meal regardless of their ability to pay. All students will be able to charge a meal if money is not available during the time of service. If student’s charges are not paid by the parent(s), then the monies for these charged meals will be charged back to the school by the Child Nutrition Program. Only school funds from a non-public source may be used for the payment of these charged meals. Records of all charges and repayment must be maintained by CNP officials. Charges must be collected by the end of the school year or must be paid up from funds other than CNP funds. Documentation of efforts to collect for charged meals must be maintained.

## CAFETERIA (CHILD NUTRITION PROGRAM) WORTHLESS CHECKS POLICY

The Pickens County Board of Education does not recognize bad debt. The face value of a check returned for insufficient funds (NSF) may not be absorbed as a cost by state, federal or public local funds since an uncollected check is considered a bad debt. The principal shall exercise due diligence in the acceptance of checks and in the collection of NSF checks. The district will only allow two NSF checks before requiring cash payments. A list of individuals who have submitted bad checks during the school year is to be maintained in order to prevent the receipt of any further checks from those individuals.

Uncollected NSF checks may not be written off. Necessary actions must be taken to collect the check amount in compliance with and through the Nexcheck Company. Documentation of those actions and procedures are to be maintained. Nexcheck has agreed to pay for the checks up front as long as there is a name and a phone number. The words "transfer option school," "TOS", or "TOS school" shall mean a "persistently dangerous school" as those words are used in the No Child Left Behind Act of 2001, **Public Law 107-110, Title IX, §9532(a)** and (b). For the purpose of this definition, a "violent criminal offense" shall mean homicide; robbery; assault in the first and/or second degree; sexual battery (including rape) as these offenses are defined in the Criminal Code of Alabama (see **§ 13A-6-1, et. seq., Ala. Code 1975**); and use of a handgun, firearm component, explosive, knife, and other "unknown weapons" as defined by the Student Incident Report (SIR).
2. The LEA shall notify the student's parent/guardian of the right to transfer as soon as practicable, not to exceed ten (10) calendar days from the date of a final determination by the school board or its designee that a violent criminal offense has occurred.   - Step 3 Develop a corrective action plan to be submitted to the SDE for approval within 20 working days of the LEA's receipt of status.
  - Step 4 Implement the corrective action plan.

Once a school has been identified as a transfer option school, it can return to safe status by (1) completing Steps One through Four above and (2) completing two consecutive years with less than one percent (1%) of the student population or five (5) students (whichever is greater) expelled for violent criminal offenses as defined in its policy.

## STUDENT DRESS CODE

Pickens County Schools recognize the effect which student dress and grooming have on student behavior and commitment to learning. It further recognizes the role of parents in assisting their children in making appropriate choices, accessories, and personal appearance. In order to maintain an atmosphere conducive to learning, the Board requires that all students exercise good taste with regard to their personal appearance. Attire considered disruptive or that could present a health or safety problem is not appropriate.

With this in mind, the following rules concerning dress and grooming are mandatory for all students attending our schools. Students who fail to follow these rules will be subject to disciplinary action.

The dress and/or grooming style of any student shall not interfere with the educational process of any Pickens County School.
2. Students shall be neat and clean at all times. An unkempt or sloppy appearance is not appropriate in the learning environment of the school.
3. Students shall wear clothing in the manner it was designed to be worn, i.e., clothing worn backward or inside-out, suspenders undone, are not allowed. Specifically, pants, worn too low without belts (low riders), too long, or excessively large clothing are not permitted.

