Approved by: <u> <i>Rob Gregor</i> </u> <i>Rob Gregor, Superintendent of Schools</i>	Series: Students Version: 2 Effective Date: 4/1/2025 Previous Policy Date: 9/11/2002 Revised By: Committee Policy Number: SP 5141.31

To protect the health of all students and staff and to curtail the spread of infectious diseases, the Yuba County Office of Education (YCOE) shall cooperate with state and local public health agencies to encourage and facilitate immunization of all district students against preventable diseases.

Each student enrolling for the first time in a school, preschool, or child care and development program or enrolling in or advancing to grade 7 shall present an immunization record from any authorized private or public health care provider certifying that the student has received all required immunizations in accordance with law. Students shall be excluded from school or exempted from immunization requirements only as allowed by law.

Transfer students shall be requested to present immunization records upon registration at schools if possible.

The Superintendent or designee may arrange for an authorized health care provider to administer immunizations at school to any student whose parent/guardian has consented in writing. At the beginning of the school year, parents/guardians shall be notified of their right to provide consent for the administration of an immunization to their child at school.
