Amended: 1973, 1979, 1980, 2016

REGIONAL AGREEMENT

This Agreement is entered into pursuant to Chapter 71 of the General Laws of Massachusetts, as amended, among the towns of Acton, Arlington, Belmont, Boxborough, Carlisle, Concord, Lexington, Lincoln, Stow, Sudbury, Wayland, Weston, Bolton, Dover, Lancaster, and Needham, hereinafter sometimes referred to as member towns. In consideration of the mutual promises herein contained, it is hereby agreed as follows:

SECTION I: THE REGIONAL DISTRICT SCHOOL COMMITTEE

(A) Composition

The Regional School Committee, hereinafter sometimes referred to as “the Committee,” shall consist of one member from each member city or town (the term “city” and the term “town” will hereinafter be referred to jointly as “community”). The members of the Committee shall be appointed as hereinafter provided. All members will serve until their respective successors are appointed and qualified.

(B) Staggering of Terms

The terms of office shall begin on July 1 and shall be for three years. In order to have approximately one third of the terms of office expire at the end of each year, the initial term of office of a Committee member representing a newly admitted community may be for shorter than three years, said determination to be made by vote of the Committee (or by lot, if there is more than one community being newly admitted at the same time).

(C) Appointing Authority

Members who have been appointed to the School Committee by their respective Town Moderators prior to the July 1 date on which this amended language becomes effective shall serve out the remaining one, two or three years of their term. Beginning on the July 1 when this amended language becomes effective, each member shall thereafter be appointed by vote of the Board of Selectmen of that town (or by the Mayor in the case of a city), except that in the case of a town, the

town may by bylaw or charter provide for appointment of that community's member by the Moderator. The language of the preceding sentence will also apply to any community newly admitted to the District whose membership in the District commences on or after the July 1 effective date of this amended language.

(D) Subsequent Terms of Office

Just prior to the conclusion of the initial terms spoken of in the subsection (B) above, the Appointing Authority of the member community will appoint a member of the Regional School Committee to serve a three year term beginning on July 1.

(E) Vacancies

Should a vacancy occur on the Regional School Committee for any reason, the unexpired term will be filled within sixty (60) days by the Appointing Authority of the community having the vacancy.

(F) Organization

At the first meeting of the Regional School Committee held after July 1, the Committee shall organize and choose a Chairman and a Vice-Chairman from among its membership and will choose a Secretary, who may or may not be from among its membership.

(G) Power and Duties

The Committee shall have all the powers and duties conferred and imposed upon school committees by law and conferred and imposed upon it by this Agreement, and such other additional powers and duties as are specified in Section 16 to 16I, inclusive, of Chapter 71 of the General Laws and any amendments or additions thereto now or hereafter enacted, or as may be specified in any other applicable general or special law.

(H) Weighted Voting

Each member of the Regional School Committee will exercise a weighted vote, rounded to the nearest hundredth of a percent, which will be calculated and established as of July 1 of each year as follows. The first half of the weighted vote for all of the member communities will be the same. (For

Original Adoption: 6/18/1970

example, if hypothetically there were 16 member communities, then the first half of each member's weighted vote will be 1/16 of 50%, which would be 3.125%). The second half of each member community's weighted vote will be computed as follows. Based on the official October 1 student enrollment figures as determined by the Department of Elementary and Secondary Education ("DESE"), or its successor agency, a four year "rolling average" of the school's enrollment from member communities, using the most recent year's October 1 enrollment figures and those from the three preceding years, will be established. Using the same methodology, each member community's average percentage of student enrollment from all of the member communities for that period, rounded to the nearest hundredth of a percent, will be established and will be used as the second half of that member community's weighted vote to become effective on the following July 1. (For example, if over the four year period a member community supplied an average of 8.67% of the school's enrollment from all of the member communities, then, beginning on the following July 1 and extending for the next year, the second half of that member community's weighted vote would be 8.67% of 50%, which would be 4.335%). The two halves will then be added together, and rounded to the nearest hundredth of a percent, to establish that community's total weighted vote. (For example, using the hypotheticals expressed above in this paragraph, the hypothetical community's total weighted vote as of the July 1 in question would be 3.125% plus 4.335%, which would add to 7.46%). Assuming that a quorum as defined in subsection (I) below is present, and except for a vote to approve the annual budget, to incur debt, or to approve an amendment to this Agreement, a combined total of weighted votes amounting to over 50% of the weighted votes present shall constitute majority approval.

In order to approve the District's annual budget, a combined total of weighted votes equal to or exceeding 66.67% of the weighted vote of the entire Committee (i.e., not merely two thirds of the weighted vote of those present) shall be required.

In order to incur debt, a two-thirds (2/3) vote of all of the members of the Regional School Committee, without regard for the weight of the vote, shall be required. In order to approve an amendment to this Agreement, a three-fourths (3/4) vote of all of the members of the Regional School Committee, without regard for the weight of the votes, shall be required.

(I) Quorum

Original Adoption: 6/18/1970

Minuteman Regional Vocational Technical School District

A majority of the total number of members of the Regional School Committee (regardless of the weighted votes) shall constitute a quorum. A quorum is necessary for the transaction of business, but an assemblage less than a quorum may adjourn a meeting.

SECTION II TYPE OF REGIONAL SCHOOL DISTRICT

The regional district school shall be a technical and vocational high school consisting of grades nine through twelve, inclusive. The Committee is also hereby authorized to establish and maintain such kinds of education, acting as trustees therefore, as may be provided by communities under the provisions of Chapter 74 of the General Laws and acts amendatory thereof, in addition thereto or dependent thereon, including courses beyond the secondary school level in accordance with the provisions of Section 37A of said Chapter 74.

SECTION III LOCATION OF THE REGIONAL DISTRICT SCHOOL

The regional district school shall be located within the geographical limits of the District, or within a radius of 5 miles from the intersection of Route 2 and Bedford Road, which intersection is in the town of Lincoln, provided that if a community where the school is located ceases to be a district member, the school may continue to be located in that community.

SECTION IV APPORTIONMENT AND PAYMENT OF COSTS

(A) Classification of Costs

For the purpose of apportioning assessments levied by the District against the member communities, costs shall be divided into two categories: capital costs and operating costs.

(B) Capital Costs

Capital costs shall include all expenses in the nature of capital outlay such as the cost of acquiring land, the cost of constructing, reconstructing, or adding to a school building or buildings, the cost of remodeling or making extraordinary repairs to a school building or buildings, the cost of

constructing sewerage systems and sewerage treatment and disposal facilities or the cost of the purchase or use of such systems with a municipality, and any other item of capital outlay for which a regional school district may be authorized to borrow, or which could be categorized as a capital expense in conformance with applicable law and regulation, including without limitation the cost of original equipment and furnishings for such school buildings or additions, plans, architects' and consultants' fees, grading and other costs incidental to placing school buildings and additions, sewerage systems and sewerage treatment and disposal facilities, and any premises related to the foregoing in operating condition. Capital costs shall also include payment of principal of and interest on bonds, notes and other obligations issued by the District to finance capital costs.

(C) Operating Costs

Operating costs shall include all costs not included in capital costs as defined in subsection IV (B), but including interest on temporary notes issued by the District in anticipation of revenue.

(D) Apportionment of Capital Costs

1. The following method will be used for apportioning capital costs incurred prior to July 1, 2016:

After first deducting any other sources of revenue that are appropriately applied against capital costs, capital costs shall be annually apportioned to the towns which were members of the District as of June 30, 2016 for the ensuing fiscal year in the following manner. Each member town's share of capital costs for each fiscal year shall be determined by computing the ratio which the town's pupil enrollment in the regional district school on October 1 of the fiscal year next preceding the fiscal year for which the apportionment is determined bears to the total pupil enrollment from all the member towns on the said date, except that if there is an enrollment of fewer than five pupils from any member town in the regional district school on said date, such member town shall be deemed to have an enrollment of five pupils in the regional district school. For the purpose of this subsection, in computing this apportionment the persons enrolled in courses or programs referred to in subsection IV (F) shall not be included.

2. The following method will be used for apportioning capital costs incurred on or after July 1, 2016:

Original Adoption: 6/18/1970

After first deducting any other sources of revenue that are appropriately applied against capital costs, capital costs which are incurred on or after July 1, 2016 shall be apportioned to the member communities annually for the ensuing fiscal year in the following manner (for illustration purposes only, examples of these calculations appear in Appendix A.)

- a. Fifty percent (50%) of the capital costs will be apportioned to each of the member communities by computing the ratio which that community's pupil enrollment in the regional district school, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, bears to total pupil enrollment in the regional district school from member communities, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, except that if there were an enrollment of fewer than one (1) pupil from any member community in the regional district school on any of the four (4) most recent October 1 dates, such member community will be deemed to have had an enrollment of one (1) pupil in the regional district school on said date.
- b. An additional one percent (1%) of these costs will be apportioned to each of the member communities regardless of student enrollment.
- c. The balance of these costs will be apportioned by applying DESE's combined effort yield (a measure of a community's ability to pay for education using property values and household incomes) to the percentage of each community's students (as defined by foundation enrollment) that are enrolled at Minuteman. The specific calculation is as follows:
 - Each member community's pupil enrollment in the regional district school, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, including the one (1) pupil minimum spoken of in 2,a above, will be identified.
 - This average regional enrollment figure for each member community will be compared to that community's most recent October 1 "foundation enrollment" figure (determined by DESE), and the percentage of that community's most recent foundation enrollment figure which is comprised of that town's average regional enrollment figure will be computed.
 - This percentage amount will be multiplied by the lesser of the "combined effort yield" or 100% of the "foundation budget" (using the most recent "final" numbers determined by

DESE) for that community, resulting in a number to be called “combined effort yield at Minuteman”.

- The numbers representing each community’s “combined effort yield at Minuteman” will be totaled, and each community’s percentage of that total (this percentage to be called “combined effort capital assessment share”) will be computed.
- Each community’s “combined effort capital assessment share” will be used to calculate the apportionment of the capital costs under this paragraph. (An example of the calculations described in this paragraph is found in the chart headed “Calculation Factor – Ch. 70 Combined Effort Capital Allocation” appearing on page 2 of Appendix A.)

In the event that changes occur at the state level in either the terminology or the calculation formulas that lie behind the terms used in this paragraph, the Committee will use a calculation approach which replicates the apportionment outcomes that would result from this paragraph if the terms of this paragraph were applied as of the effective date of this Regional Agreement.

(E) Apportionment of Operating Costs

The District will utilize the statutory method in the apportionment of operating costs. Pursuant to this method, the District will deduct from operating costs the total of any revenue from Chapter 70 state aid, Chapter 71 Regional Transportation Reimbursement, and any other revenue as determined by the Regional School Committee. The balance of all operating costs, except those described in subsection IV,F below, shall be apportioned to each member community as follows. Each member community’s share of operating costs will be the sum of the following: (a) the member’s required local contribution to the District as determined by the Commissioner of Elementary and Secondary Education (hereinafter “the Commissioner”); (b) the member’s share of that portion of the District’s net school spending, as defined by G.L. chapter 70, section 2, that exceeds the total of the required local contributions for all of the members; and (c) the member’s share of costs for transportation and all other expenditures (exclusive of capital costs as defined in subsection IV,(B) above) that are not included in the District’s net school spending. A member’s share of (b) and (c) above will be calculated by computing the ratio which that member’s pupil enrollment in the regional district school, using a rolling average based on the four (4) most recent annual October 1 enrollment figures, bears to the total pupil enrollment in the regional district school from member communities, using a rolling average based on the four (4) most recent annual October 1 enrollment figures.

(F) Special Operating Costs

The Committee shall determine the operating costs for each fiscal year for any courses or programs which are offered by the District to persons other than secondary students attending the regular day regional vocational school. Each member community's share of such special operating costs shall be apportioned by identifying each member community's enrollment and/or participation rate in said courses or programs as compared to the overall enrollment and/or participation rate in said courses or programs. Normally said share shall be paid by the members as a special assessment in the fiscal year following the year of the course or program offering, although exceptions may be made whereby the payment will be made during the fiscal year of the course or program offering.

(G) Times of Payment of Apportioned Costs

Each member shall pay to the District in each fiscal year its proportionate share, certified as provided in subsection V(B), of the capital and operating costs. The annual share of each member community shall be paid in such amounts and at such times that at least the following percentages of such annual share shall be paid on or before the dates indicated, respectively:

September 1	25%
December 1	60%
March 1	75%
May 1	100%

(H) Apportionment of Costs to New Members

1. The share of operating costs which will be paid by a new member community will be determined consistent with subsection IV(E) except that, for purposes of calculating that community's four (4) year rolling average of pupil enrollment, the number of "out of district" students from that community which were enrolled in the regional district school during each of the applicable four (4) years will be regarded as that community's "pupil enrollment" during those years for purposes of this calculation.
2. The Regional School Committee, prior to the admittance of a new member community, will have the option of negotiating a phase in of the amount of capital costs which will be assessed

to that new member community during the first three years of membership in the District. Beginning no later than the fourth year of membership and thereafter, however, the new member community will be assessed the full capital cost apportionment that will result from an application of subsection IV(D).

(I) Incurring of Debt

Other than short-term borrowing for cash-flow purposes, the incurring of debt for purposes expressed in G.L. Chapter 71, section 16(d), will require at least a two-thirds (2/3) vote of all of the members of the Regional School Committee, without regard for the weight of the votes. If such a margin exists, the Committee must seek authorization for incurring debt by following the approach set out in G.L. Chapter 71, section 16, subsection (d). If one or more member communities vote disapproval of the debt, the Committee, by a majority of the weighted vote, may then seek authorization for the debt via Chapter 71, section 16, subsection (n). If and when subsection (n) is utilized, and if the incurring of debt is approved via subsection (n), the following option will be open to a member community if a majority of the registered voters voting on the question from that community voted to disapprove the incurring of debt in the subsection (n) election. Said community may seek to withdraw from the District consistent with the procedure in Section IX, and, if the notice of withdrawal is sent consistent with Section IX within sixty (60) days of the subsection (n) election, that community will not be responsible for a share of the debt service attributable to this new debt even if that community's withdrawal from the District is not approved by a majority of the member communities as required by Section IX, or even if the withdrawal of said community is disapproved by the Commissioner. Communities whose resident voters disapprove the incurring of the debt in the subsection (n) election but which do not give a notice of withdrawal consistent with Section IX will remain members of the District and will share in the debt service for the new debt consistent with the apportionment process in this Section IV.

SECTION V BUDGET

(A) Tentative Operating and Maintenance Budget

The Committee shall annually prepare a tentative operating and maintenance budget for the ensuing fiscal year, attaching thereto provision for any installment of principal or interest to become due in such fiscal year on any bonds or other evidence of indebtedness of the District and any other capital costs to be apportioned to the member communities. The said Committee shall mail a copy to the

chairman of the Board of Selectmen and the Finance or Advisory Committee, if any, of each member town at least fifteen days prior to the date on which the final operating and maintenance budget is adopted by the Committee, said copy to be itemized in a fashion consistent with DESE's chart of accounts.

(B) Final Operating and Maintenance Budget

After conducting a public hearing consistent with G.L. Chapter 71, section 38M, the Committee shall adopt an annual operating and maintenance budget for the ensuing fiscal year not later than forty-five days prior to the earliest date on which the business session of the annual town meeting of any member town is to be held, but in no event later than March 31, provided that said budget need not be adopted earlier than February 1. Said adoption of the budget will require a combined total of weighted votes equal to or exceeding 66.7% of the weighted vote of the entire Regional School Committee (i.e., not merely two-thirds of the weighted vote of those present at the meeting). Said annual operating and maintenance budget shall include debt and interest charges and any other current capital costs as separate items, and the said Committee shall apportion the amounts necessary to be raised in order to meet the said budget in accordance with the provisions of Section IV. The amounts so apportioned to each member community shall be certified by the district treasurer to the treasurer of such member community within thirty days from the dates on which the annual operating and maintenance budget is adopted by the Committee, and each such community shall, at the next annual town meeting or meeting of the city council, appropriate the amounts so certified. The annual Regional School District budget shall require approval by the local appropriating authorities of at least two-thirds (2/3) of the member communities consistent with G.L. Chapter 71, section 16B.

SECTION VI TRANSPORTATION

School transportation shall be provided by the regional school district and the cost thereof shall be apportioned to the member communities as an operating cost.

This Agreement may be amended from time to time in the manner hereinafter provided, but no such amendment shall be made which shall substantially impair the rights of the holders of any bonds or notes or other evidences of indebtedness of the District then outstanding, or the right of the District to procure the means for payment thereof, provided that nothing in the section shall prevent the admission of new communities to the District and the reapportionment accordingly of capital costs of the District represented by bonds or notes of the District then outstanding and of interest thereon.

(B) Procedure

Any proposal for amendment, except a proposal for amendment providing for the withdrawal of a member community (which shall be acted upon as provided in Section IX), may be initiated by a vote of at least three-fourths (3/4) of all of the members of the Regional School Committee, without regard for the weight of the votes, so long as the proposed amendment was discussed as an agenda item at no less than one prior Committee meeting. Alternatively, a proposal for amendment may be initiated by a petition signed by at least 10 per cent of the registered voters of any one of the member communities. In the latter case, said petition shall contain at the end thereof a certification by the Municipal Clerk of such member community as to the number of registered voters in said community according to the most recent voting list and the number of signatures on the petition which appear to be the names of registered voters of said community and said petition shall be presented to the secretary of the Committee. In either case, the Secretary of the Committee shall mail or deliver a notice in writing to the Board of Selectmen, or City Council, of each of the member communities that a proposal to amend this Agreement has been made and shall enclose a copy of such proposal (without the signatures in the case of a proposal by petition). The Selectmen of each member town shall include in the warrant for the next annual or a special town meeting called for the purpose an article stating the proposal or the substance thereof, and the City Council in each member city shall vote on said proposed amendment within two months of its submittal by the Committee. Such amendment shall take effect upon its acceptance by all of the member communities, acceptance by each community to be by a majority vote at a town meeting in the case of a town, or by majority vote of the City Council in the case of a city, and after approval by the Commissioner.

SECTION VIII ADMISSION OF NEW COMMUNITIES

By an amendment of this Agreement adopted under and in accordance with Section VII above, any other community or communities may be admitted to the regional school district. The effective date for the admission of each such new member shall be the July 1 following the adoption by the District of such an amendment, the acceptance by all of the existing members, and the approval by the Commissioner. All of the above approvals must be completed by December 31 for the new member to be admitted on the following July 1. Such admission also shall be subject to compliance with such provisions of law as may be applicable and such terms as may be set forth in such amendment.

SECTION IX WITHDRAWAL

(A) Procedure

Consistent with 603 CMR 41.03(2) the withdrawal of a member community can occur only as of July 1 of a given fiscal year. A notice of desire to withdraw must be initiated by a two-thirds (2/3) vote of the legislative body of the member community, which must occur no less than three (3) years prior to the desired July 1 withdrawal date. The Municipal Clerk of the community seeking to withdraw must notify the Regional School Committee in writing within seven (7) days of the vote of the legislative body that the two-thirds (2/3) vote has occurred, and the receipt of the notice of withdrawal will be acknowledged in the minutes at a Regional School Committee meeting. Within seven (7) days of its receipt, the District's Clerk will notify in writing the Municipal Clerks of all of the member communities that a notice of withdrawal has been received. Once this notice of withdrawal is given, it may not be rescinded without the unanimous consent of the members of the Regional School Committee. The withdrawal of a community will be allowed only if it is approved by a majority of the other member communities. A failure of the legislative body of a member community to vote disapproval of a requested withdrawal within sixty (60) days of the notice of withdrawal being submitted to the Regional School Committee will constitute approval. During this three (3) year notice period, the departing member will continue to be responsible for the following:

1. Payment of its share of operating costs apportioned by way of subsection IV(E).

2. Payment of its share of capital costs apportioned by way of subsection IV(D), except that no apportionment for a withdrawing member will be made for a share of debt that was disapproved by the voters of said withdrawing member in a G.L. Chapter 71, subsection 16(n) election and after said disapproval a notice of withdrawal was sent by said member consistent with the terms of subsection IV(I). Similarly, no apportionment for a withdrawing member will be made for a share of any debt incurred after the member has given a notice of withdrawal.
3. The withdrawing community shall continue to have a right to appoint and be represented by its member on the School Committee will full voting authority until the date of final withdrawal, on which date the withdrawing community member's term shall end.

(B) Continuing Obligations After Withdrawal

A departing member shall have no right or claim to the assets of the District, and a departing member shall continue to be responsible, after withdrawal, for the following:

1. Payment of its share of capital costs incurred prior to withdrawal apportioned by way of subsection IV(D), provided that for purposes of this apportionment the withdrawn community's enrollment shall be deemed to be its enrollment determined pursuant to subsection IV(D) immediately prior to the date of its notice of intent to withdraw, except that:
 - a. no apportionment for a withdrawing member will be made for a share of debt that was disapproved by the voters of said withdrawing member in a G.L. Chapter 71, subsection 16(n) election and after which disapproval a notice of withdrawal was sent by said member consistent with the terms of subsection IV(I); and,
 - b. no apportionment for a withdrawing member will be made for a share of debt that was incurred by the District following receipt of the withdrawing member's notice of intent to withdraw, such notice having not been rescinded.

Consistent with 603 CMR 41.03(2) the withdrawal of any member requires the approval of the Commissioner of Education, and all requisite approvals must be obtained no later than the December 31 preceding the July 1 effective date of withdrawal.

(D) Amendment to Agreement

The withdrawal of a member which occurs consistent with this Section will, upon its completion, constitute an amendment to the Regional Agreement, regardless of the fact that said amendment was not processed via the procedure contained in Article VII.

(E) Initial Procedure for Withdrawal

Consistent with 603 CMR 41.03(2), the communities of Boxborough, Carlisle, Dover, Lincoln, Sudbury, Wayland, and Weston may withdraw from the District effective on the first July 1 after the first December 1 following the Commissioner of Education's approval of the 2016 Amended Regional Agreement, all of the following requirements having been met by each departing member:

- (a) On or before March 1, 2016, voted by simple majority of its legislative body to confirm its commitment to withdraw from the District;
- (b) On or before March 1, 2016, voted to approve the 2016 Amended Regional Agreement;

The terms of School Committee members representing communities which withdraw under this Initial Procedure for Withdrawal shall end on the withdrawal date of the community which the member represents. No such community shall have any right or claim onto the assets of the District. Such communities shall continue to be responsible for their respective shares of the District's indebtedness as of the withdrawal date, except that no community withdrawing under this Initial Procedure for Withdrawal shall be responsible for District debt incurred after December 10, 2015.

Income received by the District from tuition pupils and not previously deducted from operating costs shall be deducted from the total operating costs in the next annual budget to be prepared after the receipt thereof, prior to apportionment under Section IV to the member communities, provided that income identified as a contribution to capital costs shall be applied to the capital budget.

(B)

Subject to state law, and applicable regulations, effective June 30, 2018, it shall be the policy of the District to admit out-of-district students only based on tuitions and charges equal or greater than the District's similarly-calculated average per pupil cost for in-district communities as determined by the Committee. Exceptions to this policy may only be made by two-thirds weighted vote of the Committee. The provisions of this paragraph (B) shall not apply to incoming school choice students under M.G.L. c. 76, § 12B.

AB
THE PEOPLE AND THEIR SCHOOL DISTRICT

The public schools belong to the people. The people govern the schools under rights guaranteed to them under the Constitution and statutes of Massachusetts. The School Committee is mindful that the people are the ultimate governors of public education and that the Committee also believes that accountability is a shared responsibility involving students, teachers and other employees, the Superintendent, and the people themselves as well as the School Committee. The Committee therefore asserts these beliefs and expectations:

Students should be nurtured at home and in the schools in order that they will learn to hold themselves accountable for their own lives, actions, and decisions as maturing members of a democratic society.

Teachers should hold students accountable for achieving (within the limits of each student's abilities) the objectives of each learning experience.

The Superintendent should hold teachers and other employees accountable for working with diligent effort and with intelligence and imagination in achieving the objectives directly related to their stated job responsibilities.

The Committee should appoint the most capable person available to hold the position of Superintendent and should hold him or her accountable for providing creative professional leadership and counsel in all aspects of the school district program. The public should also hold itself accountable for carrying out its mandate to plan, to make policy, and to lead in the identification of goals and objectives and the resources necessary for their achievement.

