## General Conditions

The following general conditions apply to all bids received by the Northern Lehigh School District, and any contracts entered into with such bidders:

1. Northern Lehigh School District is EXEMPT from ALL excise taxes as well as Pennsylvania Sales tax. No tax shall be included in the bid price.
2. No bid or contract may be assigned or transferred without the written consent of the Board of Education of the Northern Lehigh School District.
3. The bidder hereby agrees to save harmless and fully indemnify the Northern Lehigh School District and all its officers or agents from all damage, costs, or expenses that may be at any time imposed or claimed for infringement of any patent right of any person, association, or corporation as a result of the use by the District or any of its officers, agents, or employees of article(s) supplied under the bid and of which the bidder is not the patentee, assignee, or licensee with full right and authority to use the patent or supply the patented item on or for this project.
4. The bidder hereby certifies that the price in his bid is neither directly nor indirectly the result of any agreement with any other bidder.
5. The District reserves the right to reject any and all bids, to waive any technical defects and to accept or reject any part of any bid, if in the judgment of the District, the best interest of the District will be served. The District reserves the further right to require a bidder to furnish all items specified in the advertisement for bids and to reject any bid which fails to satisfy such requirements.
6. No award will be made to any bidder who, in the opinion of the District is in default on any bid proposal, or purchase order, or contract with the District prior to the date of the bid proposal under consideration or whose performance under any prior proposal or contract has been determined by the District to be unsatisfactory.
7. Any work that is defective or fails in any way to meet the terms of the contract or purchase order will be rejected. The decision of the District shall be final and the rejected material will be replaced by and at the expense of the contractor.
8. The District may reject any bid not meeting specifications. If a bidder furnishes material not meeting specifications, and does not replace such articles, or if there is a failure to deliver within the specific time, the District may contract for the same in the open market, deduct the expense, including any excess in price over the called for in the contract from the amount due the bidder from the District. If the amount due the bidder is not sufficient to meet such expenses and cost of securing substitute material, the District may proceed against the bidder or his sureties under the bond or surety to collect such deficiency, by proper action through the District solicitor.
9. It is understood and agreed that any reference to a particular manufacturer's product either by trade name or by limited description, is made solely for the purpose of more clearly indicating the minimum standard of quality desired. The term "or approved equal" is defined as meaning any other make equal in material, workmanship, and service, and as efficient and economical in operation. An article meeting these conditions may be accepted.

10. Bidders shall not insert in their proposal or in the instructions to bidders or specifications any written statement which will have the effects of making any material change or changes in the same or in any contract between the parties covering the subject matter thereof. However, any deviations or variations from the specifications shall be clearly and separately stated on the proposal form.
11. Failure to comply with any part of the proposal, instructions to bidders and/or specifications may result in the disqualification of the bid and/or cancellation of the contract at the discretion of the District.

- Failure to submit an affidavit with the bid proposal in compliance with these instructions may result in disqualification of the bid.