(Examples: clothing that is too tight, too short, bare at the midriff, bare at the sides, sun dresses, “spaghetti strap” type tops and off-the-shoulder tops, low front or back tops, sheer or see-through clothing, etc.). Undergarments shall be worn in an appropriate manner and should not be visible.
5. All clothes shall be in a state of good repair, i.e., no holes, no cut-off shorts, etc.
6. Any clothing or other personal items bearing a reference to alcoholic beverages, tobacco products, drugs, drug-related slogans, and/or any other suggestive or offensive writing shall not be permitted at school or any school-related activities.
7. Caps, hats, bandanas, sunglasses or other headwear shall not be worn during the regular school day.
8. Students shall not wear heavy metal chains, metal spiked apparel or accessories, etc.
9. Students shall be required to wear appropriate shoes to school at all times—no bare feet. No flip-flops, or house shoes are allowed. Boots with chains, steel toes, or other metal reinforcement or decorations are not allowed.

## CAREER TECHNICAL COLLEGE AND CAREER READINESS INDICATORS

### 1. Career and Technical Education (CTE) Program Completer

To meet the CCR Indicator as a CTE completer, a student must earn three (3.0) credits with the grade of a "C" or higher in CTE courses that are part of an approved CTE program of study, including the following additional requirements:

1. Only credits earned by completing coursework listed in the current CTE Program Guides will be counted.
2. Each credit earned must have a final grade of "C" or higher.
3. Earn a maximum of one (1.0) credit earned by completing an approved CTE Program Foundation course, where appropriate, may be counted (Career Prep can only be counted as a foundation course in Business Management Administration, Marketing, or Finance).
4. Earn a minimum of one (1.0) credit by completing an approved CTE Program Concentrator course.
5. Earn one (1.0) additional credit by completing of an approved CTE Program Concentrator course or earn one (1.0) credit by completing one of the following approved CTE Program Capstone course(s):
  - A. Earn one credit through completion of an authentic Work-Based Learning (WBL) experience in the field of study or a closely related field of study that meets Alabama State Department of Education WBL requirements. (e.g., Internship, ANFR Supervised Agricultural Experience [SAE], Cooperative Education In-field Placement or closely related field).
  - B. Earn one credit through completion of an approved CTE Cluster Lab Course that meets specific guidelines related to hours and activities.
  - C. Earn one credit through completion of an approved CTE Cluster Pathway Project Course that meets specific guidelines related to hours and activities.

### 2. Career Readiness Indicators (CRI)

Career Readiness Indicators (CRI) are credentials/certifications made available to all students enrolled in a program where career and technical skill proficiencies are aligned with industry recognized standards. CRIs may not be available for all programs. Credentials provide proof that the student possesses the minimum skills required for entry-level employment. Testing occurs at the discretion of the LEA Career and Technical Director depending on student readiness. Pre-assessments are required. The method for determining the readiness of students to attempt certification exams is driven by program data, classroom performance, and skill acquisition within the student's pathway.

## DUAL ENROLLMENT

The Board recognizes that certain high school students may be allowed to enroll in postsecondary institutions in order to earn dual credits for a high school diploma and a postsecondary degree. The following provisions shall apply to students seeking admission to dual enrollment/dual credit programs **or Advanced Placement courses** sponsored by the Pickens County Board of Education.

- Students must be in the 10<sup>th</sup>, 11<sup>th</sup>, or 12<sup>th</sup> grade for Dual Enrollment credit.
- Students must take state-approved college placement tests for college level English, Speech, and Math (ACCUPLACER).
- Academic students must have a minimum cumulative (unweighted) grade point average of 2.5 on a 4.0 scale for Dual Enrollment Credit.
- Career technical education students must have a minimum cumulative (unweighted) grade point average of 2.0 on a 4.0 scale for Dual Enrollment Credit for Welding and Pipefitting; however, they must have a minimum cumulative (unweighted) GPA of 2.5 on a 4.0 scale for Dual Enrollment Credit for Computer Science, Electrical Systems Technology, and Urban Forestry. (These are the CTE Dual Enrollment classes taught at P4C.)
- All CTE dual classes require a 2.5 GPA for scholarship eligibility.
- To maintain continuous eligibility, a student must earn a "C" or better in all attempted college courses.
- Students who fail to meet this minimum GPA or withdraw from a course could be suspended from the program for a minimum of one term. The one-term suspension may not be served during the summer term.
- The two-year college system has incorporated an appeals process for students who do not meet the continuous eligibility criteria. The appeal must be approved by the instructor and P4C administration.
- Courses taken must be college level; remedial college courses shall not meet the requirements of the dual enrollment program.
- Dual classes are considered to have weighted grades. When calculating the grade point average on a 4- point scale at the high school level, a +.50 is the GPA point addition for the standard calculation. When calculating the grade point average on a 100- point scale at the high school level, a +10 is the GPA point addition for the numerical calculation.