The public should hold itself accountable for maintaining a vigorous interest in, concern for, and constructive criticism of the schools; for choosing the most able men and women available to represent them on the School Committee and in the State Legislature and U.S. Congress; and for providing the resources necessary for the Committee and staff to accomplish the long-term goals and objectives of the school district.

Further, the District will not tolerate discrimination on the basis of sex, sexual orientation, or gender identity.

This policy extends not only to students with regard to educational opportunities, but also to employees with regard to employment opportunities.

The School Committee will continue to ensure fair and equitable educational and employment opportunities, without regard to sex, sexual orientation, or gender identity to all of its students and employees.

ACAB HARASSMENT

Harassment of students by other students, employees, vendors and other 3rd parties will not be tolerated in the Minuteman Regional Vocational Technical School District. The alleged harassment must involve conduct that occurred within the school's own program or activity, such as whether the harassment occurred at a location or under circumstances where the school owned, or substantially controlled the premises, exercised oversight, supervision or discipline over the location or participants, or funded, sponsored, promoted or endorsed the event where the alleged harassment occurred, against a person in the United States. This policy is in effect while students are on school grounds, School District property or property within the jurisdiction of the School District, school buses, or attending or engaging in school sponsored activities.

Harassment prohibited by the District includes, but is not limited to, harassment on the basis of race, sex, gender identity, creed, color, national origin, sexual orientation, religion, marital status or disability. Students whose behavior is found to be in violation of this policy will be subject to disciplinary action up to and including suspension or expulsion pursuant to disciplinary codes. Employees who have been found to violate this policy will be subject to discipline up to and including, termination of employment, subject to contractual disciplinary obligations.

Employee-to-Student Harassment means conduct of a written, verbal or physical nature that is designed to embarrass distress, agitate, disturb or trouble students when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of a student's education or of a student's participation in school programs or activities; or
- Submission to or rejection of such conduct by a student is used as the basis for decisions affecting the student.

Student- to-Student Harassment means conduct of a written, verbal, or physical nature that is designed to embarrass, distress, agitate, disturb or trouble students, when:

- Such conduct has the purpose or effect of unreasonably interfering with a student's performance or creating an intimidating or hostile learning environment.

Harassment as described above may include, but is not limited to:

- Written, verbal, or physical (including texting, blogging, or other technological methods) harassment or abuse;
- Repeated remarks of a demeaning nature;
- Implied or explicit threats concerning one's grades, achievements, or other school matter.
- Demeaning jokes, stories, or activities directed at the student.

By law, what constitutes harassment is determined from the perspective of a reasonable person with the characteristic on which the harassment is based. Individuals should consider how their words and actions might reasonably be viewed by others.

The District will promptly and reasonably investigate allegations of harassment through designation of Title IX Coordinator or building based employees, who may include principals or their designees. The superintendent will recommend, in consultation with the principals, opportunities to the designated recipients for appropriate training.

Sexual harassment is unwelcome conduct of a sexual nature. The definition includes unwelcome conduct on the basis of sex that is so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school's education program or activity it also includes unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature. Sexual harassment includes conduct by an employee conditioning an educational benefit or service upon a person's participation in unwelcome sexual conduct, often called quid pro quo harassment and, sexual assault as the Federal Clery Act defines that crime. Sexual violence is a form of sexual harassment. Sexual violence, as the Office of Civil Rights (OCR) uses the term, refers to physical sexual acts perpetrated against a person's will or where a person is incapable of giving consent (e.g., due to the student's age or use of drugs or alcohol, or because an intellectual or other disability prevents the student from having the capacity to give consent). A number of different acts fall into the category of sexual violence, including rape, sexual assault, sexual battery, sexual abuse and sexual coercion. Massachusetts General Laws Ch. 119, Section 51 A, requires that public schools report cases of suspected child abuse, immediately orally and file a report within 48 hours detailing the suspected abuse to the Department of Children and Families. For the category of sexual violence, in addition to Section 51A referrals these offences and any other serious matters shall be referred to local law enforcement. Schools must treat seriously all reports of sexual harassment that meet the definition of sexual harassment and the conditions of actual notice and jurisdiction as noted above. Holding a school liable under Title IX can occur only when the school

knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstance).

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct, which if unwelcome, may constitute sexual harassment, depending on the totality of the circumstances, including the severity of the conduct and its pervasiveness:

- Unwelcome sexual advances—whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one’s sex life; comment on an individual’s body, comment about an individual’s sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures, suggestive or insulting comments;
- Inquiries into one’s sexual experiences; and,
- Discussion of one’s sexual activities.

The legal definition of sexual harassment is broad and in addition to the above examples, other sexually oriented conduct, whether it is intended or not, that is unwelcome and has the effect of creating an environment that is hostile, offensive, intimidating, to male, female, or gender non-conforming students or employees may also constitute sexual harassment.

Because the District takes allegations of harassment, including sexual harassment, seriously, we will respond promptly to complaints of harassment including sexual harassment, and following an investigation where it is determined that such inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose corrective action as is necessary, including disciplinary action where appropriate.

Please note that while this policy sets forth our goals of promoting an environment that is free of harassment including sexual harassment, the policy is not designed or intended to limit our authority to discipline or take remedial action for conduct which we deem unacceptable, regardless of whether that conduct satisfies the definition of harassment or sexual harassment.

Retaliation against a complainant, because they have filed a harassment or sexual harassment complaint or assisted or participated in a harassment or sexual harassment investigation or proceeding, is also prohibited. A student or employee who is found to have retaliated against another in violation of this policy will be subject to disciplinary action up to and including student suspension and expulsion or employee termination.

The complainant does not have to be the person at whom the unwelcome sexual conduct is directed. The complainant, regardless of gender, may be a witness to and personally offended by such conduct.

NOTICE OF SEXUAL HARASSMENT

The regulations require a school district to respond when the district has actual notice of sexual harassment. School districts have actual notice when an allegation is made known to any school employee. Schools must treat seriously all reports of sexual harassment that meet the definition of harassment and the conditions of actual notice and jurisdiction as noted whether or not the complainant files a formal complaint. Holding a school liable under Title IX can occur only when the school knows of sexual harassment allegations and responds in a way that is deliberately indifferent (clearly unreasonable in light of known circumstances). Schools are required to investigate every formal complaint and respond meaningfully to every known report of sexual harassment.

The regulation highlights the importance of supportive measures designed to preserve or restore access to the school's education program or activity, with or without a formal complaint. Where there has been a finding of responsibility, the regulation would require remedies designed to restore or preserve access to the school's education program or activity.

DUE PROCESS PROTECTIONS

Due process protections include the following:

- 1) A presumption of innocence throughout the grievance process, with the burden of proof on the school;
- 2) A prohibition of the single investigator model, instead requiring a decision –maker separate from the Title IX Coordinator or investigator;
- 3) Application of a preponderance of evidence standard;

- 4) The opportunity to test the credibility of parties and witnesses through cross examination at a live hearing, if offered by the district, subject to “rape shield” protections;
- 5) Written notice of allegations and an equal opportunity to review the evidence;
- 6) Title IX Coordinators, investigators, and decision-makers must be free from bias or conflict of interest;
- 7) Equal opportunity for parties to appeal, where schools offer appeals;
- 8) Upon filing a formal complaint the school must give written notice to the parties containing sufficient details to permit a party to prepare for any initial interview and proceed with a factual investigation. For K-12 schools, a hearing is optional at the election of the district, but the parties must be allowed to submit written questions to challenge each other’s credibility before the decision-maker makes a determination. After the investigation, a written determination must be sent to both parties explaining each allegation, whether the respondent is responsible or not responsible, including the facts and evidence on which the conclusion was based by applying the preponderance of the evidence standard. As long as the process is voluntary for all parties, after being fully informed and written consent is provided by both parties, a school may facilitate informal resolution of a sexual complaint.

The District may establish an informal investigation process that may, upon the request of the complainant, be followed by a formal process.

The Superintendent in consultation with the Title IX Coordinator shall designate the principal of each school in the district, or their designee (or some other appropriate employee(s)) as the initial entity to receive the sexual harassment complaint. Also, in a matter of sexual harassment, the district shall require that the Title IX Coordinator be informed, as soon as possible, of the filing of the complaint. Nothing in this policy shall prevent any person from reporting the prohibited conduct to someone other than those above designated complaint recipients. The investigating officer may receive the complaint orally or in writing, and the investigation shall be conducted in such a way as to maintain confidentiality to the extent practicable under the circumstances and in compliance with applicable law. The investigation will be prompt, thorough, and impartial, and will include, at least, a private interview with the person filing the complaint and with witnesses. Also, the alleged harasser will be interviewed. When the investigation is completed, the complaint recipient will, to the extent appropriate, inform the person filing the complaint and the person alleged to have committed the conduct of the results of that investigation.

ADDA BACKGROUND CHECKS

It shall be the policy of the Minuteman Regional Vocational Technical School District (District) that, as required by law, a state and national fingerprint criminal background check will be conducted to determine the suitability of full or part time current and prospective District employees, who may have direct and unmonitored contact with children. Direct and unmonitored contact with children is defined in DESE regulations as contact with a student when no other employee who has received a suitability determination by the school or district is present. "Contact" refers to any contact with a student that provides the individual with opportunity for physical touch or personal communication. District employees shall include, but not be limited to any apprentice, intern, or student teacher or individuals in similar positions, who may have direct and unmonitored contact with children working for Minuteman High School, Minuteman Community Education Programs, Minuteman Technical Institute, or any District sponsored activity. The entity having direct hiring authority (School Committee, Superintendent, or their designee) shall obtain a fingerprint background check/CORI/SORI for current and prospective employees. The Superintendent shall also obtain a state and national fingerprint background check for any individual who regularly provides school related transportation to children. The Superintendent or designee may obtain a state and national fingerprint criminal background check for any volunteer, subcontractor or laborer employed by the District to perform work on school grounds, who may have direct and unmonitored contact with children. The fee charged by the provider to the employee and educator for national fingerprint background checks will be \$55.00 for school employees subject to licensure by DESE and \$35.00 for other employees, which fee may from time to time be adjusted by the appropriate agency. The District will provide the applicant information on how to successfully register for a fingerprinting appointment.

The District shall continue to obtain periodically, but not less than every 3 years, from the department of criminal justice information services all available Criminal Offender Record Information (CORI) and Sexual Offender Record Information (SORI) for any current and prospective employee or volunteer within the school district who may have direct and unmonitored contact with children. School volunteers and subcontractors/laborers who may have direct and unmonitored contact with children must continue to submit state CORI/SORI checks.

This policy is applicable to any fingerprint-based state and national criminal history record check made for non-criminal justice purposes and requested under applicable federal authority and/or state

All CORI obtained from the DCJIS is confidential, and access to the information must be limited to those individuals who have a "need to know". This may include, but not be limited to, hiring managers, staff submitting the CORI requests, and staff charged with processing job applications. The district must maintain and keep a current list of each individual authorized to have access to, or view, CORI. This list must be updated every six (6) months and is subject to inspection upon request by the DCJIS at any time.

CORI Training

An informed review of a criminal record requires training. Accordingly, all district personnel authorized to review or access CORI will review, and will be thoroughly familiar with, the educational and relevant training materials regarding CORI laws and regulations made available by the DCJIS.

Use of Criminal History In Background Screening

CORI used for employment purposes shall only be accessed for applicants who are otherwise qualified for the position for which they have applied.

Unless otherwise provided by law, a criminal record will not automatically disqualify an applicant. Rather, determinations of suitability based on background checks will be made consistent with this policy and any applicable law or regulations.

Verifying a Subject's Identity

If a criminal record is received from the DCJIS, the information is to be closely compared with the information on the CORI Acknowledgement Form and any other identifying information provided by the applicant to ensure the record belongs to the applicant.

If the information in the CORI record provided does not exactly match the identification information provided by the applicant, a determination is to be made by an individual authorized to make such determinations based on a comparison of the CORI record and documents provided by the applicant.

Inquiring About Criminal History

In connection with any decision regarding employment, volunteer opportunities, or professional licensing, the subject shall be provided with a copy of the criminal history record, whether obtained from the DCJIS or from any other source, prior to questioning the subject about his or her criminal history. The source(s) of the criminal history record is also to be disclosed to the subject.

Determining Suitability

If a determination is made, based on the verification of identity information as provided in this policy, that the criminal record belongs to the subject, and the subject does not dispute the record's accuracy, then the determination of suitability for the position or license will be made. Unless otherwise provided by law, factors considered in determining suitability may include, but not be limited to, the following:

SAFE SCHOOLS POLICY**

The Minuteman Regional Vocational Technical School shall maintain a safe and nurturing educational environment where students and others can work and learn without fear. The Minuteman Regional Vocational Technical School will not tolerate violence or injury to staff or students. The school will not tolerate any weapons (as defined in Weapons in Schools policy JICI) at any school activity or on any school district property. The Minuteman Regional Vocational Technical School Committee policies pertaining to school safety and student discipline shall be fairly and firmly enforced, criminal misconduct shall be reported to the proper law enforcement authority, and school district staff shall cooperate with any subsequent criminal prosecution. The provisions of M.G.L. 71:37H & 71:37L, prohibiting firearms on school property shall be strictly enforced.

It is the policy of the Minuteman Regional Vocational Technical School to endeavor to provide a safe environment in which students can learn and participate in all programs offered or sponsored by the Minuteman Regional Vocational Technical School. Providing for the safety of students, employees and visitors while at school and/or participating in school sponsored activities is the responsibility of all school personnel. If a school department employee confronts a situation that the employee considers to be unsafe for any reason, the employee should take all reasonable steps within his/her ability to eliminate the potential for harm to others and thereafter report the circumstances involved to the Principal. The Superintendent may, from time to time, promulgate “administrative procedures” to effectuate the goals of this policy.

The Superintendent shall keep the School Committee informed of any violations of the Safe Schools Policy without violating any individual’s right to privacy.

ADG WELLNESS POLICY

Policy Intent/Rationale

The Minuteman School District promotes healthy schools, by supporting wellness, good nutrition, and regular physical activity as part of the total learning environment. The District supports a healthy environment where children learn and participate in positive dietary and lifestyle practices. Schools contribute to the basic health status of children by facilitating learning through the support and promotion of good nutrition and physical activity. Improved health optimizes student performance potential and ensures that no child is left behind.

Provide a comprehensive learning environment for developing and practicing lifelong wellness behaviors. The entire school environment, not just the classroom, shall be aligned with healthy school goals to positively influence a student's understanding, beliefs, and habits as they relate to good nutrition and regular physical activity. A healthy school environment should not be sacrificed because of a dependence on revenue from high-added fat, high-added sugar, and low nutrient foods to support school programs.

Support and promote proper dietary habits contributing to students' health status and academic performance. All foods available on school grounds and at school-sponsored activities during the instructional day should meet or exceed the district nutrition standards. Emphasis should be placed on foods that are nutrient dense per calorie. To ensure high quality, nutritious meals, foods should be served with consideration toward variety, appeal, taste safety, and packaging.

Provide more opportunities for students to engage in physical activity. A quality physical education program is an essential component for all students to learn about and participate in physical activity. Physical activity should be included in a school's daily education program from grades 9 through 12. Physical activity should include regular instructional physical education, in accordance with the Massachusetts Health Curriculum Framework and the National Standards for Physical Education (NASPE), as well as co-curricular activities.

Its chief responsibility is accomplishment of the goals and objectives it sets forth, subject to the financial support of the member towns and the financial subsidies provided by the Commonwealth.

Because it is accountable to residents of the district, the School Committee will maintain an accountability system that conforms to state and federal regulations and that will assist the School Committee, administration, parents and public to assess the effectiveness and monitor the improvement of the school.

Every effort will be made by the School Committee, Superintendent and staff to fulfill the responsibilities inherent in the concept of accountability.

EVALUATION OF SCHOOL COMMITTEE OPERATIONAL PROCEDURES

The Minuteman School Committee will periodically establish realistic objectives related to Committee procedures and relationships. At the end of a specified length of time, the Committee will measure its performance against the stated objectives.

The following areas of School Committee operations and relationships are representative of those in which objectives may be set and progress appraised:

1. Communication with the public
2. School Committee – Superintendent relationships
3. School Committee member development and performance
4. Policy development
5. Educational leadership
6. Fiscal management
7. School Committee meetings
8. Performance of subcommittees of the School Committee
9. Interagency and governmental relationships

When the Committee has completed its self-evaluation, the members will discuss the results in detail and formulate a new series of objectives. At the same time, the Committee will set an approximate date on which the next evaluation will be conducted.

Implied in the concept of evaluation is an assumption that individuals and Committees are capable of improvement. The School Committee believes that its performance will be improved if evaluation is carried out systematically in accordance with good planning, conscientious follow-through, and careful assessment of results.

BA SCHOOL COMMITTEE OPERATIONAL GOALS

The Minuteman Regional Vocational Technical School District Committee is responsible to the people for whose benefit the school district has been established. The Committee's current decisions will influence the course of education in our schools for years to come. The Committee must develop a comprehensive perspective, understanding both the details of the district's long-range planning and immediate problems.

The Committee's primary responsibility is to establish those purposes, programs, and procedures that will best produce the educational achievement needed by our students. The Committee is charged with accomplishing this while also being responsible for wise management for resources available to the school district. The Committee must fulfill these responsibilities by functioning primarily as a legislative body to formulate and adopt policy, by selecting an executive officer to implement policy, and be evaluating the results. It must carry out its functions openly, while seeking the comments of the public, students, and staff in its decisions making process.

In accordance with these principles, the Committee, through its operations, will seek to achieve the following goals:

1. To concentrate the Committee's collective effort on its policy making and planning responsibility.
2. To formulate Committee policies that best serve the educational interests for each student.
3. To provide the Superintendent-Director with sufficient and adequate guidelines for implementing Committee policies.
4. To maintain effective communication with the public the Committee serves and with staff and students in order to maintain awareness of attitudes, trends, opinions, desires, and ideas.
5. To advocate for and allocate the appropriate resources when formulating the budget to accomplish/achieve the goals in the Committee's policy making.

The notice of a special meeting shall be in writing, shall state the time, place, and purpose of the meeting and shall be posted and given to each member of the Committee either by delivering a copy thereof to such member in hand or via electronic communication, or by leaving the same at the member's home address at least twenty-four hours before the time of the meeting or by mailing postage prepaid a copy thereof addressed to the member at his/her business or home address not later than forty-eight hours (exclusive of Sundays and legal holidays) preceding the day on which such special meeting is to be held. When a quorum is in attendance, action may be taken by a majority of the members present unless otherwise provided by law or these policies.

The Regional Agreement (section I) says "A majority of the total number of members of the Regional School Committee (regardless of the weighted votes) shall constitute a quorum. A quorum is necessary for the transaction of business, but an assemblage less than a quorum may adjourn a meeting."

SCHOOL COMMITTEE MEMBER ETHICS

SCHOOL COMMITTEE MEMBER ETHICS
(Massachusetts Association of School Committees Code of Ethics)

Preamble

The acceptance of a code of ethics implies the understanding of the basic organization of school committees under the laws of the Commonwealth of Massachusetts. The oath of office of a Committee member binds the individual member to adherence to those state laws which apply to school committees, since school committees are agencies of the state.

This code of ethics delineates three areas of responsibility of Committee members in addition to that referenced above:

1. Community responsibility
2. Responsibility to school administration
3. Relationships to fellow Committee members

A Committee member in their relations with their community and the District should:

1. Realize that their primary responsibility is to the children.
2. Recognize that their basic function is to be policy-making and not administrative
3. Remember that they are one of a team and must abide by, support, and carry out all Committee decisions once they are made.
4. Be well informed concerning the duties of a Committee member on both a local and state level.
5. Remember that they represent the entire District at all times.
6. Accept the office as a Committee member as means of unselfish service with no intent to “play politics,” in any sense of the word, or to benefit personally from his/her Committee activities.

A Committee member in their relations with school administrators should:

1. Endeavor to establish, clearly defined policies which will direct and support the administration.
2. Recognize and support the administrative chain of command and refuse to act on complaints as an individual outside the administration.
3. Give the chief administrator full responsibility for discharging their professional duties and hold them responsible for acceptable results.
4. Refer all complaints to the administrative staff for solution and only discuss them at Committee meetings if such solutions fail. Committee members who feel the serious complaints need to come before the Committee should request that the issue be placed on the Committee agenda.

A Committee member in their relations with their fellow Committee members should:

1. Recognize that Committee action at official meetings is binding and that the member alone cannot bind the Committee outside of such meetings.
2. Realize that they should not make statements or promises of how they will vote on matters that will come before the Committee.
3. Uphold the intent of executive sessions and respect the privileged communications that occur in executive sessions.
4. Make decisions only after all facts on a question have been presented and discussed.
5. Vigilantly avoid conflicts of interest or the appearance of same and make timely disclosure to the full Committee of all pertinent information in this respect so that proper and disinterested decision-making can occur.

SCHOOL COMMITTEE/SUPERINTENDENT RELATIONSHIP

A natural area of difficulty in maintaining smooth superintendent-school committee relationships is in dealing with problems that arise within a school system. Citizens of the community often will mention a problem to members of the Committee. The Committee member then faces the question of how to deal with this problem. If the Committee member takes action to solve the problem, they infringe upon the administrative function of the Superintendent-Director. If, instead, the Committee member calls the problem to the attention of the Superintendent-Director, the member's initial responsibility has been fulfilled. The Superintendent-Director then has the responsibility of dealing with the problem. Individual Committee members can promise no particular solution to a problem but can only promise that the problem will be investigated and handled by the administration.

The Superintendent-Director, on the other hand, has a responsibility to inform the Committee whenever an administrative decision or problem appears to be of such significance that the Committee might ultimately become involved in the situation. It is generally difficult to predict these situations accurately, but the Superintendent-Director should make every effort to do so in these particular cases.

The Committee should have contact regarding school matters with the staff only through the Superintendent-Director. The Superintendent-Director should be in a position to make all necessary contacts directly with the staff. As the executive officer of the Committee, the Superintendent-Director is the point of contact between the staff and the Committee. All problems connected with staff members should be handled by the Superintendent-Director.

The Committee, as the body designated by the state and the local citizenry, is charged with the responsibility for serving the interests of the people of the local school district. The Committee is charged also with the responsibility for the welfare of the teachers and other staff members whose lives are dedicated to the education of children and youth. The Superintendent-Director shares these charges and these dedications.

The Superintendent may seek guidance from the Committee with respect to matters of operation whenever appropriate. If it is necessary to make exceptions to an established policy, they will submit the matter to the Committee for advice and direction. The Superintendent will assist the

Committee in reaching sound judgments and establishing policies, and will place before the Committee all relevant facts, information, and reports necessary to keep the Committee adequately informed of situations or business at hand.

The Committee has a unique responsibility in determining the broad general policies under which the Minuteman Regional Vocational Technical School District will function. The Committee's principal function, other than adopting operational policies and approving the budget, is the selection of the Superintendent-Director.

The Superintendent-Director has a unique role in that they are the executive officer of the Committee and also the leader of the professional staff. The Superintendent-Director's primary responsibility, however, is to the students of the Minuteman Regional Vocational Technical School District. All other responsibilities fall in line after this responsibility to children and young people. The roles of the Committee and the Superintendent-Director must not only be clearly understood, but definitively practiced to ensure the best possible school program. The mutual acceptance of roles is key to building the basic relationship of the Committee with the Superintendent-Director as its chief executive officer.

If the District is to prepare future generations to find answers to the problems that perplex our society, the leadership of the school system must continue to be strengthened. This will be done when the Committee and the Superintendent-Director, in a spirit of mutual understanding and confidence, form a strong and enduring partnership based upon a clear understanding of their respective roles and are dedicated to the betterment of the school district.

ADMINISTRATION IN THE ABSENCE OF POLICY

Emergency Powers of the Superintendent

From time to time, emergency situations arise which would call for immediate and decisive action by the Superintendent-Director that, under more normal situations, would clearly be beyond the scope of their duty and authority. It shall be the policy of the Minuteman Regional Vocational Technical School Committee that the Superintendent-Director shall act in emergency situations to preserve and protect lives and property.

