Message from Superintendent-Director

John Lavoie

Dear Members of the Greater Lawrence Technical School Community,

Thank you for your ongoing support and dedication to our school and students. Your commitment ensures the success of our mission to provide all students with the highest quality vocational and academic education, preparing them to be productive citizens and meet the demands of today's workforce.

For the fiscal year 2025-2026, we have crafted a budget that not only complies with state mandates but also preserves and strengthens the foundational investments made in our students' early education. This budget is a fiscally responsible plan that supports our goal of preparing students for their career choices and college aspirations.

Key Highlights of the 2025-2026 Budget:

1. Mission-Driven Investment:

- We remain committed to providing high-quality education in both vocational and academic disciplines.
- Programs such as After Dark and Evening Workforce Development are self-funded through Chapter 74 tuition and state grants, equipping high school students and adults with the skills needed for trade licensure and expanded career opportunities.

Key Highlights of the 2025-2026 Budget Continued:

2. Curriculum and Technology Enhancements:

- Continued investment in updated equipment and curriculum ensures our students are ready for the ever-evolving skills required in today's industries.
- Academically, we offer advanced courses in Science, Math, and English Language Arts, supporting students' post-secondary success in college or technical careers.

3. Funding and Resource Allocation:

- The majority of district funding is received from the state in the form of Chapter 70 aid. That funding along with community contributions, grants and donations enables GLTS to manage the rising costs of staffing, healthcare, and transportation. It also supports utilities and maintenance expenses, ensuring our school's operations remain efficient.
- Your continued support has enabled us to maintain the staffing and resources required to deliver exceptional education.

4. Strategic Goals and Priorities:

- Teaching and Learning: Focus on strategies that support both vocational and academic growth.
- Multi-Tiered Systems of Support (MTSS): Strengthen interventions and provide high-quality instructional materials for all students, particularly those with disabilities or performance gaps.
- Staffing and Professional Development: Reduce student-to-teacher ratios, optimize instructional schedules, and hire additional teachers to support curriculum development and new programs.
- Technology and Student Support: Enhance hardware and software resources while addressing students' social and emotional needs.
- Diversity, Equity, and Inclusion (DEI): Foster an inclusive school culture through professional development and DEI-focused initiatives.

Closing remarks from Superintendent-Director

As our student population continues to grow, we remain committed to promoting academic excellence and preparing our students for careers with strong employment opportunities. To meet industry demands and student interest, we are seeking state approval for three new Chapter 74 programs: Animal Science, Veterinary Assistant, and Labor's Craftsman. These programs were chosen to address a growing demand for skilled professionals in animal care, veterinary support, and skilled trades, providing students with opportunities in high-demand career fields. These additions will expand access to vocational education and address growing career fields. Your support of our programs, curriculum, and overall budget makes this possible. Together, we can ensure that Greater Lawrence Technical School remains a leader in vocational and academic education. For example, our advanced courses and state-approved technical programs have consistently resulted in a 95% graduate employment, military enlistment, or college enrollment rate within six months of graduation.