#### Costs

All costs associated with attendance of such programs and exams shall be borne by the student.

#### CREDIT RECOVERY

In accordance with the new guidelines released by the Alabama State Department of Education, the Pickens County School District will offer students who have failing grades in courses that are required for graduation an opportunity to recover the lost credit through a standards-based approach that will target **specific knowledge and skill deficits** instead of requiring students to repeat the entire course. Students who qualify may contact their school's counselor to enroll in the Pickens County Schools Credit Recovery Program. If accepted into the program, students will complete Credit Recovery courses aligned to the Alabama Course of Study standards using district approved computer software and ACCESS.

#### Student Failure Reports

Teachers that have students with failing grades in courses that are necessary for graduation will be required to submit a student-specific report which identifies course standards that were not met in the applicable grading term. (See Attachment B). These reports may be used in combination with course and skill-specific diagnostic tools provided through software vendors and/or school or school-system assessments, **all of which must be aligned with the Alabama Course of Study content standards for the course being pursued through Credit Recovery.**

## **Student Eligibility, Admission, and Removal**

In order to be accepted into the Credit Recovery Program, students shall:

- Have an overall average of 40 or higher in the course they seek to recover credit.
- Not have lost credit due to violation of the non-compliance policy (excessive unexcused absences).
- Have completed at least one calendar year of academic work at the 9<sup>TH</sup> grade level.
- Completed an application signed by both students and parents/guardians. (See Attachment A)
- Provide their own transportation to Credit Recovery classes when attending the after school sessions.
- Complete a registration form after being accepted in the Credit Recovery Program (See Attachment C)

Students may be removed from a Credit Recovery Program at the discretion of the administrator supervising the program for circumstances involving serious or repeated misbehavior, failure to adhere to program attendance requirements, or failure to make adequate progress towards meeting remediation requirements.

## **Credit Recovery Program Authorization and Operation**

- Classes will take place at Pickens County School District high schools.
- Classes at each location will be conducted by contracted personnel.
- Credit Recovery programs will be held during and after school
- Credit Recovery program offerings may be limited by the availability of space, teachers, or appropriate computer-based content for specific courses. There is no guarantee that all courses required for graduation may be served by a credit recovery program.
- Credit recovery may be offered during the summer at a fee to be determined.
- Students who are pursuing NCAA eligibility must meet course semester requirements, i.e., hours of instruction and time on task.

Teachers working with students in Credit Recovery programs must be certified in the content area they are teaching or in one content area if they are facilitating a software-based program. In situations where online courses are being utilized, an approved adult employee of the school system may be used as a facilitator.

## **Instructional Content and Curriculum**

Instruction may be delivered through a combination of computer-based instructional software and targeted small-group instruction supervised and managed by an approved adult board employee. Credit Recovery teachers will receive training pertaining to effective course organization and operational management of the applicable computer-based instructional software.

An individual student prescription will be developed by the Credit Recovery teacher based on failure reports completed by the student's teacher of record and skill-specific diagnostic tools which are offered by the computer-based instructional software or other approved assessments. The Credit Recovery teacher will use his or her professional judgment of this data along with any further diagnostic device deemed necessary to develop a prescriptive plan for specific standards for remediation targeted to individual students.

The student must complete his or her individual remediation plan within the published operating dates and hours of the Credit Recovery Program. Students may attempt to recover multiple credits, but one credit must be completed before attempting the next.

