Dear Parent/Guardian,

On April 17th, 2025, the U of I and local St. Maries Forest Industry businesses will showcase our first *Live In The Woods* event. Students from SMMS and SMHS will participate in skills competitions, equipment demos, and expert led field tours. Students will also learn about forestry and land management and how it affects our local area.

Students will learn the process of utilizing one of our greatest resources. They will see the work that goes into our forests from the planting phase to harvesting and production.

If you have any questions, please contact your student's school.
