CELEBRATING
10 YEARS
OF
THE ANCHOR!

Elementary and Middle School

Middle School Basketball!

Elementary and Middle School

MS State All Star!

Maritime student Mariah Hernandez has been both nominated and selected to play in the Pennsylvania Girls Basketball All State Game in the summer!!

Mariah is a 7th grader and is the Captain of the girls varsity team here at the middle school.

Mariah will be participating in a 3-day basketball clinic, the final day being the all star game where she will represent Maritime and our athletic program!

Middle and Elementary School

Career Day

Cadets learned about many different careers, the skills they require, and what daily life is like in those fields at the Career Day. Thanks to all volunteers who helped out!

High School

Chemistry in Action

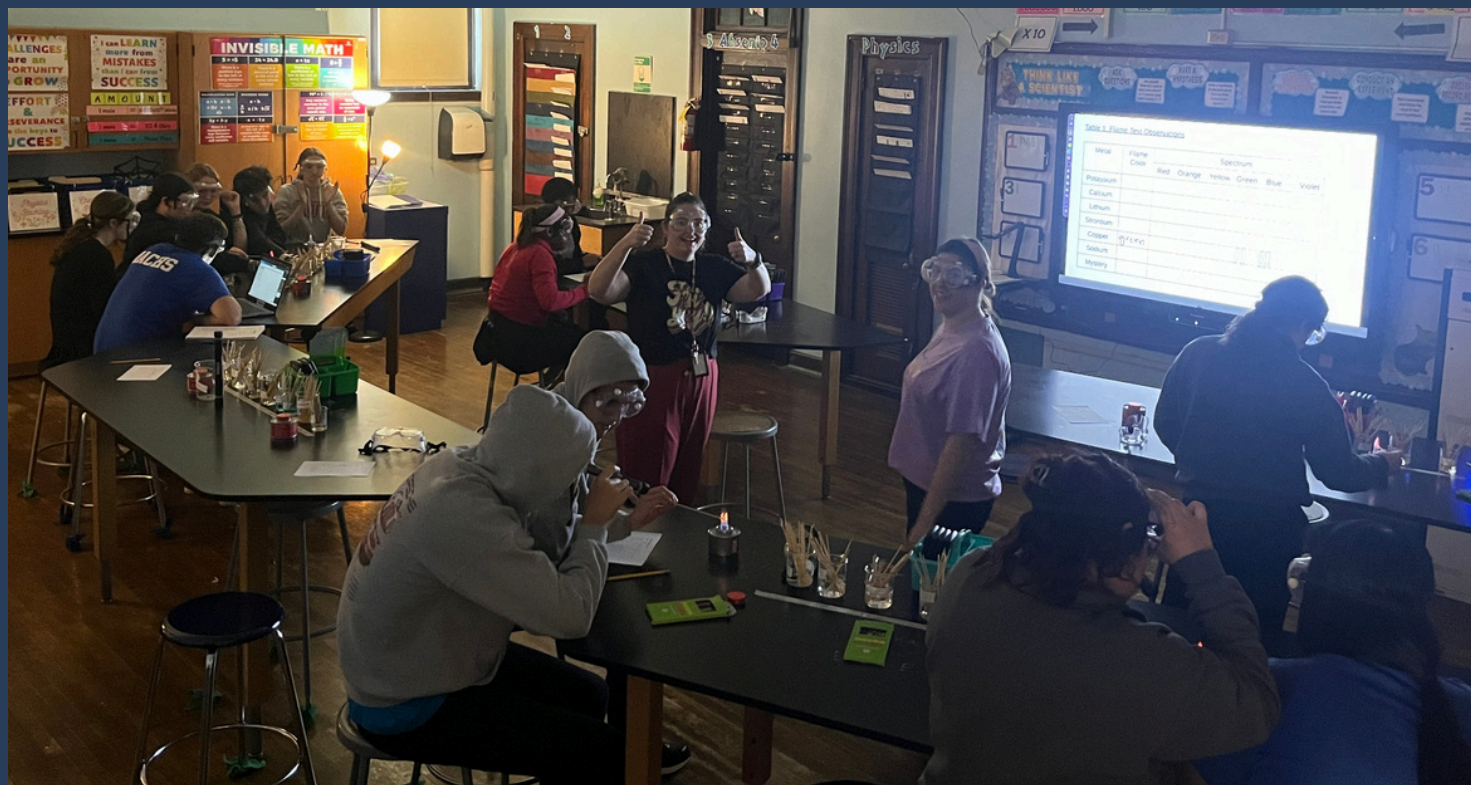

Cadets learned about the continuous color spectrum and how each element creates its own unique spectra. Students collected data on different metals' color spectra and then used that data to identify an unknown metal.

