## April 14-18

**Monday:** NORMAL DAY

**Tuesday:** Dental Treatments

**Wednesday:** NORMAL DAY

**Thursday:** NORMAL DAY

**Friday:** EARLY RELEASE @ 12:10

### A NOTE FROM PRINCIPAL COUTURE:

**Beginning Monday, you will see Mrs. Fitzsimons greeting students and families each morning. Mrs. Fitzsimons will be covering for me for the next six weeks as I recover from surgery. She is very excited to spend time at CPS and is looking forward to working with CPS students and families. I will be available via email while I'm away, but may not respond as timely as usual. If you need immediate assistance, please reach out to Melissa Fitzsimons at [Melissa.Patterson@philomath.k12.or.us](mailto:Melissa.Patterson@philomath.k12.or.us) or call the school at 541-929-2082.**

We have TONS of clothes in our lost and found. While you're attending Conferences, please make sure to stop by the lost and found to see if your child might have something amongst all the lost items.

## PE NEWS

Hello Clemens Families,

This week in Physical Education class we played one of their favorite scooter tag games. Scooters are one of the student's favorites and it helps cardiovascular endurance, legs and abdominal strength. In the second class of the week, students participated in a game called "Protect the Pin". I had many foam bowling pins standing up and spaced out around the gym in a grid like fashion and students were sent to guard one pin and block balls being thrown or rolled their way. At the same time, many foam balls were around the gym floor and the object was to knock down other student's pins by throwing and rolling the balls, while guarding and protecting their own pin. This helped practice the skills of throwing for accuracy, defense/goal tending and strategy. If you have any questions, the best way to contact me is through email at [nicholas.burnett@Philomath.k12.or.us](mailto:nicholas.burnett@Philomath.k12.or.us).

Thanks -Mr. Nick Burnett, PE Teacher
