CLARIFICATIONS

Question 1:
Could you tell me if there is a maximum page requirement for the appendix? We would like to include a couple of items, such as a sample schedule and a couple of other items to back up the narrative. We understand the narrative is 15 pages.

Clarification 1:
The proposal guidelines specify a 15-page limit for the narrative portion, excluding the budget, daily program schedule, and relevant attachments. There is no specific page limit for the appendix, but you may include relevant materials, such as a sample schedule, to help support the narrative. Refer to page 8.

Question 2:
Also, could you confirm for the budget, should we provide this per class per day or per hour, or are you looking for a budget for a certain number of classes for 180 days and Intersession days?

Clarification 2:
The enrichment program will run during the 180 days of the regular school year. The budget should reflect the proposers flexibility to present their pricing using the metric they find most suitable, including but not limited to per class, per day, per hour, or per student.
