## Nextera System Issue April 8, 2025

Attn: DDC, Test Coordinator, Principal,  
Curriculum Dept., District Admins

Helpdesk: [DWTShelp@esboces.org](mailto:DWTShelp@esboces.org)

NYSED is aware of issues that occurred for a number of schools attempting to administer the Grades 3-8 computer-based tests this morning. Although these issues were localized and only impacted approximately 10% of schools, we apologize for the inconvenience to those students and school personnel. NYSED's vendor, NWEA, immediately took corrective actions to resolve the issues and have reported that the testing system is now functioning at full capacity. Students across the state are now able to log in, progress through the tests, and submit their answers.

### Actions for Schools to Take

1. **If your school did not experience issues:**
  - a. The majority of students around the state were able to test and submit without issue. If your students are in progress testing, and you are experiencing no issues, please continue testing.
2. **If students paused their tests:**
  - a. We are aware that due to the issues encountered some schools had their students pause their tests. We encourage schools to do what is best for their students and those who paused can choose to continue testing today or can make the decision to continue testing another day.
    - i. If your students paused the test by signing out, they will follow the guidance to sign back in using the proctor PIN provided <https://link.zixcentral.com/u/d9fd970a/PDuZD4kU8BGSjuAsh3soMg?u=https%3A%2F%2Fcbtsupport.nysed.gov%2Fhc%2Fen-us%2Farticles%2F34991944192909-Access-Code-vs-Proctor-PIN>. Students in this situation can continue testing from where they left off.
3. **If students lost connection to the testing system:**

If you have devices that are in quarantine due to the student having lost connection during testing, please keep these devices quarantined until the student is able to log back in on that device so the student's responses are sent to NWEA: Do NOT allow other students to test on the device.

### **Follow up from Zachary Warner - Assistant Commissioner for the Office of State Assessment**

Dear Administrator,

This message is a follow up regarding the computer-based testing login issues encountered by some schools this morning. NYSED has been in constant communication with NWEA throughout the day to identify and address the factors that caused the issues. NWEA has confirmed that all systems are returned to normal and operating at full capacity.

We want to assure schools that they may resume testing tomorrow and can feel confident in the performance of the testing system. NYSED and NWEA will continue to proactively monitor the system to ensure that it remains available and fully functional throughout the rest of the window.

We appreciate the partnership with all of our schools and districts. Please reach out to the Office of State Assessment with any additional questions: [CBTSupport@nysed.gov](mailto:CBTSupport@nysed.gov) or 518-474-8220.

# 2024-2025 MIGRANT STUDENT DATA VERIFICATION

Attn: DDC, District Admins, McKenny-Vento Coord.

FYI

Data Helpdesk: [DWTShelp@esboces.org](mailto:DWTShelp@esboces.org)

Migrant Student Program: [migranteducation@esboces.org](mailto:migranteducation@esboces.org)

To ensure that migrant children have been accurately identified during the 2024-2025 school year, NYSED is requiring each school district to verify students coded as migrant-eligible against a list of students that have been issued [official Certificates of Eligibility \(COE\)](#) for migrant education program eligibility and participation.

## Full Memo

**IF** your school district [enrolls migrant-eligible students](#) during the 2024-25 school year, staff members from the ES BOCES Migrant Education Outreach Program will contact your district to complete this process.

## Who is considered a Migrant Student?

- **Migrant:** A migratory child is one whose family move across the country seeking seasonal or temporary work in the agricultural, dairy, or fishery industry.

