Principal

Tara Ware
Asst. Principal

Proposed HHS Staffing Modifications March 31, 2025

Below you will find updated information on HS staffing that has been adjusted since the Board meeting on Tuesday, March 25th.

Staffing Plan as of March 25		Proposed Plan as of March 31	
Subject	FTE	Subject	FTE
Social Studies	0.9	Social Studies	1.0
Math	0.4	Dually Certified Math/Special Education	1.0
Special Education	0.5		
English	0.6	English	0.6*

**The English appointment results in the ELA Department being staffed with 7.0 FTE, which allows for full continuation of the suite of courses, electives and AP Courses. We are making an internal transfer of a highly regarded, dually certified ELA/Special Education teacher, who currently teaches 0.4 in ELA. This adjustment will move the teacher fully into the English Department.*

Clarification on Academic Intervention Services Next Year:

AIS currently functions as a de facto 1-to-1, or small group on-demand tutoring service. If a student or family requests AIS or a teacher makes a recommendation, and the student has a study hall, they can drop the study hall and be added to AIS. In its proper conceptualization, AIS is an intensive intervention reserved for students whose foundational academic skills are limited to the degree that it could interfere with their ability to successfully complete their graduation requirements.

As we restructure AIS to optimize its efficiency, every student will have access to AIS. When we build the master schedule, we will look at historical academic data in order to predict which students *may* need this intensive intervention. As the year progresses, we will engage in progress monitoring to determine which students will be scheduled for AIS. However, the scope of students for whom AIS will be available will be limited to those who could require this intervention, rather than every student who may wish to enroll in AIS.
