Title

Adoption of Cherokee County School District's Customized Teaching and Learning Standards for English Language Arts, Mathematics, Social Studies, and Science for Implementation in 2025-2026

Requested Action

School Board Consideration of Superintendent's Recommendation for Adoption of Customized CCSD Teaching and Learning Standards in English Language Arts, Mathematics, Social Studies, and Science

Summary Explanation and Background

Your board policy BAB calls for a cohesive system of teaching and learning to be developed in Cherokee County Schools. Within this system, a foundational component is a customized set of teaching and learning standards.

In the spring of 2024, we developed CCSD Teaching and Learning Standards that were used by our teachers this school year. We gathered feedback from teachers and leaders across the district to further customize these standards, based on the GA Standards of Excellence, to meet the needs of the teachers.

These customized CCSD Teaching and Learning standards in the four core content areas are for implementation in the 2025-2026 school year.