1. In those situations that arise within the schools where the Committee has provided no guidelines for administrative action, the Superintendent-Director shall have power to act, but their decisions shall be subject to review by action of the Committee at its next regular meeting. It shall be the duty of the Superintendent-Director to inform the Committee promptly of such action and the possible need for a policy.
2. When circumstances of weather, power failure, lack of water or heat, work stoppage, epidemic, or other civil or natural emergencies make it impossible or unsafe to open (or keep open) the school, the Superintendent-Director may take appropriate action including closing the school. If the Superintendent-Director does close the school under the above granted authority, they will notify, as soon as the situation allows, members of the Committee.

BDEX ADVISORY SUBCOMMITTEE AND TASKFORCE MEMBERS

The Minuteman Regional Vocational Technical School Committee, pursuant to Massachusetts General Law, Chapter 71, section 37 has the responsibility for establishing educational goals and policies for the school district. The Committee also enters into collective bargaining contracts with its public employee unions, reviews and approves the budget and payment warrants, is responsible for evaluating and making hiring decisions regarding the Superintendent-Director and some other positions, and such other powers granted by law.

The full Committee meets at least monthly but accomplishes much of its work via subcommittees or task forces that research and discuss issues, then make recommendations to the full Committee for action. These subcommittees meet and collaborate with the Superintendent-Director in developing recommendations. The subcommittees' work is time-consuming and requires specific expertise to produce high quality reports and recommendations. At times, the membership of the Committee may not possess the expertise necessary to accomplish all review and recommendation roles efficiently.

Duties

The Committee may from time to time choose to appoint one or more individuals with particular expertise to any of its many subcommittees or task forces, in the role of non-voting advisory member, to serve as a consultant to the subcommittee or task force. The Committee is grateful for the service of these expert individuals, who, like the Committee, serve without compensation. Unlike the members of the Committee, they do not have to come from a particular town, or from a member town. Their role is to provide the benefit of their expertise in a particular area in order to assist the work of the subcommittee or task force to which they have agreed to be appointed.

Appointment

Advisory members of subcommittee(s) and task force(s) shall be recommended for Committee approval by the officers of the Committee, who shall ascertain the willingness of the experts to serve on a specific subcommittee or task force.

ADVISORY COMMITTEES TO THE SCHOOL COMMITTEE RESOLUTION ON ADVISORY COMMITTEES

The Committee believes that Advisory Committees play a key role in guiding the improvement of Minuteman programs. To improve the effectiveness of Minuteman Advisory Committees, the Committee believes that:

1. Advisory Committee members need to be aware of, and in compliance with, the appropriate State and Federal laws and regulations. In particular, Advisory Committees must be in compliance with the Open Meeting Law.
2. Advisory Committee members need to be familiar with the latest version of the State's "Career and Technical Education Advisory Committee Guide." Advisory Committee members are encouraged to follow the suggestions and to use the forms provided by this guide whenever practical.

In accordance with this resolution, the Superintendent-Director is directed to:

1. Provide all Advisory Committee members with a copy of this resolution.
2. Ensure that all Advisory Committee members are familiar with the appropriate State and Federal laws, including in particular the Open Meeting Law. Copies of these laws should be provided to all Advisory Committee members.
3. Provide each Advisory Committee member with a copy of the latest Career and Technical Education Advisory Committee Guide.
4. Develop a method of evaluating the performance of Advisory Committees.
5. Revise the Committee meeting schedule to ensure that Advisory Committee recommendations are gathered and presented to the Committee in accordance with the appropriate regulations. SCHOOL COUNCIL**

The Committee believes that the school is the key unit for educational improvement and change and that successful school improvement is best accomplished through a school-based decision-making process.

As enacted by the state legislature in the Education Reform Act of 1993, a School Council shall be established in each school to advise the Principal in specific areas of school operation. The Principal, except as specifically defined in the law, shall have the responsibility for defining the composition of, and forming the group, pursuant to a representative process approved by the Superintendent-Director and the Committee.

The law outlines four major areas of responsibility for school councils. School councils are to assist principals in:

1. Adopting educational goals for the school that are consistent with local educational policies and statewide student performance standards
2. Identifying the educational needs of students attending the school
3. Reviewing the annual school building budget

For any school that contains grades nine to twelve, inclusive, the School Council shall review the student handbook each spring to consider changes in disciplinary policy to take effect for the following school year.

In addition, the law states that "nothing contained in this section shall prevent the school committee from granting a school council additional authority in the area of educational policy; provided, however, that school council shall have no authority over matters which are subject to chapter one hundred and fifty E of the General Laws."

BDFA-R1
CONDUCT OF SCHOOL COUNCIL BUSINESS

The Principal shall, by law, serve as co-Chairperson on the School Council. The principal has the responsibility for defining the composition and overseeing the formation of the School Council pursuant to a representative process approved by the Superintendent-Director and Committee. As co-chair of the School Council, the Principal is also responsible for convening the first meeting of the School Council. At this meeting, the other co-chair is to be selected.

The co-Chairperson will be elected annually by the School Council members at its first meeting of the school year subsequent to the election of new School Council members. The co-Chairperson will be responsible for the preparation of the agenda for the School Council meetings.

The School Council shall meet at least four times during the school year. Meetings will be held outside of school hours. At its first meeting of the school year, the School Council will set its calendar of regular meetings for the year. Where circumstances warrant, the School Council may choose to call additional meetings.

Consensus shall be used by School Council as the primary method to resolve issues and to formulate recommendations. Votes by majority may be taken at the discretion of the Principal and Robert's Rules of Order shall prevail if there are questions of procedure.

All meetings of the School Council shall conform to the Open Meeting Law, M.G.L. c.30A, §§18-25, , which stipulates that all meetings be open to the public, that meetings be posted at least 48 hours in advance, and that minutes of the meeting shall be maintained as required. The scope of the School Council does not require, and therefore does not qualify for, executive session. The Superintendent-Director shall receive agendas and minutes of all School Council meetings.

**BDG
SCHOOL COMMITTEE ATTORNEY**

The Committee may employ the services of District Counsel, and the Committee and the Superintendent-Director may seek District Counsel's services to counsel and represent the school system at various times.

However, because the complexity of school district operations often requires specialized legal services, the Committee may also retain an attorney or law firm to provide additional legal services.

It will be the duty of legal counsel for the Committee to advise the Committee and the Superintendent-Director on the specific legal problems submitted to counsel. Counsel will attend meetings upon request and will be sufficiently familiar with Committee policies, practices, and actions under these policies, and with the requirements of school law to enable them to offer the necessary legal advice.

A decision to seek legal advice or assistance on behalf of the District will be made by the Committee or the Superintendent-Director. Many types of legal assistance are routine and do not require specific Committee approval or prior notice. However, when the Superintendent-Director concludes that unusual types or amounts of professional legal service may be required, the Superintendent-Director will advise the Committee and seek either initial or continuing authorization for such service.

Access to legal counsel by individual Committee members will be through the Chairperson.

BDH CONSULTANTS TO THE SCHOOL COMMITTEE

Consultants are to be used at Minuteman only when two conditions exist.

1. A specific need is identified.
2. This need cannot be fulfilled by the District's own staff.

Some legitimate examples for the use of consultants could include, but not be limited to, the following:

Conducting in-service workshops for curriculum instructional procedures, teaching strategies, methodologies, special needs, etc.

Curriculum development for unique courses that Minuteman should be offering.
Related research regarding the abilities of our students, and activities that need to be performed.

Evaluation studies of the school, instructional program, regional efforts, external grants, etc.

Assistance in the development of such various components of the educational process as the gathering of baseline data, assessment system, reporting system, evaluation of students, etc.

Assistance in computer applications and programming needs.

Use of consultants must be approved by the Superintendent-Director within existing budget or grant limitations unless permission is granted by the Committee for consultant work to be funded by special transfer or appropriation of funds. The administrator supervising the work of any consultant is to provide the Committee with a report on final accomplishments. Interim progress reports would also be desirable on any major projects.

BE
SCHOOL COMMITTEE MEETINGS AND THE OPEN MEETING LAW

The business of a school committee is conducted at its official meetings. Selection to serve as a member of the Committee confers no privilege or authority on the individual members, except to attend meetings of the Committee, to propose action, to debate all proposals, and to vote. The Committee has all powers and duties as defined by Massachusetts General Law. It is only at a duly called and advertised meeting that its members can act as a Committee or exercise any of their powers. The Chairperson is the spokesperson for the Committee.

All aspects of Committee meetings, including notice, maintenance and publication of minutes, meeting in open or executive session, and the proper modes of School Committee deliberation and decision-making, are governed by the Massachusetts Open Meeting Law, M.G.L. c. 30A, §§ 18-25. The Massachusetts Attorney General's Office has the statutory authority to enforce the provisions of the Open Meeting Law.

Committee meetings will be conducted according to the Open Meeting Law. Proper notice will be provided of Committee meetings and proposed agenda items. All Committee meetings shall be open to the public and the press, unless the Committee votes to convene in executive session for a reason permitted by the Open Meeting Law. Minutes of all Committee meetings will be made, kept and disseminated as required by Committee policy and state law.

All Committee members will comply with the provisions of the law and the guidance and decisions of the Attorney General's Office with regard to their communications with other members of the Committee so that all deliberations of the Committee take place during Committee meetings.

Members of the Committee shall comply with the requirements of the standards of conduct imposed by the state Conflict of Interest Law, M.G.L. c. 268A, Section 23 (c)(2), and shall not improperly disclose materials or data within the exemptions to the definition of public records as defined by section seven of chapter four of the Massachusetts General Laws, which materials or data were acquired in the course of the Committee member's official duties, including but not limited to materials and information related to executive sessions of Committee meetings.

Between meetings, the Superintendent-Director is the highest authority in the school district, but is obliged to act in conformity with policies established by the Committee and state law. Everything

BEDB-C CONSENT AGENDA

The School Committee will take an annual vote whether to include a "consent agenda" as part of its meeting agendas, allowing a single vote on a list of items that the committee would normally approve with little comment, such as:

- Topics of a routine/recurring nature
- Procedural decisions
- Non-controversial issues that do not require debate or deliberation
- Items previously discussed for which the Committee has come to a consensus, but that still need an official vote

At each School Committee meeting, prior to the motion on a consent agenda, the Chair will ask the members present if anyone wants to discuss any item(s) listed on the consent agenda. If any member of the Committee requests that one or more items be removed from the consent agenda to be considered separately, the item(s) will be considered after the consent agenda during the same meeting.

Any member can contact the Chair prior to the meeting to request that any item(s) be removed from the consent agenda and considered separately.

The Secretary will include in the meeting minutes the full text of all motions and reports approved as part of the consent agenda.

Discussion points:

Reviewing the minutes from March, we spent 13% of the meeting reciting motions and roll calls. The roll call votes, timed from stating the motion to the end of the roll call, are about 40-50 seconds each with the Executive Session vote taking 2 minutes. As there were 11 votes at that meeting, and the meeting was 70 minutes, 13% of the meeting was spent reciting motions and roll calls.

A consent agenda, which is used by other Massachusetts School Committees and other governmental bodies, could reduce the time spent on roll call votes, and the administrative time reviewing the minutes.

BEDD RULES OF ORDER

Rationale

Robert's Rules provides a strong rationale for using a formal parliamentary procedure in its *Principles Underlying Parliamentary Law*. This document is included below.

The Committee has customarily worked with less formal rules than those described in Robert's Rules of Order. This Policy describes how the normal operating rules of the Committee differ from Robert's. However, in the event that either the Chairperson or the Committee by majority vote decides that the situation facing the Committee requires a more formal set of rules, then the operation of the meeting will be governed by Robert's Rules.

Chairperson's Role In Deliberations

The Chairperson's role is very powerful, as the Chairperson can control the agenda and make recommendations on the assignments of subcommittees. However, the Chairperson is paradoxically a servant of the School Committee, maintaining order, ensuring that business is accomplished, and serving as its spokesperson.

Recognizing the inherent power of the Chairperson, Robert's Rules typically requires the Chairperson to remain neutral, and not to participate in deliberations. However, in a regional school committee where each member town is represented by only one member, loss of deliberation rights for the Chairperson would mean that the Chairperson's community would lose some of its right of representation. For regional school committees it is therefore typical for the Chairperson to retain all the same rights and responsibilities as other members, including the right to participate in deliberations.

The Minuteman Chairperson is allowed to deliberate and to vote on all issues. However, to ensure that there is not undue power afforded to the Chairperson, and because the Chairperson serves solely at the will of the Committee, the Chairperson will be extremely judicious in making comments, so as not to dominate the discussion or give excessive influence to his/her community, and may even choose to refrain from voting on non-budgetary matters, except to break a tie.

The agenda is set by the Chair, working with the Superintendent-Director with input from the Officers of the committee at a meeting preceding the school committee meeting. If a Committee member wants an item added to the agenda, the member should make a request of the Chairperson who will:

1. request the Superintendent-Director to add the item to the agenda,
2. refer the item to one of the subcommittees,
3. refer the item to the Superintendent-Director,
4. request that the member further develop the proposed item before its addition to an agenda
or
5. decide that the item is inappropriate as an agenda item.

If the member disagrees with the Chairperson's decision on the proposed item, then the member can make a motion under the *New Business* item of the next Committee meeting to add the item as a future agenda item. The Committee, then, will have the prerogative to decide if the item will be placed on an agenda and come before them.

Unanimous Consent

Uncontroversial issues may be addressed without a formal vote. For example, due to the late arrival of a guest it may make more sense to delay an agenda item until later in the meeting. In this case, the Chairperson will say something to the effect, "If there is no objection we will postpone this agenda item until the arrival of our guest." The Chairperson will then pause and listen for any objections. If there are no objections then the Chairperson will assume unanimous consent. If there is even one objection then the issue must be brought to a formal vote.

Motions

A member who has been recognized introduces a motion by the phrase "I move that..." followed by the body of the motion or by reference to a written motion. A motion is in order when:

1. there is no current motion already on the table,
2. the proposed motion is an amendment to the current motion,
3. the motion pertains to the topic of the current agenda item,
4. the motion does not simply restate a motion that has already been decided.

In practice, the Committee does not follow all the formality of the procedures of Robert's Rules especially the rules for classification of motions. This is especially true in the handling of amendments where, under Robert's Rules, even a simple amendment requires significant time to handle. Thus, in general, Relaxed Rules are followed, as long as the approach is understood and agreed to by the membership.

Relaxed Rules: For example, in the case of an amendment to the current motion, the Chairperson may deem that the amendment is so simple and uncontroversial that the Chairperson will first ask the maker of the motion if he/she accepts the amendment. If there is acceptance, then the Chairperson will ask for the membership to unanimously act as if the amendment were part of the main motion. This avoids the processes of creating and voting on the amending motion. If just one member objects, even if the maker of the motion accepts the proposed amendment, then the amendment will be handled more formally as an amending motion.

If, in the Chairperson's judgment, or by vote of a majority of the Committee, an item is considered too complex or controversial for the Relaxed Rules, then the Chairperson will follow a more formal approach to the handling of the motion.

To Be Recognized

To ensure that order is maintained, for a member to be able to speak the member must be recognized by the Chairperson. To be recognized the member should raise their hand. In deciding who is to be recognized next the Chairperson will give priority to those members who have not yet spoken on the current issue. If a Committee member is either ruled out of order or not formally recognized by the Chairperson, but persists in speaking, the remarks made by the member will not become part of the minutes of the meeting and no action will be taken on them. Only one question at a time may be considered, and only one person may have the floor at any one time. The member has the right to speak uninterrupted. All discussion must be relevant to the immediately pending question.

Questions After a Report

In Robert's Rules, all discussion/deliberations occur after a motion has been made. However, for the Committee, it is often useful to question a report-giver even if no motion is immediately appropriate. Thus, the Chairperson will generally allow a reasonable question and answer period after a report before insisting that a motion be placed before the Committee.

According to Robert's Rules all questions and comments are to be addressed to the Chairperson. The Chairperson will then direct the question to the most appropriate party. However, if a member has a question for the giver of a report, then, in most cases, the Rules of Order are relaxed in the sense that a member can ask to be recognized by the Chairperson and then pose the question directly to the report giver. If, however, in the Chairperson's judgment, the meeting can be best served by more formal operations, then Robert's Rules on recognition shall be followed.

Deliberations

Before the motion is restated by the Chairperson, any member can rise, without waiting to be recognized, and suggest a modification of the wording to clarify the motion. The maker of the motion can choose to accept or reject the modified wording (does not require a second).

If the motion is in order, the Chairperson will restate the motion and open debate (if the motion is debatable). The maker of a motion has the right to speak first in debate.

After a motion is made, the Chairperson will maintain an orderly discussion by recognizing members to speak (see To Be Recognized). The Chairperson will call first on members who have not already spoken on the issue.

Postpone Indefinitely - made when the assembly does not want to take a position on a motion. Its adoption kills the motion for the duration of the session and avoids a direct vote on the motion. It is useful in disposing of a poor motion that cannot be either adopted or expressly rejected without possibly undesirable consequences.

Limit or Extend Debate - is to require that debate be closed at a specified time. It requires a two-thirds vote.

Objection to the Consideration of a Question - suppresses business that is irrelevant or inappropriate and undesirable to be discussed. The objection must be made immediately (acceptable to interrupt a speaker). Does not require a second, is not debatable, and requires a two-thirds vote opposed to consideration in order to pass.

Time: The Committee has no formal time limits on deliberations. Members should self-regulate the length of their comments as a courtesy to other members. If the Chairperson believes that continued deliberation on the current motion would be ineffective then he or she might ask for a

motion to terminate deliberation to see if the committee agrees. The Chair may unilaterally terminate deliberations that are out of order.

Deliberations are out of order if they:

1. are not pertinent to the current motion,
2. are disrespectful,
3. contain any type of personal comment or personal attack,
4. are made in an excessively emotional manner,
5. repeat a question that has already been asked and answered or
6. violate the rights of any person present (such as the right to Executive Session to discuss the character of an employee).

Voting

After deliberations are complete, the Chairperson will bring the motion to a vote. With the exception of those taken in Executive Sessions and remote meetings, Committee votes are made, as required by the Regional Agreement, by the Chairperson asking for a roll call vote. The members each state their name, their town, and their approval, disapproval, or abstention from the vote (Yes, No, Abstain). The Chairperson declares the result of the vote and the vote totals are recorded in the Minutes.

Appeal

If a member disagrees with a ruling by the Chairperson (for example perhaps the Chairperson stated that a question was out of order and the member disagreed), then the member can, without being recognized, ask for an appeal, "I appeal the ruling of the Chair that..." If the request for an appeal is seconded, then a modified deliberation will occur. During this deliberation every member is allowed to speak exactly once on whether or not the ruling of the Chairperson should stand or be overridden, except the Chairperson is allowed to speak twice, once at the start of the deliberations and once at the end. After the deliberation, the appeal is brought to a vote to determine whether the Chairperson's ruling will stand.

Point Of Order

When a member believes that the rules of order for the meeting are being violated then the member may raise their hand and state, "Point of order," calling upon the Chairperson to enforce the rules. There is no debate on a point of order. The Chairperson will then ask the member what rule the

member believes to be violated. The Chairperson will then rule on the member's point of order – to determine whether or not the rules of order are being violated. If the member disagrees with the Chairperson's ruling then the member is free to appeal. (see above)

Move The Question

If a member believes that further deliberations on the current motion would be counterproductive, then that member can raise their hand and state, "I move the question." Moving the question immediately suspends all deliberation on the current motion and is not debatable. A vote is called immediately. If two thirds of the weighted vote are in favor of moving the question, then deliberation on the current motion is terminated and it is brought to a vote. Otherwise, moving the question fails and deliberation continues.

Moving the question is a good way to bring a lengthy, overly emotional, or counterproductive deliberation to an end. However, in calling to move the previous question, members should be respectful of their fellow Committee members. A good rule is to not to move the question unless it seems that each member who wants to discuss the current motion has had the opportunity to speak at least once.

Principles Underlying Parliamentary Law **From *Robert's Rules Of Order Newly Revised 10th Edition*, Perseus Publishing**

The rules of parliamentary law found in this book will, on analysis, be seen to be constructed upon a careful balance of the rights of persons or subgroups within an organization's or an assembly's total membership. That is, these rules are based on a regard for the rights:

- of the majority,
- of the minority, especially a strong minority—greater than one third,
- of individual members,
- of absentees, and
- of all these together.

The means of protecting all of these rights in appropriate measure forms much of the substance of parliamentary law, and the need for this protection dictates the degree of development that the subject has undergone.

Parliamentary procedure enables the overall membership of an organization—expressing its general will through the assembly of its members—both to establish and empower an effective leadership as it wishes, and at the same time to retain exactly the degree of direct control over its affairs that it chooses to reserve to itself.

Ultimately, it is the majority taking part in the assembly who decide the general will, but only following upon the opportunity for a deliberative process of full and free discussion. Only two thirds or more of those present and voting may deny a minority or any member the right of such discussion.

In this connection, there is an underlying assumption of a *right* that *exists* even though it may not always be prudent or helpful for it to be exercised. Each individual or subgroup has the right to make the maximum effort to have his, her, or its position declared the will of the assembly to the extent that can be tolerated in the interests of the entire body.

Another important principle is that, as a protection against instability arising—for example, from such factors as slight variations in attendance—the requirements for changing a previous action are greater than those for taking the action in the first place.

Fundamentally, under the rules of parliamentary law, a deliberative body is a free agent—free to do what it wants to do with the greatest measure of protection to itself and of consideration for the rights of its members.

The application of parliamentary law is the best method yet devised to enable assemblies of any size, with due regard for every member's opinion, to arrive at the general will on the maximum number of questions of varying complexity in a minimum amount of time and under all kinds of internal climate ranging from total harmony to hardened or impassioned division of opinion.

BEDF VOTING METHOD

All voting at Committee meetings must be by voice or roll call vote and no secret ballot shall be used. The Chairperson and Vice Chairperson are elected by roll call vote. Only those members present at the meeting when a vote is being taken shall have the privilege of voting on the matter. Votes relayed by telephone or written votes by absent members are not valid. If the Committee is following procedures for remote participation, votes will be cast on video.

No action shall carry unless it shall receive the vote of a majority of the quantum of vote as provided by law or policy (See the Regional Agreement, Sections I(H), IV, V, VII, VIII, IX) .

Pursuant to M.G.L. c.30A, §21, all votes taken in executive session shall be recorded roll call votes and shall become part of the record of the executive session.

The Committee may, under certain circumstances and for certain kinds of action, require more than a majority vote to carry. Action shall require a two-thirds (2/3) super majority vote of the whole Committee in each category as follows, without limitation:

- M.G.L. 71:16B-Budget
- Revision of the By-Laws of the Committee

The Regional Agreement requires 2/3 of the weighted vote for the budget, and 2/3 of the members for incurring debt, and 3/4 to amend the regional agreement.

BEDG MINUTES

The minutes of a Committee meeting, along with documents and other exhibits used during the open or Executive Session, constitute the written record of Committee actions; they are legal evidence of the actions. Therefore, the clerk of the Committee will be responsible for reporting in the minutes all actions taken by the Committee.

Minutes will include:

1. a statement on the nature of the meeting (regular or Executive Session);
2. the date, time, place, members present or absent, annotated as to arrival and departure times, if during the meeting;
3. a summary of the discussion on each subject (minutes need not be transcripts of everything said), a list of the documents and other exhibits, such as photographs, recordings or maps, used by the body at an open or Executive Session, and the decisions made and the actions taken at each meeting, including all votes (for Executive Sessions, by recorded roll call votes); and notation of formal adjournment.

If documents are presented at the meeting that were not provided by the school administration, they may be entered into the official record of the meeting only by direction of the chair or by vote of the Committee. Materials and exhibits not formally accepted by the chair or by vote of the Committee will be kept in the Committee correspondence file.

Under normal circumstances, copies of the draft minutes will be either emailed or mailed to all Committee members so they will receive them at least 48 hours in advance of the meeting at which the minutes are to be approved.

Existing minutes, associated materials and exhibits will be made available to the public upon request in accordance with the public records laws, whether they have been approved or are in draft form. Materials relating to performance evaluations and deliberations about employment or appointment of individuals will be released only in accordance with Massachusetts General Law.

