

## Surviving a critical illness may come at a high price.

If you experience a critical illness—like a heart attack or stroke—you shouldn't have to worry about the financial impact. But co-pays, transportation expenses, out-of-pocket medical costs, and lost income can add up quickly.

AF™ **Limited Benefit Critical Illness Insurance** can help provide financial protection so you can focus on recovery.

**Approximately every 39 seconds, an American will have a heart attack.<sup>1</sup>**

### How It Works

If you're diagnosed with a covered critical illness, this plan is designed to pay a lump sum benefit amount to help cover expenses. In addition, certain specified critical illnesses that reoccur will allow for an additional benefit.

#### Features:

- Benefits paid directly to you, to be used however you see fit
- No required medical exams as part of the application process
- Guaranteed issue benefit amounts may be available for first-time eligible employees and spouse
- Coverage extended to dependent children at no additional cost\*
- Compatible with a Health Savings Account

Coverage is available for you, your children, and your lawful spouse at determined benefit amounts.

## Plan Benefit Highlights

### Health Screening Benefit

Pays \$50 when a covered employee or covered spouse receives a covered health screening test. This benefit covers several qualified tests, including, but not limited to: blood test for triglycerides, doppler ultrasound, echocardiogram, electrocardiogram (EKG), fasting blood glucose test, serum cholesterol test to determine HDL and LDL levels, exercise or pharmacologic stress test, and neuroimaging studies. This policy pays for one test per covered employee and one test per covered spouse per calendar year regardless of the number of tests received during the calendar year. This benefit is available without a diagnosis of a critical illness. This benefit does not reduce the critical illness lump sum benefit amount.

### Critical Illness Benefit

Pays once per covered person for each critical illness. Each critical illness must be separated by at least 90 days following the first critical illness occurrence date.

### Heart Attack

Pays following a Heart Attack due to coronary artery disease. Any previous amounts paid for a coronary artery bypass surgery will be deducted from the amount payable under this benefit. A Heart Attack is not congestive heart failure, atherosclerotic heart disease, angina, cardiac arrest, or any other disease or injury involving the cardiovascular system.

### Coronary Artery Bypass Surgery

Pays following open heart surgery performed by a physician to correct coronary artery disease with bypass grafts. Coronary artery bypass surgery does not include balloon angioplasty, laser angioplasty, stenting, valve replacement surgery, or procedures other than coronary artery bypass surgery.

### Stroke (Permanent Damage Due To A Stroke)

Pays following permanent neurological damage to the brain due to a stroke which results from an acute or sub-acute interruption of blood flow to brain tissue as defined in the policy. Permanent damage due to a stroke does not include transient ischemic attacks (TIA).

### Paralysis (Permanent Due To A Covered Accident)

Injuries to the spinal cord due to a covered accident, which result in the loss of use of two or more limbs. Paralysis must be diagnosed as permanent, total, and irreversible.

### Major Organ Failure

Pays following the date the covered person is placed on the United Network for Organ Sharing (UNOS) list for a transplant of the heart, liver, lung, or entire pancreas.

### End Stage Renal Failure

Pays following the occurrence date of end stage renal failure resulting in irreversible failure of both kidneys to function and which requires regular dialysis or renal transplantation to sustain life.

### Effective Date

Certificates will become effective on the requested effective date following the date we approve the application, providing you are on active employment and premium has been paid.

### Recurrent Diagnosis Benefit

Upon a second occurrence of certain specified critical illnesses, this benefit pays 50% of the amount previously paid under the policy. Covered critical illness events include Heart Attack, permanent damage due to a stroke, and major organ failure. The second occurrence date must be separated by at least 180 days following the first occurrence date of that same critical illness. Once a recurrent diagnosis benefit has been paid for a critical illness, no further benefits for that same critical illness will be payable.

### Portability

Upon becoming no longer eligible for coverage, you will have 30 days to request continuation of coverage. Providing you pay premiums when due, you may continue your coverage provided in this certificate upon leaving employment until the earliest of these dates: a) your 75th birthday, b) 10 years from the portability effective date, c) the date the policy is terminated, or d) the date you fail to pay the required premium. You must have been continuously covered for 12 consecutive months prior to the date your coverage under the policy ends.

## Limitations and Exclusions

### Pre-Existing Condition Limitation

No critical illness benefit will be payable for a critical illness which is caused by or resulting from a Pre-Existing Condition when the critical illness occurrence date occurs before a covered person has been continuously covered under the policy for 12 consecutive months. Pre-Existing Condition means a disease, accident, sickness, physical condition or mental illness for which a covered person has experienced any of the following: (a) treatment; (b) incurred expense; (c) took medication; (d) received care or services including diagnostic testing or related measures; or (e) received a diagnosis or advice from a physician, during the 12-month period immediately before the covered person's effective date of coverage. The term Pre-Existing Condition will also include conditions which are related to such disease, accident, sickness, physical condition or mental illness.

A Heart Attack is an acute myocardial infarction due to coronary artery disease resulting in death of a portion of the heart muscle. Diagnosis must be supported by onset of new symptoms and any of the following: EKG changes, elevation of biochemical markers, or imaging studies, consistent with an acute myocardial infarction. In the event of death, an autopsy, medical examiner's confirmation or death certificate identifying Heart Attack will be acceptable. Heart attack does not include congestive heart failure, atherosclerotic heart disease, angina, cardiac arrest, or any other disease or injury involving the cardiovascular system.

### Exclusions

We will not pay benefits for any critical illness resulting from or caused, whether directly or indirectly, by: (a) An intentionally self-inflicted accident or sickness. (b) Suicide or attempted suicide, while sane or insane. (c) Participating in a riot, insurrection, rebellion, civil commotion, civil disobedience, or unlawful assembly. This does not include a loss which occurs while acting in a lawful manner within the scope of authority. (d) Being Intoxicated or under the influence of any narcotic unless administered by a physician or taken according to the physician's instructions. Intoxication means that which is determined and defined by the laws and jurisdiction of the geographical area in which the event that caused the critical illness occurred. (e) Committing, or attempting to commit a felony. (f) Being incarcerated in any type of penal institution. (g) Alcoholism or drug addiction. (h) A diagnosis received outside the United States, or its territories, that cannot be confirmed by a physician licensed and practicing in the United States.

Your coverage may be continued for up to 1 year during a leave of absence approved in writing by your employer. Coverage will continue as long as the group policy remains in force, the premiums are paid and you remain eligible for the coverage under the policy. Your coverage will end when you no longer qualify as an insured, you retire, you are not on active employment, or your employment terminates. Your coverage can be terminated or premiums may be increased on any premium due date with 31 days advance notice.

*This product may contain limitations, exclusions, and waiting periods. **This product is inappropriate for people who are eligible for Medicaid coverage.** This brochure highlights important features of the policy. Please refer to your certificate for complete details.*