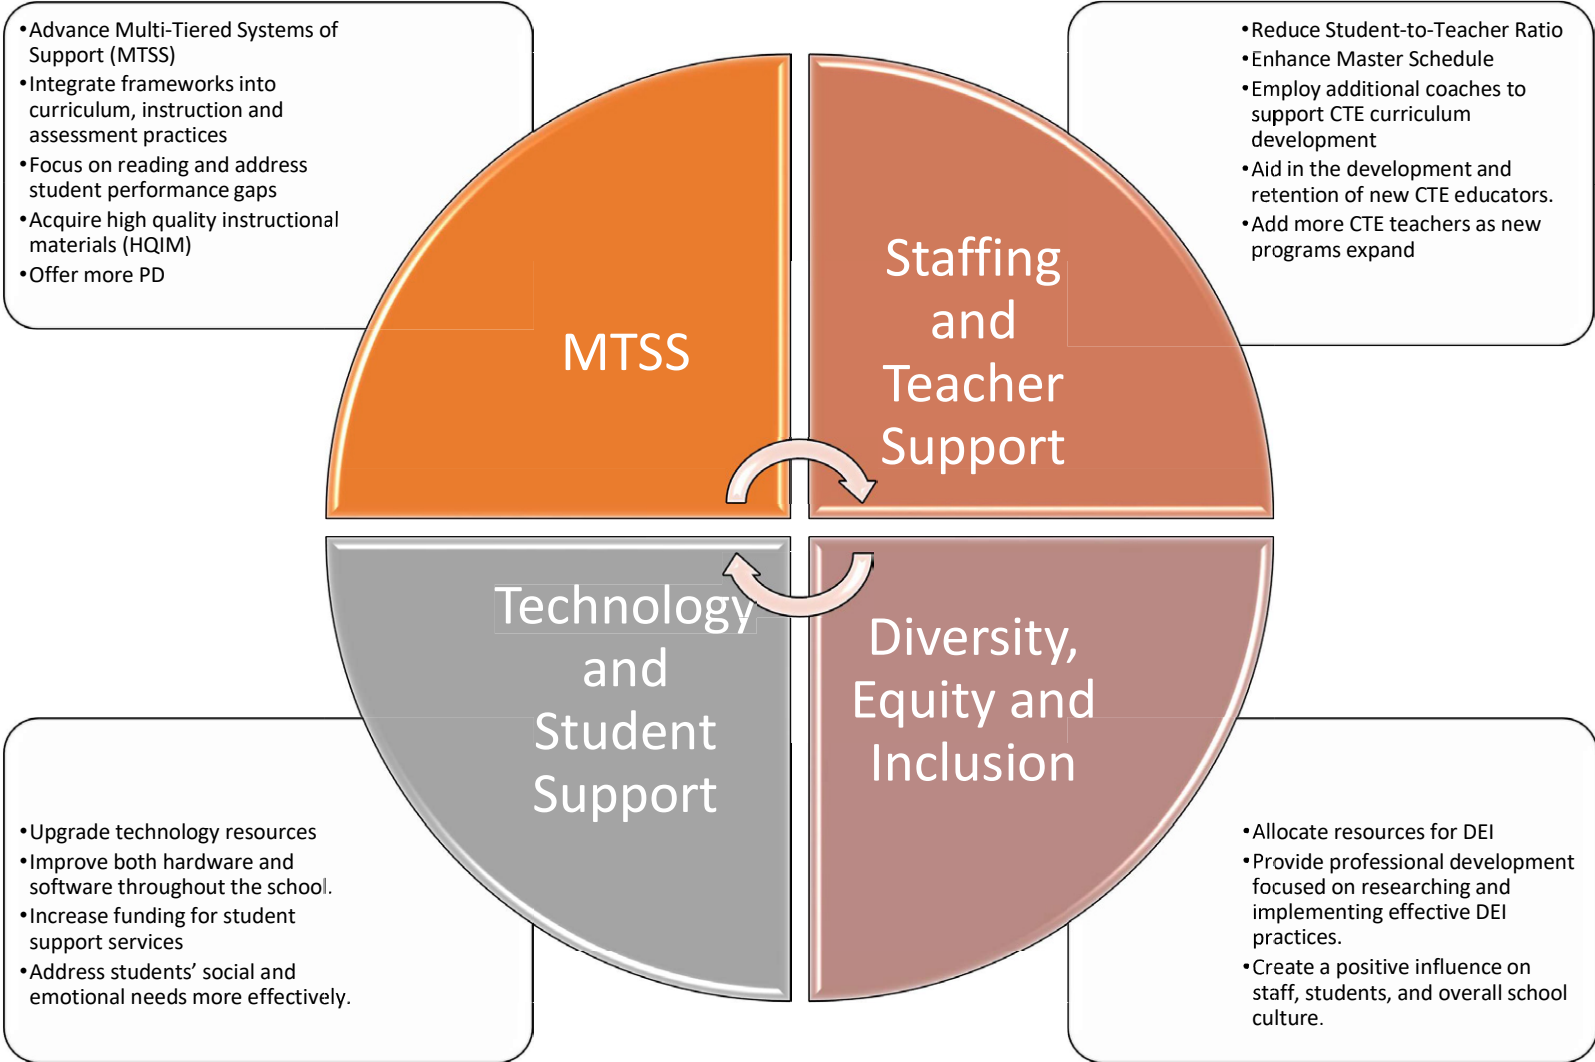

Thank you for your continued partnership and dedication to our students' success.

