

EVENT NOTICE – Tuesday, April 1, 2025
Fargo Public School District #1

The following information is for media outlets for the purpose of assigning staff coverage to the event.

**LINCOLN ELEMENTARY SCHOOL TO PROVIDE STUDENTS AND FAMILIES
A HANDS-ON LOOK AT THE WORLD OF SCIENCE**

Lincoln Elementary School students and their families are set to get a hands-on look at the world of science led by an expert.

WHAT: Science Night
WHEN: **Thursday, April 3** from 5 p.m. to 6:30 p.m.
WHERE: Lincoln Elementary School, 2120 9th Street South, Fargo
CONTACT: **Megan Kiser**, Lincoln principal, kiserm@fargo.k12.nd.us or 701.446.4904 for more information.

Lincoln Elementary School is partnering with Concordia Science Academy for Science Night, featuring demonstrations and hands-on experiments for Lincoln students and their families.

In the school's large gymnasium, Dr. Graeme Wyllie of the Concordia Science Academy and Concordia College will present a science show, featuring exciting experiments designed to engage students and show them that science can be fun. The presentation will include an explosive experiment with liquid nitrogen and water.

In the school's small gym, Concordia student volunteers and Lincoln teacher volunteers will lead three stations featuring different science experiments for attendees to try themselves.

Prior to the experiments starting, guests will enjoy a shared meal of pizza meant to bring the school's families together. Students will also have the opportunity to win books to take home in a raffle drawing. This is meant to encourage reading at home and help students build a lifetime love of reading.

Concordia Science Academy is a science outreach organization dedicated to providing students a positive science experience that is both educational and entertaining.
