

A group of five diverse school children are standing in a hallway, smiling at the camera. They are all wearing backpacks. From left to right: a girl with dark skin and braided hair, a boy with light skin and long hair, a boy with dark skin and short hair, a girl with light skin and blonde hair, and a boy with dark skin and short hair. They are all wearing casual clothing like t-shirts and jeans. The background shows a school hallway with windows and lockers.

OVERVIEW

- The U.S. Department of Education (ED) expects state data submissions to be timely, complete, and accurate on the due date. The Texas Education Agency (TEA) has never been in compliance with meeting federal reporting deadlines for certain EDFacts and Perkins files. TEA is unable to come into compliance because the data are not available for use until after the federal deadlines have passed.
- For the second year in a row, ED has placed a condition on TEA's Title I and Perkins funds, required corrective action on the Perkins grant, excluded Texas data from publicly available graduation rate reports, and excluded Texas from nationwide, public directory of districts and campuses.

- TEA had discussions regarding the current issues TEA is facing with federal reporting deadlines and the consequence of late reporting with internal TEA leadership, program area stakeholders, data governance committees (Information Task Force, Policy Committee on Public Education Information, and Data Governance), and formed a focus group consisting of district, charter, and ESC PEIMS Coordinators.
- TEA has determined that the 2026-2027 school year is the first TEA could submit data on time due to the implementation of the Ed-Fi upgrade in 2024-2025.
- The Research and Analysis Division met with the ED to provide a proposal to be on time with federal reporting by January 2027.

Resulting Changes

- The Leavers and Graduates from the 2025-2026 school year will be reported in the 2025-2026 PEIMS Summer and Extended Year Submissions.
- The Leavers and Graduates from the 2026-2027 school year will be reported in the PEIMS Summer and Extended Year Submissions.
- TEA will add a new submission to PEIMS. The PEIMS Fall Enrollment Submission.
