IODS Deletes by TEA

TOTAL DELETE REQUESTS

IODS Deletes by TEA

- The source system vendor is responsible for the service and support of providing data deletions via the API.

- Software execution of deletes could be automatic or manual.

- **When a delete is needed:**
 - Data change at the source triggers a new record instead of an update
 - Invalid data is sent
 - Entire JSON needs to be removed from the entity
 - Orphaned records

POST

- Creating a new record
- Updating an existing record (non-key)

GET

- Read the data

PUT

- Update the data including Primary Key

DELETE

- When needed

2025-2026 TSDS Updates

- Preloaded School Entity records
 - TEA is evaluating the timing of publishing all campus records, including the administrative campuses, in each LEA's IODS.
 - Updates to campus records in AskTED that were made after the initial data was published were not reflected in the data in the IODS.
 - Issues caused in TSDS PEIMS reporting when a campus was added or inactivated after the initial publishing.
- Unaffiliated Student/Staff Reports
 - TEA is working on an enhancement to provide verification checkboxes similar to Level 1.5 Filters.

- Updating report CSW0-100-001
 - Layout adjustments:
 - to ensure clear understanding of the report
 - and understanding of when no data is present for certain elements

The screenshot displays the 'TSDS CSW ROSTER REPORT' interface. The report title is 'TSDS CSW ROSTER REPORT' with a subtitle 'LEA-level Data | All' and the date '2024 - 2025 First Submission'. Below the title, there are two main sections: '# of Charter Students Enrolled:' and 'Charter Admission Waitlist Indicator:'. The data for these sections is currently 'No Data To Report', highlighted in a yellow box. A dropdown menu for 'Wait List Status *' is open, showing options: 'All', 'Select', 'With Waitlist', 'Without Waitlist', and 'All'. Two red arrows point to the 'With Waitlist' and 'Without Waitlist' options.

No Data To Report

- Class Roster Winter

- *No known changes for 2025-2026 as of March 20, 2025.*
- *Will revisit after the close of the submission.*

- SPPI-14

- New business rule will be added in 2025-2026 to check for missing parent email address information.
- Address promotion errors that occurred due to a difference between the allowable length of a data element in the IODS vs the max length that can be promoted to the SPPI-14 data mart.

■ Promotion Logic Updates

- Title1PartAParticipant will not promote from PriorYearLeaver entity when null.
- Restrict PriorYearLeaver data from promoting to Student Basic and Student Enrollment (School Association) subcategories.

■ Business Rule Validations

- Update: rule logic will only include campuses serving grades 09 to 12.
 - 40203-0032
 - 40203-0033
- Update: rule logic to exclude AsOfStatusLastFridayOctober (E3007) equal to 'A'
 - 40110-0099
- Under review: a new rule to notify when more than one record is promoted for
 - Student > Student Enrollment (School Association)
 - Student > Title I, Part A Program

- Report Changes
 - PDM1-110-006 Staff FTE by Role
 - Updating the report to include all Role IDs reported by the LEA even if the Total FTE is 0.
 - PDM1-111-002 Staff Roster
 - Updating the CSV output to include the missing Role ID and description.
 - PDM1-120-002 EB/BIL/ESL and Parental Denial Students by Program and Grade
 - Updating the report to accurately report the grade level totals for the Alternative Language Program.
 - PDM1-231-002 Percent of Change from Prior Year: Student Demographics, Characteristics & Programs
 - When printing reports by Campus Level - Grouped by Selected Programs, the campus name should print only once for each program for all the program indicators. The campus name is repeated intermittently on the program indicators.
 - Removing AssociateDegreeIndicator counts.

- Under Review:
 - The following data elements are currently under review. Any changes resulting from this review will be shared prior to the 2025-2026 school year:
 - Payroll Begin and End Dates
 - StudentSPEDProgramAssoc End Date
 - Section Sets Begin and End Dates
 - NumberOfStudentsInClass for 033, 087 Assistant and Support teachers
 - PKProgram and PKFundingSource with grade level restrictions
 - SPEDProgramServiceSet reported for all SPED students
 - YearsExperienceInDistrict and TotalYearsProfExperience in relation to non-professionals

- Under Review:
 - Shared Services Arrangements
 - In the 2024-2025 school year, **SSAOrgAssociationExt** was one entity used for reporting data in both the PEIMS Fall and PEIMS Mid-Year Submissions.
 - The system was not able to distinguish which data was for which PEIMS Submission.
 - Any changes resulting from this review will be shared prior to the 2025-2026 school year.

THANK YOU

Just a little note
expressing our sincere appreciation.
For the hours of data dives completed
with very little recognition.
The key to our success
rests in people like you.
Who embody the spirit of greatness
by saying, “Yes, I can, and you can, too!”
