AMENDMENT TO SOLICITATION

(a) The Solicitation may be amended at any time prior to opening. All actual and prospective Offerors should monitor the following web site for the issuance of Amendments: <https://www.lexington1.net/departments/procurement>

(b) Offerors shall acknowledge receipt of any amendment to this solicitation

- (1) by signing and returning the amendment,
- (2) by identifying the amendment number and date in the space provided for this purpose on Page Two,
- (3) by letter, or
- (4) by submitting a bid that indicates in some way that the bidder received the amendment.

(c) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged.

THE SOLICITATION IS AMENDED AS PROVIDED HEREIN. ANY RESTATEMENT OF PART OR ALL OF AN EXISTING PROVISION OF THE SOLICITATION DOES NOT MODIFY THE ORIGINAL PROVISION EXCEPT AS FOLLOWS: RED TEXT IS **ADDED** TO THE ORIGINAL PROVISION. STRICKEN TEXT IS DELETED.

Vendor Questions and District responses:

Question 1: Which MDM does the district use today and do you plan to continue using it?

District Response: District uses Mosyle Manager.

Question 2: Does your MDM provide a teacher classroom tool to do things like push sites, lock the screen, lock an app, etc?

District Response: Apple Classroom is provided to teachers.

Question 3: Do you utilize Apple Classroom for the iPads in K-8? And do you plan to continue doing so?

District Response: Yes

Question 4: Do you utilize Apple Classroom for the Macs in 9-12? And do you plan to continue to do so?

District Response: Yes

Question 5: When evaluating a Classroom product for iPads, would it be acceptable if the solution required students to manually approve screen sharing each time a teacher initiates it? This is due to Apple's restrictions, which only allow seamless screen sharing through their own tool, Apple Classroom.

District Response: Students manually approving is not preferred.

Question 6: Does the district use a current classroom solution on the Mac devices?

District Response: Apple Classroom is provided to teachers to use with MacBooks.

Amendment One

- Question 7: What is meant by keeping a log of provisioning modifications?
District Response: Log of User Provisioning changes, such as when a student's schedule changes or a Staff member changes locations or becomes inactive.
- Question 8: Reporting: Is it sufficient that a District user could enter each school system to see that school's reports?
District Response: The district prefers an aggregated roll up to compare across all schools at once as well as a school view for school administration to access building level reports.
- Question 9: Data Migration Path: What system is currently in use?
District Response: SmartPass from Raptor Tech
- Question 10: Data Migration Path: What data would need to be migrated?
District Response: All Student and Staff usage data as well as historical data of hall passes requested and approved.
- Question 11: Data Migration Path: What settings would need to be migrated?
District Response: Any delegated permission settings would need to be migrated. This would prevent each school from having to do the work again from the SmartPass platform.
- Question 12: Data Migration Path: Is this a critical requirement?
District Response: This migration path is highly preferred.
- Question 13: Is it a critical requirement to integrate with PowerSchool?
District Response: Integration with PowerSchool is critical. An acceptable alternative is full compatibility with Classlink's Roster Server.
- Question 14: If we have all other means of Support available, is having support via chat a critical requirement?
District Response: You must have phone support and either email or chat support. The vendor must also have a Knowledge Base, On-line Tutorials.