Sincerely,

John N. Lavoie
Superintendent-Director

FY26 Budget Priorities

FY26 Budget Drivers

- New Positions - Teacher
 - Biotech Instructor 1.0 FTE
 - Early Childhood Instructor 1.0 FTE
 - Environmental Science Instructor 1.0 FTE
 - Reading Instructor 1.0 FTE
 - Math Instructor 1.0 FTE
 - ML Instructor 1.0 FTE
 - School Psychologist 1.0 FTE
 - Special Education Team Chair 1.0 FTE
 - Reading Teacher Special Education 1.0 FTE
 - Physed Instructor 2.0 FTE
- New Positions - Support
 - ML Para 1.0 FTE
 - Cooperative Education Program Liaison 1.0 FTE
- Insurance
 - Health Insurance 10% increase
 - General Insurance 12% increase
- Staff salary increases

FY26 Budget Calendar

September	
10 & 17	Superintendent and Finance begin planning for budget development and finalize calendar.
24	Budget Calendar submitted to District Committee
October	
1	Superintendent to outline budget priorities and emerging budget drivers
3	Superintendent and Finance update administration on budget process and expectations.
7	FY26 Database opened – Lead Teachers begin entering FY26 budget (2 weeks)
7	School ERP (iVisions) training for Lead Teachers and Budget Managers
20	Lead Teachers FY26 department budgets fully entered in School ERP (iVisions)
21	Superintendent and Finance - budget check in
21	FTE staffing detail shared with Principal and CTE Director for planning
21	CTE Director / Principal review budgets with coordinators, assistant principals and lead teachers.
November	
1	Budget revenues estimated
4	Staffing needs discussion – Superintendent, Finance, Principal, CTE Director
6	Salary budgets compiled and shared
13-22	Directors and Coordinators present department budgets to Superintendent
19	Review personnel and schedule follow up meetings if necessary
26	Superintendent and Finance – budget check in
December	
17	Assistant Superintendent presentation to District Committee on alignment of district vision and strategic plan priorities to FY26 budget.
January	
22	***Governor's 1 FY 2025 Budget Expected***
February	
11	Budget Presentation, Budget Book and FY26 budget vote
March	
1	Budget Book to member towns and posted on GLTS website
May-June	
	Budget hearings at four sending towns for final approval

Chapter 70 Foundation Enrollment and Funding

0823 Greater Lawrence

FY26 Estimated Revenues

Greater Lawrence Technical School (GLTS) operating budget is comprised of a foundation budget which is funded by Chapter 70 school aid and required assessments and a non-foundation budget which funds transportation, OPEB, long term debt, and capital projects. The foundation budget meets the Net School Spending requirement established by the Commonwealth of Massachusetts finance statute, Chapter 70 of the General Laws. This law establishes a minimum net spending requirement for each district in Massachusetts as well as minimum requirements for each municipality's share of the costs.

The calculation for local required contributions (required assessments) is a complex formula that aims to equalize the ability to fund educational expenses across the state. The first step in the process is to determine the foundation budget for each school district. Then a target local contribution based on a municipality's wealth is established to determine how much each city and town should contribute towards the foundation budget. A maximum local share percentage is set at 82.5% to ensure that all communities will get some minimum amount of state funding. For example, Andover and North Andover are expected to contribute 82.5% of the funding towards their foundation budgets while Methuen is expected to contribute 46.8% and Lawrence contributes 15.33%. This helps to explain why even though the city of Lawrence sends the most students it does not have the highest required assessment. The state has determined that based on income and property values more assistance is needed in Lawrence to meet spending requirements.

In addition to the operating budget, GLTS relies on state and federal grants, donations, revenue from revolving accounts and Excess and Deficiency funds.

Section IV

Glossary

Appropriation: An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes. An appropriation is usually limited in amount and the time when it can be expended. Any amount that is appropriated may be encumbered.

Audit: Work done by accountants in examining financial reports, reviewing compliance with applicable laws and regulations, reviewing effectiveness in achieving program results. A basic audit examines only the financial reports and legal compliance. An outside Certified Public Accountant (CPA) audit is directed primarily toward the expression of an opinion as to the fairness of the financial statements and submission of a management letter. An auditor must be independent of the executive branch of government. A state auditor, private CPA or public accountant, or elected auditor meets this test.

Bond: A means to raise money through the issuance of debt. A bond issuer/borrower promises in writing to repay a specified sum of money, alternately referred to as face value, par value or bond principal, to the buyer of the bond on a specified future date (maturity date), together with periodic interest at a specified rate.

