Lifting Focus...Form and Technique

Athletes in grades 6-8 will be focusing on form and technique of the lifts. Attention will be given to proper movement using different weighted bars with and without added weight.

This program is designed to help each athlete become a stronger, faster, more agile competitor in each of his/her sports. We will focus on weightlifting, plyometrics, and core strength to achieve these goals.

2025 RMS Spartan

SSA (Strength, Speed, Agility) Program

June 2 – July 30

Registration due May 23