Whenever possible, the minutes of one meeting will be approved at the following meeting.

The approved minutes will become permanent records of the Committee. Minutes of public meetings and minutes of Executive Sessions that have been declassified will be in the custody of the Superintendent who will make them available to interested citizens upon request.

Approved and released minutes will also be posted on the District website, and one permanent copy will be kept at the District office, as required by the Public Records Division of the Secretary of the Commonwealth. The documents shall be maintained in form and material as required by state laws and regulations.

Executive Session minutes: Separate minutes shall be prepared for each separate Executive Session purpose. The Committee shall periodically review the Executive Session minutes to determine whether continued non-disclosure is warranted, and vote to “release” those minutes and other records for which disclosure would no longer defeat the purposes of the Executive Session. Minutes that pertain to ongoing litigation or negotiations, that are within an exemption to the Public Records Law, G.L. c. 4, § 7, cl. 26, or are governed by attorney-client privilege, do not have to be released. A determination to release the minutes will be included in the subsequent meeting minutes. The School Committee will respond to a request to inspect or copy Executive Session minutes within 10 days of request and promptly release the records if they are subject to disclosure. If the School Committee has not performed a review to determine whether the requested Executive Session minutes are subject to disclosure, it must do so “not later than the next meeting or 30 days,” whichever is sooner.

BEDH PUBLIC PARTICIPATION IN SCHOOL COMMITTEE MEETINGS

All regular and special meetings of the Minuteman Regional Vocational Technical School Committee shall be open to the public. Executive sessions will be held only as prescribed by the Statutes of the Commonwealth of Massachusetts.

The School Committee desires individuals to attend its meetings so that they may become better acquainted with District operations and the school programming. In addition, the Committee would like the opportunity to hear public comment, and it will allow public comment when indicated on the agenda.

Public comment is not a discussion, debate, or dialogue between individuals and the School Committee. It is an individual's opportunity to express an opinion on issues within the School Committee's authority.

To ensure the ability of the School Committee to conduct the District's business in an orderly manner, the following rules and procedures are adopted:

1. At the start of a regularly scheduled School Committee meeting for which the agenda calls for a public comment period, individuals will sign in for an opportunity to speak during public comment. The public comment segment shall not exceed 15 minutes in the aggregate unless permitted by the Chair. All speakers are encouraged to present their remarks in a respectful manner, addressing their comments to the Chair.
2. Sign up instructions will be provided for those who wish to participate in Public Comment.
3. Speakers will be allowed up to three (3) minutes to present their material, must speak from the place indicated by the Chair, for example at a particular table, and must begin their comments by stating their name and address, including the name of the town/city. For remote meetings, public comments shall be submitted in advance to the Chair and relayed by the Chair during the meeting. The presiding Chair may permit extension of the time limit, in extenuating circumstances.
4. Topics for discussion should be limited to those items within the School Committee's scope of authority. The authority of the School Committee primarily concerns the review and approval of the budget of the district's public schools, the performance of the Superintendent, and the educational goals and policies of the district's public schools. In public session in the Committee will not hear personal complaints of school personnel nor

against any members of the school community which are outside the scope of the School Committee's responsibility.

5. Improper conduct will not be allowed. Defamatory, improper, or abusive remarks are always out of order. If a speaker persists in improper conduct or defamatory, improper, or abusive remarks, the Chair may terminate that individual's privilege of address. Defamatory remarks shall mean remarks that have been adjudicated defamatory. Improper and/or abusive remarks shall mean obscenities, vulgarities, threats, and fighting words or remarks likely to provoke a violent reaction.
6. To ensure that matters not on the agenda are not debated without proper notice, the members of the School Committee will not engage in dialogue with members of the public during public comment, without permission from the Chair.
7. The School Committee will not vote on any item brought up in public comment for which no vote is scheduled on the posted agenda, unless directed to do so by the Chair due to unforeseen circumstances.
8. Written comments longer than three (3) minutes may be presented to the presiding Chair before or after the meeting. All remarks will be addressed through the Chair of the meeting. Comments made during the public comment portion of the meeting do not necessarily reflect the views or positions of the School Committee.
9. No person shall address a meeting of a public body without permission of the chair, and all persons shall, at the request of the chair, be silent. No person shall disrupt the proceedings of a meeting of a public body. If, after clear warning from the chair, a person continues to disrupt the proceedings, the chair may order the person to withdraw from the meeting and if the person does not withdraw, the chair may authorize a constable or other officer, or the meeting host for any remote attendee, to remove the person from the meeting. *(note: with the exception of the underlined text, this language is from M.G.L c 30A:20G.)*

In conformance with customary hearing procedures, statements and supporting information will be presented first by the Committee, or by others for the Committee. To comment, citizens must be recognized by the Chair, and all remarks must be addressed to the Chairperson and be germane to the topic. Topics for discussion and study will be announced publicly. All workshops will be conducted in accordance with the Open Meeting Law. No formal votes will be taken at these workshops.

BGA SCHOOL COMMITTEE POLICY DEVELOPMENT

Formulation of Policies

The Superintendent-Director shall, in cooperation with the staff, formulate and recommend for adoption policies designed to maintain a high-quality educational institution that meets the needs of its students. The Committee as the controlling body is charged with the responsibility of establishing policies and maintaining the best possible education conditions for the District. A primary function of the Committee is the determination of general policies for and the exercise of general supervision of the District, but its Superintendent-Director and professional staff thereof shall carry out the details and administration.

The Committee shall concern itself primarily with broad questions of policy rather than with administrative details. The Superintendent-Director shall utilize the best judgment of the professional staff in formulating a sound educational program, shall recommend policies for adoption to the Committee, and shall administer policies enacted by the Committee. The adopted policies shall represent a combination of the judgment of the members of the Committee and the professional judgment of the Superintendent-Director and their staff, adopted officially as Committee policy. Having determined its policies, the Committee shall stand squarely behind those employees whose work it is to put the policies into practice.

In formulating policies, the Committee shall adopt general principles that provide authorization for the Superintendent-Director and professional staff. Such policies shall be broad enough to determine or indicate a line of action to be taken by the Superintendent in meeting a number of specific problems and jobs. Application of such policies to individual situations will be the responsibility of the Superintendent, who shall be held responsible for the effective administration and supervision of the entire system.

Policy Development System

Adopting and changing policies is solely the responsibility of the Committee.

Proposals from any Committee member, a citizen of one of the member communities, any employee of the District, or any student of the Minuteman Regional Vocational Technical School shall be referred to the Superintendent-Director.

The Superintendent-Director shall be responsible for reviewing the proposed policy request and drafting a statement for Committee consideration in accordance with Committee policy.

In the case where the Committee chooses to update its entire policy manual in less than two years, it shall use an electronic storage and review system for developing policy sections, if possible. All policies under review shall be reviewed and edited by a consultant, the Superintendent-Director, and a policy task force and made available in an internet portal for the review and comment of the school committee members. At the next meeting of the Committee, the Committee will revise and adopt any policies which are ready for approval (a first reading). The Superintendent-Director will ensure that finalized copies of policies approved at first reading are returned to the internet portal for further review. At the following meeting of the Committee, or as deemed appropriate, the Committee will vote to approve the policies for "second reading." Those policies that have been through first and second readings will be considered adopted and will become part of the policies of the school district.

BGB POLICY ADOPTION

The policies of the Committee shall be subject to amendment only upon a majority of the weighted vote of the Committee at two consecutive meetings in the call for which the proposed amendment has been described in writing.

To permit time for study of all policies or amendments to policies and to provide an opportunity for interested parties to react, proposed policies or amendments would be presented as an agenda item to the Committee in the following sequence:

1. Discussion item - first reading of proposed policy or policies; response from Superintendent-Director; report from any subcommittee assigned responsibility in the area; Committee discussion and directions for any redrafting;
2. Discussion item - second reading of proposed policy or policies; response from Superintendent-Director; report from any subcommittee assigned responsibility in the area; Committee discussion and directions for any redrafting;
3. Action item -- discussion, adoption or rejection.

Amendments to the policy at the action stage will not require repetition of the sequence, unless the Committee so directs.

The Committee may dispense with the above sequence to meet emergency conditions.

Policies will become effective upon the date set by the Committee. This date will ensure that affected persons have an opportunity to become familiar with the requirements of the new policy prior to its implementation.

BGC POLICY REVISION AND REVIEW

In an effort to keep its written policies up to date so that they can be used consistently as a basis for Committee action and administrative decision, the Committee will review its policies on a regular basis.

The Committee will evaluate how the policies have been executed by the school staff and will weigh the results. It will rely on the school staff, students, and the community for providing evidence of the effect of the policies it has adopted.

All policies will be placed on the Committee agenda for reconsideration five years following the date the policy was adopted, unless the Superintendent-Director recommends or the Committee approves an earlier date for reconsideration.

The Superintendent-Director is given the continuing commission of calling to the Committee's attention all policies that are out of date or for other reasons appear to need revision.

The Committee directs the Superintendent-Director to periodically recall all policy and regulations manuals for administrative updating and Committee review.

SCHOOL COMMITTEE REVIEW OF REGULATIONS

It is expected that the Superintendent-Director and administrative staff will need to issue regulations implementing policies of the Committee. Many of these will be routine from year to year; others will arise in special circumstances; some will be drawn up under specific directions from the Committee.

The Committee may review the regulations developed by the Superintendent-Director for the Minuteman Regional Vocational Technical High School whenever they appear inconsistent with policy, goals, or objectives of the District, but it will revise or veto such regulations only when, in the Committee's judgment, they are inconsistent with policies adopted by the Committee.

The Committee will not officially approve regulations except as required by state law or in cases when strong community attitudes, or possible student or staff reaction, make it necessary or advisable for a regulation to have the Committee's advance approval.

Rules Pertaining to Staff and Student Conduct

Under Massachusetts's law, the Superintendent is required to publish "the district's policies pertaining to the conduct of teachers and students." Codes of discipline, as well as procedures used to develop such codes shall be filed with the Massachusetts Department of Elementary and Secondary Education for information purposes only. Standards of conduct will be included in staff and student handbooks. These handbooks will be reviewed and approved annually by the Committee.

POLICY DISSEMINATION

The Superintendent is directed to establish and maintain an orderly plan for preserving and making accessible the policies adopted by the Committee and the regulations needed to put them into effect.

Accessibility is to extend at least to all employees of the Minuteman Regional Vocational Technical High School, to members of the Committee, and, insofar as conveniently possible, to all persons in the community. A policy concerning a particular group or groups in the schools will be distributed to those groups prior to the policy's effective date.

All policy manuals distributed to anyone will remain the property of the Committee and will be considered as "on loan" to anyone, or any organization, in whose possession they might be at any time. They are subject to recall at any time deemed necessary for purposes of updating.

The Committee's policy manual will be considered a public record and will be available for inspection at the Superintendent's office and online.

BHC SCHOOL COMMITTEE-STAFF COMMUNICATIONS

The basic line of communication between the School Committee and the staff will be through the Superintendent.

Staff Communication to the School Committee

All communications or reports to the Committee or any of its subcommittees from Principals, supervisors, teachers, or other staff members will be submitted through the Superintendent-Director. This procedure does not deny the right of any employee to appeal to the Committee for administrative decisions on important matters, except those matters that are outside of the Committee's legal authority, provided the Superintendent-Director has been notified of the forthcoming appeal and that it is processed in accordance with the Committee's policy on complaints and grievances. Staff members are also reminded that Committee meetings are public meetings. As such, they provide an excellent opportunity to observe firsthand the Committee's deliberations on problems of staff concern.

School Committee Communications to Staff

All official communications, policies, and directives of staff interest and concern will be communicated to staff members through the Superintendent-Director. The Superintendent-Director, working with the Principal, will develop appropriate methods to keep staff informed of the Committee's concerns and actions.

Visits to the School

Individual Committee members interested in visiting the school or classrooms will inform the Superintendent-Director of such visits and make arrangements for visitations through the Principal. Such visits will be regarded as informal expressions of interest in school affairs and not as "inspections" or visits for supervisory or administrative purposes. Official visits by Committee members will be carried on only under Committee authorization.

USE OF ELECTRONIC MESSAGING BY SCHOOL COMMITTEE MEMBERS

As appointed public officials, Committee members shall exercise caution when communicating between and among themselves via electronic messaging services including, but not limited to, electronic mail (e-mail), text messages, social media postings, internet web forums, and internet chat rooms.

Under the Open Meeting Law, deliberation by a quorum of members with respect to any matter within the body's jurisdiction constitutes a meeting. Deliberation is defined as an oral or written communication through any medium, including electronic mail, between or among a quorum of a public body on any public business within its jurisdiction. A quorum may be arrived at sequentially using electronic messaging without knowledge and intent by the author.

Committee members should use electronic messaging between and among members for housekeeping purposes such as requesting or communicating agenda items, meeting times, or meeting dates. Electronic messaging should not be used to discuss Committee matters that require public discussion under the Open Meeting Law.

Under the Public Records Law, electronic messages between public officials may be considered public records. Therefore, in order to ensure compliance, the Committee Chair, in consultation with the Superintendent-Director, shall annually designate a member of the central office staff who shall be copied on all electronic correspondence among members of the Committee.

At this point your phone, and sometimes your watch, are connected devices. Even your washing machine can send you email. It seems unlikely that a member would not have a computer.

SCHOOL COMMITTEE MEMBER COMPENSATION AND EXPENSES

The members of the Minuteman Regional Vocational Technical School Committee serve without compensation.

No funds held or to be held by the Minuteman Regional Vocational Technical School District, appropriated or by reimbursement, will be paid or disbursed for the services of any Committee member other than for approved expenses in the performance of Committee duties.

All approved district expenses are processed using a purchase order system, with prior approval required, to prevent overspending. Like all other expenses, those for Committee travel must stay within the budgeted amount and must be checked against the remaining amount in the line item using an approval process.

Committee members may be reimbursed, or partially reimbursed, for the following expenses:

- Travel to in-district Committee meetings or meetings of subcommittees to which the member has been appointed.
- Pre-approved out-of-district in-state travel to conferences and meetings.

For a Committee member to be reimbursed, they must:

- Obtain prior approval from the Chairperson of the School Committee. Reimbursement for out-of-state travel shall require the additional approval of the School Committee.
- Follow all reimbursement procedures outlined by the Business Office. (Procedures and forms will be provided by the Business Office upon request.)

As part of the normal budgeting process, the School Committee will vote on a line item for “School Committee Reimbursable Expenses.” The Chair of the Committee will use their judgment as to which Committee member expenses should be reimbursed and will consult with the Business Office before approving any expense. In no event will the Chair approve reimbursements that exceed the amount remaining in this account. If this fund is depleted, then the Committee may vote to transfer additional funds in to this account, when both appropriate and financially prudent.

Reimbursement for out-of-state travel requires the approval of the Committee; see BIB/BIBA

BJ
SCHOOL COMMITTEE LEGISLATIVE PROGRAM

The Committee, as an agent of the state, must operate within the bounds of state and federal laws affecting public education. If the Committee is to meet its responsibilities to the residents and students of the Minuteman Regional Vocational Technical School District, it must work vigorously for the passage of new laws designed to advance the cause of good schools and for the repeal or modification of existing laws that impede this cause.

To this end:

1. The Committee will keep itself informed of pending legislation and actively communicate its concerns and make its position known to elected representatives at both the state and national level;
2. The Committee will work with its legislative representatives (both state and federal), with the Massachusetts Association of School Committees, and other concerned groups in developing an annual, as well as a long-range, legislative program. SCHOOL COMMITTEE MEMBER REQUESTS FOR INFORMATION

The Committee wishes to ensure that Committee members have adequate access to the information necessary to provide responsible oversight of the District. At the same time, the Committee wishes to avoid overburdening the administration with requests for information.

Requests by Committee members for information shall be channeled through the appropriate subcommittee chair or, if the subject of the request does not fall within the purview of any subcommittee, then through the Committee Chair, either of whom may choose to forward the request directly to the Superintendent-Director or to place the matter on the agenda for consideration at an upcoming meeting. The Superintendent-Director will coordinate the timely response to information requests forwarded in this manner.

If the relevant chair or subcommittee denies or unreasonably delays forwarding the request, or if the Superintendent-Director fails to respond within 10 working days after receiving a properly forwarded request, the individual member may appeal to the full Committee.

Appeal Procedure:

1. Member submits written request to the Committee Chair with copy to the Superintendent-Director.
2. School Committee Chair places request on the next regular School Committee meeting, subject to requirements of the Open Meeting Law (MGL 30A:20-21).
3. Committee determines whether and in what form to refer the request to the Superintendent-Director.

In its deliberation and vote, the Committee may consider input related to the specific nature, relevance, availability, and estimated time or cost to fulfill the request, as well as confidentiality or other special concerns that may apply. Any information assembled by the Superintendent-Director or other District staff acting upon such a vote of the full Committee will be provided to all of its members.

Communications between the Committee and the Superintendent-Director may be further governed by law, by other District policies, and by elements of the Superintendent's employment

CA ADMINISTRATION GOALS

It is the intent of the School Committee that the district employs qualified personnel to administer the Minuteman Regional Vocational Technical School efficiently and to require the Superintendent to organize the administration in a manner that will make clear the functions of each position and the relationships among them.

The Superintendent will establish clear lines of communication, both vertically and horizontally, and will form any staff councils or committees needed to provide for efficient conduct of school business. In order to engage in this process in an orderly and effective fashion, each individual and group will be given particular, clear-cut responsibilities. Channels will be established so that the recommendations and decisions of each group can be heard and reviewed by the chief administrative officer concerned, and, where appropriate, by the Superintendent and School Committee.

The organization and administration of the school will balance responsibility with commensurate authority, subject to the reserved legal powers of the School Committee. This means that a staff member, when assigned a responsibility or a position, will be given the authority to make the decisions necessary to perform the assigned tasks.

RECRUITMENT AND APPOINTMENT OF THE SUPERINTENDENT

In the event of a vacancy in the office of the Superintendent, the following procedures will be followed:

1. The Minuteman Regional Vocational Technical School Committee will review its policies with reference to desired qualifications and position description as well as level of salary and benefits.
2. The School Committee will take special care to assess the needs of the school district with reference to change and stability. Change, movement, and progress may be in order for the immediate future. On the other hand the school district may have need for a period of stability with a slower pace of change. In large measure, a Superintendent sets the tone and pace of educational improvement for the school district.
3. The School Committee may proceed in one of three ways: Appoint a sub-committee to act as a search committee; use the whole Committee as a search committee; or secure expert assistance to conduct the search process and submit the names of a limited number of applicants for interview.
4. Applicants have the responsibility for submitting evidence to the Department of Elementary and Secondary Education (DESE) that they fulfill the certification requirements for the position of Superintendent. They will also cooperate with any testing or interview requirements of the DESE. Information provided to the Committee by the DESE will be an important consideration in weighing the relative merits of appropriately credentialed applicants.
5. Those responsible for carrying out the search for a new Superintendent are reminded of the steps involved in the process: preparing a presentable and attractive notice of vacancy; publishing the notice of vacancy within and outside the school district; securing applications and credentials of applicants; screening applicants down to a manageable number for interviews and visitations; negotiation of terms; and selection.

The Superintendent may establish such permanent or temporary councils and committees as deemed necessary for assuring staff participation in decision making, for implementing policies and regulations and for the improvement of the educational program.

However, the School Committee wishes to be kept informed of the establishment and dissolution of these groups as well as their membership and their purpose.

SCHOOL COUNCIL**

The School Committee believes that the school is the key unit for educational improvement and change and that successful school improvement is best accomplished through a school-based decision-making process.

As enacted by the state legislature in the Education Reform Act of 1993, a School Council shall be established in each school to advise the Principal in specific areas of school operation. The Principal, except as specifically defined in the law, shall have the responsibility for defining the composition of, and forming the group, pursuant to a representative process approved by the Superintendent and School Committee.

The law outlines four major areas of responsibility for councils. School councils are to assist principals in:

1. Adopting educational goals for the school that are consistent with local educational policies and statewide student performance standards
2. Identifying the educational needs of students attending the school
3. Reviewing the annual school building budget
4. Formulating a school improvement plan

For any school that contains grades nine to twelve, inclusive, the council shall review the student handbook each spring to consider changes in disciplinary policy to take effect for the following school year.

In addition, the law states that "nothing contained in this section shall prevent the school committee from granting a school council additional authority in the area of educational policy; provided, however, that school council shall have no authority over matters which are subject to chapter one hundred and fifty E of the General Laws."

The composition of the School Council will conform to MGL and DESE Regulations.

CONDUCT OF SCHOOL COUNCIL BUSINESS

The Principal shall, by law, serve as co-Chairperson of the School Council. Keeping within the guidelines of the law, he/she has the responsibility for defining the composition and overseeing the formation of the council pursuant to a representative process approved by the superintendent and school committee. As co-chair of the council, the principal is also responsible for convening the first meeting of the council. At this meeting, the other co-chair is to be selected.

The co-Chairperson will be elected annually by the council members at its first meeting of the school year subsequent to the election of new council members. The co-Chairperson will be responsible for the preparation of the agenda for the council meetings.

The School Council shall meet at least four times during the school year. Meetings will be held outside of school hours. At its first meeting of the school year, the council will set its calendar of regular meetings for the year. Where circumstances warrant, the council may choose to call additional meetings.

Consensus shall be used by School Council as the primary method to resolve issues and to formulate recommendations. Votes by majority may be taken at the discretion of the Principal and Robert's Rules of Order shall prevail if there are questions of procedure.

All meetings of the School Council shall conform to the Open Meeting Law, Sections 23 A, B, and C, which stipulates that all meetings be open to the public, that meetings be posted at least 48 hours in advance, and that minutes of the meeting shall be maintained as required. The scope of the School Council does not require, and therefore does not qualify for, executive session.

The Superintendent shall receive agendas and minutes of all School Council meetings.

DCB DEBT MANAGEMENT

PURPOSE: To formalize standards and guidance for design of the debt structure, authorization of a borrowing request and issuance of bonds so that resources are available for needed capital projects and the long-term liability remains at a prudent level and within statutory limits.

Capital items that can be funded through borrowing include infrastructure, facilities, vehicles, equipment, and land, which have (1) an estimated cost of \$100,000 or greater and (2) a useful life of at least 5 years.

All borrowing supported by the General Fund shall be issued as General Obligation (GO) bonds, having the District's pledge of full faith and credit for repayment. Assessment-supported borrowing can be used for the sustainability, improvement, or expansion of the District's significant capital assets with debt service paid for by the General Fund. Borrowing purposes and maximum loan durations will be determined in compliance with M.G.L. Ch. 44 § 7 & 8. The District shall develop a 5-year debt capacity analysis, with estimated project costs updated annually, and make it available to member towns.

The annual amount of debt services is approximately 5% of the annual General Fund expenditures.

The purpose of this goal is to allocate sufficient funds for the District's capital needs and prevent operating needs from "crowding out" the proper investment in capital.

The retirement structure of a specific bond shall not be greater than the useful life of the underlying capital asset.

Pursuant to the Minuteman Regional Agreement Section IV(I), all borrowing authorizations require a two-thirds majority vote of all members of the Regional School Committee without regard for the weight of the votes, and unanimous approval of all Member Town Meetings per M.G.L. Ch. 71 § 16(d). If one or more Member Towns vote disapproval of the debt, the Committee, by a majority of the weighted vote, may then seek authorization for the debt via M.G.L. Ch. 71 § 16(n).

Debt Issuance

The District will retain a financial advisor and bond counsel for financial and legal guidance for debt issuance. Prior to the issuance of a bond, the District shall prepare and issue an Official Statement containing legally required disclosure information pertaining to the financial and economic position

of the District (17 CFR § 240.15c2-12). Under the guidance of Bond Counsel, the District shall award the winning bond bid to the bidder with the lowest True Interest Cost (TIC).

To avoid IRS arbitrage penalties, the District shall spend the bond proceeds in a timely manner. If the District borrows for capital projects other than construction projects, the District shall spend 15% of the bond proceeds within 6 months, 60% within 12 months, and 100% within 18 months. If the District borrows for capital construction projects, the District shall spend 10% of the bond proceeds within 6 months, 45% within 12 months, 75% within 18 months, and 100% with 24 months (with an allowance for 5% contingency holdback). Named scholarships may be established within the General Scholarship Fund for initial gifts totaling \$1,000.00 or more. The School Committee shall formally approve any named scholarships before they are established.