## Is the term Immigrant and Migrant synonymous?

- **NO**, the term Migrant is a narrow definition and only applies to students who meet the criteria AND have an official Certificate of Eligibility.
  - You will receive direct notification regarding Migrant students in your district from the [ES BOCES Migrant Education Outreach Program](#)

## What do I need to do now?

- ☐ Determine if you have reported any migrant students in the 23-24 SY or 24-25 SY
- ☐ Access L2RPT to verify your Reasonableness report
  - ☐ [L2RPT](#) > Content > District > SEDDAS > Reasonableness > [SIRS 401 Reasonableness Report](#)

### **Crisis/Disaster Student Displacement Codes**

**(Student Lite, Field 58)**

A youth of compulsory school age presented at the school for registration who may or may not have all required documentation due to a disaster must be reported with the appropriate crisis/disaster code (category) and, when known, the name of the crisis or disaster that led to the student being displaced. This would be reported only in the school year in which the impacted student is first presented at the school for registration. If the student also meets the criteria as an immigrant student, Program Service Code 8282 must also be reported in Programs Fact. Report this information to the SIRS as early as possible each school year, including for students who registered over the summer.

## Student Behavioral Intervention

Christopher Suriano

SUBJECT: Updates to Behavioral Supports and Interventions in Schools

Effective August 2, 2023, the Board of Regents adopted the [amendment](#) of Section 19.5, of its Rules of the Board of Regents, and changes to Commissioner's Regulations Sections 100.2, 200.1, 200.7, 200.15, and 200.22 regarding the prohibition of corporal punishment, aversive interventions, prone restraint, and seclusion; permitted use of timeout and restraint; data collection; and changes to Part 200 of the Commission relating to Students with Disabilities to secure alignment with Section 19

These provisions were revised to ensure student health and safety under the authority of the New York State Education Department (NYSED). Behavioral supports and interventions are used safely, carried out in research-based practices, and with the highest standards of oversight, monitoring, and data collection.

The Day Calendar is the blueprint that NYSED follows when assigning aid allocations and ESSA accountability. The SIRS 370 examines the district configuration of "Session Days" and "Attendance Days"

The terms "Session Day" and "Attendance Day" are crucial for school district compliance with state education requirements.

- "Session Day" includes all days when the schools were legally open for business.
  - Includes: regular school days, superintendents' conference days, Regents Non-Attendance days, and weather related closings.
- "Attendance Day" is when student presence is recorded, impacting the calculation of instructional hours (900/990) needed for state aid eligibility.
- Both types of days contribute to meeting the 180-day requirement for state aid, with "Attendance Days" specifically requiring student presence and recorded attendance.

## L2RPT Report Guide

**SIRS-360 Attendance/Absence Verification Report;  
SIRS-361 Year to Date Attendance/Absenteeism Verification Report;  
SIRS-370 Day Calendar Summary Report**

For public schools, districts, charters and BOCES, verification reports that reflect year to date Chronic Absenteeism (CA) data based on student daily attendance records reported in SIRS are available via L2RPT. Districts, BOCES and charter schools should continue reporting student attendance data and day calendar in SIRS, consistent with the requirements defined by local attendance policy (e.g., a district policy that requires a student attend at least 3 classroom periods to be considered in attendance for a school day).

Please use the information in the reports and data available in district (or school) to develop an internal process for verification that meets the individual needs of the district or school. Communication between the data coordinator and the attendance official and establishing an internal process for verification will be an important part of submitting and verifying attendance data in SIRS.

### What is Chronic Absenteeism?

Chronic absence from school, defined as missing at least ten percent of enrolled school days, warrants urgent attention because it diminishes successful student outcomes and undermines learning. Chronic absence is inversely associated with key academic priorities, including reading proficiency, math performance, graduation rates, and even college completion. Improving the ability to identify students at risk affords school staff the opportunity to engage students and their families early to ensure students are on track to learn and succeed.

Chronic absence differs from traditional attendance measures because its emphasis is on missed instructional time, which takes into account both unexcused and excused absences rather than focusing on unexcused absences or truancy. Clearly, having students in school for instruction is a fundamental first step to helping students achieve. Fortunately, considerable research has shown that interventions to help get kids to school are successful, and when students stop being chronically absent, they improve

