DO YOU HOLD A MULTIPLE SUBJECT CREDENTIAL?

YOU MIGHT ALREADY QUALIFY FOR THE PK-3 ECE SPECIALIST INSTRUCTION CREDENTIAL!

The California Commission on Teacher Credentialing (CTC) has introduced the PK-3 credential, expanding opportunities for educators to specialize in early childhood education.

While our current MCOE credential programs do not yet offer a specific PK-3 pathway, many of you may already meet the requirements to self-recommend!

WHO CAN APPLY?

If you hold a Multiple Subject Teaching Credential and meet the Subject Matter Requirement, you may be eligible to apply directly to the California Commission on Teacher Credentialing (CTC).

Subject Matter Requirement:

Option 1: Completion of 24 semester units (or 36 quarter units) in Early Childhood Education (ECE) or Child Development.

Option 2: A Bachelor's degree (BA) or higher in one of 9 academic majors.
