## Green Team News

The Green Team will be participating in the Envirothon on April 16th. This event gives our students the opportunity to build their skills in public speaking and research by having them design possible solutions to a local ecological issue. This year's topic focused on the health of our forests in the Adirondack Park. Our students will be heading to the Utica Zoo to compete against teams from other schools on topics such as forestry, wildlife, soil and land use, environmental issues, and aquatics that they have been studying throughout the year.

The Green Team will also be giving away plant babies that we have been collecting on April 17<sup>th</sup>, during 5th and 6th period! We are doing this in celebration of Earth Day which takes place on April 22nd this year.