SUBJECT: Final Dates for the 2025–26 Elementary- and Intermediate-level Testing

**2025–26 School Year Elementary- and Intermediate-level Testing Schedule**

Operational Test	Administration Window	Make-up Dates	Scoring Dates	Final Dates to Submit Answer Sheets to Scanning Centers
<b>NYSAA</b> English Language Arts, Mathematics, and Science	Monday, March 9— Friday, June 5	Make-ups must be given within the testing window	N/A	N/A
<b>Grades 3–8</b> English Language Arts  <b>Grades 3–8</b> mathematics  <b>Grades 5 &amp; 8</b> science	Monday, April 6— Friday, May 15	Make-ups must be given within the testing window	Completed by Friday, May 22	N/A
<b>NYSESLAT Speaking</b>	Monday, April 6— Friday, May, 22	Make-ups must be given within the testing window	Speaking is usually scored as it is administered.	TBD
<b>NYSESLAT Listening, Reading, Writing</b>	Monday, May 4— Friday, May 22	Make-ups must be given within the testing window	TBD	TBD

For the Grades 3-8 English Language Arts and Mathematics Computer-based Tests, schools will select two consecutive days within the respective administration window to administer assessments for each grade level and subject. Schools must test the entire grade, except for make-up testing, on the same two consecutive school days for each subject. More than one grade level may be tested on the same two consecutive school days. For the Grades 5 & 8 Science Computer-based Tests, schools must test the entire grade, except for make-up testing on the same day. Schools may administer the Grades 5 & 8 Science Computer-based Tests on the same day. These rules are school-specific and need not be observed as district-specific. Schools with students that must test on paper per an Individualized Education Program (IEP) or Section 504 Accommodation Plan or who will be taking an alternate language edition of the mathematics or science test on paper, should test on the same days as their CBT grade classmates.

Religious and Independent Schools who due to religious beliefs, do not make use of technology in the classroom and therefore will only be offering paper-based tests, must administer the paper-based tests within the same multiple-week window (Monday, April 6 – Friday, May 15).

FROM: Zachary Warner

SUBJECT: Final Dates for the January 2026, June 2026, and August 2026 Regents Examination Periods

The Regents Examination periods are determined with the following factors taken into consideration: The January examination period is four days and is scheduled close to the end of the month. The June examination period is eight days, including one rating day. It is scheduled close to the end of the month but allowing at least one weekday in June after the examination period ends. The August examination period is two days and is scheduled to allow adequate time for a summer school session.

We very much appreciate all the input from superintendents and other school and district leaders that resulted in the determination of these final dates. All of the submitted feedback was reviewed by Department staff with impact on students as the central consideration. The final schedule ensures the fewest number of instances where students must take multiple examinations on the same day. The impact of the schedule on English language learners and students with disabilities was also part of the final review and determination.

#### **Final dates for the January 2026 Regents Examination period**

Tuesday, January 20 through Friday, January 23.

#### **Final dates for the June 2026 Regents Examination period**

Tuesday, June 9\* (first administration of the new Regents Examinations in English Language Arts, and Algebra II)

Wednesday, June 10\* (first administration of the new Regents Examinations in Physical Science: Chemistry and Physical Science: Physics)

Wednesday, June 17 through Friday, June 26.

No State examinations will be administered on Friday, June 19 in observance of Juneteenth. Friday, June 26 will be the Rating Day; no State examinations will be administered on this date.

#### **Final dates for the August 2026 Regents Examination period**

Tuesday, August 18 and Wednesday, August 19.

---

\*Administration of this examination takes place early in the month to allow time for score collection and standard setting in order to be able to post the conversion chart by June 26.

# Delivery of Printed Materials

---

- ELA has been delivered and Math will be delivered before this Friday.
- We tried to print extras for each building-if one building runs out, they can borrow from another building in the district. Sheets with 0000 as the building can be used anywhere. The student's enrollment tells us what building he tested in.
- Paper sheets will be generated for home schooled and out of district students other than students in a BOCES location. It is up to the home district to coordinate testing with out of district students.
- When the materials are delivered-open the boxes and look inside to make sure you have what you need. **DO NOT MAKE THE BOCES DRIVER WAIT WHILE YOU DO THIS.**

# Computer Based Testing (CBT)

# PBT in a CBT World: Testing on Paper

## IMPORTANT

For all students testing on paper in a CBT grade-level, schools must set the **Status Code** to **Not Testing** in Nextera Admin, and select “**Testing on Paper**” as the reason.

