Health Science Education II

CNA Program

Educating today's students for tomorrow's health care community!

Preparing Students for careers related to medicine, nursing, and health science.

Earn a State Nurse Aide Certificate and/or dual college credits!

If you're looking for the opportunity to succeed and have dreams of helping others, then focus on this career!

Employment in this field is projected to increase in demand. This program will equip you with a working knowledge of different occupations within the medical field. You'll learn the skills and procedures necessary to function in such health agencies as hospitals, nursing homes, or doctors' offices.

You can also use this education as a stepping stone to pursue further education in the medical field. And, if you qualify, you'll even receive a State Nurse Aide Certificate and/or dual college credits.

$30,830