Instructional assignments, whether computer-based or teacher-based, will be aligned with the Alabama academic content standards approved by the Alabama State Board of Education.

Students will be released from the Credit Recovery Program upon successful completion of individual remediation plans regardless of the number of hours of instruction.

## **Grades and Credit**

Students who successfully pass the master level assessment for a course with a grade of 75 will receive a numerical grade of 70% and earn one Carnegie unit of credit.

Grade forgiveness will be used, whereby the original failing grade is replaced by the Credit Recovery grade for computing grade-point averages. The original failing grade must remain on the transcript.

**In the event that issues not addressed above arise, the principal will have the final authority to make decisions related to Credit Recovery.**

## **CREDIT ADVANCEMENT**

The program allows students who already know most of the standards taught in a particular course to prove mastery of course content by successfully completing a pretest and posttest in that subject. Students may attempt credit advancement in math, English, science (excluding biology, physical science and chemistry as directed by the ALSDE), social studies and elective classes. Students will complete the exams for Credit Advancement using an approved computer-based program which is aligned to the Alabama Course of Study standards.

## **Student Eligibility**

In order to be accepted into the Credit Advancement Program, students shall:

- Be a rising ninth grade through twelfth grade student in the Pickens County School District.

- Have completed an application signed by the parent or guardian, the student, the high school counselor, and high school principal.

### **Location and Availability**

- Credit Advancement exams will be given at Pickens County School District high schools.
- Credit Advancement exams will be administered by contracted personnel.
- Credit Advancement exams can be taken within the first five days of each semester, the last ten days of each semester, and during the month of June.
- Students should contact their school counselor to schedule an appointment to take credit advancement exams.
- There is not a limit on the number of credits a student can earn through credit advancement; however, students will be permitted to only take credit advancement one time per course.
- There is no fee to participate in credit advancement.

### **Requirements for Earning Credit**

In order to receive credit:

- The student will take a pretest for the course.
- If the student earns at least an 85% on the pretest, then he/she will take a comprehensive posttest.
- If the student earns at least an 85% on the posttest, then he/she will receive credit for the course.
- If the student earns below an 85% on the pretest, then an individualized learning path with state standards-aligned direct instruction will be assigned to the student through the approved computer-based program or ACCESS program.
- Once the student has completed all prescribed modules, then the student will be given one opportunity to retake the posttest.
- If the student earns at least an 85% on the post retake test, then he/she will receive credit for the course.

### **Grades and Credits**

The numeric grade received on the posttest will serve as the final grade and will be posted directly to the transcript where it will be designated that the grade was earned through credit advancement. Credit advancement courses are not weighted.

Admission and eligibility requirements of various organizations are subject to change, and it is the student's responsibility to consult with outside organizations such as universities, the Alabama High School Athletic Association, NCAA, etc. to determine how credits earned through this program might affect eligibility, admissions, or status.

**Any credit obtained for a course through this program is not approved by NCAA.**

## **VIRTUAL EDUCATION PROGRAM**

Virtual education or online learning is an instructional delivery method that is not dependent upon the student and teacher being in the same location. Courses are offered via the internet. The courses offer a flexible pace, schedule, and location.

The student will have a virtual education facilitator at each local school as well as the Guidance Counselor who are responsible for teaching and monitoring student achievement. Students will be able to communicate with their virtual facilitator regarding course content by phone, through email or interactive online tools.

### **Scope and Delivery**

The Board provides a virtual education option for grades 9-12 that includes, at a minimum, all courses that are needed to obtain a high school diploma. Each student and their parent(s) will develop a customized learning plan with an administrator and/or counselor that allows teachers to utilize the system's instructional policies and procedures, Alabama's College and Career Standards, best practice frameworks, state assessments and PLAN 2020 when developing and building lessons and facilitating classes.

