Principal Report:

Jenkins update- Next year it is possible to have 8th grade still at Doherty. However, 6th and 7th will likely return to Jenkins.

USIP planning is starting to happen. It will continue. They are reflecting on what has been working and what has not been working and teachers are getting together to discuss this and what changes they want to make.

A large USIP next year will focus on Pathways, PLC and Safety and Security. This will include more recognition of students and their accomplishments and making sure students have hope as well as feeling secure. New improved interventions, and student engagement.

The school is possibly moving to a Renaissance style school. Which means move recognizing students and awarding them more regularly. Parents will be invited to join in on the USIP plans.

The 5 year capital plan includes Painting inside, new flooring, and new lights throughout. The walk through has already been done. We are waiting on pricing before starting to move forward.

Crisis response- 100% of the teachers have had mental health training and are QPI trained. The school is working on what they can do to add in more support for kids and give them hope and make sure they feel like they belong.

PTSA: 7:05-7:40pm

Treasure report- Train mix was bought for the teacher's support. The donations from the parents have not been deposited yet.

Teacher appreciation budget is designated to be spent on the entire year and not just that 1 week. The group voted and okayed it.

We will put extra money not used into the teacher appreciation budget. It was okayed to move money as needed.

We have not gotten the check from concessions. The check should be for \$806.

Trail mix bar went really well the BOYB will be 5/7/25. Teacher appreciation week is 5/5-5/9.

PTSA will buy everything for the BOYB but will send a signup for donations from parents for the potato bar. PTSA will do a potato bar on 5/9.

City serve is 5/3/25. The plan is to have them pick up the pin needles, paint the sheds (the school has the paint already), Trim trees, and pick up trash. Possibly fix the fence to make it look better. Marion and Jane will meet with BSN (they make the school's logo stuff) and get a list of what we need so it will be ready for City serve day.
