

HORIZONTAL LANE ADVANCEMENT (HLA) PROGRAM

DCSD is pleased to support our licensed educators in their pursuit of additional education for the benefit of our students. We have designed the HLA program to reward these efforts with the ability to progress across the Licensed Salary Schedule as advanced education is gained.

Licensed employees may request lane advancement when:

- **Highest Degree Change** - You have recently completed a graduate degree that will increase your highest degree level (i.e., BA to MA or MA to Ph.D/Ed.S). Additional undergraduate degrees will not apply. *Dual degree completion with the same conferral date will not apply. Please ensure your transcripts show the degree earned and conferral date, along with the "key" showing university accreditation (may be on the back of the page).*
- **Additional Credits Beyond Highest Degree** - You have completed sufficient graduate level credits after the semester in which your most recent degree was conferred. (i.e., BA+15, BA+30, MA+15, MA+30, MA+45, MA+60). *Please do NOT submit for advancement if you have not earned enough credits to move you to a new lane. Please ensure your transcripts show the courses taken, date and credits earned. Please include all pages and the "key" showing accreditation (may be on the back of the page).*
- **Highest Degree Change and Additional Credits Beyond Highest Degree** - You have BOTH completed a graduate degree that will increase your highest degree level (i.e, BA to MA or MA to Ph.D/Ed.S) - AND - You have completed sufficient additional graduate level credits after the semester of the conferral of your new degree (i.e. MA+15, MA+30, MA+45, MA+60). *Please ensure your transcripts show the degree earned and conferral date; and for additional credits, the courses taken, date and credits earned. Please include all pages and the "key" showing accreditation (may be on the back of the page).*

Please note that credits earned on a Quarter schedule will be converted to Semester credits by a 3:2 ratio. [# of quarter credits ÷ 1.5 = # of semester credits earned (e.g. 180 ÷ 1.5 = 120)]

PREPARATION:

Before beginning your application, please take the following steps.

1. **Make sure you have access to digital copies of your complete transcripts from an accredited college/university** (to include school name and information page or "key"). You will need to upload all transcripts related to your request. Failure to do so will result in your request being denied and you will have to submit a new request.

2. Review the DCSD [Licensed Salary Schedules](#) to see where you are currently and where advancement will place you. If you currently earn more than the new Step and Lane “cell” you will move to, you will NOT receive additional salary based on this move. You may still submit your application, however, to update your placement on the schedule for a more accurate employment record, and to ensure any future schedule updates will be applied, as applicable.

APPLICATION: Please find instructions for Workday application, included below.

1. Once you have submitted your application, you will be notified by email when your request has been accepted for further processing or has been denied.
 - a. If accepted, it will progress through the process for confirmation and compensation changes. You will receive a new salary statement for acknowledgement once complete.
 - b. If denied, you will need to resubmit your request addressing the issues provided in the response. **Incomplete or denied applications will not be processed. A new or revised application will be processed according to the date it is received, without regard to the initial submission date.**

PROCESSING TIME:

Applications will be processed as soon as possible, based on the order received. Approved salary changes will have an effective date based on the date your application is submitted, as shown below.
