School District

April
2025

Service Learning Days

Each semester, students in the W.I.N.G.S. Academy are required to complete a minimum of six hours of community service. Opportunities are given through the program itself but students are also encouraged to seek out other needs in their community. A Civic Responsibility course accompanies the service learning requirement, emphasizing that everyone can make an impact in the communities in which they live - creating a better world for themselves and others. Below, students assemble tables acquired with grant funds.
