

**June 3 - 4 2025**

Open to Middle School Students entering grades 7 - 9 in the fall 2025

**What is Manufacturing Camp?** Two days of immersive learning, activities and fun - all centered around learning about manufacturing processes, careers and why manufacturing is ESSENTIAL to the world! Meet people who are engineering and building things to rocket into space and dive deep into the ocean. See state of the art tech in machining, welding, assembly, inspection, programming and all the support behind the scenes. Participate in hands on activities to learn the principles of machining, programming, welding and more!

**Who is Invited?** **Students** who will enter grades 7 - 9 in the Fall 2025. Camp activities are designed to be age appropriate for this group. **Parents** will be encouraged to attend the first hour of camp to see the facility and understand the safety requirements for students while at camp. Parents are also invited to attend the camp closing presentations to see what their student has learned. Due to customer contractual requirements, anyone participating in-person in MFG Camp, students, or parents, must have either US Citizen or Permanent Resident status.

Want to learn more? Use this QR Code to get more details and learn about how to register

Schedule for each day: 9:00 am - 3:00 pm

Lunch and snacks provided.

There is a registration fee of \$25 per student.

Space is limited, so please register early to guarantee your student a spot!

Registration closes May 2, 2025