All scholarship funds received by the District will be held in a separate account and deposited in a savings bank, trust company, national bank, banking company, or cooperative bank organized under the laws of the Commonwealth, and a member of the Federal Deposit Insurance Corporation (FDIC) pursuant to Chapter 44, Sections 55 and 55B.

DIB REVOLVING FUND ACCOUNTS

Definition

Revolving Fund Accounts are accounts established for specific purposes as allowed by statute. Generally the revenue generated for these funds is derived from fees charged for a non-mandated service or activity.

Management

Minuteman Regional High School manages revolving funds consistent with the purpose of each fund, and revenues and expenditures are applied to the funds. All revenue received and expenditures from these funds must be specifically related to the purpose for which the fund was established. Any money left in the fund at the end of the year carries forward into the next year, and the fund remains open until the revenue generating activity ceases to exist, or is closed out to the undesignated fund balance, based on the accounting requirements of the enabling legislation of each revolving fund.

All revolving funds are required to end the fiscal year in a positive fund balance position. To the extent that a revolving fund at fiscal year-end has a deficit fund balance, said deficit amount will reduce the undesignated fund balance. The amount of the deficit will be applied as a reduction to the Excess and Deficiency fund balance as of the date of the annual certification of the Excess and Deficiency account by MA Department of Revenue.

School Committee Approval

While the budgets for these funds are not subject to the annual adoption/approval process required by general fund budgets, a summary of the revolving fund budget by fund will be presented to the School Committee prior to the beginning of each fiscal year, and acceptance of the revolving fund budget will require a majority vote of the School Committee. It is the responsibility of the School Committee, or an appointed subcommittee, to require a review of the Revolving Funds periodically.

District Revolving Funds

Revolving Funds utilized by the District are listed below, with the statutory reference for each fund:

School Lunch – The activities of this fund relate to operation of the school lunch program. Revenue is generated from sales of lunch and other meals, and school lunch grant funds. The fund balance at the end of the fiscal year is carried forward to the next fiscal year. A separate

bank account must be maintained for this revolving fund. (MGL Ch. 548 of the Acts of 1948)

School Rental Fund – This fund contains receipts collected for the rental of school-owned facilities and space, including, but not limited to, such spaces as: the Mill St. properties, the Energy House, and the Day Care Center. Expenditures from the fund are permitted for the upkeep of the facilities, including custodial costs, utilities, and ordinary repairs and maintenance. A cost allocation methodology for utility and other indirect costs can be used to charge a portion of these costs to this fund, subject to the approval of said allocation by the School Committee. At the end of the fiscal year, the remaining balance in excess of those funds required for the upkeep of the facilities shall be paid into the excess and deficiency fund as unencumbered funds. (MGL Ch. 71, Sec. 16(r))

Use of School Property – The school district is authorized to permit use of the facility, and user fees and charges may be collected for such rentals within this revolving fund. The proceeds of these fees can be used for the upkeep of the facility, including custodial costs, utilities, ordinary repairs and maintenance. The fund balance at the end of the fiscal year is carried forward to the next fiscal year. (MGL Ch. 71, Sec. 71E)

Vocational Education Program Receipts – This account represents individual revolving funds to support the vocational/technical programs provided to the public by sales of program products and services. The fund balance at the end of the fiscal year is carried forward to the next fiscal year. (MGL Ch. 74, Sec. 14B)

Adult Education and Continuing Education – This fund is used to support the Community Education and Post Graduate programs, including Summer School and Youth Programs. All fees for enrollment and program fees are deposited to this fund, and the fund balance at the end of the year carries forward into the next fiscal year. (MGL Ch. 71, Sec. 71E)

Non-Resident Student Tuition – This account relates to the non-resident tuition set by the Commissioner of the Department of Elementary and Secondary Education, and approved by the School Committee that is charged for each non-resident student attending the school district. Said funds can be used for educational expenditures and instructional equipment. The fund balance at the end of the fiscal year is carried forward to the next fiscal year. (MGL Ch. 71, Sec. 71F)*

DIBA STUDENT ACTIVITY ACCOUNTS

A. Overview

The School Committee recognizes that students should have an opportunity to participate in appropriate co-curricular activities as part of their educational experience. The raising and expending of activity money by student activities organizations shall be for the purpose of promoting the general welfare, education, and morale of all students through the financing of recognized co-curricular activities of the student body. The raising and expending of such money by students to support these authorized activities should be governed by controls that safeguard these monies and follow sound business guidelines. This policy is intended to establish guidelines and procedures for such student activity accounts in compliance with Chapter 71 Section 47 of the Massachusetts General Laws.

B. Accounting – Student Activity Account

A separate account will be established on the School District general ledger for each Student Activity account. The general ledger account will record revenue collected, expenditures made, and interest earned by the student activity account. All bookkeeping functions will be the responsibility of the Business Office.

The School Committee shall authorize the Business Office to receive money in connection with the conduct of recognized student activities and to deposit said money with the District Treasurer. The funds shall be deposited into the School District Student Activity Fund Bank account. Any monies paid as commissions or revenue sharing to the school or to a student activity organization belong to the students and shall be deposited into the School District Student Activity Fund Bank account by the District Treasurer. Interest earned by the Student Activity funds may be allocated monthly based on the ending balance as a percent to the total fund balance each month. The Student Activity Fund Bank Account will be reconciled monthly and signed off by the Business Office and District Treasurer. As noted in BBA School Committee Bylaws, this will be included in the Treasurer's quarterly report.

Funds may be expended exclusively for student activity purposes for the student activities authorized by the School Committee and in compliance with MA General Laws. Funds shall be expended for

the benefit of the students and may not be spent to benefit the staff or to supplement the school budget

All disbursements will be paid through the regularly scheduled accounts payable warrant of the school district duly authorized by the Finance Subcommittee with all expenditures charged to the appropriate Student Activity account. The School Committee may periodically be asked to authorize the disbursement of commissions to one or more of the specific activity accounts.

C. Audit

An annual audit of the student activity funds shall be arranged by the Business Office. There shall be an audit of the Student Activity Funds, arranged by the Business Office on an annual basis, and then every three years there will be a review conducted by an independent audit firm. These audits will be based upon guidelines issued by the Massachusetts Department of Elementary and Secondary Education. The cost of the audit shall be paid by the School Committee from its budget.

D. Reporting

The Business Office will prepare quarterly reports to share with Advisors and present to the School Committee.

The School Committee will approve each student activity annually. This should be done before the start of the school year unless activities are new and created during the year. The approval should include specific funding sources and objective/mission for each activity.

E. Tax Exempt Status

All Student Activity Account purchases will be made under the district's tax-exempt number.

F. Monetary Gifts

The acceptance of gifts for student activity accounts shall adhere to the district's policy (DDA-GIFTS, GRANTS, DONATIONS, SCHOLARSHIP POLICY) on Gifts.

Monetary gifts to recognized student activity organizations will be deposited into the Student Activity Account and expended in accordance with District procedures for student activity purposes.

Gifts up to \$5,000 may be accepted by the Superintendent or his/her designee.

Gifts exceeding \$5,000 shall be authorized by separate resolutions approved by the School Committee.

G. Class Accounts at Graduation

Class accounts shall remain active after graduation for a period of ninety (90) days to allow for the payment of outstanding bills. After this period, any remaining funds shall be disbursed according to one (or more) of the following options selected by a vote of the class prior to graduation:

1. Make a specific gift to the district in the class's name using a portion or all of its funds.
2. Retain a portion or all of its funds by depositing them in a class account. In such event, prior to graduation, the class officers shall establish an account at a Massachusetts FDIC-insured bank in the name of the "Class of (Year)". A check for the designated portion of the remaining funds in the class account shall be drawn following the ninety (90) day period and shall be remitted to the Class Treasurer to be deposited in the established account. The funds thereafter shall be the responsibility of the class.
3. Distribute a portion or all of its remaining funds to other class accounts or another Student Activity account.
4. If a graduating class fails to select one or more of the foregoing options, any funds remaining after the ninety (90) day period shall be distributed evenly among the funds of active classes.

H. Inactive Funds

Inactive Accounts

For any student activity organization which is inactive for a period of three (3) years or more, and for which there have been no receipts or disbursements recorded on its behalf, the Business Office will endeavor to determine if said student activity organization remains active. Written notification to the principal by the most recent faculty advisor or the most recent student officer/treasurer for that activity, and concurrence by the principal, shall be considered reasonable evidence of discontinuance.

If an advisor or student officer/treasurer is not available, such discontinuance shall be by vote of the School Committee.

Remaining Funds

All assets (cash balances) of any recognized student activity organization that has been deemed inactive shall be determined by the Business Office and stated in writing. Disposition of said assets shall be for the benefit of the student body and shall be determined by the School Committee, but in no case shall the disposition benefit specific individuals.

I. Deficit Funds

Individual activity accounts should not be permitted to be in a deficit position because such a position becomes a liability to other individual activities or possibly to future classes. Whenever a deficit not resulting from timing exists, remedial action should be ordered by the School Committee. Possible remedial action could include funding from the following sources: School Committee appropriation, accumulated investment earnings, surpluses of inactive accounts, a gift from an activity with a surplus balance through approval of the advisor, or any other legal means.

J. Policies and Procedures

The receipt process (including standard receipts form, turnover and deposit requirements) and disbursement process (including standard disbursement form and procurement procedures) are included in Minuteman's Manual of Financial Procedures.

If credit card use is required, Minuteman's Business credit card must be used. Reimbursement of funds from personal credit cards that accrue "reward" benefits is prohibited. Disbursements that personally benefit advisors and school staff are prohibited as well.

DIBC
EXCESS AND DEFICIENCY FUND

The school district shall maintain an Excess and Deficiency (E & D) Fund. At the end of every fiscal year, any surplus or deficit in the District's general fund shall be closed to the Excess and Deficiency Fund.

Certification Process

On or before October 31 of each year, the School District shall submit to the Department of Revenue the forms and schedules as the Department of Revenue requires for the purpose of reviewing and certifying the balance in the School District's Excess and Deficiency Fund. At the discretion of the Commissioner, the Department may withhold release of all or some part of the quarterly state school aid for the School District if the School District has not filed the required forms and schedules by such date.

Use of E&D Funds

The regional School Committee may use all or part of the certified balance in the Excess and Deficiency Fund as a revenue source for its proposed budget. If the certified balance exceeds five percent of the proposed budget, the regional School Committee shall use the amount in excess of five percent as a revenue source for its proposed budget. Beyond this amount, expenditures cannot be made directly from the fund. To expend, funds must be transferred into the general budget. This action requires a majority vote of the School Committee and majority approval of member towns. To obtain this, the School Committee must send notification to member towns within fifteen days of said vote. Towns have sixty days to convene a Town Meeting to approve by two-thirds vote of the district towns or disapprove the expenditure. Failure for a town to vote disapproval within the required time period will constitute approval. (MGL Ch. 71, Sec. 16B1/2)

DJ PURCHASING

The Minuteman Regional School Committee declares its intention to purchase competitively, without prejudice, and to seek maximum educational value for every dollar expended.

All contracts for the procurement by the School District of supplies and services other than employee agreements with District employees and other than real estate, are subject to M.G.L. c. 30B and shall be made in accordance with the provisions of M.G.L.c. 30B as amended from time to time. Experience has shown that advertising for bids on low-value purchases results in unnecessary delays and additional costs to the District. Inflationary trends warrant periodic review to determine appropriate procedures for procurement.

SUPPLIES AND SERVICES

The Superintendent or designee acting in the capacity of Chief Procurement Officer will carry out the necessary duties for the District relevant to the acquisition of supplies and services. The Chief Procurement Officer will be guided by the provisions of Chapter 30B of the Massachusetts General Laws, the specific directions of the District Committee, and all other applicable state laws and regulations pertinent to executing his/her duties.

Pursuant to M.G.L.c. 30B, as currently in effect, unless otherwise provided by special law, no contract for the procurement of supplies or of a service, the actual or estimated cost of which is \$50,000 or more, except in cases of special emergency involving the health or safety of the people or their property and as permitted by 30B, shall be awarded unless bids or proposals for the same have been posted on the Minuteman Regional School District website, invited by advertisement in at least one newspaper of general circulation in the District, and posted on the COMMBUYS electronic procurement system administered by the Commonwealth of Massachusetts for not less than two weeks before bids are due, with said publications to be in accordance with the applicable provisions of c. 30B, including Section 5. Such advertisements shall state the time and place for submitting and opening sealed bids or proposals in response to said advertisement and shall reserve to the District the right to reject any or all such bids and/or proposals. No procurement shall be split or divided for the purpose of evading any provisions of Ch. 30B.

For the procurement of supplies or services of \$10,000 or over but less than \$50,000, or as required by law, except in cases of emergency involving health or safety, the School District shall

prepare a written purchase description or scope of services and solicit written quotations from at least three vendors.

On purchases and services less than \$10,000, the use of written quotations should be solicited from vendors whenever feasible or when it can be anticipated that cost savings will result using sound business practices.

GRANT-FUNDED EXPENSES

All grant-funded procurements must comply with the grant terms and conditions. Federal funds must be administered in a manner consistent with the cost principles contained within Education Department General Administrative Regulations and 2 CFR Part 200 for Federal awards.

Subrecipients of federal grant funds must follow both state and local procurement rules. State and local procurement rules are often stricter than federal requirements. Accordingly, the dollar amount limits in MA General Laws Chapter 30 B apply to procurement process using federal grant awards.

FEDERAL PROCUREMENT SYSTEM STANDARDS

The standards used in the procurement of goods and services using federal grant funds are documented in Minuteman Regional Technical Vocational School District's Grant Manual.

REAL PROPERTY

The School District's power to acquire, sell, lease, or rent real property is governed by M.G.L. Ch.30B, Sec. 16 and M.G.L. Ch. 71, Sect.16 (q) and (r), and the District shall comply with the procedures described in M.G.L. Ch.30B, Sec. 16. The power to enter into leases purchase and sales agreements, and other agreements as to acquisition of interests in real property is vested in the District School Committee rather than the Chief Procurement Officer. The District School Committee may make formal delegations of that power from time to time, to the extent permitted by law.

In the event that there is any conflict between this Policy and any provision of Ch. 30B, the terms of Ch. 30B shall control.

DLCA LONG-TERM OPEB FUNDING POLICY

In accordance with the vote of the School Committee on January 11, 2022, the Committee hereby establishes a long-term Other Post Employment Benefits (OPEB) funding policy. The Committee intends to put into action the plan described in the report of the OPEB Advisory Group, and to cushion the uncertainty in forecasting future PAYGO expenses by offsetting changes to the contributions to the OPEB Fund.

Multi-year funding strategy:

The Minuteman School Committee will establish a separate target for OPEB Fund contributions and set a multi-year schedule or plan for funding Line 5250, Retiree Insurance, that provides a significant contribution to the OPEB Fund.

Beginning in FY23, the School Committee will adopt a multi-year funding plan for budget Line 5250, Retiree Insurance.

The Finance Subcommittee shall annually review this plan and may recommend that the School Committee update the plan by vote of the Committee.

New positions – OPEB factor:

Beginning in FY24, when adding a new staff position, the School District Administration will budget for an additional contribution to the OPEB Trust Fund of \$10,000 (OPEB Factor), for each new employee that has been hired. This factor will carry forward into future Fiscal Years. The School Committee may choose to update the amount of the OPEB factor, upon a review and recommendation of a new GASB 75 Valuation Report by the Finance Subcommittee or other designee.

Aspirational Goals

As an aspirational goal, the District, in addition to annually meeting the Pay As You Go obligation for retiree health insurance premiums, shall continue to develop strategies to fulfill any unfunded OPEB liability in terms of service cost and net OPEB liability amounts.

DN SCHOOL PROPERTIES DISPOSAL PROCEDURE

The Superintendent or designee acting in the capacity as the Chief Procurement Officer will carry out the necessary duties for the District relevant to the disposition of all school property, other than real property. The Superintendent or Chief Procurement Officer will be guided by the provisions of Chapter 30B of the Massachusetts General Laws, the specific directions of the District School Committee, and all other applicable state laws and regulations pertinent to executing his/her duties.

The power to enter into leases, purchase and sales agreements, and other agreements as to the disposition of interests in real property is vested in the District School Committee rather than the Chief Procurement Officer or Superintendent. The District School Committee may make formal delegations of this power from time to time, to the extent permitted by law.

Disposal of Surplus Equipment

For disposal of equipment, the School Committee, by a majority vote, shall determine whether said equipment is surplus. The procedure for disposal is listed below.

Procedure

At a minimum, the District will publish in a newspaper with general circulation within the District a notice of public auction or online auction of surplus equipment. The notification will be published no less than two weeks prior to the auction and provide a website to access details that shall indicate the surplus equipment offered for sale, designate the location and method or website for inspection of such equipment, state the terms and conditions of sale, including the place, date, and time for the bid opening or auction, and state that the governmental body retains the right to reject any and all bids.

The Superintendent or designee acting in the capacity of the Chief Procurement Officer will award the bid to the highest responsive and responsible bidder. The Superintendent or Chief Procurement Officer shall report each transaction to the School Committee, when it occurs. The Superintendent or Chief Procurement Officer may also choose to offer surplus property to other member district towns and school districts. The ability to offer surplus property to other governmental units is not subject to the surplus supply disposal procedures of Ch. 30B.

The Minuteman Regional Vocational Technical School District desires to prevent unnecessary exposure of students, children and employees to chemical pesticides and reduce the need to rely on chemical pesticides when managing pests. It is the policy of the Minuteman Regional Vocational Technical School District to use chemical pesticides only when pests have been identified and their presence verified. Selection of treatment option or corrective actions will give priority to non-chemical actions whenever possible to provide the desired control of pests. Education of staff, students, children, employees and parents about Integrated Pest Management (IPM) will be included to achieve desired objectives. When it is determined that pesticides are needed, only those allowed by the Children's and Families' Protection Act will be used. Further, only certified and/or licensed individuals will be able to use pesticides. Our policy prohibits the use of any pesticide by unlicensed staff. It will be the school's policy to make the appropriate notification and posting as well as keep records of all pesticide use. A copy of the IPM plan will be maintained in the Superintendent's office. It will be available upon request.

EBBA ACCIDENTS AND ILLNESSES

The Minuteman Regional Vocational Technical School District maintains a Health Services Department that is available to all student and staff during the school day. The nurses assess students who become ill, or need First Aid or medication during the day. They also provide health education. Our mission is to ensure that students are school-ready each day.

Upon entering Minuteman, a current physical examination and documentation of up-to-date immunizations is required by state law. In addition, each year students and parents/guardians are responsible for completing an Emergency Form, with current emergency phone numbers. Failure to submit these documents may lead to exclusion from shop and extracurricular activities.

No public school teacher, no principal, secretary, clerk, nurse or other public school employee who, in good faith, renders emergency first aid or transportation to a student who has become injured or incapacitated in the School or on the grounds thereof shall be liable in a suit for damages as a result of such acts or omissions either for such first aid or as a result of providing such emergency transportation to a place of safety, nor shall such person be liable to a hospital for its expenses if under such emergency conditions he/she causes the admission of such injured or incapacitated student, nor shall such person be subject to any disciplinary action for such emergency first aid transportation.

A person certified as an athletic trainer or an emergency medical technician shall be on campus during the Massachusetts Interscholastic Athletic Association (MIAA) sanctioned home games, and/or as required by MIAA rules, and the expenses of such person shall be paid by the School Committee of the District. The Minuteman Regional Vocational Technical School District will cooperate with the fire department in maintaining fire-safe conditions within all school buildings and in regularly conducting fire drills for the protection of students and staff.

The Superintendent and the Principal with the assistance of the Facilities Manager have the responsibility for periodic inspection of every room, corridor, and space in the school. The purposes of these inspections are:

1. To remove any fire hazards.
2. To ensure that flammable supplies and materials are properly stored.
3. To check the condition and proper location of all fire extinguishers and alarms.
4. To ensure that there is no obstruction in any corridor or stairway.

Instructions with regard to the primary and secondary exit routes will be posted in a prominent place near the door of every room. During the fire drill all teachers and students shall vacate the buildings in an orderly manner by means of designated fire exits to places of safety on the grounds outside the buildings. Attendance shall be taken by each teacher upon reaching the assembly points.

In the event of fire, drill procedures should be followed. Teachers and administrators must act in such manner to maintain order and prevent panic.

All students who are transported by bus shall have two emergency evacuation drills from the School bus each year. These drills shall be conducted on the School grounds; the first one during the first month of school and the second one during the spring. Each drill shall include instruction in the location of emergency exits and the actual use of all exits to evacuate the bus.

EBCFA FACE COVERINGS

The Minuteman Regional Vocational Technical School District is committed to providing a safe environment as schools reopen during the COVID-19 pandemic. According to public health experts, one of the best ways to stop the spread of coronavirus while keeping members of our school community safe is the use of face masks or face coverings. Therefore, in accordance with guidance from the Center for Disease Control (CDC), the Department of Elementary and Secondary Education (DESE) and the Massachusetts Department of Public Health (DPH), the following requirements will be in place at Minuteman until further notice.

A face mask or face covering that covers the nose and mouth must be worn by all individuals in school buildings, on school grounds and on school transportation vehicles. The face covering must be made of two-ply materials and fit securely over the nose and mouth.

The CDC excuses individuals from this requirement for the following reasons.

The individual:

- is having trouble breathing
- is unconscious
- in incapacitated
- cannot remove the mask or face covering without help

Parents may not excuse their child from the face covering requirement by signing a waiver. Requests for exceptions/accommodations to this policy must be supported by appropriate documentation. Exceptions/accommodations to this policy must be approved by Minuteman's Director of Special Education and the Principal, in consultation with the School Nurse.

Face coverings will not be required when proper social distancing is enforced:

- during mask breaks.
- while eating or drinking.
- while outside.

EC BUILDINGS AND GROUNDS

Management

The School Committee's most important function is to provide for the education of children, and it recognizes that the education of children is dependent upon many factors, including a proper physical environment that is safe, clean, sanitary, and as comfortable and convenient as the facilities will permit or the use requires.

The Superintendent will establish procedures and employ such means as may be necessary to provide accurate information in regard to the nature, condition, location, and value of all property used by the school; to safeguard the property against loss, damage, or undue depreciation; to recover and restore to usefulness any property that may be lost, stolen or damaged; and to do all things necessary to ensure the proper maintenance, cleanliness, and safekeeping of school property.

The supervision over the care and safekeeping of property used by the Minuteman Regional Vocational Technical School District will be the general responsibility of the Superintendent. The Superintendent will develop a comprehensive and well-defined plan for the proper maintenance, cleanliness, and safekeeping of the school building and grounds to ensure that they are well maintained, equipped, and staffed and report to the School Committee no less than annually.

Maintenance

The Minuteman Regional Vocational Technical School Committee can "adopt an annual operating and maintenance budget." The maintenance and repair program is viewed as a continuing long-term effort to maintain the appearance and functioning efficiency of the building and grounds.

The maintenance, repair and cleaning of school facilities (building and sites) are the direct responsibility of the Director of Facilities.

Security

The School building constitutes one of the great investments of the Minuteman Regional Vocational Technical School District. It is deemed in the best interest of the district to protect the investment adequately.

Records, architectural drawings and funds shall be kept in a safe place and under lock and key when required.

Access to the school building and grounds outside of regular school hours shall be limited to personnel whose work requires it. An adequate key control system shall be established which will limit access to buildings to authorized personnel and will safeguard against the potential of entrance to buildings by keys in the hands of unauthorized persons.

The school building shall be closed and locked after the conclusion of the last school activity.

If an authorized school or community group is using the building in the evening, or on non-school days, the building shall be opened for such activity and secured again after its conclusion.

No unauthorized person or group shall be granted access to the secured building by any employee. Authorization may be granted only by the School Committee or by the Superintendent-Director and his/her staff.

Protective and preventative devices, designed to be used as safeguards against illegal entry and vandalism, shall be installed when appropriate to the individual situation.