The “Testing on Paper” Status Code is exclusive to CBT and can only be set in Nextera Admin.

This must be done for *every* student testing on paper in a CBT grade-level.

The screenshot shows the 'Set Status Codes' dialog box with the following fields:

Field	Value
Student Name	StudentMM, StudentM
Session Name	Session 1
Content Area	ELA
Scoring Option	<input checked="" type="radio"/> Not Testing <input type="radio"/> None
Reason	--make a selection-- --make a selection-- Absent for session Administrative error, no score First-year ELL student Medically excused Not enrolled at time of test Refused session Taking NYSAA Taking Regents <b>Testing on Paper</b>

The 'Testing on Paper' option is highlighted in blue and circled in red.

# Moving Students in Nextera

1. In district, DTC can make the move
2. In Suffolk, SDS has to move the student
3. Outside of Suffolk, SED has to make the move

For numbers 2 and 3, we have a form for that! (in print packet and on datacentral)

Send us the form and the student is usually moved in 24 hours

**Nobody moves until the student has a  
NYSSIS ID**

# Labels for Answer Booklets

An adult should place the preprinted **student barcode labels** provided by SDS on the **front cover** of each test booklet after the test is completed without covering the student's handwritten name. \*\*\*Confirm that the handwritten name matches the label.

# Missing a student barcode label?

If you are missing a student's preprinted SDS barcode label entirely, **HAVE AN ADULT print** the following on the front cover of the booklet:

- Full name
  - *HAVE AN ADULT **rewrite** the student's full name so it's legible!*
- The student's local ID number
- The student's date of birth

The image shows a sample of a New York State Program Mathematics Test booklet cover. At the top, it says "GRADE 3 MATH SESSION 2". Below that, there is a "Name:" field with a handwritten signature. A red arrow points to this field with a callout box that says "We often can't read kids' handwriting!". Below the name field, there is a "New York State Program" logo. To the right of the logo, there is a handwritten name "Joseph Rodriguez", a handwritten ID number "ID 000012345", and a handwritten date of birth "DOB 06/22/2018". A red arrow points from a callout box to this information. The callout box says "An adult should neatly print the student's: Name Local ID # DOB". Below the handwritten information, there is a printed "2025 Mathematics Test Session 2" and a large "Grade 3". At the bottom, it says "May 7-9, 2025".

# PBT & CBT Session Codes: Absent/Refused

The first screenshot shows the 'FOR ADMINISTRATOR USE ONLY' section with a 'Session Codes' dropdown menu. The dropdown is open, showing 'Absent Session 1' and 'Refused Session 1'. Below it, a 'Reason Not Tested' section lists several options: 'Administrative error, no score', 'Not enrolled at time of test', 'Medically excused', and 'Taking NYSAA'. The second screenshot shows a list of students with session codes. The 'Session Codes' dropdown is open, showing 'Absent Session 2' and 'Refused Session 2'. The third screenshot shows the 'Set Status Codes' dialog box. The 'Reason' dropdown is open, showing 'Absent for session', 'Administrative error, no score', 'First-year ELL student (ELA only)', 'Medically excused', 'Not enrolled at time of test', and 'Refused session'. The 'Refused session' option is highlighted.

If a student ***Refused*** either session, they are considered Refused for the entire test.

