On Thursday, April 17<sup>th</sup>, 2024, the Memorial Fine Arts Department will present *The Transformative Power of Nature*, a multi-disciplinary collaboration that is free and open to the public.

This even is the culmination of collaborations among various content area teachers and students. Visitors will examine *The Transformative Power of Nature* through the lens of visual art, music, theatre, poetry, language, science, and history. The official *Transformative Power of Nature* event logo, shown in the upper left, was designed by MHS student Madison O'Keefe.

The majority of Memorial's first floor will be used for this unique school-based community event. Performances and art installations will occur in various spaces such as the library, cafeteria, hallways, classrooms, and theatre spaces. Student volunteers will be present throughout the building to guide visitors.

Thursday, May 17<sup>th</sup> 7:00-9:00 p.m. audience members can arrive at any time throughout the evening. Doors 1, and 15 will all be convenient entrances. We welcome opportunities to host the press at our rehearsals and work sessions leading up to the event. Teachers and students are available for interviews.