The Minuteman Regional Vocational Technical School Committee holds as a first priority the health and safety of its students. As per statute, the Minuteman Regional Vocational Technical School Committee shall establish, maintain, operate and expand a school food service program for its pupils, may make all contracts necessary to provide material, personnel and equipment needed to carry out the provisions of the National School Lunch Act; and, if necessary, may expend funds to meet the matching requirements and any other provisions the Act, and such other acts as are provided for in section one of chapter fifteen.

EFD MEAL CHARGE POLICY

The School Committee is committed to providing students with healthy, nutritious meals each day so they can focus on school work, while also maintaining the financial integrity of meal programs and minimizing any impact on students with meal charges. However, unpaid meal charges place a large financial burden on the school district, as food services is a self-supporting entity within the district. The purpose of this policy is to ensure compliance with federal reporting requirements of the USDA Child Nutrition Program, as well as provide oversight and accountability for the collection of outstanding student meal balances.

The provisions of this policy pertain to regular priced school meals only. The School Committee will provide a regular meal to students who forget or lose their lunch money.

Meal Charges and Balances

Students will pay for meals at the regular rate approved by the School Committee and for their meal status (regular, reduced-price, or free) each day. Payment options will be delineated in student handbooks and provided to parents of incoming students. After the balance reaches zero and enters the negative, students will not be allowed to purchase a la carte items including but not limited to a second entrée, snack, ice cream, or an additional beverage. The student will still be allowed to take a meal, and that meal will continue to be charged to the account at the standard lunch rate based on their meal status. The parent/guardian is responsible for any meal charges incurred. If there is a financial hardship, a parent/guardian should contact food services directly to discuss payment options such as an individualized repayment plan.

Payments

Parents/Guardians are responsible for all meal payments to the food service program. Notices of low or deficit balances will be sent directly to parent/guardians via email or regular postal mail at regular intervals during the school year. At no time shall any staff member give payment notices to students unless that student is known to be an emancipated minor who is fully responsible for themselves or over the age of 18. If parent/guardians have issues with student purchases they should contact food services for assistance.

Parents/Guardians may pay for meals in advance. Further details are available on the school district webpage and in student handbooks. Funds should be maintained in accounts to minimize the

possibility that a child may be without meal money on any given day. Any remaining funds for a particular student, whether positive or negative, will be carried over to the next school year.

All school cafeterias possess computerized point of sale/cash register systems that maintain records of all monies deposited and spent for each student and those records are available to parents by setting up an online account (see student handbooks for more details) or by speaking with the school's food service manager. The point of sale system is designed to prevent direct identification of a student's meal status. Parents will receive automated low-balance emails or mailed notices weekly, if applicable. If notices do not result in payment, parents will receive a phone call from food services. If the phone call does not result in payment the food service manager shall turn the account over to the business office.

Refunds

Withdrawn and/or graduating students will receive a refund of any money remaining in their account in excess of \$1.00. Graduating students also have the option to transfer funds to a sibling's account or to donate to a student in need with a written request.

Delinquent Accounts/Collections

Failure to maintain up to date accounts may result in a delay of a student's extra-curricular school services, especially those that are fee based. Graduating seniors must be signed off on their graduation paperwork by the Food Services Department, clearing them of any negative debt, or they may lose the ability to participate in certain graduation related activities.

The Superintendent shall ensure that there are appropriate and effective collection procedures and internal controls within the school district's business office that meet the requirements of law.

If a student is without meal money on a consistent basis, the administration may investigate the situation more closely and take further action as needed. If financial hardship exists, parents and families are encouraged to apply for free or reduced price lunches for their child. Each school handbook shall contain detailed instructions for parental assistance.

Policy Communications

This policy shall be communicated to all staff and families at the beginning of each school year and to families transferring to the district during the year.

SEXUAL HARASSMENT

Students are protected from sexual harassment by federal law, specifically Title IX of the Education Amendments of 1972. Courts have found sexual harassment to be a form of sex discrimination. Sexual harassment includes harassment based on sex, sexual orientation or gender identity. School employees are also protected from sexual harassment by federal law, Title VII of the Civil Rights Act of 1964.

It is the policy of the Minuteman Regional Vocational Technical School District to maintain an instructional and working environment that is free from sexual harassment of any kind. For the purposes of this policy, “instructional and working environment” includes, without limitation, school-sponsored social events, trips, and sports events, work-related travel, and similar events connected with school or employment.

The Minuteman Regional Vocational Technical School District Public Schools strictly enforces a prohibition against sexual harassment of any of its students or employees by anyone, including any fellow student, teacher, supervisor, co-worker, vendor, or other third party, as such conduct is contrary to the mission of the Minuteman Regional Vocational Technical School District and its commitment to equal opportunity in education and employment. Sexual harassment of students and/or employees interferes with learning and will not be tolerated. It is a violation of this policy for any board member, employee, parent, student, vendor, or other individual doing business with the District to harass another employee or student through conduct or communication of a sexual nature.

Students and employees who believe they have experienced or witnessed sexual harassment should notify the District's Civil Rights/Title IX Coordinator for investigation. Minuteman employees who witness sexual harassment or have a reasonable belief that it is occurring are required to report it immediately to the school's Civil Rights/Title IX Coordinator for investigation. The Coordinator's work address is 758 Marrett Road, Lexington, MA 02421. The Coordinator's telephone number is 781-861-6500 x7301.

Investigation:

All complaints shall be processed in a fair, expeditious and confidential manner. The Civil Rights/Title IX Coordinator has authority to investigate all complaints. Complaints should be made promptly, within a short time after the occurrence giving rise to the complaint, to assure a prompt investigation and fair resolution.

A student who believes that he/she is the victim of sexual harassment may report the matter to a teacher, counselor, or administrator. Any employee receiving a report of sexual harassment must

immediately notify the Assistant Principal, who will in turn notify the Civil Rights/Title IX Coordinator. As an alternative, any student or employee may report directly to the Assistant Principal or the Coordinator. If the complaint concerns allegations against the Coordinator, then the complaint should be brought to the Superintendent. Employees are expected to take every report of sexual harassment seriously and to understand the reporting procedures.

All complaints will be thoroughly investigated by the Coordinator, the Superintendent, and/or the Coordinator's or Superintendent's designee. Both the complainant and the subject of the complaint will be interviewed and given a full opportunity to state their case through the presentation of witnesses and other evidence. Witnesses and other persons relevant to the complaint, if any, may also be interviewed. A record will be kept of each investigation.

When handling an investigation with the accused harasser:

- a) there will be a third-party faculty member present at discussions with the accused (preferably a supportive faculty member of the same sex as the accuser); and
- b) the investigating group will be as small as possible to protect the privacy of both parties.

Both the complainant and the subject of the complaint will be informed of the result of the investigation, in writing, in a manner consistent with federal and state law.

Disciplinary Action:

If a complaint is substantiated, the Coordinator will act promptly to eliminate the behavior and will refer the matter to the proper supervisor or administrator for appropriate responsive measures, including but not limited to disciplinary action. For students, discipline will be imposed consistent with the student code of conduct and state laws and regulations. Discipline of school staff will be consistent with collective bargaining procedures, if applicable, and may include reprimand, suspension from employment, or discharge. Responsive measures will also include any steps necessary to prevent the recurrence of any discrimination and/or harassment, and will include corrective action aimed at eliminating any discriminatory effects on the complainant and others, as appropriate.

Retaliation Prohibited:

Retaliation in any form against any person because of or related to a sexual harassment or retaliation complaint, or because of or related to cooperation with an investigation of a sexual harassment or retaliation complaint, is unlawful and prohibited. If it occurs, it could be considered grounds discipline, up to and including suspension and/or discharge for employee(s), and suspension and/or expulsion from the school for student(s).

Confidentiality:

Reports of sexual harassment should be kept completely confidential, involving as few people as possible, with the primary goal of stopping any unacceptable behavior while protecting the rights of both parties.

Any student who has been a victim of sexual harassment at Minuteman will have the opportunity to speak with the School Social Worker or School Psychologist. This can be arranged by his/her Guidance Counselor or the Civil Rights/Title IX Coordinator. Such referrals will be kept confidential.

Additional Reporting:

In certain cases, harassment, especially sexual harassment, of a student may constitute child abuse under Massachusetts law. The District will comply with all legal requirements governing the reporting of suspected cases of child abuse. The District will also report instances of sexual harassment that may involve a crime to law enforcement authorities in a manner consistent with applicable law.

In addition to the above, if an employee believes he/she has been subjected to sexual harassment, a formal complaint may be filed with either or both of the government agencies set forth below. Using the Minuteman Regional Vocational Technical School District's complaint process does not prohibit the employee from filing a complaint with these agencies. Each of the agencies has a short time period for filing a claim (EEOC - 180 days; MCAD - 300 days).

- A. The birth of a child and/or in order to care for such child or in placement of a child with the employee for adoption or foster care (leave taken for this reason must be taken within the 12 month period following the child's birth or placement with the employee): or
- B. In order to care to an immediate family member (spouse, child or parent) of the employee if such immediate family member has a serious health condition: or
- C. The employee's own serious health condition that makes the employee unable to perform the functions of his position.

Definitions

- A. 12 Month Period – means a rolling 12 month period measured backward from the date the leave is taken and continuous with each additional leave day taken.
- B. Spouse – does not include unmarried domestic partners. If both parties work for the School District their total leave in any 12 month period may be limited to an aggregate of 12 weeks if the leave is taken for either the birth or placement for adoption or foster care of a child or to care for a sick parent.
- C. Child – means a child under 18 years of age, or 18 years of age or older who is incapable of self care because of mental or physical disability. An employee's child is one for whom the employee has actual day-to-day responsibilities for care and include a biological, adopted, foster, or stepchild.

2. Any period of incapacity requiring absence from work for more than (3) three calendar days and that involves continuing treatment by a health care provider; or
3. Continuing treatment by a health care provider for a chronic or long-term health condition that is incurable or which, if left untreated, would likely result in a period of incapacity of more than three (3) calendar days; or
4. Prenatal care by health care provider.

E. Continuing Treatment Means

1. Two (2) or more visits to a health care provider; or
2. Two (2) or more treatments by a health care practitioner on referral from, or under the direction of, a health care provider; or
3. A single visit to a health care provider that results in a regimen of continuing treatment; or
4. A serious, long-term or chronic condition or disability that cannot be cured, being under the continuing supervision or, but not necessarily being actively treated by, a health care provider.

Coverage and Eligibility

To be eligible for family/medical leave an employee must:

1. Have worked for the District for at least twelve (12) months; and
2. Have worked at least 1250 hours for the District over the previous twelve (12) month period.
3. Eligibility requirement may be waived by the Superintendent.

Intermittent or Reduced Leave

- A. An employee may take leave intermittently (a few days or a few hours at a time) or on a reduced leave schedule to care for an immediate family member with a serious health condition or because of a serious health condition of the employee when “medically necessary.”

1. “Medically necessary” means there must be a medical need for the leave and that the leave can best be accomplished through an intermittent or reduced leave schedule.
 2. The employee may be required to transfer temporarily to a position with equivalent pay and benefits that better accommodates recurring periods of leave when the leave is planned based on scheduled medical treatment.
- B. An employee may take leave intermittently or on a reduced leave schedule for birth or placement for adoption or foster care of a child only with the Employer’s consent.
- C. For part-time employees with family and medical leave entitlement is calculated on a pro rata basis. A weekly average of the hours worked over the twelve (12) weeks prior to the beginning of the leave will be used for calculating the employee’s normal work schedule.

Notice Requirement

- A. An employee is required to give thirty (30) days notice in the event of a foreseeable leave. A “Request for Family/Medical Leave” form (obtained from the Business Office) must be completed by the employee and returned to the Business Office. In unexpected or unforeseeable situations, an employee must provide as much notice as is practicable, usually verbal notice within one or two business days of when the need for leave becomes known, followed by a completed “Request for Family/Medical Leave” form.
- B. If an employee fails to give thirty (30) days notice for a foreseeable leave with no reasonable excuse for the delay, the leave will be denied until thirty (30) days after the employee provides notice.

Medical Certification

- A. For leaves taken because of the employee’s or a covered family member’s serious health condition, the employee must submit a completed “Physician or Practitioner Certification” form (obtained from the Business Office) and return the certification to the Business Office. Medical certification must be provided by the employee within fifteen (15) days after requested, or as soon as is reasonably possible.

- C. All documentation related to the employee's or family member's medical condition will be held in strict confidence.

Effect on Benefits

- A. An employee granted leave under this policy will continue to be covered under the District group health insurance, life insurance or long term disability plan under the same conditions as coverage would have been provided if he had been continuously employed during the leave period.
- B. Employee contributions will be required either through payroll deduction or by direct payment to the Business Office. The employee will be advised in writing at the beginning of the leave period as to the amount and method of payment. Employee contribution amounts are subject to change in rates that occurs while the employee is on leave.
- C. If an employee's contribution is more than thirty (30) days late, the District may terminate the employee's insurance coverage.
- D. If the District pays the employee contributions missed by the employee while on leave, the employee will be required to reimburse the District for delinquent payment (on a payroll deduction schedule) upon return from leave. The employee will be required to sign a written statement at the beginning of the leave period authorizing the payroll deduction for delinquent payments.
- E. If the employee fails to return from unpaid family /medical leave for reasons other than (1) the continuation of a serious health condition of the employee or a covered family member or (2) circumstances beyond the employee's control (certification required within thirty (30) days of failure to return for either reason), the District may seek reimbursement from the employee for the portion of the premiums paid by the District on behalf of that employee (also known as the employer contribution) during the period of leave.

Job Protection

- A. If the employee returns to work within twelve (12) weeks following a family/medical leave, he will be reinstated to his former position or any equivalent position with equivalent pay, benefits, status and authority.
- B. The employee's restoration of rights are the same as they would have been had the employee not been on leave. Thus, if the employee's position would have been eliminated or the employee would have been terminated but for the leave, the employee would not have the right to be reinstated upon return from leave.

GBD SCHOOL COMMITTEE-STAFF COMMUNICATIONS

The basic line of communication between the School Committee and the staff will be through the Superintendent.

Staff Communication to the School Committee

All communications or reports to the Committee or any of its subcommittees from Principals, supervisors, teachers, or other staff members will be submitted through the Superintendent. This procedure does not deny the right of any employee to appeal to the Committee for administrative decisions on important matters, except those matters that are outside of the Committee's legal authority, provided the Superintendent has been notified of the forthcoming appeal and that it is processed in accordance with the Committee's policy on complaints and grievances. Staff members are also reminded that Committee meetings are public meetings. As such, they provide an excellent opportunity to observe firsthand the Committee's deliberations on problems of staff concern.

School Committee Communications to Staff

All official communications, policies, and directives of staff interest and concern will be communicated to staff members through the Superintendent. The Superintendent, working with the Principal, will develop appropriate methods to keep staff informed of the Committee's concerns and actions.

Visits to the School

Individual School Committee members interested in visiting the school or classrooms will inform the Superintendent of such visits and make arrangements for visitations through the Principal. Such visits will be regarded as informal expressions of interest in school affairs and not as "inspections" or visits for supervisory or administrative purposes. Official visits by Committee members will be carried on only under Committee authorization.

ONLINE FUNDRAISING AND SOLICITATIONS – CROWDFUNDING

School District employees shall comply with all of the following provisions relating to online solicitations and the use of crowdfunding services for school-related purposes as well as all applicable laws, regulations and district policies. Crowdfunding services are defined as any online service used for the solicitation of goods, services, or money from a large number of people via the internet or other electronic network. Examples include GoFundme, Kickstarter, Indiegogo, YouCaring, and DonorsChoose. No online fundraising may occur except as provided below.

The Superintendent shall have final authority to approve any online fundraising activities by school district employees and shall determine and communicate to Principal the circumstances under which online fundraising proposals shall require Superintendent or School Committee approval in accordance with law and school district policy (KCD). The Principal shall approve all online fundraising activities prior to any employee posting any such fundraising solicitation.

Any solicitation shall be for educational purposes only (field trips, student activities and clubs, athletic activities, supplies, supplemental materials, books, etc.). The solicitation of personal items (coats, nutritional snacks, etc.) shall only be to benefit students directly. To the extent an employee solicits any technology or software, the employee shall secure the prior written approval of the Director of Technology or designee prior to any such solicitation. Any employee seeking to display or post a photograph of a student in conjunction with a fundraising solicitation must first secure the written consent of the student's parent or guardian.

Employees shall not use a crowdfunding source, or set up their appeal in such a way, that they are asking for donations directly from people over whom the employee making the request has authority, or with whom the public employee is having official dealings (such as parents of student's in a teacher's classroom - the solicitation can say "Classroom X needs tissues and crayons," but it shouldn't be directed to parents who have shared email addresses with the teacher for purposes of communicating about their student).

Employees using crowdfunding services shall periodically disclose in writing to the Superintendent the names of all individuals whom the employee has directly solicited in any manner including but not limited to oral, written, or electronic solicitation. The Superintendent shall maintain these disclosures as public records available for public review.

Employees may only use crowdfunding services that send the items or proceeds solicited by the employee directly to the employee's school or to the school district. Employees must verify under the crowdfunding service's terms and conditions that they meet all requirements for such solicitation. Items or proceeds directly sent to employees are considered gifts to the employee and may result in violation of state ethics laws.

If an employee's proposal is approved by the crowdfunding service, the employee agrees to use the donated materials solely as stated in the employee's proposal.

If a solicitation is not fully funded within the time period required by the crowdfunding service, or the solicitation cannot be concluded for any reason, every attempt will be made to return donations to the donors. Donations unable to be returned shall only be used as account credits for future solicitations.

Unless otherwise approved by the Superintendent in writing, all goods and/or proceeds solicited and received through any online solicitation shall become the property of the School Committee, and not of the individual employee who solicited the item(s) or funds. PROFESSIONAL STAFF POSITIONS

The Minuteman Regional Vocational Technical School District has no fixed number of professional position descriptions. The number of such positions is determined by the Superintendent. Position descriptions are required for every employee position in the School District. A position description should apply to each major type or kind of position. The District should classify all of its employees into “groups” or “types” to the extent possible.

Whenever possible, the “major responsibilities” should be written in a single, “non-subdivided” list. For positions in which the role is unduly complex, a limited number of “major responsibilities” should be listed with the specific duties listed as sub-points under each major responsibility.

In the event of a vacancy in any position, it may be appropriate to update the list of responsibilities.

2. Means by which the objectives are to be accomplished: conferences, workshops, conventions, academic courses, sabbatical leaves, and individual reading and study program.
3. Activities above and beyond the ordinary which will support an administrator's growth as a professional educator: leadership in a professional group, curriculum construction, businesses and industries, educational travel and visitations participating in team efforts to introduce educational improvements, and planning and carrying out other research and development activities.
4. Provisions for a desirable balance between time spent in professional growth activities and the time required for carrying out the responsibilities of the position.
5. Provisions for recording and evaluating professional growth activities with the view of giving credit in the evaluation of an administrator for his/her efforts to grow professionally.

IHBCA PROGRAMS FOR PREGNANT AND PARENTING STUDENTS

Pregnant students are protected under Title IX of federal law and are permitted to remain in regular classes and participate in extracurricular activities with non-pregnant students throughout their pregnancy, and after giving birth they are permitted to return to the same academic, vocational and extracurricular program(s) as before the leave.

It is the expectation and the understanding of administrators and faculty that pregnant students will stay in school and fully participate in academic and vocational classes and extracurricular activities, unless deemed inappropriate and unsafe by a physician. Students are only allowed to be out of school and tutored at home at the express direction of their physician. Vocational program environments and/or specific tasks, if considered inadvisable for a pregnant student, may be waived for the period of time necessary, and alternative assignments given. Pregnant students are entitled to accommodations necessary to allow them to progress in the educational curriculum while providing for a safe, secure and healthy pregnancy. Accommodations, if recommended by a doctor and approved by the Principal, may include, among others:

- Door-to-door transportation to and from school.
- Change in schedule to start later in the morning or leave earlier in the day.
- Permanent bathroom pass.
- Supplemental, at-home or hospitalized tutoring.

Parenting Students

After the birth of the child, should any extended leave of absence from school be needed for either a new mother or father, a doctor's letter of advisement and support would be required. Homebound and hospitalized instruction may then be provided where a student has given birth, and where a physician has certified that homebound or hospitalized instruction is in the new mother's best interest, and should continue for a specified, but limited period of time. Such specified, but limited instruction is allowed for either the new mother or father and can be at the student's home or another mutually convenient place (Minuteman itself, local library, community center, etc.) and must address the following criteria:

- Absence must be at least three weeks' duration.
- Such instruction shall begin no later than two weeks from the first day of absence.

HOMEBOUND INSTRUCTION POLICY

Minuteman Career & Technical High School will furnish home/ hospital educational instruction to those students who are unable to attend classes for 14 school days due to a physical injury, medical situation, or a severe emotional problem. The Massachusetts regulation requiring educational services in the home or hospital is 603 CMR 28.03(3)(c). It reads as follows:

Upon receipt of a physician's written order verifying that any student enrolled in a public school or placed by the public school in a private setting must remain at home or in a hospital on a day or overnight basis, or any combination of both, for medical reasons and for a period of not less than fourteen school days in any school year, the principal shall arrange for provision of educational services in the home or hospital. Such services shall be provided with sufficient frequency to allow the student to continue his or her educational program, as long as such services do not interfere with the medical needs of the student. The principal shall coordinate such services with the Administrator for Special Education for eligible students. Such educational services shall not be considered special education unless the student has been determined eligible for such services, and the services include services on the student's IEP.

To qualify for this service, the student needs to complete the appropriate State form: Temporary Home & Hospital Physicians Statement Form completed by a medical doctor requesting the home / hospital educational instruction, stating the reasons why, and estimating the time the student will be out of school and potential return date. This form is available through the Special Education Department and when completed, needs to be sent to the school's Administrator of Special Education.

Educational instruction, provided in a home/hospital setting, is offered in core academic subjects and in subjects that do not require laboratories and/or specialized equipment. The instruction is designed to provide maintenance in the core academic courses so that when the student returns to school, he/she will not be at a disadvantage because of the illness or hospitalization.

In all cases, home/hospital educational instruction is subject to the availability of a qualified instructor.

IMG ANIMALS IN SCHOOL

No animal shall be brought to school without prior permission of the building Principal. The Minuteman Regional Vocational Technical School District is committed to providing a high quality educational program to all students in a safe and healthy environment.

School Principals, in consultation with the Health Services Providers in each building, shall utilize the Department of Public health publication "Guidelines for Animals in Schools or on School Grounds" and review student health records to determine which animals may be allowed in the school building. The decision of the Principal shall be final.

Educational Program

Use of animals to achieve specific curriculum objectives may be allowed by the building Principal provided student health and safety are not jeopardized and the individual requesting that the animal be brought to school is responsible for adhering to the "Guidelines for Animals in Schools or on School Grounds" and any other conditions established by the Principal to protect the health and well-being of students.

Student Health

The health and well-being of students is the District's highest priority. Animals may cause an allergic reaction or otherwise impair the health of students. No animals may be brought to school or kept in the school, classroom, office or common area that may negatively impact the health of any student who must utilize that area. Animals that cause an allergic reaction or impair the health of students shall be removed from the school immediately so that no student shall have his/her health impaired and each student shall have full access to available educational opportunities.

Animals Prohibited from School

Rabies is a growing problem and any fur-bearing animal is susceptible to this very serious fatal disease. Infected animals can transmit this disease to students and staff. Based on the Massachusetts Departments of Health and Education recommendations the following animals are prohibited from schools within the Minuteman Regional Vocational Technical School District.

Wild Animals and Domestic Stray Animals - Because of the high incidence of rabies in bats, raccoons, skunks, foxes and other wild carnivores, these animals should not be permitted in school buildings under any circumstances (including dead animals).

Fur-Bearing Animals (pet dogs*, cats, wolf-hybrids, ferrets, etc.,) - These animals may pose a risk for transmitting rabies, as well as parasites, fleas, other diseases and injuries.

Bats - Bats pose a high risk for transmitting rabies. Bat houses should not be installed on school grounds and bats should not be brought into the school building.

Poisonous Animals - Spiders, venomous insects and poisonous snakes, reptiles and lizards are prohibited for safety reasons.

***Exception: Guide, Hearing and Other Service Dogs or Law Enforcement Dogs** - These animals may be allowed in school or on school grounds with proof of current rabies vaccination.