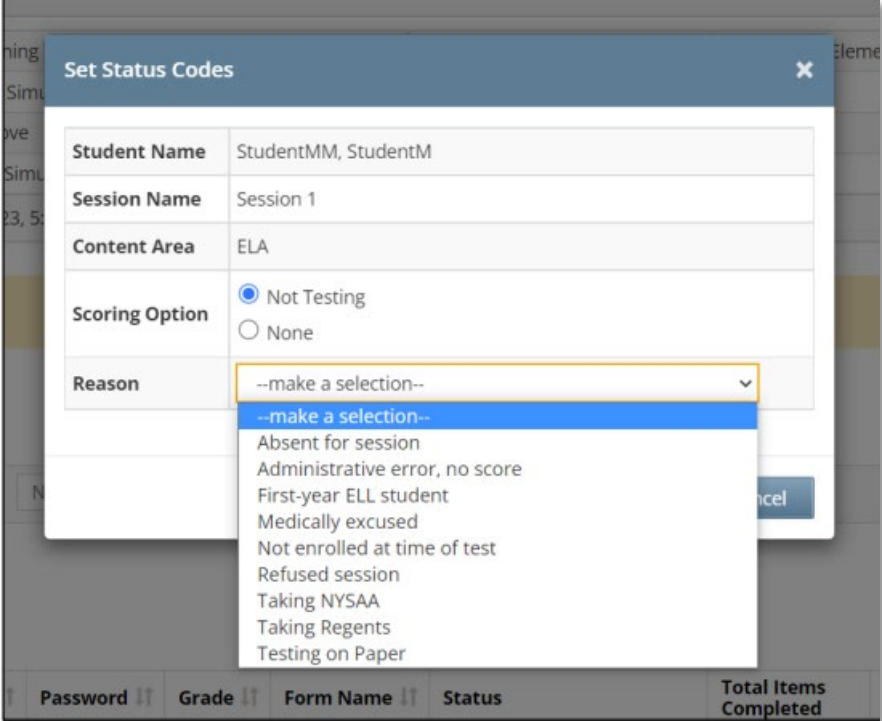

If a student is ***Absent*** for either session, they are considered Absent for the entire test.

Hold off reporting “Absent” or “Refused” until the close of the make-up window.

# *Setting Not Tested Codes in Nextera*

- Required for any student who does not begin a test.
- Required for anyone who misses at least 1 session of ELA or Math.
- Must be set for Session 1 **and** 2 for ELA and Math.
- Must be set for the 1 session of Science.
- Can be set by a SUP, DTC,DLU,PRN, STC and BLU.
- In some cases, students will be counted as “Not Tested” for accountability calculations.
- **Must be completed by May 23, 2025.**

The screenshot shows the 'Set Status Codes' form in the Nextera system. The form has the following fields:

- Student Name:** StudentMM, StudentM
- Session Name:** Session 1
- Content Area:** ELA
- Scoring Option:** ☒ Not Testing, ☐ None
- Reason:** A dropdown menu is open, showing the following options:
  - make a selection--
  - Absent for session
  - Administrative error, no score
  - First-year ELL student
  - Medically excused
  - Not enrolled at time of test
  - Refused session
  - Taking NYSAA
  - Taking Regents
  - Testing on Paper

At the bottom of the form, there is a table with the following headers: Password, Grade, Form Name, Status, and Total Items Completed. The 'Total Items Completed' column shows a value of 1.

# *Setting Not Tested Codes in Nextera*

If you asked for a paper answer sheet in a CBT grade but the student is not tested, enter the status code in Nextera and destroy the sheet.

The screenshot shows the 'Set Status Codes' dialog box in the Nextera application. The dialog has a title bar with a close button. It contains several fields: 'Student Name' with the value 'StudentMM, StudentM', 'Session Name' with 'Session 1', 'Content Area' with 'ELA', 'Scoring Option' with radio buttons for 'Not Testing' (selected) and 'None', and 'Reason' with a dropdown menu. The dropdown menu is open, showing a list of reasons: '--make a selection--', 'Absent for session', 'Administrative error, no score', 'First-year ELL student', 'Medically excused', 'Not enrolled at time of test', 'Refused session', 'Taking NYSAA', 'Taking Regents', and 'Testing on Paper'. At the bottom of the dialog, there is a table with columns: Password, Grade, Form Name, Status, and Total Items Completed. The 'Total Items Completed' column shows the value 'Completed'.

