PROJECT TIMELINE

2022

Project Design Team
established.

2026

Construction to be
completed.

2020

Project scope and
funding established.

2024

Project design
completed. Construction
start in the winter.

Design Considerations

Current project summary

Existing Cafeteria

The existing cafeteria does not meet current DISD design guidelines. The proposed expanded cafeteria will have increased seating capacity.

Design Considerations

Current project summary

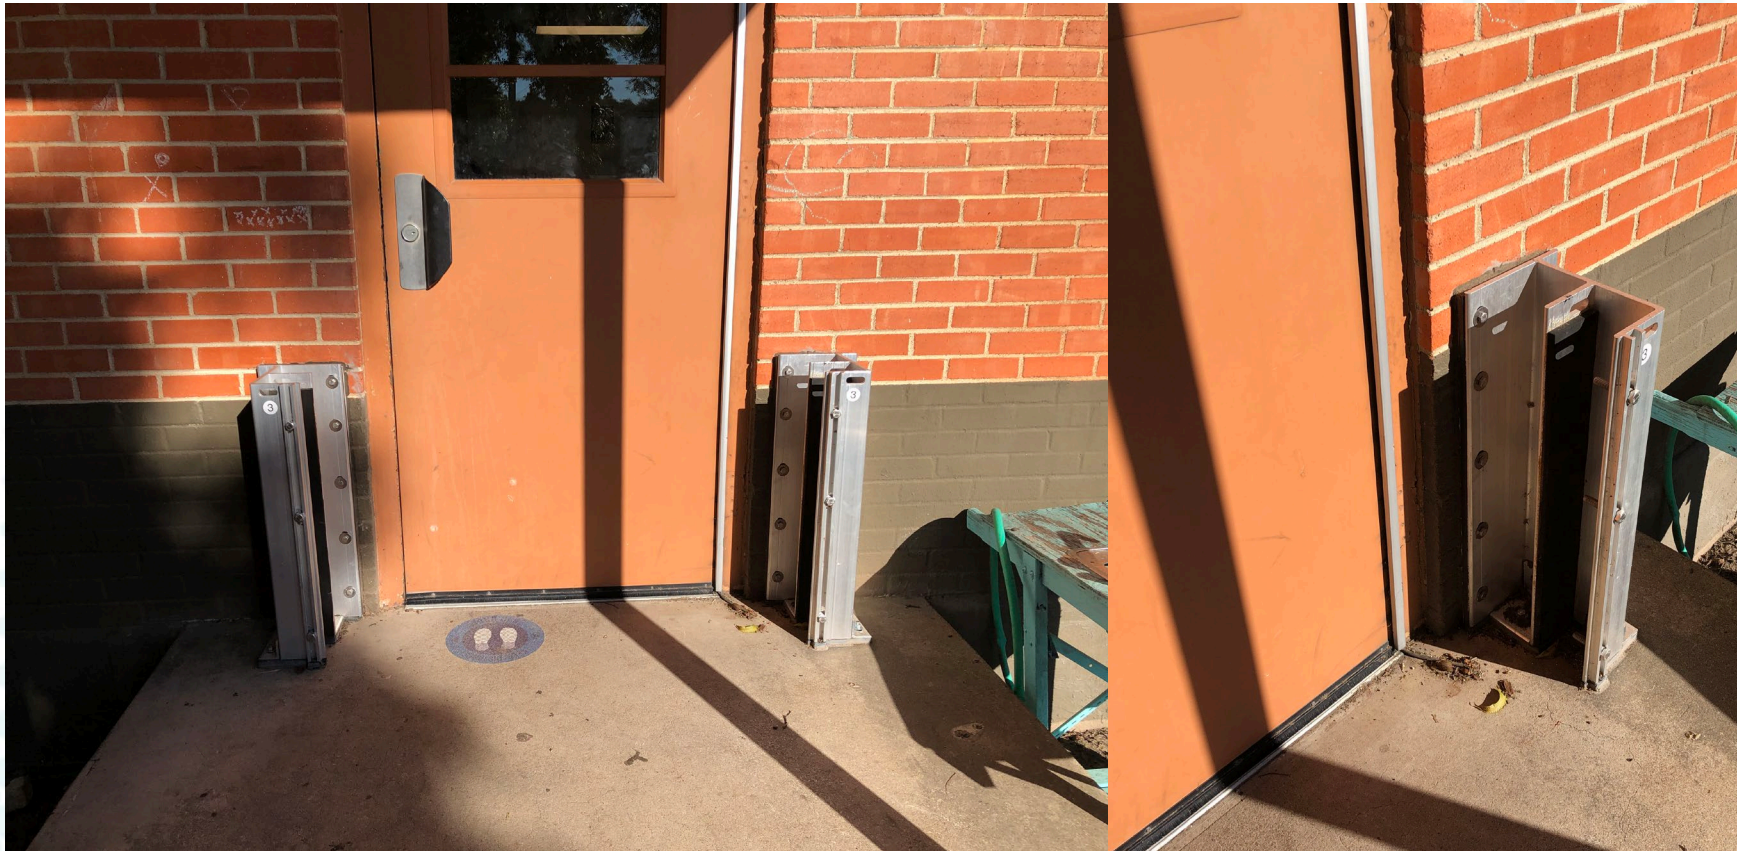

Existing Kitchen

The existing kitchen does not meet current DISD design guidelines. The proposed kitchen addition will have a larger footprint and include storage.