Students work at their own pace with the instruction and support from the Alabama State Department of Education's ACCESS program and/or our district approved Learning Management System, computer-based learning. Instruction is delivered through non-traditional virtual facilitation. All Pickens County School courses are accredited and approved by the Pickens County Board of Education.

### **Eligibility Criteria**

Students who meet the following requirements are eligible to participate in the virtual education program:

- Enrolled in Pickens County Schools
- Provide their own computer, Internet access and an email account. Computer and internet access are not provided by the local school or district.
- Compliance with the District's Internet Acceptable Use Agreement
- Successfully complete a district-defined virtual education orientation course
- Meet any eligibility requirements of the Alabama State Department of Education's ACCESS program, if applicable.
- Meet school system enrollment requirements for the course in question including, but not limited to, successful completion of any prerequisite courses.

- Have and maintain an overall 2.0 GPA
- Demonstrate a proficiency in reading/comprehension and computer navigation skills
- Provide their own transportation to and from the local school for conferences, unit and semester tests, as well as all Alabama State Department of Education mandated assessments.
- Students will be required to schedule tests with the local school counselor.

### **Monitoring Guidelines and Testing Protocol**

Our Virtual Education option is governed by the policies and procedures of Pickens County Schools. All policies adopted by the Pickens County Board of Education and all applicable administrative code and laws adopted by the State Board of Education and Alabama Legislature are applicable (to the extent that they are not otherwise waived pursuant to the Alabama Accountability Act of 2013). All policies and procedures adopted by the Pickens County Board of Education apply to the Virtual Education option unless expressly stated within this policy.

Individual student performance will be monitored pursuant to the school system’s traditional academic credit requirements and grade scale. Students utilizing the virtual education option will be subject to all state testing and accountability requirements and will be subject to the same rules and regulations regarding the administration of such tests applicable to traditional public school students enrolled in the traditional public school.

The Superintendent is hereby authorized to take whatever action may be necessary to facilitate the state testing and accountability requirements applicable to virtual education students. The school system reserves the right to require students utilizing the virtual education option to participate in state testing and accountability requirements on campus at a date and time selected by the school system.

Course assessments are a part of online courses. If an assessment needs to be proctored, it must be proctored at the local school. Students in Grades 3-12 taking virtual education (online) courses are required to participate in the Alabama State Department of Education assessments: ACAP Summative, ACAP Alternate, ACCESS for ELL, PreACT, ACT Plus Writing, and ACT WorkKeys. Students will be able to take the assessments at his/her local school during the testing window.

### **Withdrawal**

Pickens County Schools strives to ensure that our traditional, blended, and virtual teaching and learning models offer the best educational placement for each student enrolled. When in the best interest of the student, students will be withdrawn from underperforming classes and enrolled in a more appropriate placement option. Withdrawal reasons include, but are not limited to, the following:

1. During the first three weeks of the semester, the student has made no significant progress in his or her course(s),
2. The student has extensive, documented, blended or virtual truancy issues and needs the accountability of daily physical attendance at a traditional setting or school,
3. The student is no longer attending a Pickens County School,
4. The student no longer qualifies for enrollment because of the 2.0 GPA requirement.

Students not actively participating in the blended or virtual course(s) during the first three weeks of the semester will be transitioned back to their zoned school. Full-time students utilizing blended and virtual classes and no longer meeting the GPA requirement will be withdrawn from those classes, at the end of the semester, and transitioned back to the zoned school or placed in face-to-face classes at his/her local school. Full-time students with extensive blended or virtual truancy will be transitioned back to the zoned school or placed in face-to-face classes at his/her local school at the end of the six-week grading period. When the student is withdrawn and transferred to another school, the local school administrative staff will communicate with the new or previous school regarding the transfer.

### **Attendance**

Attendance in online programming is performance based. It is measured not only by logging into the course(s) but by successful submission of completed coursework and participation in course activities, such as discussions and communication with the online facilitator.

