Prep School - Summer 2025

WELCOME

Life at Stonar is enriched by a vibrant co-curricular programme. We offer an extensive range of co-curricular activities throughout the Prep School and there is always plenty going on with which the pupils can get involved. The programme changes termly, with over 20 different clubs and activities for all interests.

Activities begin at 4.15pm, following a light snack, and last for at least 45 minutes.

As always, our pupils are actively encouraged to try new things. Pupils acquire new friendships, gain confidence and newfound skills and experiences as they mix with pupils outside of their peer and tutor groups. It is often at Stonar Clubs that lifelong memories are made.

We are delighted to present the Stonar Clubs programme for the Summer Term. Activities fall under three different categories:

- Sport
- Enrichment
- Creative & Performing Arts

Some clubs are only available for certain year groups and you will see that these are shown next to the club. A minority of clubs have an extra cost associated with them and these will be highlighted next to the club's description.

Online booking for Stonar Clubs via SchoolBase will be available from **Monday 14 April** until **Wednesday 23 April**.

Do please try and sign up in advance of the start of term as some clubs have a limited number of places and these will be allocated on a first come first served basis. The instructions for how to sign up for Stonar Clubs via the SchoolBase Portal are given at the end of this booklet.

Once an activity has been selected, pupils must attend that activity each week as it will form part of their school timetable. If, for any reason, they are unable to attend (for example, a dental appointment or other commitment in or out of school) could we please ask that you contact the School Office and your child's teacher as you would for a normal school absence.

We hope you enjoy reading this booklet and remember to sign up for your clubs before the start of term!

Deputy Head of Prep & Co-Curricular Lead