Exceptions may be made with the prior approval of the Superintendent of Schools.

Service Animals (Guide or Assistance Dogs)

The Minuteman Regional Vocational Technical School Committee does not permit discrimination against individuals with disabilities, including those who require the assistance of a service animal. The District will comply with Massachusetts law concerning the rights of persons with guide or assistance dogs and with federal law and will permit such animals on school premises and on school transportation.

For purposes of this policy, a “service animal includes any dog that has been individually trained to do the work or perform tasks for the benefit of an individual with a disability.” The regulations further state that “a public entity shall make reasonable modifications in policies, practices, or procedures to permit the use of a miniature horse by an individual with a disability if the horse has been individually trained to do work or perform tasks for the benefit of the individual with the disability”.

Service animals perform some of the functions and tasks that individuals with disabilities cannot perform themselves. Service animals are not pets. There are several kinds of service animals that assist individuals with disabilities. Examples include, but are not limited to, animals that:

- assist individuals who are blind or have severe sight impairments as “seeing eye dogs” or “guide dogs”,

- alert individuals with hearing impairments to sounds;
- pull wheelchairs or carry and pick-up items for individuals with mobility impairments; and
- assist individuals with mobility impairments with balance.

The District shall not assume or take custody or control of, or responsibility for, any service animal or the care or feeding thereof. The owner or person having custody and control of the dog shall be liable for any damage to persons, premises, property, or facilities caused by the service animal, including, but not limited to, clean up, stain removal, etc.

If, in the opinion of the School Principal or authorized designee, any service animal is not in the control of its handler, or if it is not housebroken, the service animal may be excluded from the school or program. The service animal can also be excluded if it presents a direct and immediate threat to others in the school. The parent or guardian of the student having custody and control of the dog will be required to remove the service animal from District premises immediately.

If any student or staff member assigned to the classroom in which a service animal is permitted suffers an allergic reaction to the animal, the person having custody and control of the animal will be required to remove the animal to a different location designated by the Building Principal or designee and an alternative plan will be developed with appropriate District staff. Such plan could include the reassignment of the person having custody and control of the animal to a different classroom assignment. This will also apply if an individual on school transportation suffers an allergic reaction. In this case, an alternate plan will be developed in coordination with appropriate school, District, and transportation staff including the involvement of the parents/guardian of the student.

When a student will be accompanied by a service animal at school or in other District facilities on a regular basis, such staff member or such student's parent or guardian, as well as the animal's owner and any other person who will have custody and control of the animal, will be required to sign a document stating that they have read and understood the foregoing.

The Superintendent of Schools or his/her designee shall be responsible for developing procedures to accommodate a student's use of an assistance dog in District facilities and on school transportation vehicles.

A victim may also be someone reasonably affected by conduct directed toward another individual.

JF ADMISSIONS POLICY

Please call the Guidance Office at the school if you would like this document translated into a language other than English.

I. INTRODUCTION

Minuteman High School (Minuteman) is a public vocational technical school located on a scenic campus in Lexington and Lincoln, Massachusetts. Minuteman Regional Vocational Technical School District (District) is accredited by the New England Association of Schools and Colleges. Minuteman is committed to providing quality vocational technical programs to the students of the communities it serves.

An admission process is necessary in vocational technical schools where space is a limiting factor. Vocational technical program majors are designed and equipped to serve a specific maximum number of students safely. Consequently, a complex of such shops and laboratories may lack both the space and flexibility to accommodate all applicants during some years. Therefore, a selection process is necessary. All applicants to grades nine through twelve at Minuteman will be evaluated using the criteria contained in this Admissions Policy.

II. EQUAL EDUCATION OPPORTUNITY

The District admits students and makes available its advantages, privileges, and courses of study without regard to race, color, sex, religion, national origin, sexual orientation, disability, homeless status, or gender identity and expression, ancestry, genetic information, or marital/parental status.

Students with limited English proficiency may request that a qualified representative from Minuteman assist them in completing the necessary forms and all necessary forms will be provided in the applicants preferred language upon request. Applicants may also request an interpreter during the entire application and admissions process.

Students with disabilities may voluntarily self-identify for the purpose of requesting reasonable accommodations during the entire application and admission process.

Minuteman Regional Vocational Technical School District

Information on limited English proficiency and disability submitted voluntarily by the applicant, for the purpose of receiving assistance and accommodations during the entire application and admission process, will not adversely affect the applicant's admission to the school.

III. ELIGIBILITY

Resident Students

Any eighth, ninth, or tenth grade student who is a resident of the District, and who expects to be promoted by their local district into the grade they seek to enter, is eligible to apply for fall admission or admission during the school year, subject to availability of openings at Minuteman. Resident students will be evaluated using the criteria contained in this Admissions Policy. The District gives priority for admission to resident students according to this policy, the District Regional Agreement, and state laws and regulations.

Nonresident Students

Students who are not residents of the District are given lowest priority in the selection process. All nonresident applicants must file a *Chapter 74 Vocational Technical Nonresident Student Tuition Application* with the Superintendent of their district-of-residence in accordance with the Massachusetts Department of Education *Guidelines for the Vocational Technical Education Program Nonresident Student Tuition Process* pursuant to M.G.L. c. 74. <https://www.doe.mass.edu/ccte/cvte/admissions/default.html> April 1st is the deadline for this application to be filed with the local Superintendent of the nonresident community. Nonresident students will be evaluated using the criteria contained in this Admissions Policy. The Superintendent will submit a recommendation to accept or not accept out of district applications on a yearly basis. The School Committee will vote on this recommendation.

School Choice:

The District does not participate in the School Choice Program, unless the School Committee's annual required vote on the program determines otherwise.

McKinney – Vento: The District complies with federal law to ensure that all homeless children and youth have equal access to the same free, appropriate public education as provided to other children and youth. Minuteman has a designated staff person to serve as the Homeless Education Liaison, whose role it is to assist homeless children to enroll in school and to receive the educational services for which they are eligible, and to ensure that homeless youth participate fully in the opportunities at Minuteman without segregation or stigmatization.

Home Schooled Students: Students presently being formally home schooled may apply for admission to Minuteman, including admission to Minuteman during the school year, provided all Admissions Policy Criteria are followed. Home schooled students will be evaluated on a recommendation at 35%, work sample, portfolio, or grades from an online class with a course description at 35%, and individual student interview at 30%.

IV. ORGANIZATIONAL STRUCTURE

The District is governed by a Regional Agreement that recognizes a School Committee composed of one member with residency consideration from each member town. The District is administered by a superintendent. It is the responsibility of the District Superintendent to supervise the administration of the policies and procedures required to admit and enroll applicants in conformity with this Admissions Policy. The District has an admissions committee assigned by the Superintendent.

To ensure that students from the member towns can attend the school, the District will establish an annual minimum number of seats designated for each member town. Annually, the Admissions Committee makes a recommendation to the School Committee regarding the number of seats available for new students for the coming school year, and minimum number of seats reserved for each member town. Using the voting structure required by the Regional Agreement the school committee will vote on the slot allocation yearly at the June meeting. These allocations may vary from year to year.

Minuteman has an Admissions Director appointed by the Superintendent. Responsibilities of the Admissions Director include:

- a. Determination of standards for admission in a manner consistent with state and federal law and with approval of the school committee
- b. Development and implementation of admission procedures
- c. Providing guidance to staff involved in the admissions process on implicit bias and best practices to avoid it
- d. Overseeing the processing and ranking of applications
- e. Acceptance of students according to the procedures and criteria in the Admissions Policy

- h. Overseeing that the admissions policy is published annually and posted on the school website
- i. Review available data to identify any awareness or opportunity gaps

V. RECRUITMENT

Minuteman disseminates information about the school through a variety of methods.

- Minuteman Staff provide informational presentations on-site to 8th grade classes in member town schools from September to November as well as through email and mail.
- Interested students from the member town schools visit Minuteman during scheduled tour days.
- An Open House is scheduled during the fall and/or winter. Prospective students and their parents/guardians have an opportunity to visit all the vocational-technical programs and speak with teachers about course offerings.
- Parents/guardians may request individual visits, mini-tours and informational sessions.
- Prospective students are also given the opportunity to shadow a present Minuteman student within their desired career/technical major. The visiting student may shadow a single career/technical major during a shadow day. All shadow days must be preapproved by the Admissions Director and a parent/guardian.
- Prospective students and their parents/guardians are encouraged to visit the Minuteman website (www.minuteman.org) for a complete viewing of the school's educational philosophy and mission, academic and vocational-technical programming, and campus life activities. The admissions policy and procedures are also available on the website. A printed copy of the admissions policy can be obtained by contacting the Admissions Office at 781-861-6500.

The Admissions Director may require an applicant verify legal residency within the District.

- a. For applications to grade 9: Once Minuteman receives a completed application, Minuteman will send the applicant's present school a "Request for Records" form. This is an official request to receive information related to the Selection Criteria (Section VII). This includes math, ELA, science and social studies grades from 7th and 8th grade (to date), 7th and 8th grade Attendance Report of absences (to date), 7th and 8th grade Discipline Record (to date), and a recommendation from any school staff or other adult qualified to assess the student's potential for success in vocational technical education.

FOR TRANSFER ADMISSION DURING THE CURRENT SCHOOL YEAR INTO THE 9th, 10th, or 11th GRADE

Students from other schools are eligible to apply for transfer admission to Minuteman during the current school year to grades 9 through 11. Transfer students will be evaluated using the criteria contained in this Admissions Policy.

Transferring to Minuteman during the current school year will be allowed only as space is available in specific vocational programs, as determined by the school administration. The applicant follows the admissions process described above.

The Admissions Director may require an applicant to verify legal residency within the District.

FOR TRANSFER ADMISSION FROM ANOTHER CHAPTER 74 APPROVED PROGRAM

Applications from students who are enrolled in a Chapter 74 state-approved vocational technical education program in another school (transfer students) will be considered for admission (including admission during the school year), if they wish to pursue the same program of study at Minuteman.

Students who currently reside in or relocate into a member community of the District will follow the admissions procedures stated above.

LATE APPLICATIONS

Applications received after the deadline set annually by the Admissions Office will be evaluated using the same criteria as other applications. Students whose applications are late but who meet the criteria for admission will be considered only after qualified students who met all deadlines. If the school is projected to be full, qualified late applicants will be placed on the waiting list.

WITHDRAWN STUDENTS

Students who withdraw from Minuteman and who are either attending or not attending another high school may reapply to Minuteman following the procedure contained in this Admissions Policy and will be evaluated according to the criteria contained in this policy.

All “incomplete” grades that appear on a transcript must be graded appropriately within ten (school) days of receiving the transcript/report card.

Because different schools use different grading systems Minuteman will accept and review all transcripts. Transcripts that use a standards based, narrative, or other grading system will be translated into a letter grade by the admissions team.

Any applicant and/or parent/guardian requesting interpretation assistance or other reasonable accommodations will be provided with such assistance. Interviewers are the Assistant Principal and at times other members of the admission team. They use a standard interview form with standardized questions. Each applicant is asked every question the same way. Interviewers are instructed not to vary the questions to preserve validity. The five interview questions were independently reviewed for inclusiveness and anti-bias.

After points are given in each area, the points are totaled for each applicant. A maximum point total of one hundred (100) can be earned.

A completed application includes a completed application form, the receipt of all required records from the sending school, a Minuteman Recommendation Form, and an interview with the Admissions Office.
March 1	Notification of acceptance, denial, or wait list for resident student applications submitted by February 15 th .
March 8	Resident students must confirm acceptance of offer of enrollment
March 15	After March 15, non-resident students may be accepted <u>only</u> if there are no qualified resident students on the list. Once a student has accepted an offer of admission, the offer cannot be rescinded by the District based on residency.
April 1	Deadline to file <i>Chapter 74 Vocational Technical Nonresident Student Tuition Application</i> with the Superintendent of the nonresident student's district-of-residence

The administrator serving as the Admissions Director at Minuteman will review all fully completed applications. Each application will be checked for accuracy before awarding rating points in each category. After awarding rating points, each criterion will be totaled. Member and non-member town applicants scores will be ranked from high to low. Only qualified applicants are offered admission.

A qualified applicant is defined as a student who has completed the full admissions process which includes the completed application form, receipt of all required records, a Minuteman Recommendation Form, and an interview with the Admissions Office.

All qualified member town applicants who meet the February 15th deadline will be reviewed by March 1st. They will be rank ordered by town and offered admission based on the slots allocated to their town, as approved by the MMRVTSD School Committee. The initial offers of admission will be given to the minimum number of seats set aside for each member town in accordance with the approved slot allocation for each member town (see section IV). Students will have one week from their offer of admission to respond.

If a member town does not have enough qualified applicants to fill their slot allocation as of February 15th, their seats will be offered to the qualified member town applicants based on the ranked order of the pool of remaining qualified applicants.

Students will accept or decline their offer of admission. This will impact available seats.

1. As seats become available, they will be offered to the pool of remaining qualified member town applicants, who met the February 15th deadline, based on the ranked order of their application score. These students will have priority for any seat that becomes available until the pool is exhausted.
2. If the pool of qualified member town applicants who met the February 15th deadline is exhausted and a seat becomes available, it will be offered to a qualified member town applicant who **completed the application process after February 15th** based on the ranked order of their application score.
3. If a seat becomes available after March 15th and all qualified member town applicants have been offered admission, regardless of when they applied, it will be offered to a qualified non-member town applicant based on the ranked order of their application score in accord with MGL Chap 74 Non-Resident regulations.
4. The District 's priority is to fill each slot with a qualified applicant. Once admission has been offered and accepted by any student regardless of residency, no other student has a right to that slot.

In all of the above scenarios, students will have one week from their offer of admission to respond.

Tiebreakers

In the event of tied scores at any point in the process, the impacted students will be assigned a number and will be chosen randomly for admission.

school course(s) provided by their local school district or another school district, prior to admission into the District.

Acceptance and enrollment at Minuteman is based upon the accuracy and completeness of a student's application. The District reserves the right to revoke its acceptance of any student, at any time, if it determines that the student, the student's parent(s)/guardian(s), or the student's sending school district provided inaccurate, incomplete, or misleading information during the application process.

X. VOCATIONAL TECHNICAL PROGRAM PLACEMENT/EXPLORATORY

All 9th graders who enroll at Minuteman shall participate in a half-year vocational technical exploratory program (September – January), designed to help students learn about their talents and interests relative to a variety of different vocational-technical fields. During the first week of exploratory all students will spend one period in each of Minuteman's vocational/technical programs. After this mini-exploratory, students will spend three to five days in at least nine (9) vocational/technical programs. and are evaluated and assessed in the following areas: conduct, willingness to follow instruction, task completion/workmanship, personal safety and safety habits, attendance and punctuality. Students can receive a maximum of 100 total points. The total points accumulated during a vocational/technical rotation translate as follows:

Total Points Accumulated	Earned Letter Grade
90 - 100	A
80 - 89	B
70 - 79	C
60 - 69	D
59 - below	F

At the end of the exploratory period, students will select their program of choice, as well as a second and third choice. Students may be admitted into their first choice program based on the point total they received in all shops during the exploratory program. If a student's point total in all shops combined is so low that they were not placed in their first, second or third choice programs because the programs were filled by students with higher point totals, the student will meet with the guidance

counselor who will present a list of programs that have openings. This process continues until all students are placed.

If a nonresident student selects and is admitted into a program that is different than the one for which they have been approved for nonresident tuition, a new Chapter 74 Vocational Technical Education Nonresident Student Tuition Application must be completed and approved for the new Chapter 74 vocational technical education program in accordance with the MA Department of Elementary & Secondary Education *Guidelines for the Vocational Technical Education Program Nonresident Student Tuition Process* pursuant to M.G.L. c. 74: <https://www.doe.mass.edu/ccte/cvte/admissions/default.html> guidelines and upon written approval of the sending district.

Students who enroll in Minuteman after grade 9 may explore vocational technical programs that have openings, before making a program selection. Students are evaluated by each vocational technical teacher during the period of exploration. If the number of enrollees seeking a program major exceeds the number of openings, the student's rank order would determine the enrollee or enrollees who are placed in the program major.

Students who wish to transfer from one program major to another during the school year may apply for transfer. Transfer requests, regardless of residency, will be considered subject to the availability of openings in the requested program.

JFABD HOMELESS STUDENTS: ENROLLMENT RIGHTS AND SERVICES

As required by law, the district will work with homeless children and youth and unaccompanied youth ¹ (collectively, "homeless students") as well as their families or legal guardians to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless students will be provided district services for which they are eligible, including Head Start and comparable pre-school programs, Title I, similar state programs, special education, bilingual education, vocational and technical education programs, gifted and talented programs, school nutrition programs, summer programming and extracurricular activities.

Homeless students are defined as lacking a fixed, regular and adequate nighttime residence, including:

1. Sharing the housing of other persons due to loss of housing, economic hardship, or similar reason
2. Living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations.
3. Living in emergency or transitional shelters;
4. Being abandoned in hospitals.
5. Living in public or private places not designed for or ordinarily used as regular sleeping accommodations for human beings;
6. Living in cars, parks, public spaces, abandoned buildings, substandard housing, transportation stations or similar settings; and
7. Migratory children living in conditions described in the previous examples.

Students Remaining in Schools of Origin

It is presumed to be in the best interest of homeless students to remain in their schools of origin, i.e. the school that the student was attending at the time he or she became homeless, or the last school the student attended prior to becoming homeless. Homeless students may continue to attend their school of origin for as long as they remain homeless or until the end of the academic year in which they obtain permanent housing. For homeless students who complete the final grade level served by the school of origin, the term "school of origin" shall also include the receiving school in the same school district educating students at the next grade level.

Homeless students are entitled to transportation comparable to that provided for all other students attending school in the district. The district will transport students who are sheltered or temporarily residing within the district to the students' school of origin. For homeless students attending a school of origin located outside the district in which the student is sheltered or temporarily residing, the district in which the school of origin is located will coordinate with the district in which the student is sheltered or temporarily residing to provide the transportation services necessary for the student, and these districts will divide the cost equally. Formerly homeless students who find permanent housing mid-school year will continue to receive transportation services until the end of the school year.

Students Enrolling in District Where Sheltered or Temporarily Residing

Parents or guardians may elect to enroll homeless students in the school district in which the student is sheltered or temporarily residing, rather than having the student remain in the school of origin. Enrollment changes for homeless students should take place immediately.

If homeless students are unable to provide written proof of their shelter or temporary residence in the district, the homeless liaison will work with the family seeking enrollment to determine homelessness. Information regarding a homeless student's living arrangement shall be considered a student education record, and not directory information. Records containing information about the homeless student's living arrangement may not be disclosed without the consent of the parent or satisfaction of another student-privacy related exemption.

If the student does not have immediate access to immunization records, the student shall be permitted to enroll under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the district liaison is directed to assist. Emergency contact information is required at the time of enrollment consistent with district policies, including compliance with the state's address confidentiality program when necessary. After enrollment, the district will immediately request available records from the student's previous school.

Attendance rights by living in attendance areas, other student assignment policies, or intra and inter-district choice options are available to homeless families on the same terms as families who reside in the district. Accordingly, the district will provide transportation services to school in a manner comparable to the transportation provided for all other students in the district.

Dispute Resolution

If the district disagrees with a parent or guardian's decision to keep a student enrolled in the school of origin and considers enrollment in the district where the student is sheltered or temporarily residing to be in the student's best interest, the district will explain to the parent, in writing and in a language the parent can understand, [2](#) the rationale for its determination and provide parent with written notice of their rights to appeal the district's determination to the Massachusetts Department of Elementary and Secondary Education [3](#). During the pendency of any such appeal, the student should remain enrolled in the school selected by the parent or guardian, receiving transportation to school and access to other available services and programs.

The Massachusetts Department of Elementary and Secondary Education's Advisory on Homeless Education Assistance contains additional information about educating homeless students and the appeal process. This advisory is available at the following link: <http://www.doe.mass.edu/mv/haa/mckinney-vento.docx>

Homeless Liaison

The Superintendent shall designate an appropriate staff person to be the district's liaison for homeless students and their families. The district's liaison for homeless students and their families shall coordinate with local social service agencies that provide services to homeless children and youths and their families; other school districts on issues of transportation and records transfers; and state and local housing agencies responsible for comprehensive housing affordability strategies. This coordination includes providing public notice of the educational rights of homeless students in locations such as schools, family shelters and soup kitchens. The district's liaison will also review and recommend amendments to district policies that may act as barriers to the enrollment of homeless students. The liaison shall ensure district staff receive professional development and other support on issues involving homeless students.

JFABE EDUCATIONAL OPPORTUNITIES FOR MILITARY CHILDREN

To facilitate the placement, enrollment, graduation, data collection, and provision of special services for students transferring into or out of the District because of their parents or guardians being on active duty in the U.S. Armed Services, the District supports and will implement its responsibilities as outlined in the Interstate Compact on Educational Opportunity for Military Children. The district believes it is appropriate to remove barriers to educational success imposed on children of military families resulting from frequent moves required by parents' or guardians' military deployment.

Definitions

Children of military families: School aged children, enrolled in kindergarten through 12th grade, in the household of an active duty member of the uniformed service of the United States, including members of the National Guard and Reserve serving on active duty.

Deployment: The period one month before the service members' departure from their home station on military orders through six months after return to their home station.

Education(al) records: Official records, files, and data directly related to a student and maintained by the school including, but not limited to, records encompassing all the material kept in the student's cumulative folder.

Eligible students are children of military families as well as the children of veterans who have been severely injured and medically discharged, and children of active duty personnel who died on active duty. Children of retired active duty personnel are also eligible to receive services for one year following the discharge due to severe injury, or the retirement or death of an active military parent. The Compact does not apply to children of inactive Guard or Reserves, veterans and retired personnel not included above, or U.S. Department of Defense personnel and other federal civil service employees and contract employees.

The District's responsibilities to eligible students include the following:

- Sending schools must send either official or unofficial records with the moving students and District receiving schools must use those records for immediate enrollment and educational placement.

- Upon enrollment of an eligible student, the receiving school must request official records and the sending schools shall respond within 10 days with the records.
- Immunization requirements of the District may be met within 30 days from the date of enrollment (or be in progress).
- Receiving schools must initially honor placement of students in all courses from the sending school. These include, but are not limited to, Honors, International Baccalaureate, Advanced Placement, vocational-technical, and career pathway courses if those courses are offered in the receiving school and space is available. The receiving schools must also initially honor placement of like programs to those of the student in the sending state, including, but not limited to, Gifted and Talented programs, and English as a Second Language programs. Receiving schools are not precluded from performing subsequent evaluation to ensure the appropriate placement and continued enrollment of the student in courses and programs.
- In compliance with federal law, the district will assume financial and programmatic responsibility for the special education programs of students with existing IEPs drafted in other states.
- As appropriate, the District will exercise the right to waive prerequisites for all courses and programs, while also maintaining its right to re-evaluate the student to ensure continued enrollment, also as deemed appropriate.
- Students of active duty personnel shall have additional excused absences, as necessary, for visitations relative to leave or deployment.
- An eligible student living with a noncustodial parent or other person standing in loco parentis shall be permitted to continue to attend the school in which he or she was enrolled while living with the custodial parent or guardian, without any tuition fee imposed.
- The District high school will accept exit or end-of-year exams required from the sending state, national norm-referenced tests, or alternate testing instead of testing requirements for graduation in the District (receiving state.) If this is not possible, the alternative provision of the Interstate Compact shall be followed to facilitate the on-time graduation of the student in accordance with Compact provisions.

JFABF EDUCATIONAL OPPORTUNITIES FOR CHILDREN IN FOSTER CARE

The purpose of this policy is to ensure the educational stability of students in foster care. Educational stability has a lasting impact on students' academic achievement and wellbeing, and the School Committee is committed to supporting all efforts to ensure that students in foster care have equal access to high-quality, stable educational experiences from preschool (if offered) through high school graduation.

Irrespective of the location of a foster care placement, students in foster care will continue to attend their school of origin, unless after a collaborative decision-making process, it is determined to be in the student's best interest to enroll in and attend school in the district in which the student resides in foster care. Enrollment of students in the district where they reside in foster care will take place immediately upon such a determination.

The district has designated a point of contact for students in foster care. The district and the point of contact will collaborate with DCF to ensure that students can access transportation and the other services to which they may be entitled.

