The Wisconsin Department of Public Instruction is hosting virtual listening sessions to gather insights on how we can better support schools, families, and students in preventing and responding to cyberbullying. These sessions will help shape the resources and guidance we provide to schools across the state.

We invite **educators, school leaders, caregivers, students, and community members** interested in this important issue to participate and share their experiences, perspectives, and ideas.

Register for one of the listening sessions above to join the conversation. If you are unable to attend but would still like to contribute, please share your thoughts through our anonymous [survey](#).

Contact Libby Strunz ([elizabeth.strunz@dpi.wi.gov](mailto:elizabeth.strunz@dpi.wi.gov)) with any questions.