Student Name	Session Name	Content Area	Scoring Option	Reason
StudentMM, StudentM	Session 1	ELA	<input checked="" type="radio"/> Not Testing <input type="radio"/> None	--make a selection-- Absent for session Administrative error, no score First-year ELL student Medically excused Not enrolled at time of test Refused session Taking NYSAA Taking Regents Testing on Paper

# *Administrative Error*

---

- **Students must take the test in the same format for each session.**
- If a student starts on paper, they need to take the whole test on paper.
- If the student starts on computer, they need to take the whole test on computer.
- Students who switch in the middle of test, will automatically be counted as an Admin Error and will not receive a score.
- Presence of a cell phone or smart watch, is an Admin Error.
- For any Admin Error, think before you act. Call us first before you call SED.

# *ONLY Number 2 Pencils on PBT!*

---

- Number 2 pencil only!!!
- No Pens
- No Erasable Pens
- No **Red** Pens or Pencils
- No **Highlighters**
- No Markers

# *Last Reminders about **Sheets**...*

- If a student used an extra answer sheet, be sure the student is in Level 0!
- Rosters need to be filled out and returned to SDS-stapled or clipped
- Accurate counts are important!
- Labels go on front cover-always
- If no label, write the student's info clearly
- If contacted regarding a issue, please get back to us quickly
- Sheets must be returned clean and neat –

SUBJECT: Implementation of  
Mathematics, Science, and English Language Arts

New Regents Examinations in  
Mathematics, Science, and English Language Arts

The purpose of this memorandum is to provide information regarding the implementation schedule for new Regents Examinations in mathematics, science, and English language arts. These exams will be administered in the 2024-25 school year. The chart below shows the timeline, by school year, for the rollout of each of the new Regents Examinations.

The New York State Education Department's new Regents Examinations in mathematics, science, and English language arts will be administered in the 2024-25 school year. The chart below shows the timeline, by school year, for the rollout of each of the new Regents Examinations.

The learning standards and supporting materials have been available for a number of years to allow for professional learning activities. Instructional timelines are available on the [Office of Standards and Instruction's website](#).

Due to strong alignment between the Next Generation Learning Standards and the prior standards, the current mathematics and English language arts exams will be phased out in the administration period immediately prior to the first administration of the new exams. For example, the current Regents Examination in Algebra I will be offered for the last time in January 2024 and the new exam measuring the NGLS will begin in June 2024.

For science, the new learning standards are not as strongly aligned to the prior standards. This necessitates an overlap period of the old and new exams to ensure that students can complete the exam that matches the instruction they received.

# Regents June 2025

Good Morning,

Two new science examinations, designed to align with the New York State P-12 Science Learning Standards (NYSSLS), will be introduced in June 2025. Districts must ensure that students are tested in the curriculum that matches the classroom instruction they received. NYSED has expressed that the exams will be fundamentally different, and that double testing is not in a student's best interest.

At this time, NYSED has asked that all districts verify their Earth Science and Living Environment courses to assure that the course ascribed to the student is the same as the Regents Exam they are being prepared to take in June 2025. The attached Action Sheet references the SIRS 330 Student Class/Course Instructor report and can be used by anyone with access to L2RPT to verify the courses.

Migrant Student Program: [migranteducation@esboces.org](mailto:migranteducation@esboces.org)

To ensure that migrant children have been accurately identified during the 2024-2025 school year, NYSED is requiring each school district to verify students coded as migrant-eligible against a list of students that have been issued [official Certificates of Eligibility \(COE\)](#) for migrant education program eligibility and participation.

## Full Memo

**IF** your school district [enrolls migrant-eligible students](#) during the 2024-25 school year, staff members from the ES BOCES Migrant Education Outreach Program will contact your district to complete this process.

## Who is considered a Migrant Student?

- **Migrant:** A migratory child is one whose family move across the country seeking seasonal or temporary work in the agricultural, dairy, or fishery industry.