Chemistry in Action

High School

SeaPerch and SeaGlide

Cadets in the Seaperch and Seaglide programs completed their builds and developed their presentations and white papers in preparation for their competition.

High School

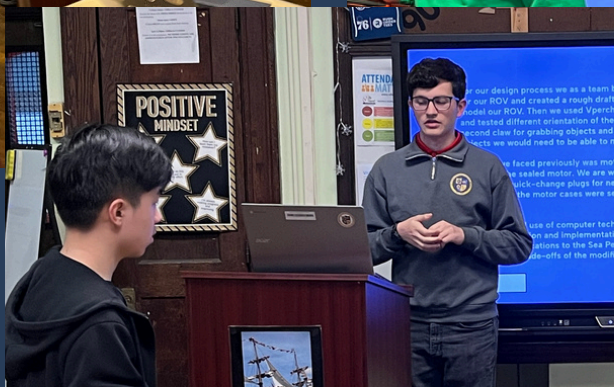

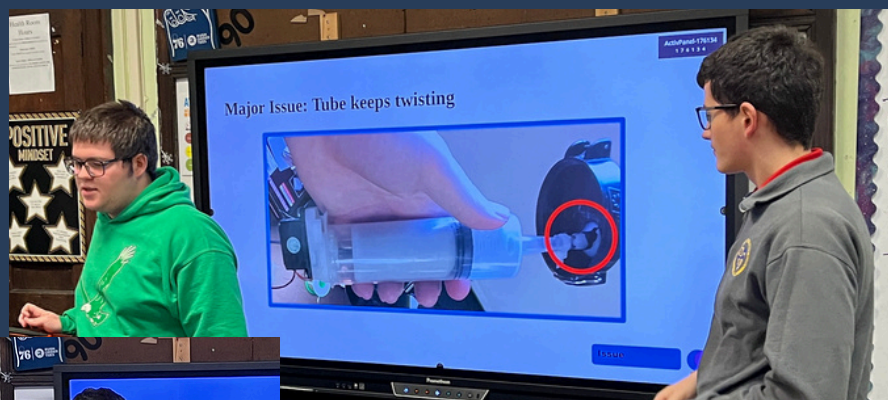

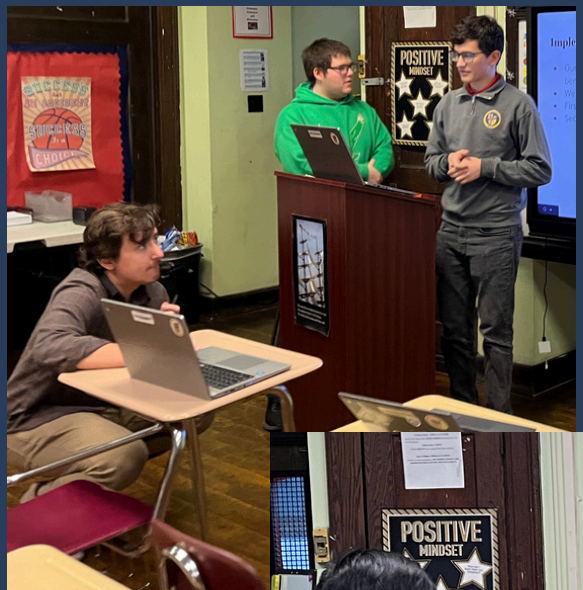

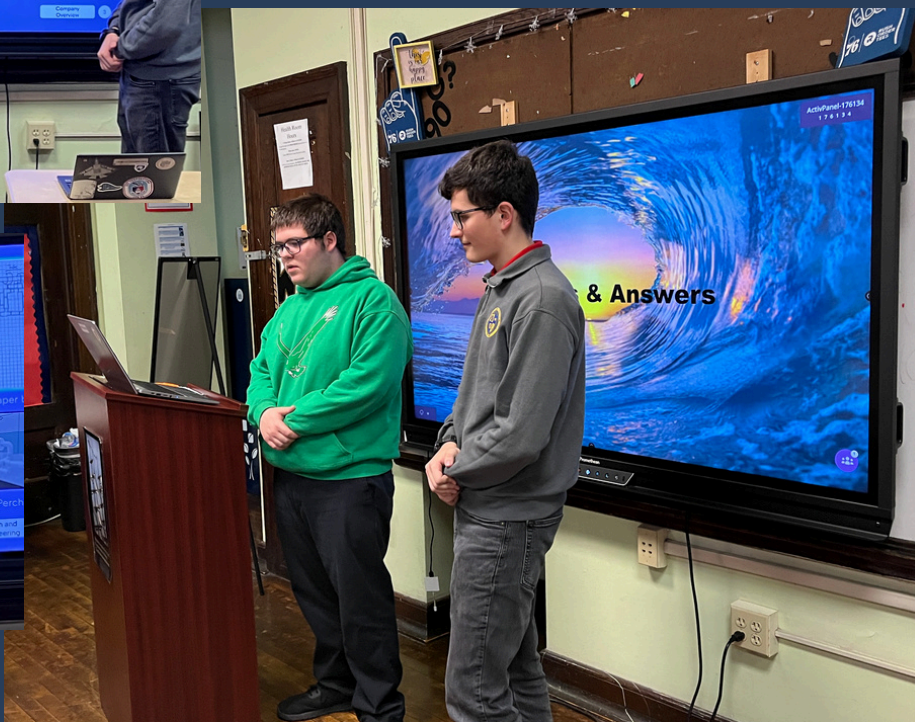

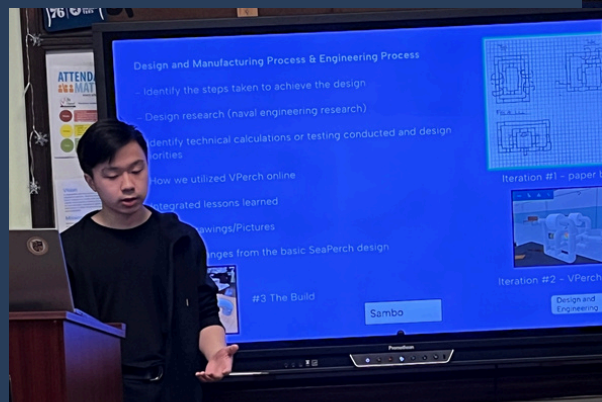

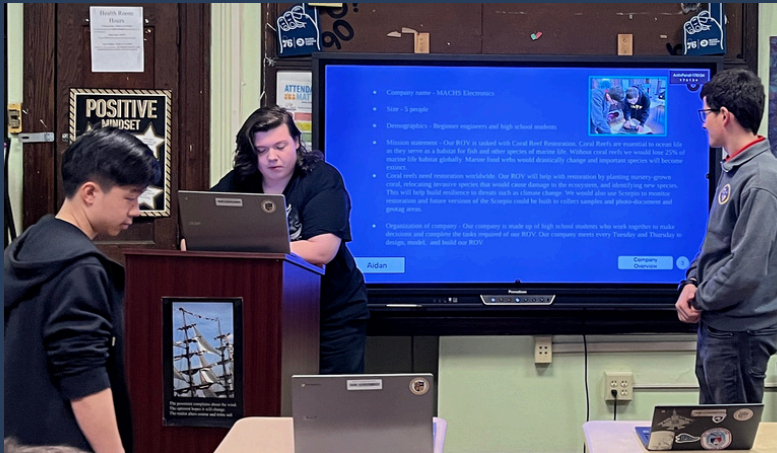

SeaPerch and SeaGlide

Seaperch Team Cadets performed buoyancy tests, time trials, and practiced mission courses prior to the competition. SeaGlide performed glide-length and propulsion frequency tests prior to their competition.

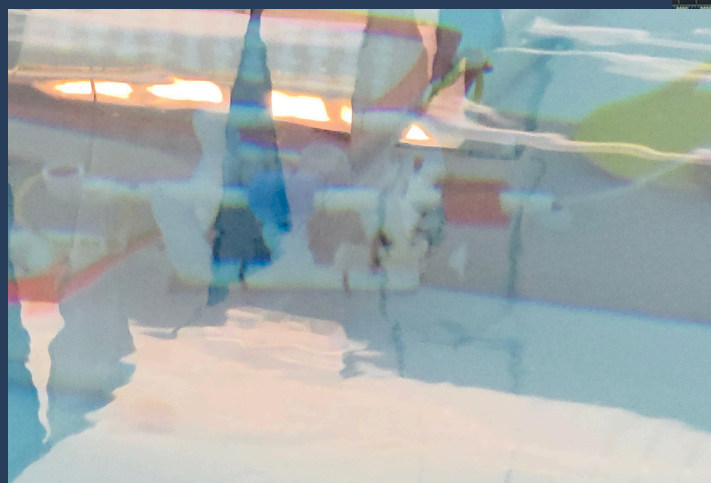

SeaGlide and SeaPerch

Cadets gave their technical presentations to the review board as part of the competition. Cadets also submitted a Technical Design Report and White Paper that documented their design/build process.

The Philly Goat Project

The cadets had a great time during their visit to The Philly Goat Project. They enjoyed interacting with and taking care of the goats. The experience gave them a better understanding of the different jobs involved in animal care and the daily tasks required to look after the animals.

They also learned about summer opportunities and rewarding community service options available.

High School

Boatbuilding Update

Cadets attached the planks to the hull and frames, then attached the bottom, so it actually looks like a boat now!
