Additional information

Students are not permitted to cut or color their own hair or that of others. We ask that students do not bring hair clippers.

Please note that everything you bring with you will have to go back at the end of the session including all that has accumulated over the course of the summer. We strongly encourage families not to over pack. Although the rooms are generally a good size, too many items clutter the room, eat up space, and contribute to disorganization and lost items. If we determine that too many items clutter the room, we may ship unnecessary items back home. Storage on campus is limited to that which can conveniently be stored between programs. We cannot hold items that do not fit in the room or are not being used.

Eagle Hill doesn't accept items delivered from grocery stores, like instacart or food delivery apps like GrubHubb. It is difficult to guarantee the timely delivery of perishable items, especially over the weekend.