## Is the term Immigrant and Migrant synonymous?

- **NO**, the term Migrant is a narrow definition and only applies to students who meet the criteria AND have an official Certificate of Eligibility.
  - You will receive direct notification regarding Migrant students in your district from the [ES BOCES Migrant Education Outreach Program](#)

## What do I need to do now?

- ☐ Determine if you have reported any migrant students in the 23-24 SY or 24-25 SY

RE: **2024-2025 MIGRANT STUDENT DATA VERIFICATION**

Date: March 20, 2025

---

The New York State Migrant Education Program (NYS-MEP), under Title I, Part C of the *Every Student Succeeds Act* (ESSA) of 2015, provides supplementary educational programs and supportive services to help migratory children overcome educational disruption, cultural and language barriers, social isolation, health-related problems, and other unique factors that inhibit the ability of such children and youth to succeed in school, and to prepare them to make a successful transition to postsecondary education and/or employment.

The New York State Education Department (NYSED or “the Department”) is required to submit migrant subgroup data to the U.S. Department of Education (ED). Migrant-eligible students must be identified and coded correctly in SIRS to ensure that this data submission is accurate and in compliance with federal laws, regulations, and policies.

To ensure that migrant children and youth have been accurately identified and served during the 2024-2025 school year, NYSED is requiring each school district to verify students coded as migrant-eligible in its student data management system against a list of students that have been issued official Certificates of Eligibility (COE) for migrant education program eligibility and participation. The goals of this request are to:

- (1) update migrant designations for students who are inaccurately coded; and
- (2) submit accurate migrant student data for inclusion in the Student Information Repository System (SIRS).

Migrant-eligible students must be accurately identified and coded when reporting such data to SIRS, as per requirements under ESSA § 1304(b)(3).

If your school district enrolls migrant-eligible students during the 2024-25 school year, staff members from NYSED's regional [Migrant Education Tutorial and Support Services \(METS\)](#) program centers may contact you and/or the Chief Information Officer/District Data Coordinator by telephone or email beginning **Monday, March 24, 2025** with specific instructions to complete this data reconciliation process.

To prepare for these upcoming communications with the regional METS program centers, please determine which students in your school district are currently flagged in SIRS with the "Migrant" indicator for the 2024-2025 school year by performing the following required tasks:

1. Run the L2RPT-SIRS 401 *Reasonableness Report*.
2. Choose *All Locations*, *Student Demographic* category type, and *All Subtypes* from the dropdown menu.
3. Click on the *Migrant* category (Column "B") for "this year" to generate a list of students whom your district has currently designated as Migrant-eligible.

If the SIRS data require correction(s), the METS program center will provide you with the most up-to-date list of all migrant-eligible children and youth who have resided in your school/district catchment area at some point during the 2024-2025 school year and will work with you to ensure your student demographic information in SIRS is accurate. This data reconciliation process is critical to ensure that all migrant-eligible students are identified, coded accurately in SIRS and served with the appropriate educational programs and supportive services that best meet their unique needs.

If you have any questions or concerns regarding this reporting process, please do not hesitate to contact Kin T. Chee ([kin.chee@nysed.gov](mailto:kin.chee@nysed.gov)) or Sabrina Petruska-Wilmot ([Sabrina.Wilmot@nysed.gov](mailto:Sabrina.Wilmot@nysed.gov)) at the Department. You may also wish to contact your local METS program centers for assistance. Their contact information is available at: <https://www.nysmigrant.org/map>.

Your assistance and attention to this are greatly appreciated.

[P12StandardsInstruction@nysed.gov](mailto:P12StandardsInstruction@nysed.gov)

The New York State Education Department (NYSED), [following the recommendations from the Blue Ribbon Commission on Graduation Measures](#), has acknowledged that significant life events—such as medical issues, the loss of a family member, or other traumatic experiences—can severely impact our students. In light of this recommendation, the Board of Regents has approved an emergency action to revise the Regulations of the Commissioner of Education, allowing for greater discretion by school leaders.

This amendment permits the superintendent, principal, or head of school to locally decide on granting exemptions from diploma assessment requirements for students who have faced a major life event.