Non-traditional attendance is measured through the completion of lessons/assignments consistent with the student’s customized learning plan, and developed for students in every course that includes the due dates for each assignment. Students are required to remain on-pace and complete all assignments with a minimum score of 70%, to be considered present and attending, as well as to progress in the course.

### **WORK-BASED LEARNING PROGRAM**

Work-Based Learning provides twelfth grade students with educational opportunities that typically cannot be replicated in the classroom. Work-Based Learning is a structured component of the Career and Technical Education (CTE) curriculum that integrates classroom instruction with productive, progressive, supervised, work-based experiences/apprenticeships (Paid) and internships (Unpaid), related to students’ career objectives. Content is planned for students through a cooperative arrangement between the school and employer as a component of work-based learning and an understanding of all aspects of the industry that the student is preparing to enter. Students must be at least 16 years of age, must be classified as 12<sup>th</sup> grade students, must be on track for graduation, and must be physically and mentally capable of performing the “essential functions” of the desired work-based experience. Students must also have completed the required prerequisite course, Career Preparedness, and have acceptable attendance, grade, and discipline records.

The Coordinator will ensure that all placements enhance the students’ career objectives and adhere to Federal and Alabama Child Labor Laws. Students may be employed at businesses or industries where immediate family members will be acting as their supervisor. Students may not be

employed in any hazardous occupation, as defined by Federal and Alabama Child Labor Law. Students' progress will be evaluated at the training site by the employer with information reported to the students' teacher/coordinator.

## IMPORTANT INFORMATION ON MENINGOCOCCAL DISEASE AND VACCINE

### *What is meningococcal disease?*

Meningococcal disease is a serious illness, caused by bacteria. It is the leading cause of bacterial meningitis in children 2-18 years old in the United States.

### *How do you catch the disease?*

The bacteria that cause meningococcal disease are very common. The disease is most common in children and people with certain medical conditions that affect their immune system. College freshmen living in dormitories also have increased risk of getting the disease. The disease is spread through exchange of respiratory droplets or saliva with an infected person including kissing, coughing, sneezing, and sharing drinking glasses and eating utensils. In a few people, the bacteria overcome the body's immune system and pass through the lining of the nose and throat into the blood stream where the cause meningitis. Meningitis is a term that describes inflammation of the tissues surrounding the brain and spinal cord.

### *What are the symptoms of the disease?*

- Fever
- Headache
- Stiff neck
- Red rash
- Drowsiness
- Nausea and vomiting

### *Meningococcal vaccine: Who should get the vaccine and when?*

MCV4, or the meningococcal vaccine, is recommended for all children 11-12 years of age and for unvaccinated adolescents at high school entry (15 years of age). High school seniors should also consider obtaining the vaccine prior to entering college, especially if they are planning on living in a dormitory. Please consult your physician or local health department for more information.

*For more important information on this and other vaccine recommendations, see the district website OR go to:*

## ASBESTOS HAZARD EMERGENCY RESPONSE ACT

Pickens County Schools continue to remain in compliance with EPA's Asbestos Hazard Emergency Response Act of 1986. The school system has conducted three year re-inspections in accordance with the AHERA Act in March of 2007. Six month periodic surveillance and training of new employees will continue.

The asbestos management plans are on file at the Main Office and at each school. They are available for review during normal business hours. If you have questions, please contact Mr. Rufus Wilkins the LEA Designated Coordinator, at 205-367-8009.

## DEPARTMENT OF SPECIAL SERVICES

The Department of Special Services is composed of three programs: (1) Special Education (2) School Nurse Services and (3) Gifted Education. These programs offer a variety of services to parents and students in an effort to enhance student learning in Pickens County.

The **Special Education Program** is designed to identify students with disabilities, ages three through twenty-one, and due to the nature of the disability, require an individualized educational program. There are certain federal and state regulations, which govern the provision of special education services.