Design Considerations

Current project summary

Existing Floodplain

Currently as noted by the FEMA floodplain the existing cafeteria is surrounded by a floodplain and a addition cannot take place at this location.

Design Considerations

Current Project Summary

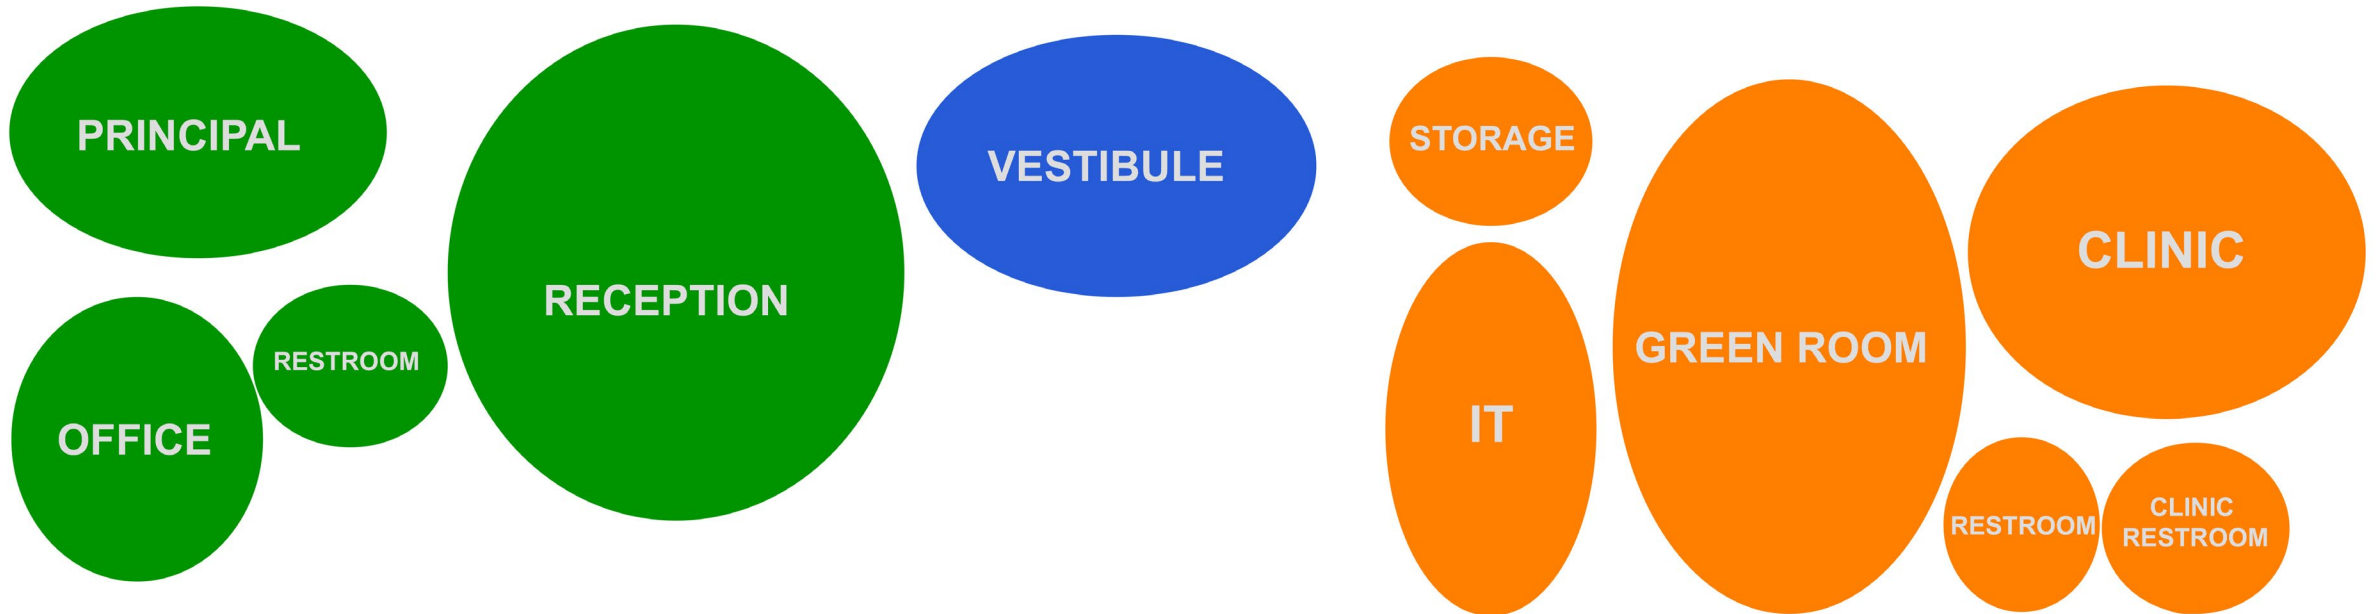

Front Entrance Vestibule

The current entrance vestibule does not meet DISD security requirements. The project will renovate the front entrance and administration office.

Design Considerations

Current Project Summary

Design Considerations

Current Project Summary

School Signage

The current school sign does not meet DISD design considerations and is scheduled to be replaced with a new digital display sign.