- A major life event includes any severe illness, severe medical condition, or life-altering incident that significantly impacts or prevents a student's participation in a required diploma assessment.
  - Severe illnesses and severe medical conditions are acute or chronic illnesses or health conditions that carry a high risk of mortality, detrimentally impact students' quality of life and daily function, and/or are significantly burdensome in symptoms and/or treatments.
    - Examples of major life events include, but **are not limited to**, cancer treatment, hospitalization, an accident causing serious injury, a destructive house fire, the death of a parent or person in parental relation, homelessness, or trauma related to deportation or detention.
- Exemptions must be granted before the scheduled administration of a required diploma assessment (including Regents Examinations, NYSED-Approved Regents Examination Alternatives, or NYSED-Approved Pathway Assessments).

The Superintendent Determination Option allows a superintendent or the head of school for a registered nonpublic or charter school, to make a local determination that a student with a disability has otherwise met the standards for graduation with a local high school diploma when such student has not been successful, because of their disability, at demonstrating their proficiency on one or more of the Regents Exams required for graduation. This option is available to students with disabilities with a current **individualized education program (IEP) only**. It does not apply to students with section 504 accommodation plans or students who have been declassified from special education.

## Eligibility Conditions

To be eligible for the Superintendent Determination Option, a student with a disability must meet all conditions as follows:

1. The parent/guardian submitted a written request that their child be considered for a Superintendent Determination
  - a. [Parent Request](#)
2. The student has a current individualized education program (IEP) and is receiving special education services
3. The student has earned the required course credits and has passed, in accordance with district policy, all courses required for graduation, and the student has demonstrated competency in the subject area(s) where the student was not able to demonstrate proficiency of the State's learning standards through a required Regents Examination
4. [Required Superintendent's Documentation](#)
  - a. The form must be submitted to the Office of Special Education no later than **August 31**. A copy of the form must be kept in the student's cumulative file

## Updated: Option to Provide Virtual Instruction

Attn: DDC, Curriculum, ENL, Special Ed,

FYI

Helpdesk: [DWTShelp@esboces.org](mailto:DWTShelp@esboces.org)

The New York State Offices of: Bilingual Education and World Languages, Standards and Instruction, Special Education, and Religious and Independent School Support, have issued a memorandum addressing the option of providing virtual instruction to individual students who may be averse or unable to attend school. This includes English Language Learners, immigrant, and migrant students as well as others who may be affected and reluctant to attend school in person due to concerns about their safety and security.

- [Full Memo Here](#)
- [Part 100.2 \(U\)\(3\) - Virtual Instruction Regulation](#)
- [NYSED FAQ for Virtual Learning](#)

### Memo Highlights

“[LEAs] are allowed, but not required, to leverage virtual instruction to provide uninterrupted learning opportunities to individual students who may be unable or averse to attending school, including during times of political uncertainty.”

“...virtual instruction consists of synchronous or a combination of synchronous and asynchronous instruction provided by a teacher, designed for delivery in a virtual learning environment with regular and substantive interaction between the student and teacher.”

“Fully asynchronous instruction is not allowed. “Office hours” do not constitute “regular and substantive interaction,”

“...parents or legal guardians must opt into virtual instruction, as students cannot be placed into a virtual setting without parental consent.”

“Instruction must also align with applicable New York State Learning Standards, be provided in accordance with students’ Individualized Education Programs (IEPs), and include mechanisms for documenting student mastery of learning outcomes.”

“For students with disabilities, the committee on special education (CSE) must ensure that all the services and supports necessary for the student to continue to receive a free appropriate public education (FAPE) can be provided through virtual instruction.”

Assignment data for nonteaching personnel in LEAs is used for State and federal reporting and for educator evaluations.

- Report one (1) record for each location and assignment related to the staff person.
- The grade level the person is responsible for only needs to be reported for building principals.
- If a staff member is responsible for assignments within more than one building in the LEA, report each of those specific buildings.
  - This includes pupil personnel (e.g., counselors, social workers) and health services staff (nurses). If they have district-wide responsibility, they may report the district code so that only one record would be reported.
