April 4, 2025

Dear WPS Families,

I hope this message finds you well! It has been great to have our WPS kiddos back in their classrooms this week after a great Spring Break! As we move into April, our classrooms are buzzing with energy and excitement for the final stretch of the school year. Students are continuing to work hard, and we're so proud of the growth and perseverance we see every day.

Next week, we'll begin the Ohio State Tests for students in Grades 3 and 4. Our teachers have been thoughtfully preparing students with strategies to show what they know and take pride in their progress. Thank you for helping your third or fourth grader get a good night's sleep, eat a healthy breakfast, and arrive to school on time—it really makes a difference.

As always, thank you for your partnership and continued support. Together, we are building a joyful and inspiring place for all learners to grow and thrive.

With gratitude,  
Dr. Gina Kirchner  
Principal, Wyoming Primary Schools

## Counselor Corner

This week's Cowboy TV lessons focused on the concept Event + Response = Outcome ( $E + R = O$ ). This concept helps us understand that we control our "Outcomes" based on our "Responses." Our goal should always be to choose the best response, even when things don't go our way. It's not always easy, but when we stay calm, kind, and thoughtful, we can turn tough situations into better ones. Positive responses help us solve problems, make friends, and feel happy. Focusing on positive "Responses" and "Outcomes" helps each of us have a positive growth mindset and enables us to look at the world in terms of the "cans" vs. the "cannots."  $E + R = O$  is a life skill that we can all benefit from. Please encourage your child(ren) to process situations using  $E + R = O$ .