Bond Authorization: The action of town meeting authorizing the executive branch to raise money through the sale of bonds in a specific amount and for a specific purpose. Once authorized, issuance is by the treasurer upon the signature of the selectmen.

Budget: A plan of financial operation embodying an estimate of proposed expenditures for a given period and the proposed means of financing them. A budget may be preliminary (the financial plan presented to the town meeting) or final (the plan approved by that body).

Capital Budget: A plan of proposed capital outlays and the means of financing them for the current fiscal period. It is usually a part of the current budget.

Chapter 70: The Chapter 70 program is the major program of state aid to public elementary and secondary schools. In addition to providing state aid to support school operations, it also establishes minimum spending requirements for each school district and minimum requirements for each municipality's share of school costs.

Cherry Sheet: An annual statement received from the Massachusetts Department of Revenue detailing estimated receipts for the next fiscal year for the various state aid accounts and estimated state and county government charges payable by the Town in setting the tax rate. The actual receipts and charges may vary from the estimates.

Collective Bargaining: The process of negotiating workers' wages, hours, benefits, working conditions, etc., between an employer and some or all of its employees, who are represented by a recognized labor union. regarding wages, hours and working conditions.

Debt Service: The repayment cost, usually stated in annual terms and based on an amortization schedule, of the principal and interest on any particular bond issue.

Encumbrance: Obligations such as purchase orders, contracts, salary commitments which are chargeable to an appropriation and for which a part of the appropriation is reserved.

Excess and Deficiency (E&D): Also called the "surplus revenue" account, this is the amount by which cash, accounts receivable, and other assets exceed a regional school district's liability and reserves as certified by the Director of Accounts. The calculation is based on a year-end balance sheet which is submitted to the Department of Revenue by the district's auditor, accountant, or comptroller as of June 30. The regional school committee must apply certified amounts exceeding five percent of the district's prior year operating and capital costs to reduce the assessment on member cities and towns.

Expenditure: The spending of money by the school for the programs or projects within the approved budget.

Fiscal Year ("FY"): A 12-month period, beginning July 1 and ending June 30, to which the annual budget applies and at the end of which a governmental unit determines its financial position and the results of its operations. The designation of the fiscal year is that of the calendar year in which it ends; for example, FY25 or FY 2025 is the fiscal year which begins July 1, 2024 and ends June 30, 2025.

Line-Item Budget: A budget that separates spending into categories, or greater detail, such as supplies, equipment, maintenance or salaries.

Local Aid: Revenue allocated by the Commonwealth to cities, towns, and regional school districts. Estimates of local aid are transmitted to cities, towns, and districts annually by the "Cherry Sheets." Most Cherry Sheet aid programs are considered general fund revenues and may be spent for any purpose, subject to appropriation.

Net School Spending (NSS): School budget and municipal budget amounts attributable to education, excluding long-term debt service, student transportation, school lunches and certain other specified school expenditures. A community's NSS funding must equal or exceed the NSS Requirement established annually by the Massachusetts Department of Elementary and Secondary Education (MA DESE) (Education Reform Act of 1993).

Other Post-Employment Benefits (OPEB): The set of benefits, other than pensions, that government employees earn while actively working, but do not receive until they retire. Typically included is health insurance coverage for retirees, their spouses and in some cases their beneficiaries.

Operating Budget: A plan of proposed expenditures for personnel, supplies, and other expenses for the coming fiscal year.

Revolving Fund: A revolving fund separately accounts for specific revenues and earmarks them for expenditure by a board or officer without appropriation for particular purposes to support the activity, program or service that generated the revenues. Typically, revolving funds are authorized by state law for programs or services with expenses that (1) fluctuate with demand and (2) can be matched with the fees, charges or other revenues collected during the year. Local acceptance, if required by statute, is by vote of the municipality's legislative body, subject to charter. G.L. c. 4, § 4.

School Committee: Publicly elected or appointed equivalent of a board of directors of a corporation, which in this case is a school system. The school committee establishes educational goals and policies for the district, consistent with the requirements of law and the statewide goals and standards established by the Board of Education. The school committee has oversight of and responsibility for the school system, sets the direction in which the system must go, and establishes criteria to determine if its goals and policies are being met.