Best Interest Determination

Decisions about whether a student in foster care should continue to attend the school of origin should be made collaboratively by DCF, the student (as appropriate), the student's family and/or foster family (or, if different, the person authorized to make educational decisions on behalf of the student), the school and district of origin, and (when appropriate) the local district where the student is placed. Best interest determinations should focus on the needs of each individual student and account for unique factors about the student and his or her foster care placement. Every effort should be made to reach agreement regarding the appropriate school placement of a student in foster care; however, DCF will finalize the best interest determination if the relevant parties cannot agree on the best school for the student to attend.

The district can seek review of DCF's decision by utilizing a Foster Care School Selection Dispute Resolution Process established by DESE and DCF. Decisions made through this process are not subject to review. To the extent feasible and appropriate, the district will ensure that a child remains

in his or her school of origin while the disputes are being resolved to minimize disruptions and reduce the number of moves between schools.

Transportation

The district of origin must collaborate with DCF on how transportation will be arranged and provided to ensure that students in foster care who need transportation to remain in their school of origin will receive such transportation while they are in foster care.

Transportation options may include using Title I funds, establishing regional collaborations among districts, coordinating with existing routes for transportation, seeking help from foster parent(s), etc. Absent other agreements between the district and DCF, the district of origin is responsible for providing transportation to and from the school of origin.

Immediate Enrollment

If it is in the best interest of a student in foster care to leave the school of origin, the student must be immediately enrolled in the district in which he or she resides in foster care. During enrollment of students in foster care, DCF representatives will present the district with a form indicating that the student is in foster care, along with a state-agency identification badge.

If the student does not have immediate access to immunization records, the student shall be permitted to enroll under a personal exception. Students and families should be encouraged to obtain current immunization records or immunizations as soon as possible, and the district liaison is directed to assist. Emergency contact information is required at the time of enrollment consistent with district policies, including compliance with the state's address confidentiality program when necessary. After enrollment, the district will immediately request available records from the student's previous school.

Attendance rights by living in attendance areas, other student assignment policies, or intra and inter-district choice options are available to students in foster care (homeless families) on the same terms as families who reside in the district. JIC STUDENT CONDUCT

(including grounds for exclusion or expulsion)

Good citizenship in schools is based on respect and consideration for the rights of others.

Students will be expected to conduct themselves in a way that the rights and privileges of others are not violated. They will be required to respect school authority, to conform to school rules and to those provisions of law that apply to their conduct.

The exclusion or expulsion of a student from school will be in accordance with Massachusetts General Laws, Chapter 71, Section, 37H. The grounds for exclusion or expulsion include but are not limited to the following:

- (a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun, a knife, or their facsimile, or anything used in the commission of assault and battery; or a controlled substance as defined in Chapter 94 C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.
- (b) Any student who assaults a principal, assistant principal, teacher, teacher's aide, or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.
- (c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at a hearing before the principal. After said hearing, a principal may, in his/her discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).
- (d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the Superintendent. The expelled

student shall have ten days from the date of the expulsion in which to notify the Superintendent of his/her appeal. The student has the right to counsel at a hearing before the Superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

- (e) When a student is expelled under the provisions of this section and applies for admission to another school for acceptance, the Superintendent of the sending school shall notify the Superintendent of the receiving school of the reasons for the pupil's expulsion.

Note:

A student who is found to have assaulted another student is subject to suspension by the administration and expulsion by the School Committee.

All Students are expected to meet the requirements for behavior as set forth in the Student / Parent Handbook. Federal and state laws require that additional provisions be made for students who have been found by an evaluation team to have special needs and whose program is implemented under an Individualized Education Plan (IEP). It is the policy of the District to conform to federal and state laws with respect to the discipline of students with disabilities.

JICFB BULLYING

PURPOSE

It is the goal of the Minuteman District School Committee and Minuteman to promote a learning atmosphere for students free from all forms of bullying. Because bullying affects not only students who are targets but also those who participate and witness such behavior, it is detrimental to student learning and achievement and will not be tolerated by Minuteman.

Minuteman prohibits all forms of harassment, discrimination and hate crimes based on race, color, religion, national origin, ethnicity, sex, sexual orientation, age or disability. The civil rights of all school community members are guaranteed by law. The protection of those rights is of utmost importance and priority to our school district. Minuteman also prohibits bullying of school community members for reasons unrelated to their race, color, religion, national origin, ethnicity, sex, sexual orientation, age or disability. Further, Minuteman will also not tolerate retaliation against persons who take action consistent with this policy.

DEFINITION OF BULLYING

Bullying is the repeated use by one or more students of a written, verbal or electronic expression or a physical act or gesture or any combination thereof, directed at a victim that: (a) causes physical or emotional harm to the victim or damage to the victim's property; (b) places the victim in reasonable fear of harm to himself or herself or of damage to his/her property; (c) creates a hostile environment at school for the victim; (d) infringes on the rights of the victim at school; or (e) materially and substantially disrupts the education process or the orderly operation of a school. For the purposes of this policy and related procedures, bullying shall include cyber-bullying.

DEFINITION OF CYBER-BULLYING

Cyber-bullying is bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications. Cyber-bullying shall also include (a) the creation of a web page or blog in which the creator assumes the identity of another person or (b) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (a) to (e), inclusive, of

the definition of bullying. Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (a) to (e), inclusive, of the definition of bullying.

SCOPE

Bullying actions will include, when appropriate, referral to law enforcement agencies or other state agencies. Minuteman will support this policy in all aspects of its activities, including its curricula, instructional programs, staff development, extracurricular activities and parental involvement.

This policy applies to all sites and activities under the supervision and control of the district, or where it has jurisdiction under the law, including school grounds, property immediately adjacent to school grounds, at a school-sponsored or school related activity, function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased, or used by a school district or school, or through the use of technology or an electronic device owned, leased, or used by a school district or school. The policy applies to all students, school committee members, school employees, independent contractors, school volunteers, visitors, parents and legal guardians of students, whose conduct occurs on school premises or in school-related activities, including school-related transportation.

Bullying is also prohibited at a location, activity, function or program that is not school-related or through the use of technology or an electronic device that is not owned, leased or used by the district, if the act or acts in question create a hostile environment at school for the victim, infringe on the rights of the victim at school or materially and substantially disrupt the education process or the orderly operation of the school.

The School Committee expects administrators to make clear to students and staff that bullying will not be tolerated and will be grounds for disciplinary action up to and including suspension and expulsion for students, and termination for employees.

All staff members are required to report any bullying or harassment they see or learn about. The district will promptly and reasonably investigate allegations of harassment, including bullying. The Principal or his/her designee will be responsible for handling all complaints by students alleging harassment or bullying. during an investigation of bullying, or who is a witness to or has reliable information about bullying, is prohibited.

Nothing in this policy is designed or intended to limit the District's authority to discipline or take remedial action under General Laws Chapter 71, §37H or other statutes or regulations, or in response to violent, harmful, or disruptive behavior, regardless of whether this policy covers the conduct. Reports of cyber-bullying by electronic or other means, occurring in or out of school will be reviewed and, when a nexus to work or school exists, will prompt disciplinary action.

PROCEDURES

The Superintendent will develop administrative guidelines and procedures for implementation of this policy, consistent with the requirements of M.G.L. Chapter 71 §37 O and related guidelines issued by the Department of Elementary and Secondary Education. The Superintendent will publish disciplinary policies in Student / Parent Handbooks, which shall prohibit bullying and shall include the bullying prevention and intervention plan required by Chapter 71, §37O of the Laws of the Commonwealth. Student / Parent Handbooks shall include age-appropriate summaries of the student-related sections of the district's bullying prevention and intervention plan.

The Superintendent will develop administrative guidelines and procedures for the implementation of this policy.

All student trips which include late night or overnight travel must have approval of the School Committee prior to raising funds or scheduling the trip. All other student trip approvals will be at the Superintendent's discretion. The School Committee will also consider the educational value of the trip in relation to the cost prior to granting initial approval. Overnight trips should offer significant educational benefits to students that clearly justify the time and expense of the trip. Such trips should be appropriate for the grade level.

Final approval will not be granted until all preparations for the trip have been completed including, but not limited to, all logistical details involving transportation, accommodation arrangements and fundraising efforts. The School Committee requires that final approval be sought no less than 30 days prior to the scheduled trip dates.

Teachers and other school staff are prohibited from soliciting for privately run trips through the school system and in the schools. The School Committee will only review for approval school-sanctioned trips. The School Committee will not review or approve trips that are privately organized and run without school sanctioning.

JJA-R STUDENT TRAVEL REGULATIONS

The Superintendent or his/her designee is responsible for ensuring that student travel planning is carried out to ensure the safety of students, including but not limited to the following conditions:

1. Transportation

The use of vans or private automobiles for trips planned to include late night or overnight student travel is prohibited. Late night or overnight trips will use commercial motor coaches.

Trips planned to include late night or overnight student travel will include a pre-trip check of companies, drivers, and vehicles. CORI checks will be conducted in accordance with Massachusetts General Laws Chapter 71, section 38R.

The Superintendent or designee will ensure that the selected carrier is licensed for passenger transportation by the Federal Motor Carrier Safety Administration (FMCSA). The district will not contract with any carrier that has a safety rating of "conditional" or "unsatisfactory." FMCSA ratings are available at <http://www.safersys.org/>.

The contract with the carrier will prohibit the use of subcontractors unless sufficient notice is given to the district that allows verification of the subcontractor's qualifications.

2. Trip Scheduling

Overnight accommodations should be made in advance with student safety and security in mind. Whenever possible, trip schedulers should avoid planning student travel between the hours of midnight and 6:00 a.m., due to the increased risk of vehicular accidents during this time period.

Whenever possible, overnight trips should be scheduled on weekends or during school vacations to minimize lost classroom time. Non-academic field trips are considered "optional school programs" and do not count toward meeting structured learning time requirements. (Refer to the Massachusetts Department of Education publication Student Learning Time Regulations Guide.)

Trip itineraries must leave enough time for drivers to rest in conformity with federal hour-of-service requirements and common sense.

Trip scheduling should consider the likelihood of delays due to weather, traffic, stragglers, and other unanticipated factors.

If most of a class is participating in a trip, the school should provide appropriate substitute activities for non-participants.

3. Student Travel Fundraising

The amount of time to be devoted to fundraising should be reasonable and not interfere with students' obligations for homework, after-school activities, and jobs.

Group fundraising activities are preferred. Students should not be assigned individual fundraising targets.

If students are charged individual fees for participation, every effort should be made to provide scholarships where needed.

Policies and Procedures

The allowable method of payments is included in Minuteman's Manual of Financial Procedures.

Final Accountability

A statement of final accountability must be submitted by the authorized trip sponsor promptly after the completion of the trip. Final accountability statements should include at least the following: date; notation of advance funds received (if applicable - amount, date, and check number); complete listing of itemized expenditures paid - together with documentary evidence of payment; totals of cash or checks expended; notation and totals of credit card or open account expenses (if applicable); the amount returned to the student activities if advances received exceed documented expenditures; the amount of additional reimbursement requested if travel expenses incurred exceed travel advances received; signature of person completing final accountability statement and signature of School Principal or their designee to indicate that there has been an acceptable final accountability.

JJIF CONCUSSION/HEAD INJURY POLICY

The purpose of this policy is to provide information and standardized procedures for persons involved in the prevention, training management and return to activity decisions regarding students who incur head injuries while involved in extracurricular athletic activities¹ including, but not limited to, interscholastic sports, in order to protect their health and safety as required by Massachusetts law and regulations. The requirements of the law apply to all public middle and high schools, however configured, serving grades six through high school graduation.

Minuteman has established a policy and procedures to provide concussion education for administration, faculty, athletic department staff, parents and students. This document defines procedures for staff to follow in managing head injuries, and outlines school policy as it pertains to return both to academics and to athletic play after concussion.

Minuteman seeks to provide a safe return to activity for all athletes after injury, particularly after a concussion. Procedures have been developed to aid in ensuring that concussed athletes are managed appropriately. These include identification of concussed athletes, appropriate medical referral for treatment and follow-up, academic assistance, and insuring full recovery prior to return to athletic activity and full academic load.

In addition to any training required by law, the following persons shall complete one of the head injury safety training programs approved by the Massachusetts Department of Public Health (DPH) as found on its website: coaches; certified athletic trainers; trainers; volunteers; school and team physicians; school nurses; athletic directors; directors responsible for a school marching band; employees or volunteers; and students who participate in an extracurricular activity and their parents.

¹ Extracurricular Athletic Activity means an organized school sponsored athletic activity generally occurring outside of school instructional hours under the direction of a coach, athletic director or marching band leader including, but not limited to, Alpine and Nordic skiing and snowboarding, baseball, basketball, cheer leading, cross country track, fencing, field hockey, football, golf, gymnastics, horseback riding, ice hockey, lacrosse, marching band, rifle, rugby, soccer, skating, softball, squash, swimming and diving, tennis, track (indoor and outdoor), ultimate Frisbee, volleyball, water polo, and wrestling. All interscholastic athletics are deemed to be extracurricular athletic activities.

This policy shall address sports-related head injuries occurring in extracurricular athletic activities. It will also be applied to all head injuries that occur in school.

This policy and its procedures will be reviewed every two years after its adoption at a minimum, or more often as necessary, with affirmation sent to the DPH to include any possible revisions.

The Superintendent shall maintain or cause to be maintained complete and accurate records of the district's compliance with the requirements of the Concussion Law, and shall maintain the following records for three years or, at a minimum, until the student graduates, unless state or federal law requires a longer retention period:

The Superintendent designates the Athletic Director as the person who is responsible for the implementation of the sports related concussion policy and procedures. The Athletic Director oversees the collection, by his staff, of the Minuteman Athletics Emergency Information Sheet that includes a pre-participation concussion/head injury history. The Athletic Director shall establish a procedure for a medical or nursing review of all pre-participation forms indicating a history of head injury.

The procedures will discuss and outline what a concussion is, the mechanism of injury, signs and symptoms, management and return to play requirements, as well as information on Second Impact Syndrome and past concussion syndrome. Lastly, these procedures will discuss the importance of education for our athletes, coaches and parents and other persons required by law.

These procedures will be reviewed on a yearly basis with all staff. An accurate synopsis of this policy shall be placed in the student and faculty handbooks.

The Superintendent designates the school nurse as the person responsible for ensuring appropriate medical documentation of the annual physical examination (performed within the last 13 months), as required by the MIAA. ADMINISTERING MEDICINES TO STUDENTS

Medication may not be administered to students while at school unless such medicine is given to them by the school nurse acting under specific written request of the parent or guardian and under the written directive of the student's personal physician, dentist, nurse practitioner, or physician's assistant (see below for exceptions). If a student has been approved for self-administration, a student who needs medication during the school day may be reminded to take the medicine by the school nurse or other individual designated by the school nurse in the student's medical administration plan. This provision only applies when the school nurse has a medical administration plan in place for the student. No one but the school nurse, and those others listed in the medical administration plan acting within the above restriction, may give any medication to any student.

Exceptions:

The school District may, in conjunction with the school physician and District nurse leader, stock certain over-the-counter medications such as acetaminophen, ibuprofen, and calcium carbonate. The school physician shall write standing medication orders yearly for the District. The school nurse may administer these medications as long as the parent or guardian has provided written permission on an annual basis.

The school District shall, through the District nurse leader, register with the Department of Public Health and train personnel in the use of epinephrine auto-injectors to be administered if needed during the school day or school-sponsored event.

The school District may, in conjunction with the school physician and the school nurse leader, stock nasal naloxone (Narcan). Trained medical personnel and first responders may administer nasal naloxone to individuals experiencing a life-threatening opiate overdose in a school setting, including school-sponsored events.

If the school District wishes medical personnel to train non-medical staff in the administration of nasal naloxone, the Superintendent shall ensure that medical personnel have a written protocol which complies with medical directives and regulations from the Department of Public Health.

JLD GUIDANCE PROGRAM

Guidance is defined as helping individuals understand themselves in the light of their abilities, aptitudes, interests, attitudes, strengths, and limitations. The guidance process should assist students in the development of their potential; their decisions relating to personal, educational, and vocational matters, and also in becoming capable of mature self-guidance.

Guidance counselors and other personnel shall represent to students a broad spectrum of education and career opportunities. School personnel shall not present race, color, sex, gender identity, religion, national origin or sexual orientation as limiting factors in career determination. No materials, tests, or procedures shall be employed for guidance purposes that discriminate and/or limit choices on the basis of race, color, sex, gender identity, religion, national origin or sexual orientation.

The Minuteman District's guidance program will be based on this definition and developed from these broad fundamental principles:

1. Individuals are different from one another in their capabilities, aptitudes, interests, needs, goals, desires and values.
2. Conditions having a bearing on the development of a student's potential may be improved. Equality of educational opportunity will benefit the individual and society.
3. Guidance is a continuous and developmental process. Every experience of the individual influences his/her performance in some way.
4. Guidance does not propose to program an individual's course of action but rather tries to assist him/her in arriving at his/her own satisfactory solutions. Guidance services are available to all students and will include testing and assessment, advice and assistance with: academic course and career and technical education program placement; individual student career plan development; appropriate internship or cooperative education site selection; appropriate employment and/or post-secondary education opportunity identification and selection; transition plan development; course selection; study skills development, as well as consultation services and personal development guidance where needed. The Guidance Office will manage student grades, transcripts, education plans, appeals, and records in conformance with DESE and District rules and procedures established by the Superintendent or designee.

JRA STUDENT RECORDS

In order to provide students with appropriate instruction and educational services, it is necessary for the school system to maintain extensive and sometimes personal information about them and their families. It is essential that pertinent information in these records be readily available to appropriate school personnel, be accessible to the student's parents or legal guardian and/or the student in accordance with law, and yet be guarded as confidential information.

The Superintendent will provide for the proper administration of student records in keeping with state and federal requirements, and shall obtain a copy of the state student records regulations (603 CMR 23.00).

The Principal and Superintendent of schools shall insure that student records under their supervision are kept physically secure, that authorized school personnel are informed of the provisions of 603 CMR 23.00 and M.G.L. c. 71, § 34H and are educated as to the importance of information privacy and confidentiality; and that any computerized systems employed are electronically secure.

The temporary record of each student enrolled on or after June 2002 will be destroyed no later than seven years after the student transfers, graduates or withdraws from the School District. Written notice to the eligible student and his/her parent of the approximate date of destruction of the temporary record and their right to receive the information in whole or in part, shall be made at the time of such transfer, graduation, or withdrawal. The student's transcript may only be destroyed 60 years following his/her graduation, transfer, or withdrawal from the school system.

The Committee wishes to make clear that all individual student records of the school system are confidential. This extends to giving out individual addresses and telephone numbers.

NEWS MEDIA RELATIONS/NEWS RELEASES

Every effort will be made to assist the press and other communications media to obtain complete and adequate coverage of the programs, problems, planning, and activities of the school.

All representatives of the media will have equal access to information about the school, but must conduct their business in a way that does not disturb the educational process. General releases of interest to the entire community will be made available to all the media simultaneously.

In order that school system publicity is given wide coverage and is coordinated into a common effort and purpose, the following procedures will be followed in giving official information to the news media:

1. The School Committee Chair will be the official spokesman for the Committee, except as this duty is delegated to the Superintendent.
2. News releases that are of a school-wide or a sensitive nature or pertain to established committee policy are the responsibility of the Superintendent.
3. All statements made to the press by other staff members of the school must be cleared with the Principal and approved by the Superintendent.

While it is impossible to know how news releases will be treated by the press, every possible effort should be made to obtain coverage of school activities that will create and maintain a dignified and professionally responsible image for the school district.

PUBLIC COMPLAINTS ABOUT SCHOOL PERSONNEL

Complaints about school personnel will be investigated fully and fairly. However, before any such complaint is investigated, the complainant must submit the complaint in writing.

Whenever a complaint is made directly to the School Committee as a whole or to a Committee member as an individual, it will be referred to the Superintendent for study and possible solution.

The Superintendent will develop, for approval by the Committee, procedures that assure prompt and fair attention to complaints against school personnel. The procedures will require that an employee who is the object of a complaint be informed promptly and be afforded the opportunity to present the facts as he/she sees them. If the complaint is anonymous, the Superintendent will investigate the complaint and report to the School Committee. If an anonymous complaint is about the Superintendent, the School Committee Chairperson will investigate the complaint and report to the School Committee.

If it appears necessary, the administration, the person who made the complaint, or the employee involved may request an executive session of the Committee for a formal hearing and decision. Statutory restrictions on executive sessions will be observed.

KEB-R
PUBLIC COMPLAINTS ABOUT SCHOOL PERSONNEL PROCEDURES

The following procedures are established to ensure that a citizen's complaint is given respectful attention and that the integrity of the educational program is upheld. "Complaint" in this regulation will be restricted in meaning to that criticism of particular school employees by a citizen of the School District which includes or implies a request for action by school authorities.

1. If a complaint comes first to the person against whom it is directed, he/she will listen courteously and may try to resolve the difficulty by explaining the background and educational purpose involved. If the complaint remains unsatisfied, the employee will refer him/her to the building Principal or other immediate supervisor to have his/her views considered further. Whether the complaint terminates with the individual staff member involved or seems likely to go further, the staff member will immediately inform his/her supervisor of the complaint.
2. If a complaint comes first to the Assistant Superintendent-Principal or other supervisor of the person criticized, he/she should listen courteously or acknowledge a letter promptly and politely, but should make no commitments, admissions of guilt, or threats. If the complaint involves a particular employee, the supervisor should suggest a conference between the complainant and the person criticized and should inform that person immediately of the complaint.

If the complainant has already met with the person criticized and remains unsatisfied, the supervisor should invite the complainant to file his complaint in writing and offer to send him the appropriate form regarding a school employee's behavior, character or qualifications.

3. If a complaint comes first to any other school employee, that employee will refer the complainant to the person criticized or his immediate supervisor and immediately inform both.
4. No further action on the complaint should be taken unless the complainant submits the complaint in writing.
5. When a written complaint is received, the Assistant Superintendent-Principal or other supervisor will schedule a conference with the complainant, the person criticized, and if

advisable, the department chair or other personnel that either the supervisor or the person criticized feels could contribute resolution of the problem.

6. If the complainant is not satisfied with the results of the conference above, he/she should then be referred to the Superintendent, who may handle the complaint personally or refer it to other personnel, as he/she may see fit.
7. Should dissatisfaction remain after the above steps have been taken, the matter will be placed on the agenda for the next regularly scheduled Committee meeting. The decision of the Committee will be communicated in writing to all interested persons.

PUBLIC COMPLAINTS ABOUT THE CURRICULUM OR INSTRUCTIONAL MATERIALS

The School Committee, though it is ultimately responsible for all curriculum and instructional materials (including library books), recognizes the need and right of students to free access to many different types of books and materials. It also recognizes the right of the professional staff to select books and other materials supportive of the school system's educational philosophy and goals. Criticism of a book or other materials used in the schools may be expected from time to time. In such instances:

1. If a parent requests that his/her own child not read a given book, the teacher and/or appropriate school administrator will attempt to resolve the situation, perhaps by arranging for use of alternative material meeting essentially the same instructional purpose. This does not apply however, to basic program texts and materials.
2. The Committee will not permit any individual or group to exercise censorship over instructional materials and library collections, but recognizes that at times a reevaluation of certain material may be desirable. Should an individual or group ask to have any book or other material withdrawn from school use: The person who objects to the book or other material will be asked to sign a written complaint documenting the criticism. Following receipt of the formal complaint, the Superintendent-Director will provide for a reevaluation of the material in question. The Superintendent-Director will arrange for the appointment of a review committee from among the faculty to consider the complaint.
 - c. The Superintendent will review the complaint and the review committee's reevaluation and will render a decision in the matter. Should the decision be unsatisfactory to the complainant, it may be appealed to the School Committee. The School Committee's decision will be final.

In summary, the School Committee assumes final responsibility for all books and instructional materials it makes available to students; it holds its professional staff accountable for their proper selection. It recognizes rights of individual parents to raise questions about materials used by their own children; it will provide for the reevaluation of materials in library collections upon formal request. On the other hand, students' right to learn and the freedom of teachers to teach will be respected.