The **School Nurse Services Program** is designed to provide direct and indirect health and health education services to parents, students, and school personnel. The school nurse works with a variety of agencies in Pickens and Tuscaloosa County to coordinate appropriate health services to the schools in the county.

**Gifted Education** – Gifted education is provided through the Special Education Program. The following information describes the Gifted Education Program. Gifted students are those who perform at or who have demonstrated the potential to perform at high levels in academic or creative fields when compared to others of their age, experience, or environment. These students require services not ordinarily provided by the regular school program. Students possessing these abilities can be found in all populations, across all economic strata, and in all areas of human endeavor.

Teachers, counselors, administrators, parents or guardians, peers, self, or any other individuals with knowledge of the student's abilities may refer a student. Additionally, all second grade students will be observed as potential gifted referrals using a gifted behavior checklist.

For each student referred, information is gathered in the areas of Aptitude, Characteristics, and Performance. The information is entered on a matrix where points are assigned according to established criteria. The total number of points earned determines if the student qualifies for gifted services. To make a referral, contact the counselor at your child's school.

### FEDERAL PROGRAMS

The **Title I Program** is designed to provide additional assistance to those students who are at-risk for school failure. This is accomplished by a variety of instructional intervention strategies. Each school participating in the countywide Title I program individualizes the local program through the development of a Title I school plan.

The **Safe and Drug Free Schools Program** is designed to provide students with a safe school environment and to educate students regarding the dangers and pitfalls associated with the illegal use of drugs. Educational activities are provided to both students and school personnel.

The *Every Student Succeeds Act* (ESSA), which reauthorizes the *Elementary and Secondary Education Act of 1965* (ESEA), eliminates the "Highly Qualified Teacher" provisions under the *No Child Left Behind Act of 2001* (NCLB).

With the enactment of the ESSA, the terms "highly qualified teacher" and "highly qualified paraprofessional" will no longer be in effect in Alabama beginning August 1, 2016. Therefore, effective August 1, 2016, the Educator Certification Section will no longer issue highly qualified teacher status to holders of valid Alabama certificates.

### Title I Certification and Licensure Requirements and Parents Right to Know

Under ESSA, Sec. 1112(c)(6), each local educational agency (LEA) supported with Title I funds will ensure that all teachers and paraprofessionals working in a program supported under this part meet applicable state certification and licensure requirements, including any requirements for certification obtained through alternative routes to certification.

Please also note that under ESSA, Sec. 1112(e)(1)(A), at the beginning of each school year, each LEA supported with Title I funds shall notify parents that **they may request**, and the LEA will provide on request and in a timely manner, information regarding the professional qualifications of the student's classroom teachers, including:

1. Whether the student's teacher:
  - Has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction.
  - Is teaching under emergency or other provisional status through which state qualification or licensing criteria have been waived.
  - Is teaching in the field of discipline of the certification of the teacher.
2. Whether the child is provided services by paraprofessionals and, if so, their qualifications, including state requirements:
  - Secondary school diploma or its recognized equivalent.
  - Completed two years of study at an institution of higher education.
  - Obtained an associate's (or higher) degree.
  - WorkKeys Assessment.
3. ESSA, Sec. 1112(e)(1)(B), additional information. In addition to the information that parents may request under subparagraph (A), a school that receives funds under this part **shall provide** to each individual parent of a child who is a student in such school, with respect to such student:
  - Information on the level of achievement and academic growth of the student, if applicable and available, on each of the state academic assessments required under this part.
  - Timely notice that the student has been assigned or has been taught for four or more consecutive weeks by a teacher who does not meet applicable state certification or licensure requirements at the grade level and subject area in which the teacher has been assigned.

### **Notification of Rights Under FERPA for Elementary and Secondary Schools**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- (1) The right to inspect and review the student's education records within 45 days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal (or his/her designee) a written request that identifies the record(s) they wish to inspect. The principal or principal's designee will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal (or appropriate school official), clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the *School District* to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:
