f i t @ SJHEALTHCA

St. John's Community Health is a network of community health centers in Los Angeles and the Inland Empire providing medical, dental, behavioral and mental health, and substance use services as well as case management, supportive services, and outreach services. St. John's started as a one-room, volunteer-run pediatric health clinic in 1964. Today, it is one of the largest non-profit Federally Qualified Health Center healthcare providers in Los Angeles and beyond, serving patients of all ages at over 20 locations, including standalone clinics, mobile clinics, school-based health and wellness centers, and clinics in public/affordable housing developments.

**Our mission** is to improve community health and reduce health disparities by delivering high quality, comprehensive services and impacting health and social policy.
